Merger Discussions Between Brightstar and Aurumin

Brightstar Resources Limited (ASX:BTR) (**Brightstar**) and Aurumin Limited (ASX:AUN) (**Aurumin**) announce the consideration of a merger to consolidate the respective tenement holdings in the Central Sandstone region as a live conversation following the ASX disclosure in October 2024¹.

Brightstar and Aurumin recognise the combination represents a unique opportunity to de-risk and accelerate the development of the emerging Sandstone Gold Project, provide greater certainty for the development of new infrastructure in the region and unlock exploration synergies.

The compelling logic of combining the respective tenements at Sandstone has been widely acknowledged within mining industry, equity markets and the press for some time as a transaction which has the potential to create significant value for the shareholders of both Brightstar and Aurumin.

A consolidated greater Sandstone Gold Project would have a pro forma total Mineral Resource Estimate of **~2.4Moz @ 1.5g/t Au located on granted mining leases**, emerging as a significant, near-term gold development opportunity in the Goldfields of Western Australia.

¹ Refer to Brightstar's ASX announcement "Response to ASX Price & Volume Query" dated 29 October 2024.

Brightstar and Aurumin have agreed non-binding indicative terms for a scheme of arrangement whereby Brightstar would acquire Aurumin for scrip consideration (**Proposed Transaction**). Aurumin shareholders would receive 1 new Brightstar share for every 4.6 Aurumin shares held (**Indicative Ratio**) under the Proposed Transaction.

Based on the 20-day volume weighted average share price (**VWAP**) of Brightstar of \$0.54 per share, this would imply a value of \$0.117 per Aurumin share (**Implied Value**).²

The Implied Value represents:

- 17% premium to the closing price of Aurumin on 27 June 2025; and
- 26% premium to the 20-day VWAP of Aurumin of \$0.093 per share

The parties have held a number of discussions and are currently progressing mutual due diligence investigations.

Shareholders should be aware that there is no certainty that the discussions and agreed proposal will result in any transaction, and that any proposed transaction will be subject to completion of satisfactory mutual due diligence, execution of a scheme implementation deed and other customary conditions.

Brightstar and Aurumin shareholders do not need to take any action at this time in relation to this announcement.

The Boards of Brightstar and Aurumin will continue to keep shareholders and the market informed of material developments.

This ASX announcement has been approved by the Boards of Brightstar and Aurumin.
