Discussion and shareholder questions

Discussion will take place on all items of business to be considered at the AGM. All shareholders will have a reasonable opportunity to ask questions during the AGM, including via the online webinar. This will include an opportunity to ask questions of the Company's External Auditor, KPMG. To ensure that as many shareholders as possible have the opportunity to speak, shareholders are requested to observe the following requests:

- all shareholder questions should be stated clearly and should be relevant to the business of the AGM, including matters arising from the Financial Report, the Directors' Report (including the Remuneration Report) and the Auditor's Report, and general questions about the performance, business or management of the Company;
- if a shareholder has more than one question on an item of business, all questions should be asked together; and
- shareholders should not ask questions at the AGM relating to any matters that are personal to the shareholder or commercial in confidence.

Shareholders who prefer to register questions in advance of the AGM may do so either online at the MUFG Investor Centre or using the Question Form.

Written questions must be received by MUFG Corporate Markets (AU) Limited by 5:00pm (AEST) on Friday 8 August 2025, and can be submitted in accordance with the details set out below.

Webinar

Shareholders and proxyholders can participate in the AGM via an online webinar by registering online at www.ofx.com/en-au/investors/agm.

To participate you will need a desktop or mobile/tablet device with internet access and you will need to register for the webinar before the AGM commences. Voting information

Entitlement to vote

Pursuant to regulation 7.11.37 of the *Corporations Regulations 2001* (Cth), the Directors have determined that for the purpose of the AGM (including voting at the AGM), 'shareholders' are those persons who are the registered holders of Company shares at 7:00pm (AEST) on Wednesday 13 August 2025. Share transfers registered after that time will be disregarded in determining entitlements to vote at the AGM.

Shareholders may vote on all items of business, subject to the voting restrictions described in this Notice of Meeting.

Voting by poll

Each resolution considered at the AGM will be conducted by a poll. The Directors consider voting by poll to be in the interests of the shareholders as a whole and ensures the views of as many shareholders as possible are represented at the AGM.

Direct voting

In accordance with clause 37(b) the Company's Constitution, the Directors:

- have determined that at the AGM, a shareholder who is entitled to vote on a resolution at the AGM is entitled to a direct vote in respect of that resolution; and
- have approved the use of either:
 - the direct Voting/Proxy Form enclosed with this Notice of Meeting or in the MUFG Investor Centre for direct voting prior to the AGM; or
 - shareholders or proxyholders can deliver their direct vote in real time during the AGM by voting via the online webinar or submission of a voting card at the meeting.

Direct voting prior to the AGM

If a shareholder is unable to participate in the AGM, they are entitled to vote their shares directly by marking section A 'Vote Directly' on the Voting/Proxy Form that accompanies this Notice of Meeting or in the MUFG Investor Centre. They will not need to appoint a proxy to act on their behalf.

The shareholder should mark either the 'for' or 'against' boxes next to each item on the Voting/Proxy Form. The 'abstain' box should not be marked – if a shareholder does mark the abstain box, then the vote for that item will be invalid.

If a shareholder does not give a direction on all of the items, or if they complete both section A 'Vote Directly' and section B 'Appoint a Proxy', their vote will be passed to the Chair of the AGM as their proxy.

In accordance with clause 37(b) of the Company's Constitution, the Directors have resolved that shareholders will be able to vote directly prior to the AGM on resolutions to be considered at the AGM at any time between the date of this Notice of Meeting and 2:00pm (AEST) on Wednesday 13 August 2025.

Direct voting during the AGM

Online

Shareholders who provided their SRN/HIN when registering for the webinar will be able to vote directly in the online webinar at any time between the start of the AGM at 2:00pm (AEST) and the closure of voting as announced by the Chair during the AGM on Friday 15 August 2025.

In person

Those shareholders who choose to attend the meeting in person will be able to submit their voting cards.

Appointing a Proxy

Shareholders who are unable to attend the AGM and do not choose to vote prior to the AGM are entitled to appoint a proxy to attend the AGM on their behalf, and to vote in accordance with their instructions on the Voting/Proxy Form.

To appoint a proxy, mark section B 'Appoint a Proxy' on the Voting/Proxy Form to appoint the Chair as proxy or insert the name of an alternate proxy in the space provided.

A proxy need not be a shareholder of the Company and may be an individual or a body corporate. If a body corporate is appointed as proxy, it must appoint an individual as its corporate representative in accordance with section 250D of the *Corporations Act 2001* (Cth) to exercise its power as proxy at the AGM. Evidence of this appointment must be provided to the Company prior to the commencement of the AGM.

Subject to the voting exclusions set out above, if no voting instructions are given, the proxy may vote as they see fit.

The Chair intends to vote all available and undirected proxies in favour of each item of business.

If a shareholder appoints a KMP (which includes each of the Directors) as proxy, the KMP will not be able to cast the shareholder's votes on Items 4, 5, 6 and 7 unless the shareholder directs the KMP how to vote or the Chair is the shareholder's proxy. If a shareholder appoints the Chair as their proxy, or the Chair is appointed as the shareholder's proxy by default, and the shareholder does not mark a voting box for Items 4, 5, 6 and 7, then by signing and returning the Voting/Proxy Form the shareholder will be expressly authorising the Chair to exercise the proxy in respect of the relevant item even though the item is connected directly or indirectly with the remuneration of KMP.

If you are a shareholder entitled to cast two or more votes, you may appoint up to two proxies and specify the proportion of voting rights or the number of votes each proxy is appointed to exercise. If a shareholder appoints two proxies but does not specify the proportion of the number of votes each proxy may exercise, each proxy may exercise half of that shareholder's votes.

How to appoint a proxy

For an appointment of a proxy to be effective, the Voting/Proxy Form with section B 'Appoint a Proxy' marked to indicate your appointment of a proxy and, if applicable, the power of attorney or other authority under which the Voting/Proxy Form is signed (or a certified copy of the power or other authority) must be received at the share registry of the Company no later than 2:00pm (AEST) on Wednesday 13 August 2025 (48 hours before AGM).

If your Voting/Proxy Form is signed by an attorney, or in the case of a Voting/Proxy Form submitted electronically, authenticated by an attorney, the power of attorney (or a certified copy of the power of attorney) must be received by the Share Registrar.

Appointing a corporate representative

A body corporate that is a shareholder, or that has been appointed as a proxy, must appoint an individual to act as its representative at the AGM. The appointment must comply with the requirements of section 250D of the *Corporations Act 2001* (Cth).

The representative should register on behalf of a body corporate and must provide evidence of their appointment to the share registry of the Company prior to the commencement of the AGM.

Notes

If the appointment of a corporate representative is signed by an attorney, or in the case of an appointment submitted electronically, authenticated by an attorney, the power of attorney (or a certified copy of the power of attorney) must be received by the Share Registrar.

Important note

A representative will not be permitted to ask questions or to vote at the AGM if evidence of their appointment as a corporate representative has not been provided prior to the AGM.

How to submit a Voting/Proxy or evidence of appointment of corporate representative

Voting/Proxy Forms (and, if applicable, a power of attorney or other authority) and evidence of appointment of a corporate representative may be lodged by one of the following methods:

Explanatory Memorandum

Item 4. Remuneration Report

In accordance with section 250R(2) of the *Corporations Act 2001* (Cth), the Board is presenting the Company's Remuneration Report to shareholders for consideration and adoption by a non-binding vote.

The Remuneration Report was published on 20 May 2025 in the Company's 2025 Annual Report and has also been available on the Company's website since that date, www.ofx.com/en-au/investors/reports-presentations.

The Remuneration Report:

- explains the Board's policies in relation to the objectives and structure of the Company's remuneration schemes;
- discusses the relationship between the remuneration outcomes and the returns to shareholders;
- provides details of performance conditions, why they were chosen and how performance is measured against them;
- describes the governance framework of the Company's remuneration arrangements; and
- sets out the remuneration arrangements for each of the Key Management Personnel (**KMP**).

Under the *Corporations Act 2001* (Cth), the vote on this resolution is advisory only and does not bind the Board or the Company. However, the Board will take the outcome of the vote into account when considering future remuneration for KMP.

A voting exclusion applies to this resolution, as set out in the Notice of Meeting.

In the interests of corporate governance, the Directors abstain from making a recommendation in relation to this resolution.

The Chair of the AGM intends to vote all available and undirected proxies in favour of this resolution.

1. Refer Annexure A.

Item 5. Approval of OFX Group Limited Global Equity Plan

The Company is seeking shareholder approval for its Global Equity Plan (**GEP**) which enables the Company to reward and incentivise employees through arrangements where employees are offered shares and/or performance rights through a deferred or exempt grant as part of the Company's overall incentive structure.

The purpose of the GEP is to:

- provide Eligible Persons¹ with an opportunity to participate in an incentive plan which recognises ongoing contribution to the achievement by the Company of its strategic objectives;
- align the interests of participants with shareholders through the sharing of a personal interest in the future growth and development of the Company;
- encourage Eligible Persons to improve the performance of the Company and its total return to Shareholders; and
- provide a means of attracting and retaining skilled and experienced Eligible Persons.

Since the GEP was last approved by shareholders at the Company's 2022 AGM, it has been amended to reflect the new employee share scheme provisions set out in Division 1A of Part 7.12 of the *Corporations Act*, as amended by ASIC Corporations (Employee Share Schemes) Instrument 2022/1021 (**New ESS Provisions**). The New ESS Provisions replaced the relief previously afforded by ASIC Class Order 14/1000.

The following key changes have been made to the GEP:

- the definition of “Eligible Person” has been amended to reflect the New ESS Provisions, which permits the making of offers to specified “primary participants” (being directors, employees and service providers) or certain related persons of a primary participant (including a spouse, parent, child or sibling of the primary participant, controlled bodies corporate of the primary participant or bodies corporate that are trustees of the primary participant’s self-managed superannuation fund);
- the issue cap has been amended to reflect the New ESS Provisions, which provides that there is no cap on issues made for no monetary consideration and issues received by participants outside of Australia. Securities issued for monetary consideration over a rolling three-year period must not exceed 5% of the Company’s issued share capital; and
- offers for no monetary consideration are not subject to disclosure obligations, other than a statement that the offer is made under Division 1A of Part 7.12 of the *Corporations Act 2001* (Cth).

The Board may terminate or suspend the operation of the GEP at any time provided that the termination or suspension does not affect or prejudice the existing rights of participants at that time.

This resolution is being put to shareholders for the purposes of Exception 13(b) of ASX Listing Rule 7.2. ASX Listing Rule 7.1 restricts listed companies from issuing more than 15% of their issued share capital in any 12-month period without shareholder approval. However, there are exceptions to this restriction which are detailed in Listing Rule 7.2. Exception 13(b) of ASX Listing Rule 7.2 applies to an issue under an employee incentive scheme if, within three years before the date of the issue, shareholders have approved the issue of securities under the scheme as an exception to the rule.

If the GEP is approved by shareholders, issues under the GEP over the next three years will not be included in the calculation of the Company’s 15% annual placement capacity. If this resolution is not passed, any securities issued pursuant to the GEP over the next 3 years will not fall within Exception 13(b) to Listing Rule 7.2 and will, therefore, be included within the calculation of the Company’s 15% annual placement capacity. Directors may also exercise their discretion pursuant to the terms of the GEP to procure that the Company acquires shares on-market to be transferred to eligible participants under the GEP and/or the payment of cash to eligible participants.

The Directors consider it desirable to maximise the flexibility available to the Company through Exception 13(b) so that the Company may access capital under ASX Listing Rule 7.1 through subsequent share issues as required.

The Company is also seeking shareholder approval of the GEP in order that it may obtain the benefit of the exemption in section 260C(4) of the *Corporations Act 2001* (Cth) for financial assistance provided under an employee equity scheme approved by shareholders.

In accordance with Exception 13(b) of ASX Listing Rule 7.2, the Company provides the following information:

- a summary of the terms of the GEP is set out in Annexure A; and
- since the GEP was approved by shareholders at the Company’s 2022 AGM, 18,692,534 performance rights have been issued, of which:
 - 12,131,267 were issued under ASX Listing Rule 7.2, Exception 13;
 - 2,476,805 were issued under ASX Listing Rule 10.14; and
 - 4,084,462 were issued under the Company’s issuance capacity under Listing Rule 7.1; and

Explanatory Memorandum

- the maximum number of securities that the Company proposes to issue under the GEP during the next 3 years is no more than 11,700,127, excluding issues of securities approved by shareholders under Listing Rule 10.11 or 10.14. The maximum number is not intended to be a prediction of the actual number of securities to be issued under the GEP, simply a ceiling for the purposes of Listing Rule 7.2, Exception 13.

A voting exclusion applies to this resolution and is set out in the Notice of Meeting.

The Board unanimously recommends that shareholders vote in favour of this resolution. The Chair of the AGM intends to vote all available and undirected proxies in favour of this resolution.

Item 6. Issue of performance rights to Mr John Alexander ('Skander') Malcolm under the OFX Group Limited Global Equity Plan in respect of FY25 Short-Term Incentives

The Company is seeking approval under ASX Listing Rule 10.14 for the grant of performance rights to Mr Malcolm pursuant to Mr Malcolm's achievement under the Company's Short-Term Incentive (STI) Plan for the 2025 financial year. These performance rights will be issued under the Global Equity Plan.

Why approval is required

ASX Listing Rule 10.14 requires a listed entity to obtain shareholder approval for the acquisition of securities under an employee incentive scheme by specified persons, including a Director of the Company.

If shareholder approval is obtained under Listing Rule 10.14, 153,129 performance rights (i.e. the maximum amount that could vest) may be issued

to Mr Malcolm under the Global Equity Plan. Approval of this resolution will also result in the grant of these performance rights falling within exception 14 in ASX Listing Rule 7.2. If approval is given, these performance rights will not count towards the Company's capacity to issue equity securities under ASX Listing Rule 7.1.

This proposal for the grant of performance rights is consistent with the Company's remuneration framework and Mr Malcolm's remuneration structure since his appointment as Managing Director and Chief Executive Officer and as previously disclosed to shareholders.

If shareholder approval is not provided, the Directors will exercise their discretion pursuant to the terms of the Global Equity Plan which, subject to the vesting conditions described below, may include the Company acquiring shares on-market to be transferred to Mr Malcolm at the end of the one and two year vesting periods (as permitted by the Exception to Listing Rule 10.14 in Listing Rule 10.16(a)) and/or the payment of cash.

Current remuneration framework

Mr Malcolm is a Director of the Company and, therefore, any acquisition by Mr Malcolm of securities under an employee incentive scheme is covered by Listing Rule 10.14.1.

Mr Malcolm's remuneration consists of:

- Fixed remuneration for FY25: \$768,324 inclusive of statutory superannuation;
- Short-Term Incentives: Target is 115% of total fixed remuneration – 50% of which is cash and 50% of which is deferred remuneration. The deferred remuneration is delivered in performance rights 50% of which vest after 1 year and 50% of which vest after 2 years. For FY25 short term incentives, Mr Malcolm will be granted 153,129 performance rights. The grant of these performance rights was subject to achievement of performance conditions by both the Company and Mr Malcolm personally. The

performance rights to be granted to Mr Malcolm for FY25 short-term incentives, including the key terms and issue price of these performance rights are described under the heading 'Proposed FY25 STI grant to Mr Malcolm' below and on page 20; and

- Long-Term Incentives: Target is 115% of total fixed remuneration all of which is deferred remuneration and delivered in performance rights which vest after 3 years subject to achieving performance metrics. For FY26 long term incentives, Mr Malcolm will be granted 1,736,221 performance rights. The performance rights to be granted to Mr Malcolm for FY26 long-term incentives, including the key terms and issue price of these performance rights are described in Item 7 below under the heading 'Proposed FY26 LTI Grant to Mr Malcolm' on pages 23 to 25.

FY25 STI grant

The Company's STI plan for FY25 was the same as for FY24. From FY19 the STI Plan features a Company multiplication factor, driven by Company performance metrics to be reviewed and reset annually with Threshold / Target / Stretch levels for each metric (Company Performance Metrics).

FY25 Company Performance Metrics were set at:

- Underlying NOI (30%);
- Underlying EBT (30%);
- Strategic Investments (20%); and
- ESG (20%).

All employees, including Mr Malcolm, also have individual performance measures to be equally weighted.

For certain employees, including Mr Malcolm, there is a component of the total STI award that is deferred. The purpose of the STI deferral and grant of performance rights is to drive further alignment between employee and shareholder interests, and to provide a clear focus on long-term sustainable growth.

Deferred STI is granted in the form of performance rights issued under the Global Equity Plan.

Proposed FY25 STI Grant to Mr Malcolm

For the 2025 financial year Mr Malcolm's STI target was 115% of his TFR and his STI achievement, as assessed by the Board was 27.5%. This was calculated based on a 27.5% funding from the Company Performance Metrics and an individual performance of "Meets Expectations" measured against his individual KPIs.

Mr Malcolm's STI payment is settled 50% cash and the remaining 50%, subject to shareholder approval, deferred equity to be delivered in performance rights with 50% vesting one year after issue and the other 50% vesting two years after issue.

Explanatory Memorandum

Mr Malcolm's STI equity grant for FY25 is \$121,491 equating to a maximum of 153,129 performance rights, each with a value of \$0.79339 determined by the Company using the method described under Issue Price in the table below.

Details of the STI equity grant for FY25:

Number of performance rights	Maximum of 153,129 performance rights determined by dividing the dollar value of Mr Malcolm's deferred equity grant by the fair value of a performance right.
Issue price	The performance rights will be issued using the volume weighted average price of the ordinary shares of the Company during the ten trading days from 20 May 2025 to 2 June 2025, being \$0.79339 ² .
Value	The value the Company attributes to each performance right is \$0.79339 being the issue price.
Consideration	The performance rights will be issued for nil consideration. There is no loan repayable by Mr Malcolm in respect of these performance rights.
Date of issue	If shareholder approval is obtained, the performance rights are expected to be issued to Mr Malcolm as soon as practicable after the AGM and, in any event, no later than 12 months after the AGM. If approved, performance rights will be issued using an effective grant date of 15 August 2025.
Vesting	The performance rights will vest for nil consideration on 15 June 2026 and 15 June 2027, at which time one performance right will convert to one fully paid ordinary share. In accordance with the terms of the Global Equity Plan, the performance rights will not confer any legal or equitable interest in shares represented by the performance rights until the vesting date. The Board may determine that a vested performance right will be satisfied by the Company making a cash payment to Mr Malcolm in lieu of allocating shares.
Trading restrictions	The shares granted to Mr Malcolm upon vesting of the performance rights will not be subject to a holding lock.
Dividends	Mr Malcolm has no right to receive dividends or distributions in respect of unvested performance rights.
Adjusted events	The Board has discretion to determine that the performance rights will lapse or be deemed forfeited, the vesting conditions or vesting dates are varied or that Mr Malcolm will be required to transfer shares acquired upon vesting in the circumstances set out in the 'Other considerations' section below.
Additional information	Details of the shares issued to Mr Malcolm under the STI Plan will be published in the Company's annual report for FY25, along with a statement that approval for the issue of those shares was obtained under ASX Listing Rule 10.14. Mr Malcolm is the only Director currently entitled to participate in the STI Plan. If any additional person(s) covered by ASX Listing Rule 10.14 who are not named in the Notice of Meeting become entitled to participate in the STI Plan after this resolution is approved at the AGM, and who were not named in the Notice of Meeting, they will not participate until shareholder approval is obtained under that rule.

2. VWAP is rounded to 5 decimal places.

Issues of securities under the OFX Group Limited Global Equity Plan

Since the Global Equity Plan was re-approved by shareholders at the 2022 AGM a total of 622,198 performance rights have been issued to Mr Malcolm under the Global Equity Plan pursuant to the STI Plan for nil consideration.

In addition, Mr Malcolm was issued 1,854,607 performance rights under the Global Equity Plan for nil consideration in respect of LTI in accordance with the approvals granted at the 2024, 2023 and 2022 AGMs.

It is also proposed that Mr Malcolm will be issued 1,736,221 performance rights under the Global Equity Plan in respect of FY26 LTI on the terms set out in Item 7 below.

No other securities have been issued to Directors or their associates under the Global Equity Plan since it was approved at the 2022 AGM.

The Company's Non-Executive Directors receive fixed fees and are not eligible to participate in any incentive scheme. As Managing Director and Chief Executive Officer, Mr Malcolm is the only Director entitled to participate in the Global Equity Plan.

Other considerations

The Board's view is that this award is appropriate to reflect the Company's performance in FY25 under Mr Malcolm's guidance. The grant of performance rights will encourage a focus on the future success of the business and is aligned with the long-term interests of shareholders.

Performance rights do not provide Mr Malcolm with the full benefit of share ownership (such as dividend and voting rights) unless the performance rights vest.

If Mr Malcolm ceases to be an employee all vested and unvested performance rights will be retained by him unless the Board exercises its discretion to determine that those performance rights will lapse or be forfeited.

Where in the opinion of the Board, Mr Malcolm acts fraudulently or dishonestly, or is in material breach of his obligations to the Company and/or its subsidiaries, any unvested plan interests, vested but unexercised options or rights and/or any restricted shares will lapse or are deemed forfeited (as applicable) immediately, unless the Board determines otherwise.

The Board has discretion to determine that one or more of the following will apply with respect to Mr Malcolm's grant:

- some or all of the performance rights will lapse or deemed forfeited;
- the vesting conditions will be varied;
- the performance period will be varied; or
- Mr Malcolm will be required to transfer some or all of the shares acquired by him (or some or all of the cash if the performance rights are settled in cash) upon vesting of the performance rights for no consideration, or pay an amount equal to the market value of those shares on the date of acquisition or disposal,

as the Board deems necessary to:

- protect the financial soundness of the Company;
- respond to material examples of his misconduct, risk events or failure to take accountability;
- reflect financial or non-financial risk-taking behaviour or non-compliance with legislation or the Company's Risk Management Framework; or
- respond to significant unexpected or unintended consequences that were not foreseen on the date of the grant or any vesting date.

Explanatory Memorandum

If there is a control event, the Board may in its discretion convert all or any of the rights to shares or permit the exercise of some or all rights or options, whether or not vesting conditions have been satisfied. Further, the Board may remove any disposal restrictions, whether or not all requirements have been satisfied.

Board recommendation

The Board (other than Mr Malcolm) considers that the proposed issue of performance rights under the Global Equity Plan to Mr Malcolm in respect of FY25 STI is appropriate and is in the best interests of the Company and its shareholders, as the issue of performance rights strengthens the alignment of Mr Malcolm's interests with shareholders, and the performance rights provide a strong link between the reward for Mr Malcolm's performance and Company performance.

Mr Malcolm makes no recommendation on how to vote on Item 6 in light of his direct interest in Item 6.

A voting exclusion applies to this resolution and is set out in the Notice of Meeting.

The Board (Mr Malcolm abstaining) recommends that shareholders vote in favour of this resolution.

The Chair of the AGM intends to vote all available and undirected proxies in favour of this resolution.

Item 7. Issue of performance rights to Mr John Alexander ('Skander') Malcolm under the OFX Group Limited Global Equity Plan in respect of FY26 Long-Term Incentives

The Company is seeking shareholder approval under ASX Listing Rule 10.14 for the proposed issue of performance rights to Mr Malcolm under the Global Equity Plan in respect of Mr Malcolm's FY26 Long-Term Incentive (LTI).

Why approval is required

ASX Listing Rule 10.14 requires a listed entity to obtain shareholder approval for the acquisition of securities under an employee incentive scheme by specified persons, including a Director of the Company.

If shareholder approval is obtained under Listing Rule 10.14, up to 1,736,221 performance rights (i.e. the maximum amount that could vest) may be issued to Mr Malcolm under the Global Equity Plan. Approval of this resolution will also result in the grant of these performance rights falling within exception 14 in ASX Listing Rule 7.2. If approval is given, these performance rights will not count towards the Company's capacity to issue equity securities under ASX Listing Rule 7.1.

If shareholder approval is not provided, the Directors may exercise their discretion pursuant to the terms of the Global Equity Plan which, subject to the vesting conditions described below, may include the Company acquiring shares on-market to be transferred to Mr Malcolm at the end of the three year vesting period (as permitted by the Exception to Listing Rule 10.14 in Listing Rule 10.16(a)) and/or the payment of cash.

Current remuneration framework

Mr Malcolm is a Director of the Company and, therefore, any acquisition by Mr Malcolm of securities under an employee incentive scheme is covered by Listing Rule 10.14.1.

Mr Malcolm's current remuneration is described in Item 6 above under the heading 'Current Remuneration Framework'.

Proposed FY26 LTI grant to Mr Malcolm

FY26 LTI is to be granted in the form of performance rights issued under the Global Equity Plan.

For FY26, Mr Malcolm's LTI grant value is \$918,335, equating to a maximum of 1,736,221 performance rights, each with a value of \$0.79339 by the Company using the method described under 'Issue Price' in the table below.

Details of the LTI equity grant for FY26:

FY26 LTI grant value	\$918,335 being 115% of Mr Malcolm's Total Fixed Remuneration as at 1 June 2025 of \$798,552.
Number of performance rights	Maximum of 1,736,221 performance rights determined by dividing the dollar value of Mr Malcolm's LTI Grant value by the Issue Price and multiplying this number by 150% (being the stretch target for the performance rights).
Issue price	The performance rights will be issued using the fair market value of the performance rights calculated as the volume weighted average price of the ordinary shares of the Company during the ten trading days following 20 May 2025 (being the date on which the FY25 results were announced), being \$0.79339. ³
Value	The value the Company attributes to each performance right is \$0.79339 being the Issue Price.
Consideration	The performance rights will be issued for nil consideration. There is no loan repayable by Mr Malcolm in respect of these performance rights.
Date of issue	If shareholder approval is obtained, the performance rights are expected to be issued to Mr Malcolm as soon as practicable after the AGM and, in any event, no later than 12 months after the AGM. If approved, performance rights will be issued using an effective grant date of 15 August 2025.
Vesting	The performance rights will vest for nil consideration when the Board determines that the vesting conditions have been satisfied, at which time one performance right will convert to one fully paid ordinary share. This is expected to be on/around 15 June 2028. In accordance with the terms of the Global Equity Plan, the performance rights will not confer any legal or equitable interest in shares represented by the performance rights until the vesting date. The Board may determine that a vested performance right will be satisfied by the Company making a cash payment to Mr Malcolm in lieu of allocating shares.

Issues of securities under the Global Equity Plan

Since the Global Equity Plan was approved by shareholders at the 2022 AGM the only securities issued to Directors or their associates under the Global Equity Plan are the performance rights and ordinary shares described in Item 6 above. It is proposed that Mr Malcolm will also be issued 153,129 performance rights under the Global Equity Plan in respect of FY25 STI on the terms set out in Item 6 above.

No other securities have been issued to Directors or their associates under the Global Equity Plan.

The Company's Non-Executive Directors receive fixed fees and are not eligible to participate in any incentive scheme. As Managing Director and Chief Executive Officer, Mr Malcolm is the only Director entitled to participate in the Global Equity Plan.

Other considerations

The Directors (excluding Mr Malcolm) have considered whether it is appropriate to proceed with seeking approval and making the proposed FY26 LTI grant to Mr Malcolm pursuant to the Global Equity Plan.

The grant of performance rights will encourage a focus on the future success of the business and is aligned with the long-term interests of shareholders. Performance rights do not provide Mr Malcolm with the full benefit of share ownership (such as dividend and voting rights) unless the performance rights vest.

If Mr Malcolm ceases to be an employee all vested and unvested performance rights will be retained by him unless the Board exercises its discretion to determine that those performance rights will lapse or be forfeited.

Where in the opinion of the Board, Mr Malcolm acts fraudulently or dishonestly or is in material breach of his obligations to the Company and/or its subsidiaries, any unvested plan interests, vested but unexercised options or rights and/or any restricted shares will lapse or are deemed forfeited (as applicable) immediately, unless the Board determines otherwise.

Explanatory Memorandum

The Board has discretion to determine that one or more of the following will apply with respect to Mr Malcolm's grant:

- some or all of the performance rights will lapse or deemed forfeited;
- the vesting conditions will be varied;
- the performance period will be varied; or
- Mr Malcolm will be required to transfer some or all of the shares acquired by him (or some or all of the cash if the performance rights are settled in cash) upon vesting of the performance rights for no consideration, or pay an amount equal to the market value of those shares on the date of acquisition or disposal,

as the Board deems necessary to:

- protect the financial soundness of the Company;
- respond to material examples of his misconduct, risk events or failure to take accountability;
- reflect financial or non-financial risk-taking behaviour or non-compliance with legislation or the Company's Risk Management Framework; or
- respond to significant unexpected or unintended consequences that were not foreseen on the date of the grant or any vesting date.

If there is a control event, the Board may in its discretion convert all or any of the rights to shares or permit the exercise of some or all rights or options, whether or not vesting conditions have been satisfied. Further, the Board may remove any disposal restrictions, whether or not all requirements have been satisfied.

Board recommendation

The Board (other than Mr Malcolm) considers that the proposed issue of performance rights under the Global Equity Plan to Mr Malcolm in respect of FY26 LTI grant is appropriate and is in the best interests of the Company and its shareholders, as the issue of performance rights strengthens the alignment of Mr Malcolm's interests with shareholders, and the performance rights provide a strong link between the reward for Mr Malcolm's performance and Company performance.

Mr Malcolm makes no recommendation on how to vote on Item 7 in light of his direct interest in Item 7.

A voting exclusion applies to this resolution and is set out in the Notice of Meeting.

The Board (with Mr Malcolm abstaining) recommends that shareholders vote in favour of this resolution.

The Chair of the AGM intends to vote all available and undirected proxies in favour of this resolution.

exceeds 5% of the total number of shares on issue at the date of the invitation.

There is no cap on the number of Plan Interests that may be issued for no monetary consideration and issues received by participants outside of Australia.

7. Vesting

A grant of rights or options does not confer any legal or equitable interests in restricted shares or shares (as applicable) represented by the rights or options until the relevant vesting date and any exercise or conversion to restricted shares or shares (as applicable) has been completed.

Unless the Board determines otherwise, the vesting, exercise and conversion of any Plan Interests under the GEP will only occur in accordance with the terms specified in the invitation.

The Board may determine that a vested and exercised right or option will be satisfied by OFX making a cash payment to the participant in lieu of allocating shares.

The Board may waive, amend or replace any performance measure in a vesting condition attaching to a right or option if the Board determines that the specific measure is no longer appropriate or applicable, provided that the interests of the relevant participant are not, in the opinion of the Board, materially prejudiced or advantaged relative to the position reasonably anticipated at the time of the grant.

8. Restrictions

Participants must not dispose of any restricted share until the removal of any holding lock or the satisfaction of any other restrictions.

Participants must comply with OFX's Securities Trading Policy at all times. This includes that participants are prohibited at all times from entering into transactions in financial products which operate to limit the economic risk of a Plan Interest.

9. Cessation of employment

If a participant ceases to be an employee all vested and unvested Plan Interests will be retained by them unless the Board exercises its discretion to determine that those performance rights will lapse or be forfeited.

10. Clawback and preventing inappropriate behaviours

Where in the opinion of the Board, a participant acts fraudulently or dishonestly or is in material breach of his or her obligations to OFX and/or its subsidiaries, any unvested Plan Interests, vested but unexercised options or rights and/or any restricted shares will lapse or are deemed forfeited (as applicable) immediately, unless the Board determines otherwise.

11. Adjustment events

The Board has discretion to determine that one or more of the following will apply with respect to a participant's Plan Interests:

- some or all of the Plan Interests will lapse;
- the vesting conditions will be varied;
- the performance period will be varied; or
- the participant will be required to transfer some or all of the shares acquired by them (or some or all of the cash if the Plan Interests are settled in cash) upon vesting of the Plan Interests for no consideration, or pay an amount equal to the market value of those shares on the date of acquisition or disposal,

as the Board deems necessary to:

- i. protect the financial soundness of the Company;
- ii. respond to material examples of his misconduct, risk events or failure to take accountability;
- iii. reflect financial or non-financial risk taking behaviour or non-compliance with legislation or the Company's risk management framework; or
- iv. respond to significant unexpected or unintended consequences that were not foreseen on the date of the grant or any vesting date.

12. Takeovers

If there is a control event, the Board may in its discretion convert all or any of a participant's rights to shares or permit the exercise of some or all rights or options, whether or not vesting conditions have been satisfied. Further, the Board may remove any disposal restrictions, whether or not all requirements have been satisfied.

13. Power of the Board

The Board may amend the GEP at any time in its absolute unfettered discretion. The GEP will be administered by the Board which will have the power to amend existing rules, resolve conclusively all questions of fact or interpretation in connection with the GEP, delegate to any one or more persons the exercise of any of its functions, powers or discretions arising under the GEP and appoint/ remove an administrator of the GEP.

14. Dividends and voting rights

A participant has no right to receive dividends or distributions in respect of unvested or lapsed rights or options. A participant does not have any legal or equitable interests in the shares until the vesting date and has no rights to vote until the rights or options vest and shares are granted.

At the Board's discretion and subject to:

- the terms specified in the invitation;
- the vesting conditions that apply to a right or option being satisfied; and
- the exercise price being paid,

a participant may be entitled to receive a payment equal to a dividend or distribution made in respect of shares during the period between the date of registration and the vesting date as though the participant had been holding shares during that period on a one-for-one basis, instead of rights or options.

15. Ranking of restricted shares

Restricted shares will rank equally with all existing shares on and from the date of registration in respect of all shareholder entitlements (including rights issues, bonus issues and dividends) which have a record date for determining entitlements on or after the date of issue of those restricted shares.

Where restricted shares or shares are not yet quoted on the official list of the ASX, OFX must apply for quotation as soon as practicable.

16. Legal compliance

Notwithstanding any rule in the GEP, securities will not be allocated, issued, acquired, transferred or otherwise dealt with under the GEP if to do so would:

- a. contravene the *Corporations Act 2001* (Cth), the ASX Listing Rules, or any other applicable laws (including any applicable foreign law); or
- b. require OFX or its related bodies corporate to pay, provide, or procure the payment or provision of, any money or benefits to the Participant which would require shareholder approval under Part 2D.2, Division 2 of the *Corporations Act 2001* (Cth).

HOW TO COMPLETE THIS SHAREHOLDER VOTING/PROXY FORM

YOUR NAME AND ADDRESS

This is your name and address as it appears on the Company's share register. If this information is incorrect, please make the correction on the form. Shareholders sponsored by a broker should advise their broker of any changes. **Please note: you cannot change ownership of your shares using this form.**

VOTING UNDER BOX A – VOTE DIRECTLY

If you ticked the box under Box A you are indicating that you wish to vote directly. Please only mark either **"for"** or **"against"** for each item. Do not mark the **"abstain"** box. If you mark the **"abstain"** box for an item, your vote for that item will be invalid.

If no direction is given on all of the items, or if you complete both Box A and Box B, your vote may be passed to the Chair of the Meeting as your proxy.

Custodians and nominees may, with the Share Registrar's consent, identify on the Voting Form the total number of votes in each of the categories **"for"** and **"against"** and their votes will be valid.

If you have lodged a direct vote, and then you attend the Meeting and choose to vote, your vote at the Meeting will cancel your direct vote.

The Chair's decision as to whether a direct vote is valid is conclusive.

VOTING UNDER BOX B – APPOINTMENT OF PROXY

If you wish to appoint the Chair of the Meeting as your proxy, mark the box in Step 1. If you wish to appoint someone other than the Chair of the Meeting as your proxy, please write the name and email address of that individual or body corporate in Step 1. If you leave this section blank, the Chair of the Meeting will be your proxy. A proxy need not be a shareholder of the Company. If you are appointing a body corporate as your proxy, any individual who will attend and vote at the AGM as the representative of that body corporate must provide evidence of their appointment as corporate representative.

DEFAULT TO CHAIR OF THE MEETING

Any directed proxies that are not voted on a poll at the Meeting will default to the Chair of the Meeting, who is required to vote those proxies as directed. Any undirected proxies that default to the Chair of the Meeting will be voted according to the instructions set out in this Proxy Form. If the Chair of the Meeting is your proxy or becomes your proxy by default, and you do not provide voting directions, then by submitting this Voting/Proxy Form you are expressly authorising the Chair of the Meeting to exercise your proxy on items that are connected directly or indirectly with the remuneration of KMP.

VOTES ON ITEMS OF BUSINESS – PROXY APPOINTMENT

You may direct your proxy how to vote by placing a mark in one of the boxes opposite each item. All your shares will be voted in accordance with such a direction unless you indicate only a portion of voting rights are to be voted on any item by inserting the percentage or number of shares you wish to vote in the appropriate box or boxes. If you do not mark any of the boxes on the item, your proxy may vote as he or she chooses subject to any voting restrictions that apply to the proxy. If you mark more than one box on an item your vote on that item will be invalid.

APPOINTMENT OF A SECOND PROXY

You are entitled to appoint up to two persons as proxies to attend the Meeting and vote on a poll. If you wish to appoint a second proxy, an additional Voting/Proxy Form may be obtained by telephoning the Company's share registry or you may copy this form and return them both together.

To appoint a second proxy you must:

- on each of the first Voting/Proxy Form and the second Voting/Proxy Form state the percentage of your voting rights or number of shares applicable to that form. If the appointments do not specify the percentage or number of votes that each proxy may exercise, each proxy may exercise half your votes. Fractions of votes will be disregarded; and
- return both forms together.

PROXY VOTING BY KMP

The KMP of the Company (which includes each of the Directors) and their closely related parties will not be able to vote as your proxy on Items 4, 5, 6 and 7 unless you direct them how to vote or the Chair of the Meeting is your proxy. If you intend to appoint a member of the KMP or one of their closely related parties as your proxy, you can direct them how to vote by following the instructions in this Voting/Proxy Form.
