ClearVue Founder Steps Down as Chairman

HIGHLIGHTS:

- **Mr. Victor Rosenberg retirement as Chairman:** ClearVue's Non-Executive Chairman and Founder, Mr. Victor Rosenberg will step down as Chairman, effective immediately, and assume the position of Non-Executive Director.
- **Interim Chairperson:** Ms. Theresa Smits named as Interim Non-Executive Chairperson for ClearVue's Board of Directors.
- **ClearVue CEO joins Board:** Mr. Douglas Hunt, ClearVue Technologies CEO, joins ClearVue's board as Managing Director.

12 August 2025 – Perth, Australia – Following last week's announcement of his intent to retire from **ClearVue Technologies Limited (ASX:CPV) (ClearVue or the Company)** in November, the Company wishes to announce that Mr. Victor Rosenberg will step down as Non-Executive Chairman, effective immediately, and assume the role of Non-Executive Director. Ms. Theresa Smits has agreed to step in as the Interim Board Chairperson. In addition, Mr. Douglas Hunt has joined the board as Managing Director.

*"As I make my retirement plans, the timing is right to pass the responsibilities of the Board Chairman position to someone who can give the role their full attention," said **Mr. Victor (Vic) Rosenberg, Non-Executive Chairman and Founder, ClearVue Technologies**. "ClearVue is at a critical defining moment in its global commercialization path. The effective and efficient near-term progress that has been made in such a short period of time has given me confidence that I am leaving ClearVue's objective to dramatically enhance building sustainability in good hands. We have the correct executive leadership team in place to take ClearVue into the future and now we must ensure our Board of Directors is fully aligned to seamlessly support the exciting path that lies ahead. I will continue to support our combined team of professionals through November as a Director to ensure a smooth transition. It has been a privilege to serve in the Non-Executive Chairperson role, and I look forward to watching as our new board takes the company toward a fruitful global commercialization path."*

"I would like to thank Vic for his ongoing partnership as we support him in his retirement planning. Our collaborative working relationship and support has driven the expansion of our product line as well as our

research and development road map. I appreciate his belief in myself and the technical team over the last years which was pivotal in bringing the company to its current position,” said **Mr. Douglas (Doug) Hunt, Chief Executive Officer, ClearVue Technologies**. “I further thank the Board for their unanimous support and encouragement to join the Board as Managing Director. My commitment to our executive leadership, Board and shareholders is to good commercial business practices and a resolute commitment to operational transparency as we strive to improve shareholder value.”

“I’m honoured to step in as Interim Chair following Vic’s departure. In this role, I’ll approach every decision through a shareholder’s lens, with a focus on delivering the commercial outcomes ClearVue needs to succeed” said Theresa Smits, Non-Executive Board Director.

Authorised by the Board of ClearVue Technologies Limited.

ABOUT CLEARVUE TECHNOLOGIES LIMITED

ClearVue Technologies Limited (ASX: CPV; OTCX: CVUEF) is an Australian technology company that integrates solar technology into building façade and rooftop surfaces to provide renewable energy generation and offset the operational carbon footprint of buildings. The Company’s advanced, patented glass technology preserves glass transparency maintaining building aesthetics while generating energy.

ClearVue has extended solar energy-generation to vision glass, cladding, spandrel, balustrade, and skylight solutions. These solutions can offset operational energy requirements significantly contributing to the net zero building.

ClearVue’s integrated solar façade is revolutionizing the way buildings are designed, constructed, and renovated. Experience how building façades will become a major contributing factor to reducing operational carbon by visiting ClearVue at www.clearvuepv.com.
