### ***Lynas' Towards 2030 Strategy and Equity Raising to Deliver Growth***

Lynas Rare Earths Limited (ASX: LYC) ("Lynas" or the "Company") has today announced a fully underwritten institutional pro rata placement to raise approximately A\$750 million (the "Placement") in conjunction with the release of its full year 2025 results. New shares to be

<sup>2</sup> Lynas has absolute discretion to increase or decrease the amount raised under the share purchase plan.

issued at a 10.0% discount to the last traded price of A\$14.73 on 27 August 2025 and a 8.6% discount to the volume weighted average price ("VWAP") of A\$14.50 for the 10 trading days up to and including 27 August 2025.

A non-underwritten share purchase plan will also be offered to Lynas' eligible shareholders at the same price of A\$13.25 per share which is targeting to raise up to a further A\$75 million (the "SPP", and together with the Placement, the "Equity Raising"). The Placement represents approximately 6.1% of Lynas' existing shares on issue.

Today, Lynas also announced its *Towards 2030* strategy which sets out the Company's plan to optimise performance from the *Lynas 2025* capital investments and to pursue new growth opportunities. Lynas' *Towards 2030* strategy has two key elements:

1. **Harvest** – Optimise performance from the *Lynas 2025* capital investments to deliver returns for shareholders, including ramping up assets in line with customer demand and market growth; and
2. **Grow** – Grow the business by:
  - a. ***Adding Resource & Scale***
    - Develop the Mt Weld Carbonatite with the objective to produce higher grade NdPr concentrate
    - Continue exploration and mine plan optimisation at Mt Weld
    - Add new feedstock source/s, most likely ionic clay feedstock
  - b. ***Increasing Downstream Capacity***
    - Expand Heavy Rare Earth (HRE) separation capacity and broaden HRE product range produced in Malaysia
    - Develop value-added specialty rare earth manufacturing capability
    - Expand NdPr separation capacity to 12ktpa (target nameplate capacity)<sup>3</sup>
  - c. ***Expanding into the outside China metal and magnet supply chain***
    - Seek to partner with companies who have proven expertise in rare earth metal and magnet production
    - Accelerate participation via partnership, joint venture, equity investment, or direct investment models.

<sup>3</sup> These figures refer to target infrastructure nameplate capacity at the relevant facility only. They are not, nor are they intended to be, a production target for the purposes of Chapter 5 of the ASX Listing Rules or a projection or forecast of the amount of minerals to be extracted or produced for any production period.

The equity raising will provide Lynas with the balance sheet strength and financial flexibility to pursue key growth projects in its *Towards 2030* strategy<sup>4</sup>.

Lynas Rare Earths CEO and Managing Director, Amanda Lacaze, said:

*“Towards 2030 sets out our plan to optimise performance from the Lynas 2025 capital investments and to pursue new growth opportunities. The equity raising provides Lynas with the balance sheet strength to pursue a strong growth agenda.*

*“The rare earths market is rapidly evolving and we need to move at pace to maximise value from existing assets and create further value from market opportunities. This includes continuing to grow our operations to serve the customers, downstream players and governments who seek to partner with Lynas to quickly establish larger and more resilient outside China supply chains for rare earths materials.”*

*“The Lynas 2025 growth initiative successfully expanded and diversified our operational footprint. A key priority is to demonstrate a return on these investments via a continued ramp-up of assets, in line with customer demand and market growth.”*

*“Over the past 5 years, Lynas has achieved an outsized historical total shareholder return which is materially higher than the ASX 200 or ASX 200 Resources Index<sup>5</sup>. We are proud that our shareholders have benefited from historical value creation.”*

*“For the next phase of growth through the Towards 2030 strategy, we will continue to show capital discipline and rigour in how we pursue our attractive pipeline of growth opportunities. The actions being taken to create a flourishing rare earths market outside China are the most significant since the Japanese Government invested in Lynas in 2011.”*

*“Lynas continues to engage with customers and governments on a range of initiatives to support the continued investment in and production of rare earths. While these conversations are ongoing, and there is no certainty as to their outcome, this equity raising will provide the balance sheet to pursue opportunities as they arise.”*

Further details on Lynas’ *Towards 2030* strategy are outlined in the *FY25 Results & Towards*

<sup>4</sup> Lynas’ ability to achieve the ambitions in its *Towards 2030* strategy is subject to risks and uncertainties, many of which are outside Lynas’ control, and there is no guarantee the ambitions will be achieved. ## ATTACHMENT 1: KEY RISKS

Before investing in Lynas, you should be aware that an investment in Lynas has a number of risks, some of which are specific to Lynas, some of which relate to listed securities generally, and many of which are beyond the control of Lynas.

The Section titled “Factors and business risks that affect future performance” of Lynas’ 2025 Financial Report released to the ASX on 28 August 2025 outlines the principal risks and uncertainties that could have a material effect on Lynas’ future results, both operationally and financially, and some of the other key risks associated with an investment in Lynas, including operational risks, regulatory, legal and environmental risks, financial risks and general risks. Additionally, set out below are risk specific to the Equity Raising. In the event that one or more of the risks set out below or in the Section titled “Factors and business risks that affect future performance” of Lynas’ 2025 Financial Report materialise, Lynas’ reputation, strategy, business, operations, financial condition and future performance could be materially and adversely affected, as could the value of Lynas shares, including New Shares issued.

The risks set out below and in the Section titled “Factors and business risks that affect future performance” of Lynas’ 2025 Financial Report:

- do not take into account the personal circumstances, financial position or investment requirements of any particular person;
- are not listed in order of importance; and
- do not constitute an exhaustive list of all risks involved with an investment in Lynas. There may also be other risks that are currently unknown or are deemed immaterial, but which may subsequently become known and/or material. These may individually or in aggregate adversely affect Lynas.

As a result, before participating in the Equity Raising or investing in Lynas, it is important that you read and understand the risks set out below and in the Section titled “Factors and business risks that affect future performance” of Lynas’ 2025 Financial Report in their entirety. It is also important to note that there can be no guarantee that Lynas will achieve its stated objectives or that any forward-looking statements or forecasts contained in this Announcement will be realised. You should have regard to your own investment objectives and seek advice from a professional adviser who is licensed to give that advice before deciding whether or not to participate in the Equity Raising or invest in Lynas.

### Equity Raising Risks

#### Volatility and liquidity risk

While Lynas shares are currently listed on ASX, there is no guarantee that there will at all times be sufficient buyers of shares to enable shareholders to dispose of Lynas shares in a timely manner at a price that the shareholder may have expected to achieve. The price of shares may go up and down by a material amount, even over a short period of time. No assurance can be given that the New Shares will trade at or above their issue price or that there will be an active market in Lynas shares. None of Lynas, its directors nor any other person guarantees the performance of the New Shares.

#### Underwriting risk

Lynas has entered into an underwriting agreement with the underwriters under which the underwriters have agreed to fully underwrite the Placement, subject to the terms and conditions of that agreement (Underwriting Agreement). If certain conditions are not satisfied or certain events occur, then each underwriter may terminate the Underwriting Agreement.

Termination of the Underwriting Agreement would have an adverse impact on the proceeds raised

under the Placement.

The events which may trigger termination of the Underwriting Agreement if they occur prior to the settlement of the Placement include (but are not limited to) the following:

- ASIC or another government authority initiates, threatens, or announces proceedings, investigations, or inquiries into the Placement, and these actions become public or are not withdrawn within 2 business days (or by the settlement date if closer);
- ASX announces that Lynas' shares will be delisted, removed or suspended from trading (excluding the trading halt for the Placement);
- ASX notifies Lynas or the underwriters that unconditional approval (or approval only subject to customary conditions acceptable to the underwriters) will not be granted for the official quotation of New Shares;
- this Announcement or the FY25 results materials include any forecast, opinion, forward-looking statement, belief, intention, or expectation not based on reasonable grounds, or which ceases to be based on reasonable grounds;
- Lynas alters its capital structure without the underwriters' consent (other than under the equity raising or specified exceptions);
- Lynas or any of its directors or officers engage in fraudulent conduct or activity, whether or not in connection with the Placement;
- the cleansing notice for the Placement is or becomes defective, or Lynas is required to give a corrective cleansing notice;
- an event occurs that makes it illegal or commercially impossible for an underwriter to fulfill a material obligation, market, promote, or settle the Placement, or causes a material delay, including as a result of government or court orders;
- a change to Lynas' CEO or CFO is announced or occurs;
- Lynas withdraws the Placement;
- any event specified in the Placement timetable above is delayed by more than one business day without the underwriters' prior approval;
- Lynas fails to furnish a required certificate under the underwriting agreement when due;
- Lynas or any subsidiary representing more than 5% of the Lynas Group's assets, revenue, or profits becomes insolvent;
- a statement in this Announcement or the FY25 results materials is or becomes misleading or deceptive (including by omission), or required information is omitted;
- a director or senior manager of Lynas is charged with an indictable offence relating to financial or corporate matters, or a director of Lynas is disqualified from managing a corporation;
- Lynas contravenes the Corporations Act, its constitution, the ASX Listing Rules, or any other applicable law, regulation, or order from ASIC, ASX, or any governmental authority;
- any aspect of the Placement does not comply with the Corporations Act, ASX Listing Rules, or other applicable laws;
- Lynas breaches any terms or conditions of the underwriting agreement;
- any representation or warranty made by Lynas in the underwriting agreement is or becomes misleading, deceptive, untrue, or incorrect;
- any information supplied by or on behalf of Lynas to the underwriters for the Placement or this Announcement is or becomes false, misleading, or deceptive, including by omission;
- a required certificate furnished by Lynas under the underwriting agreement is untrue, incorrect,

misleading, or deceptive when given;

- a new law, regulation, or policy is introduced or proposed in Australia that prohibits or regulates the Placement, capital markets, or stock markets, or a public announcement of such a proposal is made;
- ASIC or another Governmental Authority commences or announces a prosecution or investigation of Lynas or its directors or employees, and it becomes public or is not withdrawn within 2 business days (or by the settlement date if closer);
- a change to the board of directors of Lynas occurs;
- any unforeseen shutdown of the Rare Earths Process Facility in Kalgoorlie, the Gebeng Industrial Park near Kuantan, Malaysia, the Mt Weld mine, or any other material site or project of Lynas occurs;
- an outbreak or major escalation of hostilities, war, emergency, or a major terrorist act involving Australia, New Zealand, Malaysia, North Korea, Japan, Israel, the UK, the US, Ukraine, or Iran occurs, or an escalation or extension of a national or state of emergency in those countries (other than as already declared prior to the date of the underwriting agreement);
- a general moratorium on commercial banking activities is declared, a disruption in banking or settlement services occurs, trading in all securities on major exchanges (ASX, LSE, HKSE, NYSE) is suspended or limited in a material respect, or an adverse change or disruption to financial, political, or economic conditions in specified countries occurs; or
- an adverse change, or an event likely to give rise to an adverse change, in the assets, liabilities, financial position, results, condition, operations, or prospects of the Lynas Group as a whole from what was previously disclosed occurs.

Some of these events will only trigger termination where the occurrence of the event has a material adverse effect on the success, marketing or settlement of the Placement or the value of Lynas shares, or where the event leads or is likely to lead to a breach of an applicable law, or the incurrence of liability by an underwriter under an applicable law.

#### Allocation of New Shares under the SPP

If Lynas receives applications that exceed the amount it proposes to raise under the SPP, Lynas may decide to scale back applications or raise a higher amount, in its absolute discretion. If a scale back is applied, this means that an eligible shareholder may be allocated fewer New shares than they apply for under the SPP.

Whether a scale back is applied, and the extent to which and how it is applied, is in Lynas' absolute discretion. Lynas intends to conduct any scale back having regard to eligible shareholders' pro rata shareholding as at the record date for the SPP. However, Lynas is not required to conduct a scale back in this way and Lynas may scale back allocations to any extent, and in any manner, in its absolute discretion.

#### Allocation of New Shares under the Placement

It is intended that eligible institutional shareholders who bid for an amount less than or equal to their 'pro rata' share of New Shares under the Placement will be allocated their full bid on a best endeavours basis. For this purpose, an eligible institutional shareholder's 'pro rata' share of those New Shares will be estimated by reference to Lynas' beneficial register on 27 August 2025, but without undertaking any reconciliation processes and ignoring any New Shares that may be issued under the SPP. Unlike in a rights issue, this may not truly reflect the participating shareholder's actual pro rata share of the New Shares issued under the Placement.

Nothing in this presentation gives a shareholder a right or entitlement to participate in the Placement, and Lynas has no obligation to reconcile assumed holdings (e.g., for recent trading or swap positions) when determining a shareholder's pro rata share of New Shares issued under the Placement. An eligible institutional shareholder may not receive an allocation under the Placement which is truly reflective of their pro rata share, or may receive no allocation.

Institutional investors who do not reside in an eligible jurisdiction will not be able to participate in the Placement. Lynas and the underwriters disclaim any liability (including for negligence) in respect of any determination of a shareholder's pro rata share of the New Shares issued under the Placement.

#### Dilution risk

Existing shareholders who do not participate in the Placement or the SPP will have their percentage shareholding in Lynas diluted. Depending on the size of a shareholder's existing holding, a participating shareholder may still be diluted even though they participate in the Placement or the SPP depending on the number of New Shares allocated to them.

Any person in the Provinces lawfully participating in the offer will not receive the information, legal rights or protections that would be afforded had a prospectus been filed and receipted by the securities regulator in the applicable Province. Furthermore, any resale of the New Shares in the Provinces must be made in accordance with applicable Canadian securities laws. While such resale restrictions generally do not apply to a first trade in a security of a foreign, non-Canadian reporting issuer that is made through an exchange or market outside Canada, Canadian purchasers should seek legal advice prior to any resale of the New Shares.

The Company as well as its directors and officers may be located outside Canada and, as a result, it may not be possible for purchasers to effect service of process within Canada upon the Company or its directors or officers. All or a substantial portion of the assets of the Company and such persons may be located outside Canada and, as a result, it may not be possible to satisfy a judgment against the Company or such persons in Canada or to enforce a judgment obtained in Canadian courts against the Company or such persons outside Canada.

*Statutory rights of action for damages and rescission.* Securities legislation in certain Provinces may provide a purchaser with remedies for rescission or damages if an offering memorandum contains a misrepresentation, provided the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's Province. A purchaser may refer to any applicable provision of the securities legislation of the purchaser's Province for particulars of these rights or consult with a legal adviser.

*Certain Canadian income tax considerations.* Prospective purchasers of the New Shares should consult their own tax adviser with respect to any taxes payable in connection with the acquisition, holding or disposition of the New Shares as there are Canadian tax implications for investors in the Provinces.

*Language of documents in Canada.* Upon receipt of this Announcement, each investor in Canada hereby confirms that it has expressly requested that all documents evidencing or relating in any way to the sale of the New Shares (including for greater certainty any purchase confirmation or any notice) be drawn up in the English language only. Par la réception de ce document, chaque investisseur canadien confirme par les présentes qu'il a expressément exigé que tous les documents faisant foi ou se rapportant de quelque manière que ce soit à la vente des valeurs mobilières décrites aux présentes (incluant, pour plus de certitude, toute confirmation d'achat ou tout avis) soient rédigés en anglais seulement.
