Cyprium Metals Limited (**ASX: CYM / OTCQB: CYPMF**) (**Cyprium** or the **Company**), a copper developer focused on the phased restart of the Nifty Copper Complex in the Paterson region of Western Australia (**Nifty**), is pleased to advise it has received firm commitments for a two tranche placement to raise approximately A\$74 million (before costs) via the proposed issue of approximately 2,643 million new fully paid ordinary shares in the Company (**Placement Shares**) at an issue price of A\$0.028 (**Placement**), and A\$6 million via a fully underwritten entitlement issue at the same price.

Executive Chairman Matt Fifield, said:

"This is a transformational capital raise that creates a pivotal inflection point for the Company. Over the last two years we have developed sound and executable plans to restart the Nifty Copper Complex, a prolific past producer of Australian copper. We have onboarded important partners Glencore and Macmahon to build partnerships that deliver skills and competencies that we need as we transition from asset owner to producer. Now, with this capital raise, we have the financial capacity to deliver our first phase of production, the refurbishment and resumption of copper cathode production at Nifty.

With this capital we will be able to materially strengthen the Company's financial profile through cash flow delivered from operations and through direct paydown of existing debt. We will also be quickly advancing the next phase of operations at the Nifty Copper Complex by completing the relevant studies around resumption of mining from the open pit and restart of the sulphide concentrator. Finally, we will look for

The Entitlement Offer is underwritten by Wilsons Advisory, Canaccord Genuity and Euroz Hartleys, with the ability to appoint sub-underwriters.

Under the Entitlement Offer, Eligible Shareholders will be given the opportunity to subscribe for 10 New Shares for every 96 existing fully paid ordinary shares held at the record date, being Tuesday, 2 September 2025 (Record Date). The Entitlement Offer will result in the issue of 214,969,864 New Shares (subject to rounding) to raise approximately A\$6 million (before costs). Shareholders who are eligible to participate in the Entitlement Offer are those who are either: a) resident in Australia or New Zealand; or b) resident in other select jurisdictions at the Company's discretion where the New Shares can be issued without registration, filing or the issue of an offer document to a regulatory authority, and who hold shares as at 7.00pm (AEST) on the Record Date ("**Eligible Shareholders**"). Full details of the terms and conditions, as well as other important information on how to participate in the Entitlement Offer will be set out in an Offer Booklet relating to the Entitlement Offer, which is expected to be released to ASX and will be made available to Eligible Shareholders together with a personalised Entitlement and Acceptance Form on or about Thursday, 4 September 2025. The Entitlement Offer is non-renounceable, and rights ("**Entitlements**") are not transferable and will not be traded on the ASX. Eligible Shareholders who do not take up their Entitlements in full or in part will not receive any value in respect of those Entitlements not taken up.

Eligible Shareholders can choose to take up all, part or none of their Entitlement. In addition to each Eligible Shareholder's Entitlement under the Entitlement Offer, Eligible Shareholders will be offered the opportunity to apply for additional New Shares under a "top up" facility ("**Top Up Facility**"). Under the Top Up Facility, Eligible Shareholders may apply for New Shares in excess of their Entitlement. Eligible Shareholders are not assured of being allocated New Shares in excess of their Entitlement under the Top Up Facility. New Shares allocated under the Top Up Facility will be allocated in accordance with the allocation policy described in the Offer Booklet. The Company, in consultation with its advisers, retains absolute discretion regarding allocation under the Top Up Facility.
