Emeco notes press speculation

Emeco notes the speculation appearing in The Australian newspaper that it may be in discussions relating to a potential control proposal for Emeco.

Emeco confirms that it has received unsolicited interest from a number of potential acquirers and has had discussions with those parties. However, at this time, no party has put forward a proposal which warrants being progressed to a binding proposal.

Emeco will keep shareholders informed of any material developments as appropriate.

This announcement has been authorised by Emeco's Chairman.
