VOTING INFORMATION

Eligibility to vote at the AGM

For the purpose of determining the entitlement to vote at the AGM, all shares in the Company will be taken to be held by those persons recorded in the Company's Register of Members as at 10.00am (Melbourne time) on Saturday, 18 October 2025. Transactions registered after that time will be disregarded in determining a shareholder's entitlement to vote at the Meeting.

Required majority and voting entitlement

1. The resolutions described in items 2, 3 and 4 are ordinary resolutions and if put to the Meeting, each will be passed if at least 50% of votes cast by shareholders entitled to vote on the resolution are cast in favour of the resolution. It is noted that the vote on the resolution in item 3 regarding the Remuneration Report is advisory only and does not bind the Directors or the Company.
2. The vote on each resolution set out in the Notice of Meeting will be decided on a poll as required by the *Corporations Act 2001* (Cth) (**Corporations Act**).
3. On a resolution determined by a poll, each registered shareholder participating in the Meeting, or present by proxy, has one vote for every fully paid ordinary share held.

Voting exclusions

The Corporations Act and the ASX Listing Rules require that certain persons must not vote, and the Company must disregard any votes cast by certain persons, on the resolutions in items 3 and 4 to be considered at the AGM.

For the purposes of these voting exclusions:

- **KMP** means the Company's key management personnel (and includes the Directors);
- **closely related party** is defined in the Corporations Act and includes a spouse, dependant and certain other close family members, as well as any companies controlled by a member of the KMP;
- **associate** is defined in the ASX Listing Rules and includes (among others) a spouse, child, and certain other close family members, as well as any companies controlled by a person (unless the contrary is established); and
- references to a **proxy** or **proxy form** includes online proxy appointments and voting directions submitted online.

Item 3 – Adoption of Remuneration Report

Votes may not be cast, and the Company will disregard any votes cast, on the proposed resolution in item 3:

- by or on behalf of members of KMP named in the Remuneration Report for the year ended 30 June 2025 and their closely related parties, regardless of the capacity in which the votes are cast; or
- as a proxy by members of KMP as at the date of the AGM and their closely related parties,

unless the votes are cast as a proxy for a person who is entitled to vote on the resolution in item 3:

- in accordance with a direction on the proxy form; or
- by the Chair of the AGM in accordance with an express authorisation on the proxy form authorising the Chair of

the AGM to vote the proxy as the Chair of the AGM decides, even though item 3 is connected with the remuneration of a KMP member.

What this means for shareholders: if you intend to appoint a member of the KMP (such as one of the Directors) or their closely related parties as your proxy, please ensure that you direct them how to vote on the proposed resolution in item 3. You can direct them how to vote by marking the boxes on the proxy form for item 3 (for example, if you wish to vote for, against or abstain from voting). If you appoint the Chair of the AGM as your proxy and you choose not to mark any of the boxes for item 3, you will be giving the Chair of the AGM your express authority to vote your undirected proxy (in which case the Chair of the AGM intends to vote available proxies in **favour** of this item of business).

Item 4 – Grant of Options to Managing Director and Chief Executive Officer

Votes may not be cast, and the Company will disregard any votes cast, on the proposed resolution in item 4:

- in favour of the resolution by or on behalf of the Managing Director and Chief Executive Officer (**MD & CEO**) or any of his associates, regardless of the capacity in which the votes are cast; or
- as proxy by members of KMP as at the date of the AGM and any of their closely related parties,

unless the votes are cast on the resolution in item 4:

- as proxy or attorney for a person entitled to vote on the resolution in accordance with directions given to the proxy or attorney to vote on the resolution in that way; or
- as proxy for a person entitled to vote on the resolution by the Chair of the AGM in accordance with an express authorisation on the proxy form to exercise the proxy as the Chair of the AGM decides, even though item 4 is connected with the remuneration of a KMP member; or
- by a holder acting solely in a nominee, trustee, custodial or other fiduciary capacity on behalf of a beneficiary provided the following conditions are met:
 - the beneficiary provides written confirmation to the holder that the beneficiary is not excluded from voting, and is not an associate of a person excluded from voting, on the resolution; and
 - the holder votes on the resolution in accordance with directions given by the beneficiary to the holder to vote in that way.

What this means for shareholders: if you intend to appoint a member of the KMP (such as one of the Directors) or their closely related parties, or the MD & CEO or any of his associates, as your proxy, please ensure that you direct them how to vote on the proposed resolution in item 4. You can direct them how to vote by marking the boxes on the proxy form for item 4 (for example, if you wish to vote for, against or abstain from voting). If you appoint the Chair of the AGM as your proxy and you choose not to mark any of the boxes for item 4, you will be giving the Chair of the AGM your express authority to vote your undirected proxy (in which case the Chair of the AGM intends to vote available proxies in **favour** of this item of business).

The Company will also apply these voting exclusions to persons appointed as attorney by a shareholder to attend and vote at the AGM under a power of attorney, as if they were appointed as a proxy.

Voting at the AGM

Shareholders, proxyholders or authorised representatives who are entitled to vote on a resolution at the AGM will be able to vote during the poll as announced by the Chair of the AGM during the Meeting.

The online AGM platform enables shareholders (or their proxyholders and authorised representatives) to vote at any time between the start of the AGM and the closure of voting as announced by the Chair of the AGM.

Voting by proxy

Shareholders who are entitled to attend the AGM and vote can appoint a proxy, as set out below, to participate in the AGM and vote on their behalf. If a shareholder is unable to attend the AGM, either in person or online, they are encouraged to appoint a proxy prior to the AGM.

1. A proxy need not be a shareholder of the Company.
2. A proxy may be either an individual or a corporation. Should a shareholder appoint a corporation as its proxy, that corporation will need to ensure that it follows the procedures set out below to appoint an individual as its corporate representative to exercise its powers at the AGM.
3. If a shareholder is entitled to cast two or more votes, they may appoint up to two proxies. Where two proxies are appointed, each proxy should be appointed to exercise a specified proportion or number of the shareholder's votes. If the appointment does not specify the proportion or number of the shareholder's votes each proxy may exercise, then each proxy may exercise half of the votes. An additional proxy form will be supplied by the Company's Share Registry, MUFG Corporate Markets (AU) Limited, on request for the purpose of appointing a second proxy.
4. In the case of joint shareholders, the proxy form must be completed by one or all of the joint shareholders and if the proxy appointment is made online, by one of the joint shareholders.
5. If the shareholder is a corporation, then the proxy form may be executed under its common seal, or by two directors, or a director and a company secretary, of the corporation. If there is a sole director who is also the sole secretary, then the proxy form may be signed by that person. If there is a sole director and no company secretary, then the sole director may sign alone. Any director or company secretary may lodge a proxy appointment online.
6. If a proxy is appointed under a power of attorney, the power of attorney under which the proxy is appointed, or a certified copy of that power of attorney, must accompany the proxy appointment or be provided to the Company's Share Registry, unless the power of attorney has previously been lodged with the Company's Share Registry.
7. If an appointed proxy does not attend the AGM, then the Chair of the AGM will be taken to have been appointed as the proxy of the relevant shareholder in respect of the AGM. If the proxy appointment specifies the way to vote on a resolution and the appointed proxy does not attend the relevant meeting or attends the relevant meeting but does not vote on the relevant resolution, the directed proxy will default to the Chair of the AGM who must vote the proxy as directed.
8. If a shareholder appoints the Chair of the AGM as their proxy, they can direct the Chair of the AGM how to vote by marking the box on the proxy form for the relevant resolutions.
9. If the Chair of the AGM is appointed, or taken to be appointed, as a proxy, but the appointment does not specify the way to vote on a resolution, then by submitting the proxy form, the shareholder will be expressly authorising the Chair of the AGM to exercise the undirected proxy as the Chair sees fit. The Chair of the AGM intends to vote undirected proxies in **favour** of the resolutions in items 2, 3 and 4 (subject to the other provisions of this Notice, including the voting exclusions noted above).
10. If you appoint a proxy or attorney prior to the Meeting but subsequently attend the Meeting, your proxy or attorney instructions will not be revoked unless you instruct the share registry upon your attendance at the Meeting that you wish to vote, in which case your proxy or attorney appointment will be revoked entirely for the Meeting.

2. The power of attorney appointing the attorney must be duly signed and specify the name of each of the member, the Company and the attorney, and also specify the meetings at which the appointment may be used. The appointment may be a standing one.

Restrictions on voting

The Company's Constitution contains provisions governing the exercise of voting rights by persons with prohibited shareholding interests in the Company or who otherwise have prohibited relationships with the Company or its subsidiaries. In certain circumstances in connection with such matters, the voting rights of shares held by such persons in the Company may be suspended.

PARTICIPATING IN THE AGM

Conducting the Meeting

The AGM is intended to give shareholders as a whole the opportunity to:

- ask questions of the auditor about the conduct of the audit, the preparation and content of the Auditor's Report, the accounting policies adopted in relation to the preparation of the financial statements, and the independence of the auditor in relation to the conduct of the audit.

To help achieve these objectives Tabcorp will:

- provide a reasonable opportunity for shareholders, proxyholders and authorised representatives participating in the Meeting (as a whole) to ask questions about the items of business during the Meeting in real time whether in person or via the online meeting platform or telephone facility;

Written questions must be received by 5.00pm (Melbourne time) on Monday, 13 October 2025.

The Chair of the AGM will endeavour to address as many of the more frequently raised relevant questions as possible during the course of the Meeting. However, there may not be sufficient time available at the Meeting to address all of the questions raised. Please note that individual responses will not be sent to shareholders.

Technical or other difficulties

Technical difficulties may arise during the course of the AGM. The Chair of the AGM has discretion as to whether and how the Meeting should proceed in the event that a technical difficulty arises. In exercising this discretion, the Chair of the AGM will have regard to the nature of the issue, number of shareholders impacted and the extent to which participation in the business of the Meeting is affected.

Where considered appropriate, the Chair of the AGM may continue to hold the Meeting and transact business, including conducting a poll and voting in accordance with valid proxy instructions. For this reason, shareholders are encouraged to appoint a proxy and direct them how to vote on the proxy form, even if they plan to attend the AGM online or in person. Similarly, if a shareholder is unable to participate in the Meeting, or will not have access to a device or the internet, they are encouraged to appoint a proxy and direct them how to vote on the proxy form.

In the event a postponement or adjournment is needed, the Company will provide an update on its website and the ASX platform to communicate the details of any postponement or adjournment of the Meeting to shareholders.

If it becomes necessary to make further alternative arrangements for holding the Meeting, we will give shareholders as much notice as practicable, with further information being made available on Tabcorp's website at www.tabcorp.com.au.

The Directors unanimously recommend that shareholders vote in favour of the resolution on item 3.

Item 4 – Grant of Options to Managing Director and Chief Executive Officer

ASX Listing Rule 10.14 requires shareholder approval for the issue of securities to a director under an employee incentive scheme. Accordingly, shareholder approval is being sought for the proposed grant of Options to the MD & CEO, Mr Gillon McLachlan, as part of his remuneration package for the financial year ending 30 June 2026 (**FY26**). The FY26 offer of Options will be made under the Tabcorp Long Term Performance Plan (**LTPP**), which operates under the Tabcorp Equity Incentive Plan Rules, on the terms set out below.

Background

Mr McLachlan's remuneration arrangements include an annual fixed remuneration component and he can earn variable remuneration through short term and long term incentive arrangements. Details of Mr McLachlan's current total annual remuneration package for FY26 are set out below.

Component (per annum)	At target performance	Outperformance opportunity
Total fixed remuneration (inclusive of superannuation)	\$1.5 million	\$1.5 million
Short term incentive opportunity (subject to achievement of performance measures with 50% delivered in cash and 50% in Restricted Shares)	\$1.5 million	\$2.25 million
Long term incentive opportunity (subject to achievement of a performance measure)	\$1.5 million	\$3.0 million
Total	\$4.5 million	\$6.75 million

Further information in relation to Mr McLachlan's remuneration package is set out in the Remuneration Report, which is included on pages 64 to 87 of the Company's 2025 Annual Report and is available on the Company's website.

If shareholder approval is obtained, the Company intends to grant Options to the MD & CEO as the long term incentive component of his annual remuneration package for FY26 (**Options**). If shareholder approval is not obtained, it is intended that an equivalent award will be provided in cash, subject to the same performance and other conditions as described in these Explanatory Notes.

The Board considers it appropriate to grant Options for the FY26 LTPP offer on the basis that:

- Option plans are generally considered to be a suitable mechanism to incentivise management where share price growth is targeted;
- an Option plan aligns with shareholder interests, as management is incentivised to deliver sustainable share price growth over the medium term;
- given Tabcorp's strategy to pursue growth, Options are considered a more appropriate instrument relative to Performance Rights; and

- the grant of Options will be subject to a performance measure with appropriately challenging targets that align to the Company's strategic objectives.

On exercise of a vested Option, the MD & CEO will generally be entitled to one fully paid ordinary share in Tabcorp. The Board has a discretion to pay an equivalent cash amount, in lieu of allocating shares, on exercise of Options. The Options can be exercised by the MD & CEO paying the applicable exercise price or by using a 'net settlement' (or 'cashless exercise') procedure. This means that the precise number of shares that may be allocated on exercise of vested Options is not immediately known.

The commercial effect of the net settlement is that only the value above the total Option exercise price will be provided in the form of fully paid ordinary shares in Tabcorp. The net settlement amount will be the market price for all the exercised Options, less the exercise price for all the exercised Options. On exercise of the vested Options, the number of shares to be allocated will be based on the net settlement amount divided by the market price of shares. The market price will be the daily volume weighted average market price (**VWAP**) of Tabcorp's shares traded on the ASX during the 10 trading days leading up to, but not including, the exercise date of the Options.

Options will be eligible to vest at the end of the specified performance period, subject to satisfaction of a performance measure and other terms described below. Shares allocated to the MD & CEO on vesting will rank equally with other Tabcorp ordinary shares.

The key terms relating to the Options are described below.

Options grant date

If shareholder approval is obtained, it is anticipated that the Options will be granted to the MD & CEO as soon as practicable after the 2025 AGM, and in any event no later than 12 months after the 2025 AGM (**grant date**).

Maximum number of Options to be granted

The maximum number of Options to be granted to the MD & CEO will be determined based on the following formula: \$3,000,000, being Mr McLachlan's long term incentive outperformance opportunity, divided by the fair value of an Option at the grant date, rounded down to the nearest whole number.

The fair value will be determined by an independent third party using a Black-Scholes pricing model. The valuation methodology is a function of the relationship between a number of variables principally being the share price, the Option exercise price, the time to expiry, and the volatility of Tabcorp's underlying share price. The actual value that the MD & CEO may derive from this allocation of Options remains subject to the satisfaction of the applicable performance measure, vesting criteria and the Tabcorp share price at the time of vesting.

Issue price of Options

As the grant forms part of the MD & CEO remuneration, the Options will be granted at no cost to the MD & CEO.

Exercise price of Options

The Option exercise price will reflect the underlying market price as at the grant date using a daily VWAP of Tabcorp shares traded on the ASX during the 10 trading days leading up to, but not including, the grant date.

Vesting Date and Exercise Period

The Options are expected to vest within 30 days of the release of Tabcorp's financial results for the financial year ending 30 June 2028 (**Vesting Date**), subject to satisfaction of the performance measures (described below). Upon vesting, the MD & CEO will have 12 months to exercise vested Options commencing on the Vesting Date (**Exercise Period**). If the Options are not exercised by the end of the Exercise Period, they will automatically lapse if the exercise price is equal to or exceeds the market price at that time, or they will be automatically exercised using the net settlement method referred to above if the exercise price remains below the market price at that time.

Options entitlements

The Options will be granted under, and are subject to, the rules of the Tabcorp Equity Incentive Plan. Options do not carry any dividend, distribution or voting rights prior to vesting and exercise.

Performance measure

If shareholder approval is obtained, the MD & CEO's grant of Options will be subject to a performance measure based on the achievement of a Return On Invested Capital (**ROIC**) performance condition measured over three financial years (i.e. from 1 July 2025 to 30 June 2028) and a service condition.

The ROIC performance condition was chosen as an appropriate measure because it focuses management on achieving targeted returns on Tabcorp's invested capital (equity and debt). ROIC is an absolute measure, defined as earnings before interest, tax and significant items (EBIT before significant items), divided by the average invested capital base (being shareholders' equity plus net debt). Average invested capital is calculated as the average of opening and closing balances of each financial year.

The ROIC performance condition requires three year average ROIC performance (measured over three financial years, from 1 July 2025 to 30 June 2028) to achieve specified targets (detailed below). The Board has elected to set three ROIC performance measures:

- **Threshold** (11.5%) – which has been set, considering Tabcorp's three year strategic plan, current and projected earnings, and market consensus. The Threshold level has been set with sufficient stretch earnings growth. A performance outcome of less than the Threshold level will result in no vesting of Options;
- **Target** (11.8%) – which has been set, considering the Threshold level and, with sufficient stretch such that it aims to provide long term shareholder value creation; and
- **Outperformance** (12.8%) – which has been set at a sufficiently high value, such that its achievement would require significant growth in Tabcorp's earnings over the three year performance period, aiming to deliver shareholders with strong long term value creation.

Satisfaction of the ROIC performance measure will be tested following the end of the three year performance period. Any Options that do not vest following testing automatically lapse and there is no retesting of Options after the Vesting Date.

The percentage of Options that vest, if any, will be determined by reference to the following vesting schedule:

Average three year ROIC (between 1 July 2025 and 30 June 2028)	Percentage of Options that vest
Below 11.5%	0%
At 11.5% (Threshold)	35%
Above 11.5% and below 11.8%	Straight line vesting to occur between 35% and 50%
At 11.8% (Target)	50%
Above 11.8% and below 12.8%	Straight line vesting to occur between 50% and 100%
At or above 12.8% (Outperformance)	100%

Calculation of the performance condition and achievement against the vesting conditions will be determined by the Board in its absolute discretion, having regard to any matters that it considers relevant (including any adjustments for unusual or non-recurring items that the Board considers appropriate). The Board has discretion to adjust upwards and downwards the vesting outcome, including to ensure the performance of the Group and the MD & CEO are aligned to shareholder outcomes and expectations.

Treatment on cessation of employment

If the MD & CEO's employment is terminated for cause or the MD & CEO resigns (other than due to death, permanent disability, serious illness or genuine retirement), all unvested Options and all vested but unexercised Options will lapse, unless the Board determines otherwise.

If the MD & CEO ceases employment for any other reason (including genuine retirement), unless the Board determines otherwise, a pro rata portion of his unvested Options will remain on foot (having regard to the portion of the performance period for which he was employed) and remain subject to the original vesting conditions (with performance to be tested in the normal course, as if the MD & CEO were still employed) and subject to the rules of the Tabcorp Equity Incentive Plan and offer terms. The remainder of the unvested Options will lapse.

The number of Options retained will be rounded down to the nearest whole number. Any vested Options will remain on foot and will be exercisable up until the expiry date, unless the Board determines otherwise. The Board also has discretion to claw back or lapse awards in certain circumstances, including unvested, vested and exercised options.

Change of control or corporate action

In the event of a takeover bid for the Company or any other transaction, event or state of affairs that, in the Board's opinion, is likely to result in, or should otherwise be treated as, a change of control of the Company, the Board may determine, in its absolute discretion, that all or a specified number of the Options vest or cease to be subject to restrictions (as applicable) and the treatment regarding any vested Options.

If the Company undertakes a variation of the issued capital of the Company (such as a capitalisation or rights issue, bonus issue, sub-division, consolidation or reduction of share capital) or certain other corporate actions, the Board may, at its discretion, vary the performance outcomes, adjust the number of Options or the number of shares that may be allocated on vesting and exercise of the Options or issue further Options (or any combination of these things), in each case subject to the ASX Listing Rules.

The Board also has the discretion to make special rules and terms that apply to Options where the Company divests a material business or subsidiary.

Malus and clawback

Under the Equity Incentive Plan Rules, the Board may determine to lapse unvested or vested Options, forfeit shares allocated on vesting and exercise of Options or require the MD & CEO to pay or repay an amount received under the Equity Incentive Plan to the Company as a debt in certain circumstances, including should it subsequently be found that an inappropriate benefit was conferred on the MD & CEO. For example, this includes fraud, gross misconduct, breach of duties to the Group or an act by the MD & CEO which has brought Tabcorp into disrepute or may negatively impact Tabcorp's reputation or where there is a material misstatement or omission in the financial results of the Company. The Board may also delay or suspend the vesting or exercise of Options or allocation of shares to allow time for it to determine the appropriate vesting outcome, for example, if there is an investigation.

Other information

- As a managing director of the Company, Mr Gillon McLachlan is a "director", and therefore Listing Rule 10.14.1 applies.
- Mr McLachlan, as the MD & CEO, is the only Director of the Company entitled to participate in, and receive, a grant of Options under the LTPP.
- Mr McLachlan received 30,000,000 Options under the 2024 LTPP offer approved by shareholders at the 2024 AGM. These Options were issued at no cost to Mr McLachlan. These Options have a vesting date expected to be within 30 days of the release of Tabcorp's financial results for the financial year ending 30 June 2027, subject to satisfaction of a performance condition, and have an exercise price of \$0.4744 per share.
- No loan is to be provided by the Company to Mr McLachlan in relation to the acquisition of Options or shares allocated on vesting and exercise of those Options.
- Details of any securities issued under the LTPP will be published in the Company's Annual Report relating to the period in which they were issued, along with a statement that approval for the issue was obtained under ASX Listing Rule 10.14.
- Any additional persons covered by ASX Listing Rule 10.14 who become entitled to participate in an issue of securities under the LTPP after this resolution is approved and who were not named in this Notice of Meeting will not participate until approval is obtained under that ASX Listing Rule or another exception applies.
- Any dealing in respect of an unvested or vested Option (including hedging the share price exposure of the Options) is prohibited, unless the Board determines otherwise or the dealing is required by law.
- The Board may, in its absolute discretion, amend or add to the Equity Incentive Plan, or amend the terms or conditions of any incentive security granted under the Equity Incentive Plan, or suspend or terminate the operation of the Equity Incentive Plan, provided that (except in specified circumstances) such amendment would not reduce the rights of a participant in respect of any incentive security or share already granted.

A voting exclusion applies in relation to this resolution. See the 'Voting Information' in this Notice of Meeting.

If shareholder approval is obtained, further details on the Options granted to the MD & CEO under the LTPP in the year commencing 1 July 2025 will be provided in the Remuneration Report for the year ending 30 June 2026.

The Directors (with Mr McLachlan abstaining) recommend that shareholders vote in favour of the resolution on item 4.
