<b>How will voting be conducted?</b>	In accordance with the <i>Treasury Laws Amendment (2021 Measures No. 1) Act 2021</i> (Cth), the Chair will put all Resolutions to a poll at the AGM. Voting results on the Resolutions that are put to the meeting (including by proxy votes) will be announced to the ASX as soon as practicable following the conclusion of the AGM.
<b>How can I vote at the meeting?</b>	<p>Shareholders can vote at the meeting by:</p> <ul style="list-style-type: none"> <li>• casting a live vote during the meeting (through the AGM Online Platform); or</li> <li>• by appointing a proxy (see below).</li> </ul> <p>Shareholders or their attorneys wishing to vote in person should attend the meeting (via the AGM Online Platform) and can vote through the AGM Online Platform.</p>
<b>How do I appoint a proxy?</b>	<p>A Shareholder who is entitled to vote at the meeting has a right to appoint up to two proxies to attend and vote for the Shareholder at the AGM. A proxy need not be a Shareholder. A proxy may be an individual or a body corporate.</p> <p>Where a Shareholder appoints two proxies, the appointment should specify the proportion or number of votes which each proxy may exercise. Fractions of votes will be disregarded. If the appointment does not specify the proportion or number of the Shareholders' votes each proxy may exercise, then each proxy may exercise half those votes.</p> <p>A proxy may decide whether or not to vote on any proposed resolution, except where required by law or the Company's Constitution to vote, or abstain from voting, in his or her capacity as proxy. If the Shareholder appointing the proxy:</p> <ul style="list-style-type: none"> <li>• directs the proxy how to vote on a proposed resolution, then the proxy may vote on that resolution only in the way directed; or</li> <li>• does not direct the proxy how to vote on a proposed resolution, then the proxy may vote on that resolution as the proxy thinks fit, subject to any voting exclusions that apply to the proxy; or</li> </ul>

- directs the proxy to abstain, the proxy must not vote on the Shareholder's behalf and any vote will not be counted.

If you appoint someone as a proxy (other than the Chair) and direct them how to vote, the Chair of the AGM must cast those votes on your behalf on a poll in accordance with your directions if your proxy does not do so.

If you appoint the Chair of the AGM as your proxy (or if he is appointed by default) and no direction is provided in relation to a resolution, you will be expressly authorising the Chair to exercise your proxy as the Chair sees fit in relation to that resolution even if the resolution is connected directly or indirectly with the remuneration of the Company's KMP.

If you appoint a Director (other than the Chair) or another member of the Company's KMP or their Closely Related Parties as your proxy, you must specify how they should vote on Resolution 6 by completing the "For", "Against" or "Abstain" boxes on the proxy form. If you do not, your proxy will not be able to exercise your vote for Resolution 6.

The Chair intends to vote all available (including undirected) proxies in favour of all Resolutions with the exception of Resolution 7, subject to the voting exclusions described above. In exceptional circumstances, the Chair's intentions may change. If there is a change to how the Chair intends to vote undirected proxies, the Company will make an immediate announcement to ASX stating that fact and explaining the reasons for the change.

The appointment of one or more duly appointed proxies will not preclude a Shareholder from attending this meeting and voting personally. If the Shareholder votes on a Resolution, the proxy must not vote as the member's proxy on that Resolution.

As noted above, the proposed re-election of Mr Haberlin (see Resolution 4 above) and Ms Rowe satisfies the Company's obligations relating to the election and rotation of Directors under ASX Listing Rules 14.4 and 14.5 and ACL's Constitution.

Dr Rowe is a clinical professor and medical practitioner with over 30 years of clinical experience in the public and private health systems across acute care, aged care, mental health and community health.

Dr Rowe is currently a non-executive director of BUPA Australia and New Zealand and a Presiding Member for Medical Panels Victoria. She has previously served on a wide range of boards as a non-executive director including a role as Chair of Nexus Hospitals and as a non-executive director of Japara Healthcare Limited, Medibank Private Limited, I-MED Radiology Network, the Medical Indemnity Protection Society, the Royal Australian College of General Practitioners, Barwon Health and beyondblue.

Dr Rowe is a former Deputy Chancellor of Monash University and has been awarded a Doctor of Laws (Honoris Causa) for her services. Dr Rowe has also received a Member of the Order of Australia for her services to medicine. Her other qualifications include a Doctor of Medicine, Bachelor of Medicine Degree and Bachelor of Surgery Degree, Fellowship of the Royal Australian College of General Practitioners and Fellowship of the Australian Institute of Company Directors.

The Board (with Dr Rowe abstaining) unanimously recommends that Shareholders vote in favour of Resolution 5.

#### **Resolution 6: Adoption of the Remuneration Report**

Section 250R(2) of the Corporations Act requires publicly listed companies to put a resolution to shareholders to adopt the company's remuneration report for the relevant financial year.

Shareholders are asked to adopt the Remuneration Report. The Remuneration Report provides information relating to the details of the remuneration paid to KMP and Directors for the financial year ended 30 June 2025, the Company's remuneration policy and the relationship between remuneration and the Company's performance, including information about performance measures applicable to variable incentives. A copy of the Remuneration Report, which sets out remuneration arrangements for ACL can be found in the Company's Annual Report.

Under the Corporations Act, the vote on this resolution is advisory only and does not bind the Board or the Company. However, at its 2024 AGM, the Company received a 'first strike' on its remuneration report which provided it with important and consequential Shareholder feedback on its remuneration policy. In the 12 months since the 2024 AGM, the Company has consulted extensively with several Shareholders and other stakeholders to better

understand the reasons for the strike.

The Company's approach to remuneration and its response to the strike was explained in the letter prefacing the Remuneration Report from the Chair of the Remuneration and Nomination Committee as follows:

*"Following the announcement that Crescent Capital had sold its 30.12% shareholding in ACL and in light of the impending departure of its two nominee directors, the Board was focussed on securing the continued services of our CEO and Managing Director, Melinda McGrath to continue to lead ACL through this time of significant change, both for ACL and our industry. As announced on 14 October 2024, we extended the term of our CEO and Managing Director through until 30 August 2026.*

*As part of that contract extension, the Board increased her fixed remuneration to \$1,500,000. The Board provided this material increase in recognition of the fact that Melinda had not received an increase since ACL joined the ASX in 2021. The actual amount was set with reference to the level of fixed remuneration offered by our closest competitor to its CEO. The Board also agreed a one-off service based 2 year incentive worth \$1 million a year for our CEO and Managing Director to provide an additional incentive to commit to a further two year term. This incentive was in lieu of an FY25 and FY26 LTVR grant. In addition, the Board increased Melinda's STVR opportunity to 100% of fixed salary at Target and 150% at Stretch. The Board was also mindful that our LTVR arrangements have not vested over recent years, which the Board considers a function of the timing and industry environment during our listing and that those still outstanding are highly unlikely to vest. This was the reason the normal LTVR grant was not put to shareholders at last year's AGM.*

#### **Other remuneration changes for FY25 and FY26**

*For the remainder of our executive team, including the CFO, our executive remuneration framework is designed to provide market competitive opportunities to attract and retain key executives with appropriate experience and expertise, while ensuring a majority of the opportunity for our executive team is performance based through the combination of our STVR and LTVR.*

*The STVR motivates executives to achieve annual earnings, earnings margin and individual KPIs set in line with our budgets and business plans. As a result of concerns raised regarding the use of a single financial performance measure (EBITDA) in our STVR, the Board approved the introduction of EBITDA margin and individual KPIs as two additional measures within our STVR plan for FY25 and beyond. In addition, we introduced an underlying EBITDA gate that needs to be achieved before any STVR is payable.*

*The LTVR aligns the majority of rewards to achieving longer term performance targets, being relative total shareholder return and EPS growth, designed to underpin growth in shareholder value, while a smaller component is service based to encourage long term retention. In order to address concerns over the weighting of the service component in the LTVR, the Board has committed to reducing the weighting of the service component from 34% to 20% for the FY26 LTVR grant and onwards. The remaining 80% for FY26 will be performance based with 50% weighting on EPS and 30% weighting on rTSR. As noted above, the CEO will not participate in the FY26 LTVR grant.*

*At the 2024 AGM, ACL received a 'first strike' against its 2024 Remuneration Report. The Board has engaged with our investors to understand their primary concerns. The Board has considered that feedback in light of the needs of the business to ensure*

*our remuneration framework remains fit for purpose. The Board is mindful of offering competitive packages while aligning a significant portion of that package to performance outcomes against measures that contribute towards achieving ACL's strategic objectives and our shareholder's expectations."*

Following due consideration of input from all parties, the Company has taken several steps to address key concerns as summarised below:

Concern	Response
High CEO pay	<p>Concerns were raised that the quantum of Melinda McGrath's updated package was high relative to ACL's market capitalisation and industry peers.</p> <p>Melinda is a highly experienced and uniquely qualified CEO for ACL. Since her appointment, she has been integral in leading the transformation of our organisational structure, investment in technology and scaling of our operations to deliver superior efficiency and operating leverage.</p> <p>Following the announcement that Crescent Capital had sold its 30.12% shareholding in ACL and in light of the impending departure of its two nominee Directors, coupled with the resignation of the CFO James Davison late in FY24, the Board was focused on securing the continued services of our CEO and Managing Director, to lead ACL through this time of significant change, both for ACL and our industry. As announced on 14 October 2024, we extended the term of our CEO and Managing Director through until 30 August 2026.</p> <p>As part of that contract extension, the Board increased her fixed remuneration to \$1,500,000. The Board provided this material increase in recognition of the fact that Melinda had not received an increase since ACL joined the ASX in 2021. The actual amount was set with reference to the level of fixed remuneration offered by our closest competitor to its CEO.</p> <p>Providing Melinda with a package that was competitive with that being offered to the CEO of our closest competitor as we both navigate the challenges of the Australian pathology market, was important to securing her services over the next two years in a challenging environment.</p>
Use of a single STVR measure	<p>Proxy advisors raised concerns that our KMP STVR bonuses were based entirely on performance against a solitary underlying EBITDA measure, and that our use of underlying EBITDA excluded some material costs.</p> <p>We use EBITDA pre AASB 16 within our STVR plan because it includes the material rental costs associated with our network of collection centres, and as such we view it as the best measure of profitability for the business.</p> <p>Using a measure such as EBITDA which excludes interest, tax and depreciation and amortisation charges, which focuses on operational earnings (rather than financing and past investment</p>

	<p>decisions), aims to assess management's operational performance in the current year.</p> <p>In order to address the concern raised and to align with the needs of our business, we introduced EBITDA margin and individual KPIs as two additional measures within our STVR plan for FY25 and beyond.</p> <p>In addition, we introduced an underlying EBITDA % gate that needs to be achieved before any STVR is payable. This is based off an underlying EBITDA % pre AASB 16 and thus takes into account the rental costs associated with our network of collection centres.</p> <p>Further details on our STVR can be found in Section 5 of the Company's Remuneration Report.</p>
Greater disclosure regarding STVR measures and achievement.	<p>We have enhanced our STVR disclosures in our Remuneration Report, including disclosing the targets for FY25. Details on our FY25 STVR outcomes can be found in Section 4 of the Remuneration Report.</p>
Service-based cash award to the CEO in place of an LTVR	<p>Our CEO and MD, Melinda was offered a \$2.0m two-year service-based cash award as part of her contract extension in September 2024 in lieu of a regular three-year performance based LTVR grant in both FY25 and FY26.</p> <p>This amount will be paid if she continues in her role until the end of her current contract in August 2026.</p> <p>This award has been made to align with the two-year extension to Melinda's contract. It was offered as an incentive to remain in her role as CEO, which she has held for 10 years, during a period of significant change for ACL, following the sale of Crescent Capital's significant shareholding and the departure of its nominees on the Board, and for our industry as we emerged from the COVID-19 pandemic.</p> <p>The award was offered in cash given that Melinda has built and maintained a significant personal shareholding in ACL.</p>
Insufficiently challenging targets in the initial proposed equity LTVR grant	<p>Queries were raised as to the challenging nature of the proposed EPS growth range for the FY25 LTVR of 4-10% compound annual growth given analyst consensus for the three-year performance period. Concern was also raised at the heavy weighting of the service-based component (34%).</p> <p>The Board viewed 4-10% compound growth as sufficiently challenging given uncertainty regarding pathology use levels returning to longer-term averages, the Federal Government's Medicare Benefits Schedule (MBS) rebate for pathology tests dictating revenue and that COVID-19 levels of earnings growth are not realistic expectations of management in the current environment.</p> <p>Pathology in Australia is funded through the MBS, but most items have not been indexed to keep pace with inflation or rising</p>

	<p>labour costs since 1999. In the 2024–25 Federal Budget, the Government agreed to resume indexation for only one-third of pathology items, while introducing \$356m in cuts, impacting many tests frequently used by women. The cumulative funding shortfall from the indexation freeze is estimated at approximately \$13.8 billion.</p> <p>We set our LTVR growth targets for EPS at the beginning of FY25 with consideration of our long-range corporate plan which forecasts growth in the pathology industry over the next three years, our peers' growth expectations, our expectations around Government approved changes to pathology charging and our forecasts of cost pressures.</p> <p>The 4-10% compound growth targets were viewed as challenging as they represent a sustainable level of growth in a more stable cycle for the industry.</p> <p>To address concerns over the weighting of the service component in the LTVR, the Board has committed to reducing the weighting of the service component from 34% to 20% for the FY26 LTVR grant and onwards. The remaining 80% for FY26 will be performance-based with 50% weighting on EPS and 30% weighting on rTSR.</p> <p>The CEO will not participate in the FY26 LTVR grant.</p>
Discounting the allocation price for the LTVR based on dividends foregone	We have committed to changing the allocation methodology to face value for the FY26 LTVR grant and onwards to align with standard market practice.

The Company will continue to consider any discussion on this item and the outcome of the vote at the 2025 AGM when determining the future remuneration policies and practices of the Company.

In accordance with the Corporations Act, if 25% or more of the eligible votes cast are voted against the adoption of the Remuneration Report at two consecutive annual general meetings, Shareholders will be required to vote at the second of those annual general meetings on a resolution that another meeting of Shareholders be held within 90 days at which all of the Company's Directors (other than the Managing Director and the Chief Executive Officer) who were in office at the date of issue of the relevant second consecutive remuneration report must be put up for re-election. Resolution 7 is included in this Notice to address this eventuality.

Shareholders will have a reasonable opportunity to ask questions about, or make comments on, the Remuneration Report.

A voting exclusion applies to this resolution, as set out in the Notice of Meeting.

Noting that each Director has a personal interest in his/her own remuneration from the Company, the Board unanimously recommends that Shareholders vote in favour of Resolution 6.

## Resolution 7 – Spill resolution and EGM within 90 days

The Corporations Act includes a ‘two-strike’ rule in relation to remuneration reports. The two-strike rule provides that if at least 25 per cent of the votes cast on the resolution to adopt the remuneration report at two consecutive AGMs are against adopting the remuneration report, Shareholders will have the opportunity to vote on a spill resolution (described below) at the second AGM.

At ACL’s 2024 AGM, more than 25% of voting Shareholders voted against the resolution to adopt the FY24 Remuneration Report, giving the Company a first strike. If more than 75% of the votes cast on Resolution 6 are in favour of adopting the FY25 Remuneration Report at the 2025 AGM, then there will be no second strike and Resolution 7 will not be put to the meeting. Conversely, if at least 25% of the votes cast on Resolution 5 at the 2025 AGM are against adopting the FY25 Remuneration Report, this will constitute a second strike and Resolution 7 (the spill resolution) will be put to the meeting and voted on as required by section 250V of the Corporations Act.

Resolution 7 is an ordinary resolution requiring the approval of at least 50% of the votes cast by or on behalf of Shareholders entitled to vote on the resolution. If Resolution 7 is passed, a further general meeting of Shareholders must be held within 90 days after the 2025 AGM (Spill Meeting) and, immediately before the end of the Spill Meeting, each of the Directors listed below will cease to hold office, being all the current non-executive Directors (subject to Resolutions 1 to 5 being passed at the 2025 AGM):

- Stephen Roche
- Christine Bartlett
- Sarah Butler
- Mark Haberlin
- Grant Jeffery
- Leanne Rowe

The Spill Meeting would consider the election or re-election of non-executive Directors, and each of the Directors above would be eligible to, and has confirmed their intention to, seek re-election. The Board recommends that Shareholders consider the following factors when deciding how to vote on Resolution 7 if it is put to the AGM:

1. The Board has engaged constructively with Shareholders following the first strike at the 2024 AGM and has taken several steps as outlined on page 17 to address Shareholders’ concerns and align with market practices and Shareholders’ expectations;
2. The Board notes that it is not able contractually to alter the remuneration package of the CEO (which is for a two year fixed term to August 2026) but has implemented a new remuneration policy for all other senior executives for FY26 financial year and on an ongoing basis. Full details of the range of changes to the remuneration policy are set out in the Remuneration Report which can be found in our 2025 Annual Report at <https://investors.clinicallabs.com.au/investor-information/reports-presentations/reports-presentations/>;
3. The Board has undergone significant change since the 2024 AGM, with 3 non-executive Directors retiring and 3 new non-executive Directors appointed since 1 February 2025, including a new Chair of the Board. The Board is now fully comprised of independent non-executive Directors and the Board believes that it has the appropriate skills and experience and remains best placed to receive Shareholder feedback and provide oversight to deliver the desired results for Shareholders;

4. The substantial additional expense which holding a Spill Meeting would cause and the disruption to the Company which would be caused by further changes to the Board composition if the entire Board is removed (other than the Chief Executive Officer).

A voting exclusion applies to this resolution, as set out in the Notice of Meeting.

The Board unanimously recommends that Shareholders vote **against** Resolution 7.

To submit a partial vote on a resolution ensure you are in the **'Partial Vote'** tab. You can enter the number of votes (for any or all) resolution/s. The total amount of votes that you are entitled to vote for will be listed under each resolution. When you enter the number of votes it will automatically tally how many votes you have left.

**Note:** If you are submitting a partial vote and do not use all of your entitled votes, the un-voted portion will be submitted as No Instruction and therefore will not be counted.

Once you have finished voting on the resolutions scroll down to the bottom of the box and click on the **'Submit Vote'** or **'Submit Partial Vote'** button.

**Note:** You can close your voting card without submitting your vote at any time while voting remains open. Any votes you have already made will be saved for the next time you open up the voting card. The voting card will appear on the bottom left corner of the webpage. The message **'Not yet submitted'** will appear at the bottom of the page.

You can edit your voting card at any point while voting is open by clicking on **'Edit Card'**. This will reopen the voting card with any previous votes made.
