EXPLANATORY MEMORANDUM

GENERAL INFORMATION

This Explanatory Memorandum contains an explanation of, and information about, the Resolutions to be considered at the Annual General Meeting of Shareholders of Sunstone Metals Ltd, to be held on **Friday, 24 October 2025**.

The Explanatory Memorandum is to assist Shareholders in understanding the background to and the legal and other implications of the Notice of Meeting and the reasons for the Resolutions proposed. Shareholders should read the Explanatory Memorandum in full.

The Explanatory Memorandum forms part of the accompanying Notice of Meeting and should be read with the Notice of Meeting.

The Explanatory Memorandum does not take into account the individual investment objectives, financial situation and needs of individual Shareholders or any other person. If you are in doubt about what to do in relation to the Resolutions, you should consult your financial or other professional adviser.

Capitalised words used in the Notice of Meeting and in the Explanatory Memorandum are defined in the Glossary at the end of the Explanatory Memorandum.

The information contained in this Explanatory Memorandum has been prepared by the Company and is the responsibility of the Company. Other than the information set out in this Explanatory Memorandum, the Directors believe that there is no other information that could reasonably be required by Shareholders to consider Resolutions 1 to 7 (inclusive).

A copy of this Notice of Meeting and Explanatory Memorandum was lodged with ASX pursuant to the Listing Rules. Neither ASX nor any of its officers take any responsibility for the contents of this Notice of Meeting and Explanatory Memorandum.

ORDINARY BUSINESS

Financial Statements and Reports

In accordance with the Constitution, the business of the Meeting will include receipt and consideration of the Annual Report together with the declaration of the directors, the directors' report, the Remuneration Report, and the auditor's report.

The Company will not provide a hard copy of the Company's Annual Report to Shareholders unless specifically requested to do so. The Company's Annual Report can be found on its website at www.sunstonemetals.com.au.

Resolution 1 – Adoption of Remuneration Report

Remuneration Report

The Remuneration Report sets out the Company's remuneration arrangements for the Directors and senior management of the Company. The Remuneration Report is part of the directors' report contained in the Annual Report.

A reasonable opportunity will be provided for discussion of the Remuneration Report at the Meeting.

“Two Strikes”

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report of the company be adopted must be put to the Shareholders. However, such a resolution is advisory only and will not bind the Directors or the Company.

The Corporations Act gives shareholders the opportunity to remove the whole Board except the Managing Director if the Remuneration Report receives votes against of 25% or more (**Strike**) at two

consecutive annual general meetings.

Where a resolution on the Remuneration Report receives a Strike at two consecutive annual general meetings, the Company will be required to put to Shareholders at the second annual general meeting a resolution (**Spill Resolution**) on whether another meeting should be held (within 90 Days) (**Spill Meeting**), at which all Directors (other than the Managing Director) who were in office at the date of approval of the applicable Directors' Report, must cease to hold office immediately before the end of the Spill Meeting and must stand for re-election, unless the Company put to Shareholders a Spill Resolution at the first annual general meeting.

The Company did not receive a Strike at its 2024 annual general meeting and as a result, if the Remuneration Report receives a Strike at this Meeting, the Company will not be required to put a Spill Resolution. However, if the Remuneration Report receives a Strike at this Meeting and a second Strike at the 2026 annual general meeting, the Company will then be required to put a Spill Resolution.

Proxies

Resolution 1 is an ordinary resolution.

The Corporations Act places certain restrictions on the ability of "Key Management Personnel" (including the Chairman of the Meeting) and their "Closely Related Parties" to vote on Resolution 1 and also places restrictions on "Key Management Personnel" and their "Closely Related Parties" where they are voting as proxy for another shareholder on resolutions connected with the remuneration of Key Management Personnel.

To ensure that your vote is counted on Resolution 1, you are encouraged to direct your proxy on how to vote on that item by indicating your preference by completing the "For", "Against" or "Abstain" boxes on the Proxy Form. If you provide an undirected proxy in relation to Resolution 1 to a director (other than the Chairman of the Meeting) or other Key Management Personnel or their Closely Related Parties, such a proxy will not vote on Resolution 1. To allow such a proxy to vote on Resolution 1, you must direct the proxy how to vote by completing the "For", "Against" or "Abstain" boxes on the Proxy Form.

If you appoint the Chairman of the Meeting as your proxy in relation to Resolution 1, but do not complete the "For", "Against" or "Abstain" boxes on the Proxy Form for Resolution 1, the Chairman will exercise your proxy even though Resolution 1 is connected directly or indirectly with the remuneration of Key Management Personnel. The Chairman intends to vote all available proxies in favour of Resolution 1. If you wish to appoint the Chairman as proxy with a direction to vote against, or to abstain from voting on, Resolution 1, you must specify this by completing the "Against" or "Abstain" box on the Proxy Form.

RESOLUTION 2 – Election of Director – Mr Stephen Stroud

In accordance with the Company's Constitution, Mr Stephen Stroud retires by rotation and, being eligible, offers himself for re-election as a Director of the Company. Mr Stroud was appointed as an independent, Non-executive Director on 6 September 2017.

Mr Stroud is Chair of the Company's Audit and Financial Risk Committee.

Mr Stroud is an experienced CPA qualified corporate finance executive with over 25 years' experience advising across all aspects of corporate finance. He advises boards and management teams across a broad range of transactions, including public and private equity raisings, debt/hybrid, Initial Public Offerings, mergers & acquisitions, sell-downs and restructures, both in Australia and overseas.

Mr Stroud is Director, Head of VIC Corporate Advisory with Morgans Financial Limited, with a key focus on the small-mid cap market listed space on the ASX working across a broad range of sectors including IT, retail, FMCG, healthcare, metals and mining, energy, property and general industrials. Mr Stroud possesses strong relationships across buy and sell side clients across Australia, Asia, the UK and North America.

Mr Stroud holds a Bachelor of Business (Accounting) degree, a Graduate Diploma in Applied Finance, and is a member of CPA Australia.

The Board considered that Mr Stroud is an independent director.

Recommendation: The Board (excluding Mr Stroud) recommends that Shareholders vote in favour of Resolution 2.

RESOLUTION 3 – Approval to issue up to 27,343,929 Performance Rights to CEO/Managing Director, Patrick Duffy or his nominee.

Background

The Board is seeking Shareholder approval for Resolution 3 referred to in the accompanying Notice of Meeting for the purposes of Listing Rule 10.14 and all other purposes.

Corporations Act

Shareholder approval under Chapter 2E of the Corporations Act (related party benefits) is not required because the issue of Performance Rights is considered to be reasonable remuneration and falls within the exception to the requirement for shareholder approval.

Listing Rules

Listing Rule 10.14 requires a listed company to obtain Shareholder approval by ordinary resolution prior to the issue of equity securities under an employee incentive scheme to a director, or associate of a director, of the company. The Company proposes to grant the performance rights to Mr Duffy under the Employee Performance Rights Plan and the Plan Rules will apply to the grant. The definition of 'equity securities' under the Listing Rules includes a 'right to a share or unit or option'. Further, as noted above, Mr Duffy is a director of the Company, hence Shareholder approval under Listing Rule 10.14 is being sought.

If Resolution 3 is passed, the Company will be able to issue the 27,343,929 Performance Rights to Mr Duffy and, subject to the performance conditions being met, issue the shares on the vesting of the Performance Rights. If Resolution 3 is not passed, the Company will not be able to issue the Performance Rights to Mr Duffy and will need to reconsider the remuneration arrangements for Mr Duffy.

In accordance with Listing Rule 7.2, Exception 14, the general prohibition under Listing Rule 7.1 in relation to the 15% threshold will not apply to the Performance Rights issued under Resolution 3 provided Shareholder approval is obtained under Listing Rule 10.14. If Shareholder approval is given under Listing Rule 10.14, the issue would not be counted towards the 15% placement capacity of the entity and approval is not required under Listing Rule 7.1.

chosen	<p>the Managing Director and Executive Chair and the performance and value of the Company will be closely related.</p> <p><i>What is the value of the Performance Rights?</i></p> <p>22 Corporate Advisory Pty Ltd, as independent valuers, has determined that the total value of the Performance Rights to be issued to Mr Duffy (as at the date of the Performance Rights Valuations) is \$403,323.</p> <p>Attaining all the exercising conditions will also mean a significant increase in the share price. If such a share price increase is attained, the Board (excluding Mr Duffy) determined that the financial reward to Mr Duffy was appropriate and aligned his interests with that of all Shareholders.</p>
Valuation of the financial benefit	<p>The Company engaged 22 Corporate Advisory Pty Ltd to undertake valuations of the Performance Rights proposed to be issued to Mr Duffy (Performance Rights Valuations). 22 Corporate Advisory Pty Ltd valued the Performance Rights using the Monte Carlo simulation, which utilises the Binomial Option Pricing Model, for the valuation to simultaneously simulate the performance of the Company's share price.</p> <p>The valuation models use the following variables to determine the value of the Performance Rights:</p> <ul style="list-style-type: none"> a) value of the underlying asset – share price of \$0.021 being the closing share price on ASX as at 9 September 2025; b) vesting conditions – as referred to above, with Tranche 1 share price hurdle being 2.844 cents and Tranche 2 being 4.266 cents, as these are higher than 100% and 200% above the share price referred to in a) above; c) expected volatility of the share price – 95% based on 3 year historical volatility; d) risk free rate – the Australian Government 3-year bond rate as at 9 September 2025 of 3.404%; e) time to maturity – the vesting date of 30 June 2028; and f) expected dividend yield – Nil, given the Company is a mineral exploration company with no history of paying dividends. <p>Based on the assumptions outlined above, 22 Corporate Advisory Pty Ltd calculated the value of the Performance Rights to be \$403,323, with a total value for each Tranche as follows:</p> <ul style="list-style-type: none"> • Tranche 1 – \$0.0157 per Performance Right = \$214,650 • Tranche 2 – \$0.0138 per Performance Right = \$188,673 <p>However, it is important for Shareholders to note that this stated value of the Performance Rights may go up or down at any time despite the Performance Rights Valuations. This is because the value of the Performance Rights will depend on the valuation methodology used in any future valuation, together with the relevant assumptions made under the Performance Rights Valuations compared to any future valuations.</p> <p>The Board (other than Mr Duffy) believes, having taken appropriate expert advice on the matter, that the valuation and use of the Monte Carlo simulation model was appropriate in the circumstances. The Board has not used any other valuation model in proposing the terms or number of Performance Rights.</p>

Dilution effect the issue of the Performance Rights will have on existing Shareholders	If all the Performance Rights currently held by Mr Duffy and to be granted to Mr Duffy pursuant to Resolution 3 vest, a total of 46,779,180 Shares would be allotted and issued. This would increase the total number of Shares on issue from 6,268,696,436 (at 17 September 2025) to 6,315,475,616 (assuming no other Performance Rights or Shares are issued or Options exercised), with the effect that the shareholding of existing Shareholders would be diluted by 0.75%.

The following table demonstrates the dilution of all other shareholdings in the Company upon exercise of all existing Options and Performance Rights, and exercise of the Performance Rights issued to Mr Duffy, assuming that Shareholders pass Resolution 3:

Section 200E of the Corporations Act – retirement benefits

Section 200B of the Corporations Act requires shareholder approval by ordinary resolution, and in accordance with the provisions of section 200E of the Corporations Act, in order to access the exemption from the prohibition on a company giving a person a benefit in connection with that person's retirement from an office or employment in that company where that person is, or was in the three years prior to his or her retirement, in a managerial or executive office in that company.

The Employee Performance Rights Plan allows the Board, in its discretion, to determine that some or all of the Performance Rights are deemed to have vested in the event a participant's employment ceases (**Accelerated Vesting**).

In the circumstance of Accelerated Vesting, the value of the termination benefits that the Board may give under the Employee Performance Rights Plan cannot be determined in advance, as many of the factors that will or are likely to affect that value will not be known until the benefit is decided to be given (if at all). The Board has not determined whether it will exercise discretion to grant any Accelerated Vesting or, in what circumstances, it will exercise its discretion.

Specifically, the value of an Accelerated Vesting will depend on a number of factors, including the Company's share price at the time of vesting of the Performance Rights and the number of Performance Rights that the Board determines to vest early (if any).

Additional information and Directors' recommendation

Resolution 3 - Approval to issue up to 27,343,929 Performance Rights to the Managing Director, Mr Patrick Duffy or his nominee

Mr Duffy declines to make a recommendation to Shareholders in relation to Resolution 3 due to his material personal interest in the outcome of the Resolution. The other Directors, who do not have a material interest in the outcome of Resolution 3, recommend that Shareholders vote in favour of Resolution 3.

Recommendation: The Board, with Mr Duffy abstaining, unanimously recommends that Shareholders vote in favour of Resolution 3.

RESOLUTION 4 – Approval to issue up to 7,000,000 Options to Non-Executive Director, Mr Malcolm Norris or his nominee

RESOLUTION 5 – Approval to issue up to 7,000,000 Options to Non-Executive Director, Mr Neal O'Connor or his nominee

RESOLUTION 6 – Approval to issue up to 7,000,000 Options to Non-Executive Director, Mr Stephen Stroud or his nominee (subject to the passing of Resolution 2)

Background

The Board is seeking Shareholder approval for Resolutions 4, 5 and 6 referred to in the accompanying Notice of Meeting for the purposes of Listing Rule 10.11.

Because Messrs Norris, O'Connor and Stroud are Directors of the Company and as the Company is seeking to issue them with the same form of equity (i.e. Options under Resolutions 4, 5 and 6 respectively), the explanations on these three Resolutions have been grouped as set out below.

Corporations Act

Shareholder approval under Chapter 2E of the Corporations Act (related party benefits) is not required because the issue of Options is considered to be reasonable remuneration and falls within the exception to the requirement for shareholder approval.

Listing Rules

Listing Rule 10.11 requires a listed company to obtain Shareholder approval by ordinary resolution prior to the issue of equity securities to any person who falls under one of the following categories:

- LR 10.11.1: a related party;
- LR 10.11.2: a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (30%+) holder in the Company;
- LR 10.11.3: a person who is, or was at any time in the 6 months before the issue or agreement, a substantial (10%+) holder in the Company and who has nominated a director to the board of the Company pursuant to a relevant agreement which gives them a right or expectation to do so;
- LR 10.11.4: an associate of a person referred to in Listing Rules 10.11.1 to 10.11.3; or
- LR 10.11.5: a person whose relationship with the Company or a person referred to in Listing Rules 10.11.1 to 10.11.4 is such that, in the ASX's opinion, the issue or agreement should be approved by its shareholders.

The definition of 'equity securities' under the Listing Rules includes an 'option over an issued or unissued security'. Further, as noted above, Messrs Norris, O'Connor and Stroud are considered to be related parties under Listing Rule 10.11.1 of the Company by virtue of their roles on the Board of Sunstone, hence Shareholder approval under Listing Rule 10.11 is being sought.

If Resolution 4 is passed, the Company will be able to issue the 7,000,000 Options to Mr Norris and, subject to the exercise conditions being met, issue the shares on exercise of the Options. If Resolution 4 is not passed, the Company will not be able to issue the Options to Mr Norris and will need to reconsider the remuneration arrangements for Mr Norris.

If Resolution 5 is passed, the Company will be able to issue the 7,000,000 Options to Mr O'Connor and, subject to the exercise conditions being met, issue the shares on exercise of the Options. If Resolution 5 is not passed, the Company will not be able to issue the Options to Mr O'Connor and will need to reconsider the remuneration arrangements for Mr O'Connor.

If Resolution 6 is passed (and subject to the passing of Resolution 2), the Company will be able to issue the 7,000,000 Options to Mr Stroud and, subject to the exercise conditions being met, issue the shares on exercise of the Options. If Resolution 6 is not passed, the Company will not be able to issue the Options to Mr Stroud and will need to reconsider the remuneration arrangements for Mr Stroud.

In accordance with Listing Rule 7.2, Exception 14, the general prohibition under Listing Rule 7.1 in relation to the 15% threshold will not apply to the Options issued under Resolutions 4, 5 and 6 provided Shareholder approval is obtained under Listing Rule 10.11. If Shareholder approval is given under

Listing Rule 10.11, approval is not required under Listing Rule 7.1.

Corporations Act and Listing Rule disclosure

Details of the proposed issues under Resolutions 4, 5 and 6 as required by Listing Rule 10.13 are as follows:

Required disclosure	
Proposed allottees	Mr Malcolm Norris, Mr Neal O'Connor and Mr Stephen Stroud or their nominees
Nature of relationship with Sunstone	Messrs Norris, O'Connor and Stroud are related parties of Sunstone because of their roles as Non-Executive Directors of the Company. Mr Norris is also the Non-Executive Chairman of the Company. The directors are considered to a related party of Sunstone (per Listing Rule 10.11.1), and their nominees are considered an associate (per Listing Rule 10.11.4).
Maximum number of securities to be issued	Subject to Shareholder approval, it is proposed that Messrs Norris, O'Connor and Stroud (subject to the passing of Resolution 2) will each be issued up to 7,000,000 Options to subscribe for new ordinary shares in the Company. For the purposes of relying on the Shareholder approval obtained for these Resolutions, all Options will be issued no later than 1 month after this Annual General Meeting.
Issue Price	Nil
Exercise price and expiry date	The Options to be issued and their exercise price are as follows: All 21,000,000 Options will be exercisable at the maximum of \$0.032, or a price 50% above the Volume Weighted Average Price (VWAP) of the Company's shares on the 5 days prior to the date Shareholder approval is granted, rounded up to the next tenth of a cent. All of the Options will have an exercise period commencing 12 months from the date Shareholder approval is granted and expiring 3 years from the date Shareholder approval is granted.
Terms of issue	The terms and conditions of the Options to be issued are set out in Annexure B to this Explanatory Memorandum. Each Option proposed to be granted is subject to a 12-month vesting condition before the Option can be exercised, lapsing if the allottee departs the Company within this period, and entitles the holder to subscribe for one new ordinary share in the Company at the exercise price specified above exercisable during the exercise period specified. The Shares issued on exercise of the Options will rank equally in all respects with the existing fully paid ordinary shares in the Company.
Use of funds	No funds will be raised on the initial issue of the Options to Messrs Norris, O'Connor and Stroud as they are being granted for no consideration. If Messrs Norris, O'Connor and Stroud exercise any or all of their Options, funds will be raised based on the exercise price set out above. These funds will be put towards the Company's general working capital requirements and exploration activities at the relevant time.
Why the Options are being issued to the allottees	The primary purpose of the issue of the Options is to provide cost effective remuneration and incentives for Messrs Norris, O'Connor and Stroud in their respective roles as Directors and reflects what the Board considers to be appropriate in the circumstances. It is considered appropriate to grant the Options to Messrs Norris, O'Connor and Stroud as a means of: <ul style="list-style-type: none"> retaining their services by providing a competitive remuneration

	<p>package;</p> <ul style="list-style-type: none"> • providing incentives linked to the performance of the Company, thereby aligning their interests more closely with that of the Company; and • providing them with an opportunity to acquire equity in the Company. <p>It is further considered that the performance of Messrs Norris, O'Connor and Stroud and the performance and value of the Company will be closely related. The Options to be granted will only be of benefit if Messrs Norris, O'Connor and Stroud perform to the level whereby the value of the Company increases sufficiently to warrant exercising the Options.</p> <p>Messrs Norris, O'Connor and Stroud bring a wealth of experience to the Company and valuable fundraising experience, mine development and mining exploration contacts.</p> <p>The Directors believe that the proposed issue of Options are in the best interests of the Company and promote the interests of the Company on the basis that the Directors will be increasingly committed to improving the performance of the Company for the benefit of Shareholders.</p>
Why the number of Options and value of the Options was chosen	<p><i>Why the number of Options?</i></p> <p>The number of Options was chosen following a review of similar organisations to be market competitive. The Options will be granted as a key component of the relevant Director's remuneration in order to retain services and provide incentives linked to the performance of the Company. It is further considered that the performance of Directors and the performance and value of the Company will be closely related. As such, the Options to be granted will only be of benefit if the Directors perform to the level whereby the value of the Company increases sufficiently to warrant exercising the Options.</p> <p><i>What is the value of the Options?</i></p> <p>22 Corporate Advisory Pty Ltd, as independent valuers, has determined that the total value of the Options to be issued is (as at the date of the Options Valuations) \$231,000, based on a closing share price of \$0.021 at 9 September 2025 and an exercise price of \$0.032 (50% premium).</p> <p>Attaining all the exercising conditions will also mean an increase in the share price. If a share price increase is attained the Board determined that the financial reward to Messrs Norris, O'Connor and Stroud was appropriate and aligned their interests with that of all Shareholders.</p>
Valuation of the financial benefit	<p>The Company engaged 22 Corporate Advisory Pty Ltd to undertake valuations of the Options proposed to be issued to Messrs Norris, O'Connor and Stroud (Options Valuations). 22 Corporate Advisory Pty Ltd valued the Options using a Black-Scholes Option Pricing (BSOP) methodology.</p> <p>The Options Valuations assumed an exercise price of \$0.032, and attributed a total value of \$266,700 to the total 21 million Options proposed to be issued under Resolutions 4, 5 and 6 as follows:</p> <p style="text-align: center;"><i>Exercise Price \$0.032</i></p> <p style="text-align: center;">Mr Norris: \$77,000</p> <p style="text-align: center;">Mr O'Connor: \$77,000</p> <p style="text-align: center;">Mr Stroud: \$77,000</p> <p>However, it is important for Shareholders to note that this stated value of the Options may go up or down at any time despite the Options Valuations. This is because the value of the Options will depend on the valuation</p>

	<p>methodology used in any future valuation, together with the relevant assumptions made under the Options Valuations compared to any future valuations.</p> <p>For the purposes of the Options Valuations, the following facts or assumptions were used:</p> <ul style="list-style-type: none"> the Options are exercisable at the higher of \$0.032 (used for the valuation) or 150% of the 5-day VWAP prior to approval; the volatility of the Company's share price was calculated with regard to the historical volatility, being 95% for 3 years; the Options expire 3 years from date of shareholder approval; the risk-free rate used is 3.408%, which is the 3-year Government Bond Rate as at 12 September 2025; for the purposes of the Options Valuations, no future dividend payments were forecast, given the Company is a mineral exploration company with no history of paying dividends; and the valuation of the share-based payments do not consider non-market vesting conditions, consistent with AASB 2 (i.e. probability of Non-executive Directors leaving before vesting date). <p>Based on the assumptions outlined above, 22 Corporate Advisory Pty Ltd calculated the value of the Options to be \$231,000.</p> <p>The Board believes, having taken appropriate expert advice on the matter, that the Options Valuations and use of the trinomial lattice valuation model was appropriate in the circumstances. The Board has not used any other valuation model in proposing the terms or number of Options.</p>								
Disclosure of total remuneration package	<p>As noted above, the Options are proposed to be issued to Messrs Norris, O'Connor and Stroud as a means of providing cost effective remuneration and incentives for them in their roles as Directors. These Options are proposed to be a one-off issue of securities to Messrs Norris, O'Connor and Stroud or their nominees for that purpose.</p> <p>The remuneration and emoluments from the Company for Messrs Norris, O'Connor and Stroud for the current financial year are:</p> <table border="1"> <thead> <tr> <th>Related party</th><th>Current financial year remuneration*</th></tr> </thead> <tbody> <tr> <td>Mr Malcolm Norris</td><td>\$95,000 per annum 7,000,000 Options per Resolution 4</td></tr> <tr> <td>Mr Neal O'Connor</td><td>\$60,000 per annum 7,000,000 Options per Resolution 5</td></tr> <tr> <td>Mr Stephen Stroud</td><td>\$60,000 per annum 7,000,000 Options per Resolution 6, subject to the passing of Resolution 2</td></tr> </tbody> </table> <p><i>*Paid pursuant to service contracts with the Company.</i></p> <p>Directors are also entitled to reimbursement of all reasonable travelling, accommodation and other expenses that are properly incurred in attending meetings of Directors or any meetings of committees of Directors, in attending meetings of Shareholders or in connection with the business of the Company.</p>	Related party	Current financial year remuneration*	Mr Malcolm Norris	\$95,000 per annum 7,000,000 Options per Resolution 4	Mr Neal O'Connor	\$60,000 per annum 7,000,000 Options per Resolution 5	Mr Stephen Stroud	\$60,000 per annum 7,000,000 Options per Resolution 6, subject to the passing of Resolution 2

Mr Stephen Stroud	\$60,000 per annum 7,000,000 Options per Resolution 6, subject to the passing of Resolution 2								
Directors' interest in the outcome	<p>Other than the interests that Messrs Norris, O'Connor and Stroud each have in the resolutions that relate to their individual allotment, none of the other Directors have an interest in the outcome of Resolutions 4, 5 and 6.</p>								

Dilution effect the issue of the Options will have on existing Shareholders	If all the Options granted to each of Messrs Norris, O'Connor and Stroud are exercised, a total of 21,000,000 Shares would be allotted and issued. This would increase the total number of Shares on issue from 6,268,696,436 (at 17 September 2025) to 6,289,696,436 (assuming no other Options or Shares are issued), with the effect that the shareholding of existing Shareholders would be diluted by 0.33%.			
Securities held in the Company	The current relevant interests (i.e. before any of the Resolutions 4, 5 and 6 are approved) of each of Messrs Norris, O'Connor and Stroud in the securities of the Company are set out below:			
	Related party	Shares	Options	Performance Rights
	Mr Malcolm Norris	51,107,110	1,000,000	11,600,000
	Mr Neal O'Connor	11,383,788	2,500,000	Nil
	Mr Stephen Stroud	14,329,696	8,000,000	Nil
	If Resolutions 4, 5 and 6 are approved by shareholders, the relevant interests (i.e. after the Resolutions are approved) of each of Messrs Norris, O'Connor and Stroud in the securities of the Company will be as set out below:			
	Related party	Shares	Options	Performance Rights
	Mr Malcolm Norris	51,107,110	8,000,000	11,600,000
	Mr Neal O'Connor	11,383,788	9,500,000	Nil
	Mr Stephen Stroud	14,329,696	15,000,000	Nil
Voting exclusion	Voting exclusions apply to Resolutions 4, 5 and 6 – please see the notes.			

The market price of Shares in the Company would normally determine whether Messrs Norris, O'Connor and Stroud (or their nominee) will exercise the Options. If the Options are exercised at a price that is lower than the price at which Shares are trading on ASX, there may be a perceived cost to the Company. The highest, lowest, and last recorded closing market price of the Shares quoted on ASX during the 12-month period prior to the date of this Notice of Meeting were:

Highest	\$0.021 on 7 August 2025
Lowest	\$0.005 on 19 March 2025
Last	\$0.021 on 17 September 2025

RESOLUTION 7 – Approval of 10% Placement Facility

Purpose of resolution

The purpose of Resolution 7 is to enable the directors to issue Equity Securities up to 10% of the Company's fully paid ordinary issued share capital under Listing Rule 7.1A during the 12-month period following this Meeting (**10% Placement Period**), without subsequent Shareholder approval and without using the Company's 15% placement capacity under Listing Rule 7.1 (**Placement Facility**).

Resolution 7 is a special resolution. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Resolution 7 for it to be passed.

General information

Listing Rule 7.1A enables "eligible entities" to issue Equity Securities up to 10% of its fully paid ordinary issued share capital through placements over a 12-month period after the annual general meeting (**10% Placement Facility**). The 10% Placement Facility is in addition to the Company's 15% placement capacity under Listing Rule 7.1.

An "eligible entity" for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity for the purposes of Listing Rule 7.1A as it is not included in the S&P/ASX 300 Index and has a market capitalisation of \$131.6 million (on the basis of the Company's closing share price of \$0.021 on 17 September 2025, and shares on issue of 6,268,696,436 at that time).

If Shareholders approve Resolution 7, the Company will be able to issue Equity Securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further shareholder approval. If Resolution 7 is not passed, the Company will not be able to access the additional 10% capacity to issue Equity Securities without shareholder approval provided for in Listing Rule 7.1A and will remain subject to the 15% limit on issuing Equity Securities without shareholder approval set out in Listing Rule 7.1.

The exact number of Equity Securities to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 (refer to the formula for calculating 10% Placement Facility set out in (iii) below).

Description of Listing Rule 7.1A

(i) Shareholder approval

The ability to issue Equity Securities under the 10% Placement Facility is subject to shareholder approval by way of a special resolution at an annual general meeting.

(ii) Equity Securities

Any Equity Securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company.

The Company, as at the date of the Notice of Meeting, has on issue one class of quoted Equity Securities, namely Shares.

(iii) Formula for calculating 10% Placement Facility

Listing Rule 7.1A.2 provides that eligible entities which have obtained Shareholder approval at an annual general meeting may issue or agree to issue, during the 12-month period after the date of the annual general meeting, a number of Equity Securities calculated in accordance with the following formula:

$$(A \times D) - E$$

A is the number of fully paid ordinary securities on issue at the commencement of the relevant period,

- plus the number of fully paid ordinary securities issued in the relevant period under an exception in Listing Rule 7.2 other than exception 9, 16 or 17,
- plus the number of fully paid ordinary securities issued in the relevant period on the conversion of convertible securities within rule 7.2 exception 9 where:
 - the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
 - the issue of, or agreement to issue, the convertible securities was approved, or taken under these rules to have been approved, under rule 7.1 or 7.4,
- plus the number of fully paid ordinary securities issued in the relevant period under an agreement to issue securities within rule 7.2 exception 16 where:
 - the agreement was entered into before the commencement of the relevant period; or
 - the agreement or issue was approved, or taken under these rules to have been approved, under rule 7.1 or 7.4,
- plus the number of any other fully paid ordinary securities issued in the relevant period with approval under rule 7.1 or 7.4,
- plus the number of partly paid ordinary securities that became fully paid in the relevant period;
- less the number of fully paid ordinary securities cancelled in the relevant period.

Note that **A** has the same meaning in Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%

E is the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the relevant period where the issue or agreement has not been subsequently approved by the holders of its ordinary securities under Listing Rule 7.4; and

"relevant period" has the same meaning as in rule 7.1. In the case of the Company the relevant period is the 12 month period immediately preceding the date of the issue or agreement.

(iv) Listing Rule 7.1 and Listing Rule 7.1A

The ability of an entity to issue Equity Securities under Listing Rule 7.1A is in addition to the entity's 15% placement capacity under Listing Rule 7.1.

The actual number of Equity Securities that the Company will have capacity to issue under Listing Rule 7.1A, subject to Shareholder approval being obtained under Resolution 7, will be calculated at the date of issue of the Equity Securities, or the agreement date, in accordance with the formula prescribed in Listing Rule 7.1A.2 (refer to the formula for calculating 10% Placement Facility set out in (iii) above).

(v) Minimum Issue Price

The issue price of Equity Securities issued under Listing Rule 7.1A must be not less than 75% of the volume weighted average price of Equity Securities in the same class calculated over the 15 Trading Days immediately before:

- a) the date on which the price at which the Equity Securities are to be issued is agreed by the Company and the recipient of the Equity Securities; or
- b) if the Equity Securities are not issued within 10 Trading Days of the date in paragraph (a) above, the date on which the Equity Securities are issued.

(vi) 10% Placement Period

Shareholder approval of the 10% Placement Facility under Listing Rule 7.1A is valid from the date of the annual general meeting at which the approval is obtained and expires on the earlier to occur of:

- a) the date that is 12 months after the date of the annual general meeting at which the approval is obtained;
- b) the time and date of the Company's next annual general meeting; or
- c) the time and date of the approval by Shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).

(10% Placement Period).

Specific information required by Listing Rule 7.3A

Pursuant to and in accordance with Listing Rule 7.3A, the information below is provided in relation to the approval of the 10% Placement Facility:

7.3A.1 Date of issue

The Company will only issue and allot the Equity Securities during the 10% Placement Period. The approval under Resolution 7 for the issue of the Equity Securities will cease to be valid in the event that Shareholders approve a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or Listing Rule 11.2 (disposal of main undertaking).

7.3A.2 Minimum Price

The Equity Securities will be issued at an issue price in accordance with paragraph (v) above.

7.3A.3 Purpose of issue under 10% Placement Facility

The Company can only issue Equity Securities under the 10% Placement Facility for cash consideration. The Company intends to use the funds raised towards an acquisition of new assets or other investments (including expenses associated with such acquisition), continued exploration and feasibility study expenditure on the Company's current assets and/or general working capital.

The Company will comply with the disclosure obligations under Listing Rule 7.1A.4 upon issue of any Equity Securities.

7.3A.4 Risk of voting dilution

If Resolution 7 is approved by Shareholders and the Company issues Equity Securities under the 10% Placement Facility, the existing Shareholders' voting power in the Company will be diluted as shown in the table in Appendix 1 to this Explanatory Memorandum. There is a risk that:

- a) the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Meeting; and
- b) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date.

The table below shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable "A" calculated in accordance with the formula in Listing Rule 7.1A.2 as at the date of this Notice of Meeting.

The table also shows:

- (i) an example where variable "A" has increased by 50% and 100%. Variable "A" is based on the number of fully paid ordinary securities the Company has on issue. The number of fully paid ordinary securities on issue may increase as a result of issues of fully paid ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- (ii) an example of the result of the issue price of fully paid ordinary securities decreasing by 50% and increasing by 100% as against the current market price.

Variable 'A' in Listing Rule 7.1A.2		Dilution		
		\$0.011 50% decrease in Issue Price	\$0.021 Issue Price	\$0.042 100% Increase in Issue Price
Current Variable A 6,268,696,436 Shares	10% Voting Dilution	626,869,644 Shares	626,869,644 Shares	626,869,644 Shares
	Funds raised	\$6,895,566	\$13,164,263	\$26,328,525
50% increase in current Variable A 9,403,044,654 Shares	10% Voting Dilution	940,304,465 Shares	940,304,465 Shares	940,304,465 Shares
	Funds raised	\$10,343,349	\$19,746,349	\$39,492,788
100% increase in current Variable A 12,537,392,872 Shares	10% Voting Dilution	1,253,739,287 Shares	1,253,739,287 Shares	1,253,739,287 Shares
	Funds Raised	\$13,791,132	\$26,328,525	\$52,657,050

The number of Shares on issue (variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table has been prepared on the following assumptions:

- (i) The current Shares on issue are the Shares on issue as at 17 September 2025.
- (ii) The current issue price is \$0.021, being the closing price of the Company's Shares on ASX on 17 September 2025.
- (iii) The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
- (iv) No Options or Performance Rights are exercised into Shares before the date of the issue of the Equity Securities.
- (v) The 10% voting dilution reflects the aggregate percentage dilution against the fully paid ordinary issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- (vi) The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Meeting.

The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.

7.3A.5 Allocation under 10% Placement Facility

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- a) the methods of raising funds that are available to the Company, including but not limited to, a rights issue or other issue in which existing security holders can participate;
- b) the effect of the issue of the Equity Securities on the control of the Company;
- c) the financial situation and solvency of the Company; and
- d) advice from corporate, financial, and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of this Notice of Meeting but may include existing substantial Shareholders and/or new Shareholders who are not related parties or associates of a related party of the Company.

7.3A.6 Equity Securities issued or agreed to issue under Listing Rule 7.1A.2 in the 12 months preceding the date of the Meeting

The Company previously obtained shareholder approval under Listing Rule 7.1A at its 2024 AGM.

In the previous 12 months, the Company issued 27,499,455 ordinary shares (representing 0.5% of the shares on issue) at \$0.005 (0.5 cents) per share which utilised Listing Rule 7.1A.2. Shares were issued to professional and sophisticated investors on the basis of advice from Joint Lead Managers Morgans Corporate Limited and Cannacord Genuity. The shares issued under 7.1A.2 raised \$137,497 and were issued at a discount of 16.7% to the closing price on the day prior to the shares being issued. Funds raised were spent on working capital for the Company as it progressed ongoing corporate discussions. This issue of shares was ratified by shareholders under Listing Rule 7.4 at a General Meeting on 22 July 2025.

7.3A.7 Voting Exclusion

A voting exclusion statement is included in the Notice of Meeting. At the date of the Notice of Meeting, the Company has not approached any particular existing shareholder or security holder or an identifiable class of existing security holder to participate in the issue of the Equity Securities which would be issued under Listing Rule 7.1A. No existing shareholder's votes will, therefore, be excluded under the voting exclusion in the Notice of Meeting.

Recommendation: The Board believes that the resolution under Resolution 7 is in the best interests of the Company and unanimously recommends that Shareholders vote in favour of this Resolution.

In the case of cessation of employment due to death or ill health, the Board may determine that any of that Performance Rights Holder's Performance Rights vest, and the terms on which those Performance Rights vest. If the Board does not make such a determination within 3 months of the Performance Rights Holder ceasing to be an Eligible Employee, the Performance Rights of that Performance Rights Holder will be deemed to have lapsed on the date the Performance Rights Holder ceased to be an Eligible Employee.
6. Any shares that vest will be subject to Sunstone's Security Trading Policy which states certain closed periods where trading in shares is prohibited. The Policy also requires all

 - (iii) if the deceased has already exercised Options, pay the exercise price in respect of those Options.
9. The Company must give prior notice to the optionholder of any new issue before the record date for determining entitlements to the issue in accordance with the ASX Listing Rules.
10. If there is a bonus issue to the holders of ordinary shares in the capital of the Company, the number of ordinary shares over which the Option is exercisable will be increased by the number of ordinary shares which the holder of the Option would have received if the Option had been exercised before the record date for the bonus issue.

O = the old exercise price of the Option;

E = the number of underlying ordinary shares into which one Option is exercisable;
