The consolidated loss of the group after providing for income tax amounted to \$623,711 (2024: Loss of \$197,830).

Dividends Paid or Recommended

No interim dividend (2024: Nil) was paid during the year. No final dividend is recommended by the Directors.

Review of Operations

Utah Lithium Project (Mandrake 100%)

During the year ending 30 June 2025, Mandrake Resources Ltd (Mandrake or Company) focussed on the Utah Lithium Project, primarily targeting lithium.

Mandrake controls over 93,755 acres (approximately 379 km²) in the Lisbon Valley, Paradox Basin in southeast Utah. The land tenure comprises:

- 34,670 acres of leases pursuant to an Other Business Agreement (OBA) with the Utah School and Institutional Trust Lands Administration (SITLA), the organization which manages the Utah State Government's trust lands and mineral rights.
- Over 2,950 claims have been acquired on Bureau of Land Management (BLM) land which totals over 59,085 acres. Claim staking has targeted the most prospective lithium brine areas in the Paradox Basin.

The Paradox Basin, in the 'lithium four corners' area, hosts hypersaline brines historically documented to contain significant concentrations of lithium, boron, potassium salts (potash) and other elements. The United States' biggest potash producer, Intrepid Potash (NYSE: IPI) operates the Cane Creek potash mine which is located approximately 50km to the north west of the Utah Lithium Project whilst mid-tier ASX-listed lithium developer Anson Resources (ASX: ASN) is located approximately 60km north west (Figure 1).

The Utah project is also a historical prolific uranium province which, between 1949 and 2019, accounted for nearly 78 million pounds (Mlb) of U_3O_8 production, or 64% of the Utah's total production and approximately 8% of total United States production².

Mineral Resource Estimate - 3.3Mt Inferred LCE Resource

During the year ending 30 June 2025, Mandrake released a large-scale maiden Inferred Mineral Resource Estimate (MRE) of 3.3Mt Lithium Carbonate Equivalent (LCE) at the Utah Lithium Project, confirming the project as a top tier US-domiciled lithium brine asset. The Inferred MRE is summarised in Tables 1 and 2, with further details provided in Mandrake's ASX release dated 22 October 2024.

Brine Flow Model

Mandrake has commenced the various work streams required to create a conceptual model of 2D lithium brine flow and identify areas most prospective for high lithium concentrations.

The comprehensive brine flow model will incorporate the following:

- Core-based porosity/permeability and flow-test permeability trends
- Fault geometries from 3D seismic and well data
- Regional lithium brine chemistry trends
- Potentiometric surfaces for brine flow directions
- PETRA software for mapping and cross sections

The model will be invaluable in optimising exploration at the Utah Lithium Project by identifying zones of high-grade lithium brine within the Leadville Formation and creating a reliable potentiometric vector map detailing brine flow within the Leadville Formation.

The Board of Mandrake is closely monitoring both lithium fundamentals and market sentiment, deciding during the June 2025 quarter to commence the brine flow modelling ahead of field operations.

Permit Ready

During the June 2025 quarter, a Notice of Intent (NOI) was issued for new well, 'MAN A' at the Utah Lithium Project. The new well location has existing access roads, is immediately adjacent to a high-voltage regional power line and is situated on land administered by SITLA.

Granting of the permit is subject to the payment of a US\$165,000 bond for the well.

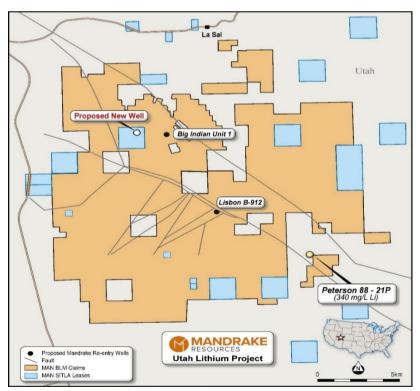

Figure 3. Location of proposed new well MAN A

A detailed review of nearby well petrophysical logs, seismic and local stratigraphy has prompted Mandrake to locate a further new drill site located adjacent to the Peterson 88-21 off-property well which contained historic lithium concentrations of 340mg/L. Mandrake has commenced a further application to the BLM to permit this new well.

Mandrake now has granted permits for well re-entry and completion activities at two existing wells as well as a UDOGM permit for a new well (subject to bond payment); on top of the new BLM well application underway as detailed above.

Review of Operations (cont.)

Berinka Pine Creek Gold-Copper Project (Mandrake 100%)

Previous drilling results at Berinka defined gold mineralisation over a strike length of greater than 2km between the Vegetation Anomaly and Terry's Prospects and also identified platinum and palladium anomalism for the first time in the Sandy Creek Complex gabbro host rock. Most of the Vegetation and Terry's Prospect area is under cover and there is insufficient drilling to enable a complete understanding of the extent of higher-grade zones or their controlling structures. Limited activity was carried out at the Berinka project during the period.

Jimperding Project (Mandrake 100%)

The 142km² Jimperding Project lies approximately 30km east of Chalice Mining Limited's (Chalice) Julimar PGE-Ni-Cu deposit and includes the historical Newleyine prospect and two new prospects identified by the Company (Tolarno North and South). Limited activity was carried out at the Jimperding project during the period.

New Projects

During the March 2025 quarter the Board of Mandrake made the decision to limit current expenditure on the Utah Lithium Project to low-cost longer lead-time items such as permitting and data aggregation/optimization. Capital intensive well re-entries and new well drills remain on hold.

Mandrake notes a slight uptick in lithium market sentiment and is in a position to progress important aspects of the project to ensure immediate project activity and development once market conditions have sufficiently improved.

During the June 2025 quarter, the Company conducted detailed assessments on several precious and base metals assets both within the United States and globally. The Company continues to advance several discussions and opportunities with a view to creating shareholder value.

COMPETENT PERSONS STATEMENT

The technical information in this announcement complies with the 2012 Edition of the Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves (JORC Code) and has been compiled and assessed under the supervision of Mr James Allchurch, Managing Director of Mandrake Resources. Mr Allchurch is a Member of the Australian Institute of Geoscientists. He has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the JORC Code. Mr Allchurch consents to the inclusion in this announcement of the matters based on his information in the form and context in which it appears

MATERIAL RISKS

The Group actively manages a range of financial and non-financial business risks and uncertainties which can potentially have a material impact on the Group and its ability to achieve its goals and objectives. While every effort is made to identify and manage material risks and emerging risks, additional risks not currently known or detailed below may also adversely affect future performance.

Exploration Risk

Mineral exploration and development are high risk undertakings due to the various levels of inherent uncertainty. There can be no assurance that exploration of the Group's tenements, or of any other tenements that may be acquired by the Group in the future, will result in the discovery of economic mineralisation. Even if economic mineralisation is discovered there is no guarantee that it can be commercially exploited.

Economic

General economic conditions, introduction of tax reform, new legislation, the general level of activity within the resources industry, investor sentiment, movements in interest and inflation rates, currency exchange rates and changes in commodity prices may have an adverse effect on the Group's exploration, development and possible production activities, as well as on its ability to fund those activities.

Resource Estimates

There is no guarantee that a JORC Code compliant resource will be discovered on any of the Group's tenements. Resource estimates are expressions of judgement based on knowledge, experience and industry practice. Estimates which were valid when originally calculated may alter significantly when new information or techniques become available. In addition, by their very nature, resource estimates are imprecise and depend to some extent on interpretations which may prove to be inaccurate. As further information becomes available through additional fieldwork and analysis the estimates are likely to change.

DIRECTORS' REPORT (CONT)

Material Risks (cont.)

Access Risks - Cultural Heritage and Native Title

The Group must comply with various country specific cultural heritage and native title regulations which may require various commitments, such as base studies and compliant survey work, to be undertaken ahead of the commencement of mining operations.

Environmental Risk

The operations and proposed activities of the Group are subject to each project's jurisdiction, laws and regulations concerning the environment. As with most exploration projects and mining operations, the Group's activities are expected to have an impact on the environment, particularly if advanced exploration or mine development proceeds. Any future legislation and regulations governing exploration, development and possible production may impose significant environmental obligations on the Group. There can be no assurances that new environmental laws, regulations or stricter enforcement policies, once implemented, will not oblige the Group to incur significant expenses and undertake significant investments in such respect which could have a material adverse effect on the Group's business, financial condition and results of operations.

Climate Change

The Group recognises that physical and non-physical impacts of climate change may affect assets, productivity, markets and the community. Risks related to the physical impacts of climate change include the risks associated with increased severity of extreme weather events and chronic risks resulting from longer-term changes in climate patterns. Non-physical risks and opportunities arise from a variety of policy, legal, technological and market responses to the challenges posed by climate change and the transition to a lower carbon world.

Sovereign, Political and Title Risk

The Group has overseas interests which are subject to the risks associated with operating in a foreign country. These risks may include economic, social or political instability or change, hyperinflation, currency non-convertibility or instability and changes of law affecting foreign ownership, exchange control, exploration licensing, export duties, investment into a foreign country and repatriation of income or return of capital, environmental protection, land access and environmental regulation, mine safety, labour relations as well as government control over petroleum properties or government regulations that require the employment of local staff or contractors or require other benefits be provided to local residents.

Financial Position

The net assets of the Company at 30 June 2025 was \$23,873,198 (2024: \$23,715,728).

Significant Changes in State of Affairs

During the reporting year the company issued the following securities:

Shares

7,500,000 ordinary fully paid shares were issued in settlement of the company's obligations in relation to investor relations services agreement. During the period 3,000,000 performance rights were converted to 3,000,000 ordinary shares on receipt of notices to convert.

Performance rights

During the period 3,000,000 performance rights were converted to 3,000,000 ordinary shares on receipt of notices to convert. 30,000,000 performance rights with a hurdle of a 20 day VWAP of \$0.06 approved at the 2024 annual general meeting were issued to directors.

Environmental Regulations

To the best of the Directors' knowledge, all activities have been undertaken in compliance with the requirements of environmental regulations.

Likely developments and expected results of operations

Information on likely developments in the operations of the consolidated entity and the expected results of operations have not been included in this report, other than as disclosed above, because the Directors believe it would be likely to result in unreasonable prejudice to the consolidated entity.

Proceedings on Behalf of Company

No person has applied for leave of Court to bring proceedings on behalf of the Company or intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or part of those proceedings.

The Company was not a party to any such proceedings during the year.

Subsequent Events

No matter or circumstance has arisen since 30 June 2025 that has significantly affected, or may significantly affect the operations of the Group, the results of those operations, or the Group's state of affairs in future financial years.

- 8. Consultancy Agreements, and other transactions and balances with KMP and their related parties
- 9. Service agreements
- 10. Remuneration consultants
- 11. Voting of shareholders at the Company's 2024 Annual General Meeting

The names of the directors in office at any time during or since the end of the financial year are:

Lloyd Flint – Non-Executive Chairman (appointed 7 March 2021)
Roger Fitzhardinge – Non-Executive Director (appointed 24 January 2022)
James Allchurch – Managing Director (appointed 4 August 2019)

1. Introduction

The remuneration policy of the Company has been designed to ensure reward for performance is competitive and appropriate to the result delivered. The framework aligns executive reward with the creation of value for shareholders and conforms to market best practice. The Board ensures that Director and executive reward satisfies the following key criteria for good reward government practices:

- Competitiveness and reasonableness;
- Acceptability to the shareholder;
- Performance;
- Transparency; and
- Capital management.

Executive Officers are those directly accountable for the operational management and strategic direction of the Company and the Group. The following table shows key performance indicators for the Group over the last five years:

2025	2024	2023	2022	2021
(623,711)	(197,830)	(300,169)	(155,201)	(237,283)

2. Remuneration governance

Throughout the financial year, the Company did not have a remuneration committee as the directors believed the size of the consolidated entity and the size of the Board did not warrant its existence.

3. Executive remuneration arrangements

The Board's policy for determining the nature and amount of remuneration for KMP of the consolidated group is based on the following:

- All KMP receive a base salary or fees (which is based on factors such as length of service and experience) and superannuation.
- Incentives paid in the form of options and performance rights are intended to align the interests of the directors and Company with those of the shareholders. Incentive securities were issued during the year.
- KMP receive a superannuation guarantee contribution required by the government which is currently 11.5% (2024: 11.0%) of the individual's average weekly ordinary time earnings (AWOTE), and do not receive any other retirement benefits. Some individuals, may choose to sacrifice part of their salary to increase payment towards superannuation.
- Upon retirement, KMP are paid employee benefit entitlements accrued to the date of retirement. Any options or
 performance rights not exercised before or on the date of termination will lapse. The Non-Executive Directors are not entitled
 to retirement benefits.
- All remuneration paid to KMP is valued at the cost to the Company and expensed.

ANNUAL REPORT 30 June 2025

REMUNERATION REPORT (AUDITED) (CONT)

4. Non-executive director fee arrangements

The Board policy is to remunerate Non-Executive Directors at a level to comparable Companies for time, commitment, and responsibilities. Non-executive Directors do not receive performance related compensation. Directors' fees cover all main Board activities and membership of any committee. The Board has no established retirement or redundancy schemes in relation to Non-Executive Directors.

The Non-Executive Directors have or may be provided with options that are meant to incentivise the Non-Executive Directors. The board determines payments to the Non-Executive Directors and reviews their remuneration annually based on market practice, duties, and accountability. Independent external advice will be sought when required.

The maximum aggregate amount of fees that can be paid to Non-Executive Directors is \$300,000 per annum and any change is subject to approval by shareholders at a General Meeting. Fees for Non-Executive Directors are not linked to the performance of the Company. However, to align Directors' interests with shareholder interests, the Directors are encouraged to hold shares in the Company.

ANNUAL REPORT 30 June 2025

NOTES TO FINANCIAL REPORT FOR THE YEAR ENDED 30 June 2025

NOTE 1: STATEMENT OF MATERIAL ACCOUNTING POLICIES

This financial report includes the consolidated financial statements and notes of Mandrake Resources Limited and controlled entities ('Consolidated Group' or 'Group').

The separate financial statements of the parent entity, Mandrake Resources Limited, have not been presented within this financial report as permitted by the Corporations Act 2001.

The financial report was authorised for issue on 24 September 2025 by the Board of Directors.

Basis of Preparation

These general purpose financial statements have been prepared in accordance with the Corporations Act 2001, Australian Accounting Standards and Interpretations of the Australian Accounting Standards Board and International Financial Reporting Standards as issued by the International Accounting Standards Board. The Group is a for-profit entity for financial reporting purposes under Australian Accounting Standards. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

Except for cash flow information, the financial statements have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

Material Accounting Policies

Going Concern

The financial statements have been prepared on the going concern basis, which assumes the continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business.

The net loss after income tax for the consolidated entity for the financial year ended 30 June 2025 was \$623,711 with a net cash inflow from operating activities of \$65,451. As at 30 June 2025, net assets was \$23,873,198 and cash and cash equivalents was \$ 13,249,647.

Forecast Cash Flows demonstrates the Group can operate on a Going Concern basis.

Principles of Consolidation

The consolidated financial statements incorporate the assets, liabilities and results of entities controlled by Mandrake Resources Limited at the end of the reporting period. A controlled entity is any entity over which Mandrake Resources Limited has the ability and right to govern the financial and operating policies so as to obtain benefits from the entity's activities.

Where controlled entities have entered or left the Group during the year, the financial performance of those entities is included only for the period of the year that they were controlled. A list of controlled entities is contained in Note 19 to the financial statements.

In preparing the consolidated financial statements, all inter-group balances and transactions between entities in the consolidated group have been eliminated in full on consolidation.

Non-controlling interests, being the equity in a subsidiary not attributable, directly or indirectly, to a parent, are reported separately within the equity section of the consolidated statement of financial position and statement of comprehensive income. The non-controlling interests in the net assets comprise their interests at the date of the original business combination and their share of changes in equity since that date.

Impairment of Assets

At each reporting date, the group reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the statement of comprehensive income.

Impairment testing is performed annually for goodwill and intangible assets with indefinite lives.

Where it is not possible to estimate the recoverable amount of an individual asset, the group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Exploration and evaluation expenditure

Exploration and evaluation expenditure in relation to separate areas of interest for which rights of tenure are current is carried forward as an asset in the statement of financial position where it is expected that the expenditure will be recovered through the successful development and exploitation of an area of interest, or by its sale; or exploration activities are continuing in an area and activities have not reached a stage which permits a reasonable estimate of the existence or otherwise of economically recoverable reserves. Where a project or an area of interest has been abandoned, the expenditure incurred thereon is written off in the year in which the decision is made.

ANNUAL REPORT 30 June 2025

e. Critical Accounting Estimates and Judgments

The directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the group.

Share-based payments

The measurement of fair value requires the Group to make certain significant estimates and judgements as disclosed in the relevant note to the financial statements. The accounting estimates and judgements relating to equity-settled share based payments impact amounts recorded as assets and liabilities, and profit and loss. Please refer to Note 10 for further information.

Exploration and evaluation expenditure

The consolidated group capitalises expenditure relating to exploration and evaluation costs where they are considered to be likely to be recoverable or where the activities have not reached a stage which permits a reasonable assessment of the existence of economically recoverable resources. Capitalisation of expenditure requires the consolidated group to make a judgement on the extent that expenditure on exploration and evaluation assets will likely be recovered in the future through mineral extraction or some other form of commercialisation of the exploration and evaluation stage assets.

The future recoverability of capitalised exploration and evaluation costs are dependent on a number of factors, including whether the consolidated group decides to exploit the related lease itself or, if not, whether it successfully recovers the related exploration and evaluation asset through sale. Factors that could impact the future recoverability include the level of reserves and resources, future technological changes, which could impact the cost of mining, future legal changes (including changes to environmental restoration obligations) and changes to commodity prices.

New and Amended Standards Adopted by the Group

The group has considered all the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that are relevant to its operations and effective for an accounting period that begins on or after 1 July 2024. There were no revised Standards and Interpretations effective for the current year that were relevant to the group.

New and Amended Standards Not Yet Adopted by the Group

Certain new/amended accounting standards and interpretations have been issued but are not mandatory for financial years ended 30 June 2025. They have not been adopted in preparing the financial statements for the year ended 30 June 2025. They are not expected to have a material impact on the entity in the period of initial application.

There are a number of standards, amendments to standards, and interpretations which have been issued by the AASB that are effective in future accounting periods that the group has decided not to adopt early.

The following amendments are effective for the annual reporting period beginning 1 July 2025:

Lack of Exchangeability (Amendment to AASB 121 The Effects of changes in Foreign Exchange Rates)

The following amendments are effective for the annual reporting period beginning 1 July 2026:

Amendments to the Classification and Measurement of Financial Instruments (Amendments to AASB 9 Financial Instruments and AASB 7 Financial Instruments: Disclosures)

The following standards and amendments are effective for the annual reporting period beginning 1 July 2027:

AASB 18 Presentation and Disclosure in Financial Statements.

The group is currently assessing the effect of these new accounting standards and amendments. AASB 18 Presentation and Disclosure in Financial Statements, which was issued by the AASB in June 2024 supersedes AASB 101 Presentation of Financial Statements and will result in amendments to Australian Accounting Standards, including AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors (renamed to Basis of Preparation of Financial Statements). Even though AASB 18 will not have any effect on the recognition and measurement of items in the consolidated financial statements, it is expected to have a significant effect on the presentation and disclosure of certain items. These changes include categorisation and subtotals in the statement of profit or loss, aggregation/disaggregation and labelling of information, and disclosure of management-defined performance measures.

d. Capital Management

Management controls the capital of the group in order to maintain a good debt to equity ratio, provide the shareholders with adequate returns and ensure that the group can fund its operations and continue as a going concern.

There are no externally imposed capital requirements.

Management effectively manages the group's capital by assessing the group's financial risks and adjusting its capital structure in response to changes in these risks and in the market. These responses include the management of debt levels, distributions to shareholders and share issues.

NOTE 11: COMMITMENTS AND CONTINGENCIES

There are no material commitments or contingencies within the group at reporting date (2024: nil).

Minimum annual exploration expenditure on granted leases is \$160,000 (2024: \$87,000).

NOTE 17: FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

Interest Rate Risk

At reporting date, the Group's exposure to market risk for changes in interest rates relates primarily to the Group's cash. The Group constantly analyses its exposure to interest rates, with consideration given to potential renewal of existing positions, the mix of fixed and variable interest rates and the period to which deposits may be fixed.

At reporting date, the Group had the following financial assets exposed to variable interest rates that are not designated in cash flow hedges:

	2025	2024
	\$	\$
Financial Assets		
Cash and cash equivalents – interest bearing	13,249,647	14,921,088

Sensitivity

At 30 June 2025, if interest rates had increased/decreased by 0.5% (2024: 0.25%) from the year end variable rates with all other variables held constant, post tax profit and equity for the group would have been \$66,248 (2024: \$37,303) higher/lower. The 0.5% (2024: 0.25%) sensitivity is based on reasonably possible changes over a financial year, using an observed range of historical RBA movements over the last few years.

ABN 60 006 569 124

ANNUAL REPORT 30 June 2025

Liquidity Risk

The Group has no significant exposure to liquidity risk as there is effectively no debt. The Group manages liquidity risk by monitoring immediate and forecast cash requirements and ensuring adequate cash reserves are maintained.

Credit Risk

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in a financial loss to the Group. The Group has adopted the policy of dealing with creditworthy counterparties and obtaining sufficient collateral or other security where appropriate, as a means of mitigating the risk of financial loss from defaults. The Group measures credit risk on a fair value basis.

Significant cash deposits are with institutions with a minimum credit rating of -AA- (or equivalent) as determined by a reputable credit rating agency e.g. Standard & Poor.

The Group does not have any other significant credit risk exposure to a single counterparty or any group of counterparties having similar characteristics.

Basis of preparation

The Consolidated Entity Disclosure Statement (CEDS) has been prepared in accordance with the *Corporations Act 2001*. It includes certain information for each entity that was part of the consolidated entity at the end of the financial year.

Determination of Tax Residency

Section 295 (3A) of the *Corporations Act 2001* defines tax residency as having the meaning in the Income Tax Assessment Act 1997. The determination of tax residency involves judgement as there are currently several different interpretations that could be adopted, and which could give rise to a different conclusion on residency. For the purposes of this section, an entity is an Australian resident at the end of a financial year if the entity is:

- a) an Australian resident (within the meaning of the Income Tax Assessment Act 1997) at that time; or
- b) a partnership, with at least one partner being an Australian resident (within the meaning of the *Income Tax Assessment Act* 1997) at that time; or
- c) a resident trust estate (within the meaning of Division 6 of Part III of the *Income Tax Assessment Act 1936*) in relation to the year of income (within the meaning of that Act) that corresponds to the financial year.

In determining tax residency, the consolidated entity has applied the following interpretations:

Australian Tax Residency

The consolidated entity has applied current legislation and judicial precedent, including having regard to the Tax Commissioner's public guidance in Tax Ruling TR 2018/15.

Foreign tax residency

The consolidated entity has applied current legislation and where available judicial precedent in the determination of foreign tax residency. Where necessary, the consolidated entity has used independent tax advisers in foreign jurisdictions to assist in its determination of tax residency to ensure applicable foreign tax legislation has been complied with. At the reporting date, the Company did not have any consolidated entities with foreign residency.

DIRECTORS' DECLARATION

The Directors declare that:

- (a) in the Directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable;
- (b) in the Directors' opinion, the attached consolidated financial statements as at 30 June 2025 and notes thereto are in compliance with International Financial Reporting Standards, as stated in note 1 to the financial statements;
- (c) in the Directors' opinion, the attached consolidated financial statements and notes thereto are in accordance with the Corporations Act 2001, including compliance with accounting standards and giving a true and fair view of the consolidated financial position and performance of the Company;
- (d) The information disclosed in the attached consolidated entity disclosure statement is true and correct; and
- (e) the Directors have been given the declarations required by s.295A of the Corporations Act.

Signed in accordance with a resolution of the Directors made pursuant to s.295 (5) of the Corporations Act 2001.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Mandrake Resources Limited ("the Company") and its subsidiaries ("the Group"), which comprises the consolidated statement of financial position as at 30 June 2025, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information, the consolidated entity disclosure statement and the directors' declaration.

MANDRAKE RESOURCES LIMITED

In our opinion, the accompanying financial report of the Group is in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the Group's financial position as at 30 June 2025 and of its financial performance for the year then ended; and
- (ii) complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the APES 110: *Code of Ethics for Professional Accountants (including Independence Standards)* issued by the Accounting Professional & Ethical Standards Board Limited (the Code) that are relevant to our audits of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matters

ivaluation Inter a

Carrying Value of Exploration and Evaluation Assets

(refer to Note 8 of the consolidated financial report)

As at 30 June 2025, Exploration and Evaluation Assets totalled \$10,607,711.

The carrying value of exploration and evaluation assets is a key audit matter due to:

- The significance of the expenditure capitalised representing 44% of total assets;
- The necessity to assess management's application of the requirements of the accounting standard Exploration for and Evaluation of Mineral Resources ("AASB 6"), in light of any indicators of impairment that may be present; and
- The assessment of significant judgements made by management in relation to the capitalised exploration and evaluation expenditure.

How the matter was addressed in the audit

Inter alia, our audit procedures included the following:

- Assessing management's determination of its areas of interest to ensure consistency with the definition of AASB6;
- ii. Assessing the Group's accounting policy for compliance with AASB 6;
- iii. Agreeing, on a sample basis, the capitalised exploration and evaluation expenditure incurred during the year to supporting documentation and assessing that these expenditures incurred in accordance with the Group's accounting policy and the requirements of AASB 6;
- iv. Obtaining evidence that the Group has valid rights to explore the areas represented by the capitalised exploration and evaluation expenditure;
- Evaluating that there had been no indicators of impairment during the current period with reference to the requirements of AASB 6; and
- vi. Assessing the appropriateness of the disclosures in Note 8 of the consolidated financial statements.

Other Matter

The financial statements of the Company for the year ended 30 June 2024 were audited by another auditor who expressed an unmodified opinion on those statements on 27 September 2024.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2025 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of:

- a) the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* (other than the consolidated entity disclosure statement); and
- b) the consolidated entity disclosure statement that is true and correct in accordance with the *Corporations Act 2001*, and for such internal control as the directors determine is necessary to enable the preparation of
 - the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
 - ii) the consolidated entity disclosure statement that is true and correct and is free from misstatement whether due to fraud and error.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report.

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial report.

We conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

We evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in Internal control that we identify during our audit.

The Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements. We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included in the directors' report for the year ended 30 June 2025.

In our opinion, the Remuneration Report of Mandrake Resources Limited for the year ended 30 June 2025 complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
