BINDI METALS LTD

DIRECTORS' REPORT

The Directors present their report together with the consolidated financial statements of Bindi Metals Limited and its controlled entities ('Bindi', the 'Company' or the 'Group') for the year ended 30 June 2025.

Directors

The name and details of the Company's Directors in office during the financial year and until the date of this report are as follows. Directors were in office for the entire year, unless stated otherwise.

- Mr Ariel (Eddie) King - Non-Executive Chairman
- Mr Steven Formica – Non-Executive Director
- Mr Henry Renou – Non-Executive Director

Mr Ariel (Eddie) King Non-Executive Chairman

Mr King is a qualified Mining Engineer. Mr King holds a Bachelor of Commerce and Bachelor of Engineering from the University of Western Australia. Mr King's experience includes being a manager for an investment banking firm, where he specialised in the technical and financial analysis of bulk commodity and other resource projects for investment and acquisition. Eddie is also a director of CPS Capital Group, one of Australia's most active stockbroking and corporate advisory firms specialising in small to medium high growth companies.

Appointment date	25 May 2021
Directorships of other ASX-listed companies in the last 3 years	Great Northern Minerals Limited (since 22 May 2023) Rubix Resources Ltd (since 30 June 2021) Ragnar Metals Ltd (since 10 February 2017) M3 Mining Ltd (since 16 November 2020) Eastern Resources Ltd (since July 2017) QPM Energy Limited (formerly Queensland Pacific Metals Ltd) (since 26 March 2018) Noble Helium Ltd (15 December 2021 - 17 February 2025) Weststar Resources Limited (appointed 27 March 2025)
Interest in securities as at date of report	1,017,593 Ordinary Fully Paid Shares 800,000 Performance Rights, expiring 31 December 2025 2,500,000 Performance Rights, expiring 13 December 2027

DIRECTORS' REPORT

Mr Steven Formica Non-Executive Director

Mr Formica has extensive corporate experience with ASX listed companies and has successfully managed several privately held businesses across multiple industries and sectors for over 30 years.

Appointment date	16 October 2023
Directorships of other ASX-listed companies in the last 3 years	Albion Resources Limited (since 7 October 2022) Ragnar Metals Limited (since 2 September 2019) EcholQ Limited (since 2 July 2018) Great Northern Minerals (since 19 January 2024) Kaiser Reef Limited (since 22 May 2024)
Interest in securities as at date of report	2,862,792 Ordinary Fully Paid Shares 800,000 Performance Rights, expiring 31 December 2025 2,500,000 Performance Rights, expiring 13 December 2027

Mr Henry Renou Non-Executive Director

Mr Renou is an experienced exploration geologist who has held a variety of appointments in Australian and overseas, at Fortescue Metals Group, Ibaera Capital Mining Fund, and Access Asia Mining Pty Ltd.

Appointment date	25 May 2021
Directorships of other ASX-listed companies in the last 3 years	Nil
Interest in securities as at date of report	104,500 Ordinary Fully Paid Shares 800,000 Performance Rights, expiring 31 December 2025

Company Secretary Miss Aida Tabakovic

Miss Tabakovic has over 11 years' experience in the accounting profession. She holds a double degree in Accounting and Finance and a Postgraduate Degree in Business Law. Miss Tabakovic provides services to a number of ASX-listed companies, specialising in financial accounting and reporting and corporate compliance. Miss Tabakovic has also been involved in listing a number of junior exploration companies on the ASX.

Principal Activity

The principal activity of the Company during the year was the acquisition and development of mineral exploration assets.

Operating Results for the Year

The operating result of the Company for the reporting year was a loss of \$1,063,416 (2024: \$1,269,819).

DIRECTORS' REPORT

Significant Changes in State of Affairs

Other than those disclosed in this financial report, no significant changes in the state of affairs of the Company occurred during the financial year.

Review of Operations

Serbia

Lisa Gold-Antimony and Donja Mutnica Copper-Antimony Projects

After the acquisition of the Lisa gold-antimony and Donja Mutnica copper-antimony projects were completed, exploration commenced in Serbia. The Lisa Project application covers approximately 30km² and Donja Mutnica Project comprises 50.5km² within the highly prospective Tethyan Volcanic Arcs that host world class deposits in Serbia.

Figure 1: Serbia Project Locations within the Tethyan Magmatic Belts well endowed with large gold and base metals deposits

DIRECTORS' REPORT

Lisa Au-Sb Project

The application submission for Lisa has been steadily progressing through the statutory approval process with the Serbian Ministry of Mines and Energy. Significant progress has been made towards the grant of the exploration licence.

The Lisa project is hosted within the highly prospective Western Tethyan Volcanic Arc that hosts a number of multi-million ounce porphyry Cu-Au deposits including the Rogozna project (7.4 Moz AuEq)¹ which is located only 60km to the southeast in the same Cenozoic volcanic belt (Figure 1).

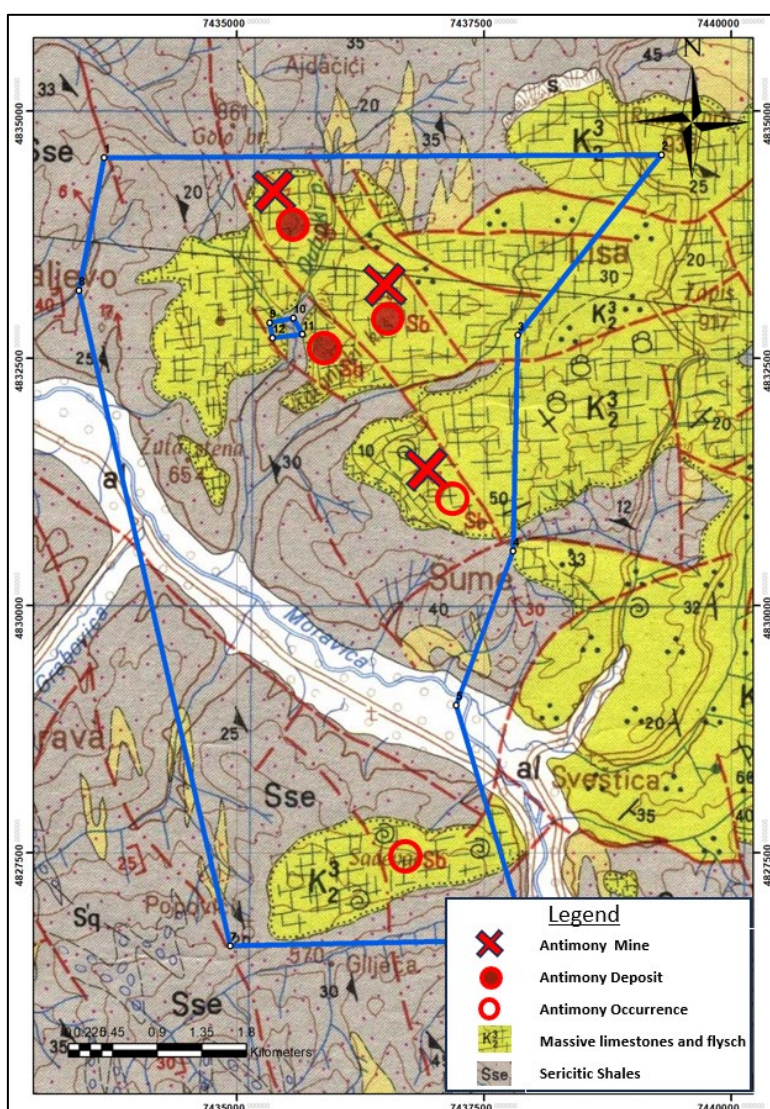

Figure 2: Lisa Antimony Project 100,000 Interpreted Geology Map and Au-Sb Mineral Occurrences

The Lisa area contains a significant number of past producing Sb mines with head grades ranging from 5 to 20% Sb producing mainly from occurrences in the north of the

¹ Shanac Resource Increases to 5.3 Moz AuEq, Taking Rogozna global resource to 7.4 Moz AuEq. ASX STK Announcement 27 April 2025.

DIRECTORS' REPORT

application area, active during the early to mid 20th century. Mineralised horizons range in thickness from 4 to 10m². Gold mineralisation has been recorded up to 2.5g/t Au in outcrop and up to 87g/t silver.

Mineralisation at Lisa is Carlin-like with Au-Sb hosted in marl-sandstone sequences with characteristic epithermal textures and jasperoid alteration. It also contains geological similarities to the Calrin-like antimony deposits of the Youjiang Basin in SW China³

Available historic data provided by Apollo Minerals has been reviewed with a number of exciting prospects defined to date. Work programs are being finalised in the planning stages and ready to commence when the application has been granted.

Donja Mutnica Cu-Sb Project

A renewal application has been submitted for the Donja Mutnica Project. The Mutnica project is located in eastern Serbia within the Eastern Tethyan Volcanic Arc and hosts many large gold, copper and other base metal deposits including the giant Cukaru Peki epithermal deposit. Mutnica is located only 60km south of Cukaru Peki. Copper mineralisation at Mutnica is interpreted as sediment hosted with surface grades up to 4.5% Cu while antimony mineralisation is carbonate hosted with recorded grades up to 4.5% Sb².

Exploration commenced with field checking of mineral occurrences across the project. Mapping confirmed stibnite hosted in carbonate rocks at the Krevna prospect with grades up to 2.0% Sb in assays submitted by Bindi geologists. Soil sampling (undertaken prior to the project acquisition) defined an extensive 3.3 km Sb soil anomaly correlated with outcropping mineralisation at Krevna⁴ (Figure 4).

² High Grade Antimony project acquisition: two exciting antimony projects within world class theyan mangmatic belt Serbia, BIM ASX announcement 19 September 2024.

³ Chen, J. et al Gold and antimony metallogenic relations and ore-forming process of Qinglong Sb(Au) deposit in Youjiang basin, SW China: Sulfide trace elements and sulfur isotopes, Geoscience Frontiers Vol 12 Issue 2, March 2021.

⁴ Large scale antimony zone at Mutnica Project, Serba: BIM ASX announcement 12 December 2024.

DIRECTORS' REPORT

Figure 3. (above) Outcropping zone of stibnite mineralisation over 5 m wide at Krevia Prospect at east end of 3.3 km soil anomaly with Sb assay results indicated. (below) Close up of stibnite mineralisation⁴.

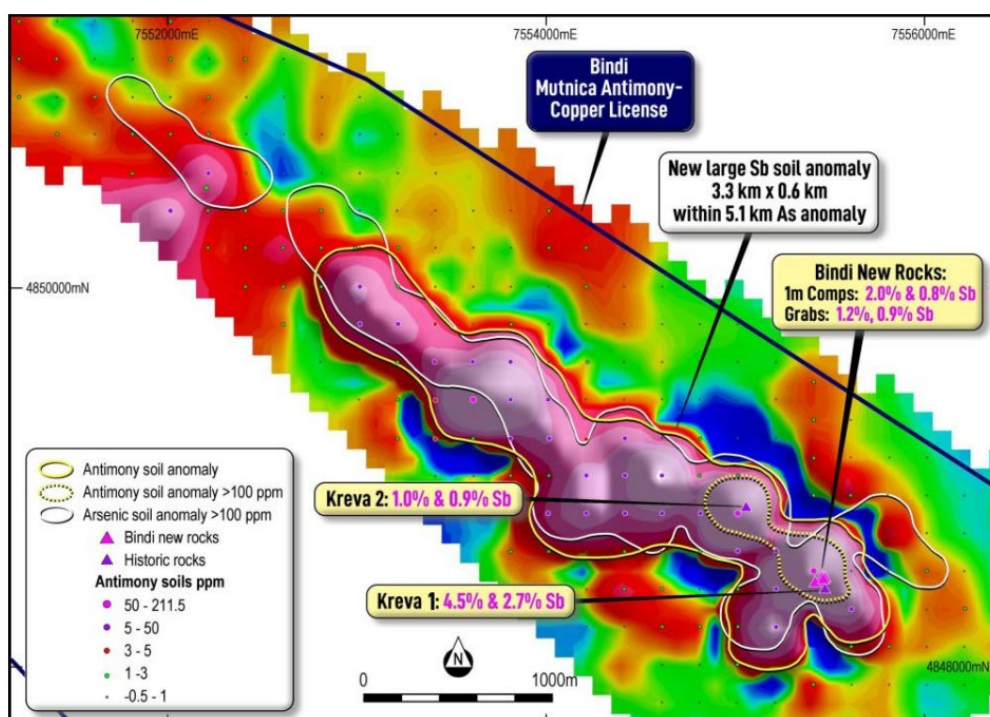

Figure 4: Soils and rock chip assay results from Donja Mutnica and high grade assays from the Krevia prospect⁴. Mineralisation is a carbonate replacement style at the contact of Devonian sandstones and Jurassic limestones with an extensive prospective zone of 10 km along this contact (Figure 5).

DIRECTORS' REPORT

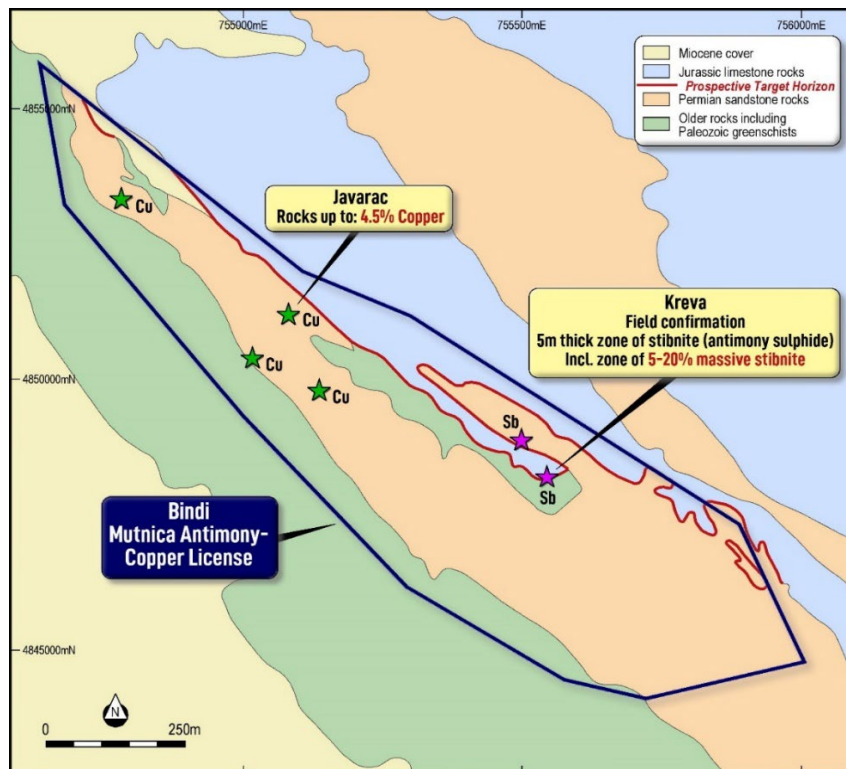

Figure 5: Mutnica Antimony-Copper Project 100,000 Interpreted Geology Map showing the location of the main antimony and copper occurrences^{2, 4}

Australia

Biloela Copper Project

A review of the critical metals potential at the Biloela Project identified significant gallium potential, particularly at the Karita and Tea Tree prospects. This review follows the announcement of export restrictions imposed by China on key critical minerals including gallium and antimony, prompting an internal evaluation of previously collected data.

The review also indicated that gallium anomalism can be traced out using hyperspectral mapping, in particular the jarosite end member mineral mapping suite of the sentinel hyperspectral data⁵.

At the Karita Prospect, gallium-polymetallic mineralisation has been observed across a 2 km zone with rock chip assays returning up to⁵:

- 54.5 ppm Ga (73.4 ppm Ga₂O₃), 0.12 g/t Au, 0.7% Cu
- 48.8 ppm Ga (65.6 ppm Ga₂O₃), 0.1% Cu
- 44.8 ppm Ga (60.2 ppm Ga₂O₃), 0.4% Cu

At the Tea Tree prospect, gallium mineralisation is associated with Cu-Au mineralisation:

- 38.5 ppm Ga (51.8 ppm Ga₂O₃), 1.0 g/t Au, 1.4% Cu
- 42.4 ppm Ga (57.1 ppm Ga₂O₃), 0.14 g/t Au, 0.3% Cu

⁵ Gallium potential identified at Karita prospect: BIM ASX announcement 30 June 2025

DIRECTORS' REPORT

The gallium anomalous zone mapped out using hyperspectral data extends over 6 km of strike and defines a larger 8–10 km prospective corridor with bulk tonnage exploration potential. Further work is ongoing to assess the full scale of gallium mineralisation across the Project.

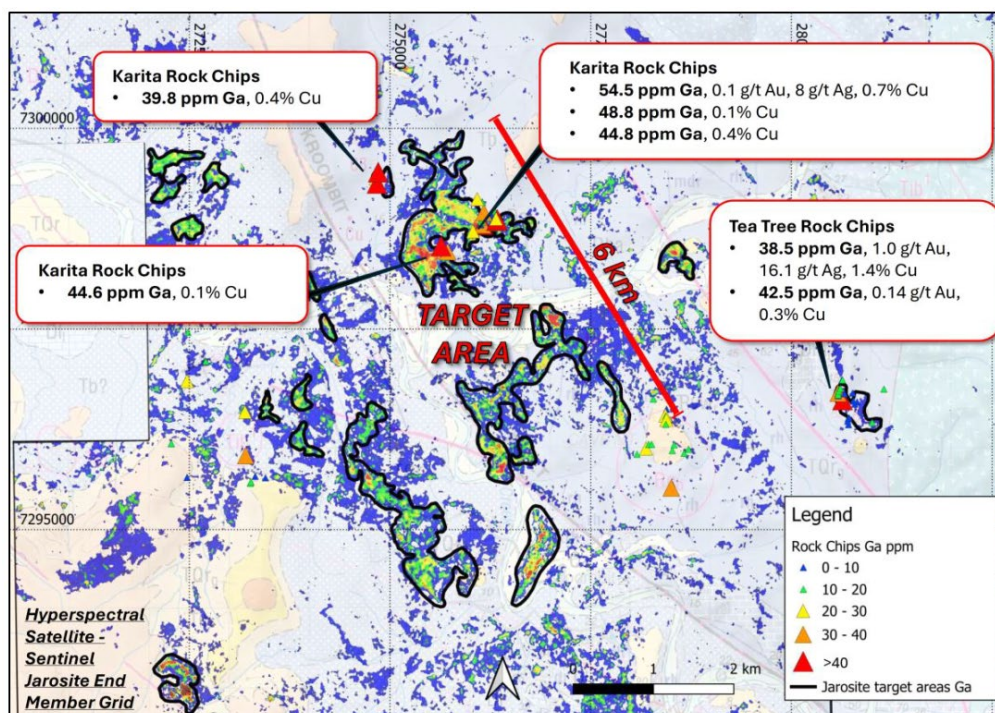

Figure 6: Hyperspectral satellite image of jarosite mineral abundance and rock chips from EPM28063.

Remuneration Report (Audited)

This report outlines the remuneration arrangements in place for the Directors of Bindu Metals Limited in accordance with the requirements of the *Corporations Act 2001* and its Regulations. For the purpose of this report, Key Management Personnel ('KMP') of the Company are defined as those persons having authority and responsibility for planning, directing and controlling the major activities of the Company, directly or indirectly, including any Director (whether executive or otherwise) of the Company.

Remuneration Policy

The Board, in capacity as a Remuneration Committee, is responsible for determining and reviewing remuneration compensation arrangements for the executive and non-executive Directors. The Remuneration Committee assesses the appropriateness of the nature and amount of emoluments of such officers on a periodic basis by reference to relevant employment market conditions and individual's experience and qualifications with the overall objective of ensuring maximum stakeholder benefit from the retention of a high-quality board and executive team. The Company does not directly link the nature and amount of the emoluments of such officers to the Company's financial or operational performance. The expected outcome of the remuneration policy is to attract and retain the best executives and directors to run and manage the Company, as well as create goal congruence between directors, executives and shareholders.

As part of its Corporate Governance Policies and Procedures, the Board has adopted a formal Remuneration Committee Charter.

DIRECTORS' REPORT

The rewards for Directors have no set or pre-determined performance conditions or key performance indicators as part of their remuneration due to the current nature of the business operations. The Remuneration Committee determines appropriate levels of performance rewards as and when they consider rewards are warranted.

Non-Executive Directors' fees

Mr Formica and Mr King were entitled to receive \$48,000 per annum (excluding statutory superannuation) up until 30 September 2024.

On 1 October 2024, the Non-Executive Director agreements were varied for Mr Formica and Mr King to \$72,000 and \$96,000 per annum respectively (excluding statutory superannuation).

Mr Renou is entitled to receive Director fees of \$2,000 per month for his role as Non-Executive Director plus statutory superannuation)

The Company's Constitution provides that the maximum annual aggregate amount of Directors' fees shall be \$350,000 (excluding executive directors' salaries), unless the amount is varied by ordinary resolution.

Summary details of remuneration of the Non-Executive Directors are provided in the table below. The remuneration is not dependant on the satisfaction of performance conditions.

Directors are entitled to be paid reasonable travelling, accommodation and other expenses incurred in consequence of their attendance at meetings of Directors and otherwise in the execution of their duties as Directors. A Director may also be paid additional amounts as fees or as the Directors determine where a Director performs extra services or makes any special exertions, which in the option of the Directors are outside the scope of the ordinary duties of a Director.

DIRECTORS' REPORT

Details of the nature and amount of each element of the emolument of each Director of the Company for the financial year are as follows:

	Short-Term Benefits		Equity		
	Directors' Fees	Consulting Fees	Share-Based Payments – Performance Rights	Post-Employment Benefits	Total
30 June 2025					
Directors	\$	\$	\$	\$	\$
Ariel (Eddie) King	66,000	-	68,413	-	134,413
Henry Renou ⁽ⁱ⁾	24,000	17,635	40,789	2,760	85,184
Steven Formica	93,000	-	68,413	10,695	172,108
Total - 2025	183,000	17,635	177,615	13,455	391,705
30 June 2024					
Directors	\$	\$	\$	\$	\$
Ariel (Eddie) King	48,000	-	28,608	-	76,608
Henry Renou ⁽ⁱⁱ⁾	88,000	49,580	28,609	9,680	175,869
Steven Formica ⁽ⁱⁱⁱ⁾	50,630	-	28,608	5,569	84,807
Cameron McLean ^(iv)	14,104	-	-	1,552	15,656
Total - 2024	200,734	49,580	85,825	16,801	352,940

Notes:

- (i) Mr Renou's consulting fees are paid to HRG Consulting Pty Ltd, of which Mr Renou is a Director, for geological services rendered during the year.
- (ii) Mr Renou transitioned from an Executive Director into a position of Non-Executive Director, effective 1 March 2024.
Mr Renou's consulting fees are paid to HRG Consulting Pty Ltd, of which Mr Renou is a Director, for geological services rendered during the year.
- (iii) Mr Formica was appointed as Non-Executive Director effective 16 October 2023.
- (iv) Mr McLean resigned as Non-Executive Director effective 16 October 2023.

CPS Capital Group Pty Ltd, a company Mr King is a director of, received \$61,500 for capital raising costs in 2025 (2024:nil).

There were no cash bonuses, non-monetary bonuses and long-term benefits made during the year to KMPs.

DIRECTORS' REPORT

Directors' Interests in Shares and Options of the Company

As at 30 June 2025, the interests of the Directors in the securities of Bindi Metals Limited were:

Number of Shares Held in Bindi Metals Limited

Directors	1 July 2024	Received as Compensation	Net Change Other ⁽ⁱ⁾	30 June 2025
Ariel (Eddie) King	625,001	-	392,592	1,017,593
Henry Renou	104,500	-	-	104,500
Steven Formica	2,862,792	-	-	2,862,792
Total - Shares	3,592,293	-	392,592	3,984,885

Notes:

(i) The movement in Net Change Other represents an on-market trade.

Number of Options Held in Bindi Metals Limited

Directors	1 July 2024	Received as Compensation	Net Change Other ⁽ⁱ⁾	30 June 2025
Ariel (Eddie) King	2,000,000	-	(2,000,000)	-
Henry Renou	500,000	-	(500,000)	-
Steven Formica ⁽ⁱ⁾	2,000,000	-	(2,000,000)	-
Total - Options	4,500,000	-	(4,500,000)	-

Notes:

(i) The movement in Net Change Other represents Options that expired on 27 October 2024.

Number of Performance Rights Held in Bindi Metals Limited

Directors	1 July 2024	Received as Compensation ⁽ⁱ⁾	Net Change Other	30 June 2025
Ariel (Eddie) King	800,000	2,500,000	-	3,300,000
Henry Renou	800,000	-	-	800,000
Steven Formica	800,000	2,500,000	-	3,300,000
Cameron McLean	-	-	-	-
Total - Rights	2,400,000	5,000,000	-	7,400,000

Notes:

(i) A total of 2,500,000 performance rights were issued to Mr Formica and Mr King respectively as an incentive component to their Directors' remuneration package which was approved by shareholders at the Annual General Meeting held on 20 November 2024. Refer to Note 12(a) for details on the valuation.

End of Remuneration Report (Audited)

Directors' Meetings

The number of Directors' meetings and the number of meetings attended by each of the Directors of the Company for the time the Director held office during the financial year are as follows:

Directors	Number eligible to attend	Number attended
Ariel (Eddie) King	3	3
Henry Renou	3	3
Steven Formica	3	3

DIRECTORS' REPORT

Corporate

The Company incurred a loss for the year ended 30 June 2025 of \$1,063,416 (2024: 1,269,819) and net cash outflows from operating activities of \$931,198 (2024: \$1,420,443). As at 30 June 2025, the Company had a cash and cash equivalents balance of \$1,559,128 (2024: \$813,226) and working capital of \$1,565,019 (2024: \$772,901).

Dividends

The Directors do not recommend the payment of a dividend and no amount has been paid or declared by way of a dividend to the date of this report.

Proceedings on Behalf of the Company

No person has applied for leave of court to bring proceedings on behalf of the Company or intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company or any part of those proceedings.

Share Options

On 20 February 2025, the Company issued 10,000,000 Unlisted Options, exercisable at \$0.12, on or before 19 February 2025.

Performance Rights – Issued to Directors

On 13 December 2024, the Company issued 2,500,000 Performance Rights to Mr King and Mr Formica each as part of their remuneration package.

Each Performance Rights entitles the holder to subscribe for one share upon exercise, subject to satisfaction of the following conditions:

Number of Performance Rights	Directors' Performance Rights	Vesting Conditions	Expiry Date
5,000,000	Class C	The Volume Weighted Average Market Price (as defined in the ASX Listing Rules) over a period of 20 consecutive Trading Days (as defined in the ASX Listing Rules) on which trades in the Company's shares are recorded on ASX (20-day VWAP) being at least 12 cents	13 December 2027

Refer to Note 12(a) Share-Based Payments Reserve for details on the valuation of the performance rights.

Future Developments

Further information, other than as disclosed this report, about likely developments in the operations of the Company and the expected results of those operations in future periods, has not been included in this report as disclosure of this information would be likely to result in unreasonable prejudice to the Company.

Environmental Regulation

The Directors are mindful of the regulatory regime in relation to the impact of the organisation's activities on the environment. There have been no known breaches of any environmental regulation by the Company during the financial year.

DIRECTORS' REPORT

Events after Reporting Date

On 22 August 2025 2,000,000 Class A and B performance rights, (1,000,000 each class) expired before vesting and were cancelled.

The Company has no other matters or circumstances that have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

Corporate Governance

In recognising the need for the highest standards of corporate behaviour and accountability, the Directors support, and adhere to, good corporate governance practices. Refer to the Company's Corporate Governance Statement at the following link:

<https://www.bindimetals.com.au/corporate-governance>

Risk Management

The Board of Directors have reviewed the key risks associated with conducting exploration and evaluation activities in Australia and steps to manage those risks. The key material risks faced by the Group include:

Exploration and Development

The future value of the Group will depend on its ability to find and develop resources that are economically recoverable. Mineral exploration and development is a speculative undertaking that may be impeded by circumstances and factors beyond the control of the Group. Success in this process involves, among other things; discovery and proving-up an economically recoverable resource or reserve, access to adequate capital throughout the project development phases, securing and maintaining title to mineral exploration projects, obtaining required development consents and approvals and accessing the necessary experienced operational staff, the financial management, skilled contractors, consultants and employees.

The Group is entirely dependent upon its projects, which are the sole potential source of future revenue, and any adverse development affecting these projects would have a material adverse effect on the Group, its business, prospects, results of operations and financial condition.

Economic Conditions

Factors such as (but not limited to) political movements, stock market fluctuations, interest rates, inflation levels, commodity prices, foreign exchange rates, industrial disruption, taxation changes and legislative or regulatory changes, may all have an adverse impact on operating costs, the value of the Group's projects, the profit margins from any potential development and the Company's share price.

Reliance on Key Personnel

The Group's success is to a large extent dependent upon the retention of key personnel and the competencies of its Directors, senior management, and personnel. The loss of one or more of the Directors or senior management could have an adverse effect on the Group. There is no assurance that engagement contracts for members of the senior management team personnel will not be terminated or will be renewed on their expiry. If such contracts were terminated, or if members of the senior management team were otherwise no longer able to continue in their role, the Group would need to replace them which may not be possible if suitable candidates are not available.

DIRECTORS' REPORT

Future Funding Risk

Continued exploration and evaluation is dependent on the Company being able to secure future funding from equity markets. The successful development of a mining project will depend on the capacity to raise funds from equity and debt markets. The Company will need to undertake equity/debt raisings for continued exploration and evaluation. There can be no assurance that such funding will be available on satisfactory terms or at all at the relevant time. Any inability to obtain sufficient financing for the Group's activities and future projects may result in the delay or cancellation of certain activities or projects, which would likely adversely affect the potential growth of the Group.

Unforeseen Expenditure Risk

Exploration and evaluation expenditures and development expenditures may increase significantly above existing projected costs. Although the Group is not currently aware of any such additional expenditure requirements, if such expenditure is subsequently incurred, this may adversely affect the expenditure proposals of the Group and its proposed business plans.

Environmental, Weather & Climate Change

The highest priority climate related risks include reduced water availability, extreme weather events, changes to legislation and regulation, reputational risk, and technological and market changes. Mining and exploration activities have inherent risks and liabilities associated with safety and damage to the environment, including the disposal of waste products occurring as a result of mineral exploration and production, giving rise to potentially substantial costs for environmental rehabilitation, damage control and losses. Delays in obtaining approvals of additional remediation costs could affect profitable development of resources.

Cyber Security and IT

The Group relies on IT infrastructure and systems and the efficient and uninterrupted operation of core technologies. Systems and operations could be exposed to damage or interruption from system failures, computer viruses, cyber-attacks, power or telecommunication provider's failure or human error.

Indemnification of Directors and Officers

The Company has entered into deeds of indemnity with each Director whereby, to the extent permitted by the *Corporations Act 2001*, the Company agreed to indemnify each director against all loss and liability incurred as an officer of the Company, including all liability in defecting any relevant proceedings.

The Company paid insurance premiums in respect of Directors' and Officers' Liability Insurance contracts for current officers of the Company. The liabilities insured are damages and legal costs that may be incurred in defending civil or criminal proceedings that may be brought against the officers in their capacity as officers of the Company.

DIRECTORS' REPORT

Indemnity and Insurance of Auditor

The Company has not, during or since the end of the financial period, indemnified or agreed to indemnify the auditor of the Company or any related entity against a liability incurred by the auditor.

During the year, the Company has not paid a premium in respect of a contract to insure the auditor of the Company or any related entity.

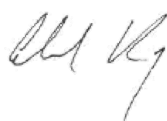

Non-Audit Services

There were no non-audit services provided by the auditors during the year (2024: Nil).

Auditor's Independence

Section 307C of the Corporations Act 2001 requires our auditors, Hall Chadwick WA Audit Pty Ltd to provide the Directors of the Company with an Independence Declaration in relation to the audit of this financial report. The Directors have received the Independence Declaration which has been included within this financial report.

Signed in accordance with a resolution of the Directors:

Mr Ariel (Eddie) King

Non-Executive Chairman

Dated this 24th day of September 2025

To the Board of Directors

AUDITOR'S INDEPENDENCE DECLARATION UNDER SECTION 307C OF THE CORPORATIONS ACT 2001

As lead audit director for the audit of the financial statements of Bindi Metals Limited for the financial year ended 30 June 2025, I declare that to the best of my knowledge and belief, there have been no contraventions of:

- the auditor independence requirements of the *Corporations Act 2001* in relation to the audit; and
- any applicable code of professional conduct in relation to the audit.

Yours faithfully,

HALL CHADWICK WA AUDIT PTY LTD

D M BELL FCA
Director

Dated this 24th day of September 2025
Perth, Western Australia

The accompanying notes form part of these financial statements.

Notes to the Financial Statements For the Year Ended 30 June 2025

1. Corporate Information

This financial report of Bindi Metals Limited ('Bindi' or the 'Company') was authorised for issue in accordance with a resolution of the Directors on 24 September 2025.

Bindi Metals Limited is a public listed company, incorporated and domiciled in Australia.

2. Summary of Material Accounting Policies

(a) Basis of Preparation

These general-purpose financial statements have been prepared in accordance with the *Corporations Act 2001*, Australian Accounting Standards and Interpretations of the Australian Accounting Standards Board and International Financial Reporting Standards as issued by the International Accounting Standards Board. The Company is a for-profit entity for financial reporting purposes under Australian Accounting Standards. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

Except for cash flow information, the financial statements have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets.

(b) Going Concern

The financial report has been prepared on the going concern basis, which contemplates the continuity of normal business activity and the realisation of assets and the settlement of liabilities in the ordinary course of business.

The Company incurred a loss for the year ended 30 June 2025 of \$1,063,416 (2024: \$1,269,819) and net cash outflows from operating activities of \$931,198 (2024: \$1,420,443). As at 30 June 2025, the Company had a cash and cash equivalents balance of \$1,559,128 (2024: \$813,226) and working capital of \$1,565,019 (2024: \$772,901).

The ability of the Consolidated Entity to continue as a going concern is principally dependent on the Company raising capital and managing discretionary spend in line with available funds. These conditions indicate a material uncertainty that may cast significant doubt about the ability of the Consolidated Entity to continue as a going concern.

The Directors have prepared a cash flow forecast, which indicates that the Consolidated Entity will have sufficient cash flows to meet all commitments and working capital requirements for the 12 month period from the date of signing this financial report.

Based on the cash flow forecasts prepared and other factors referred to above the Directors are satisfied the Consolidated Entity can continue to pay its debts as and when they fall due for at least the next twelve months.

Should the Consolidated Entity be unable to continue as a going concern it may be required to realise its assets and extinguish its liabilities other than in the normal course of business and at amounts different to those stated in the financial statements. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or to the amount and classification of liabilities that might result should the Group be unable to continue as a going concern and meet its debts as and when they fall due.

Notes to the Financial Statements (cont.) For the Year Ended 30 June 2025

(c) New and Amended Accounting Policies Adopted by the Company

The Company has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

(d) Exploration and Evaluation Expenditure

Exploration and evaluation expenditure expensed as incurred, with the exception of consideration for the acquisition of projects, which is accumulated in respect of each identifiable area of interest. These costs are only carried forward to the extent that they are expected to be recouped through the successful development of the area or where activities in the area have not yet reached a stage that permits reasonable assessment of the existence of economically recoverable reserves.

Accumulated costs in relation to an abandoned area are written off in full against profit in the year in which the decision to abandon the area is made.

Such expenditure is carried forward up to commencement of production at which time it is amortised over the life of the economically recoverable reserves. All projects are subject to detailed review on an annual basis and accumulated costs written off to the extent that they will not be recoverable in the future.

(e) Cash and Cash Equivalents

Cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. For the statement of cash flows presentation purposes, cash and cash equivalents also includes bank overdrafts, which are shown within borrowings in current liabilities on the statement of financial position.

(f) Trade and Other Payables

Liability for trade creditors and other amounts are carried at amortised cost, which is the fair value of the consideration to be paid in the future for goods and services received, whether or not billed.

(g) Income Tax

Deferred income tax assets are recognised for all deductible temporary differences, carry-forward of unused tax assets and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry-forward of unused tax assets and unused tax losses can be utilised, except:

- Where the deferred income tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

Notes to the Financial Statements (cont.) For the Year Ended 30 June 2025

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Unrecognised deferred income tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply to the financial period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Income taxes relating to items recognised directly in equity are recognised in equity. Deferred tax assets and deferred tax liabilities are offset only if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and liabilities relate to the same taxable entity and the same tax authority.

(h) Impairment of Assets

At the end of each reporting period, the Directors assesses whether there is any indication that an asset may be impaired. The assessment will include the consideration of external and internal sources of information including dividends received from subsidiaries, associates or jointly controlled entities deemed to be out of pre-acquisition profits. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Accounting Standard.

Any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Impairment testing is performed annually for goodwill, intangible assets with indefinite lives and intangible assets not yet available for use.

(i) Goods and Services Tax ('GST')

Revenues, expenses and assets are recognised net of the amount of GST except:

- Where the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the statement of financial position.

Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority, are classified as operating cash flows.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

Notes to the Financial Statements (cont.) For the Year Ended 30 June 2025

(j) Employee Benefits

Provision is made for the Company's obligation for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Company's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Company's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

(k) Critical Accounting Estimates and Judgments

The Directors evaluate estimates and judgments incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company. In the opinion of the Directors, there are no critical accounting estimates or judgments in this financial report. The judgements, estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities (refer to the respective notes) within the next financial period are discussed below.

Impairment of exploration and evaluation assets

The ultimate recoupment of the value of exploration and evaluation assets is dependent on the successful development and commercial exploitation, or alternatively, sale, of the exploration and evaluation asset. A review of impairment indicators is carried out on a regular basis. There is significant estimation and judgement in assessing impairment indicators.

The key areas of judgement and estimation include:

- Recent exploration and evaluation results and resource estimates;
- Environmental issues that may impact on the underlying tenements;
- Fundamental economic factors that have an impact on the planned operations and carrying values of assets and liabilities.

Carrying Value of Exploration and Evaluation Assets

The Company assessed the carrying value of its exploration expenditure for indicators of impairment and concluded that impairment testing of the project was not required.

Notes to the Financial Statements (cont.) For the Year Ended 30 June 2025

Income tax

The Company is subject to income taxes in the jurisdiction in which it operates. Significant judgement is required in determining the provision for income tax. There are many transactions and calculations undertaken during the ordinary course of business for which the ultimate tax determination is uncertain. The Company recognises liabilities for anticipated tax audit issues based on the Company's current understanding of the tax law. Where the final tax outcome of these matters is different from the carrying amounts, such differences will impact the current and deferred tax provisions in the period in which such determination is made.

Recovery of deferred tax assets

Deferred tax assets are recognised for deductible temporary differences only if the Company considers it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Share-based payment transactions

The Company measures the cost of equity-settled transactions by reference to the fair value of the equity instruments at the date at which they are granted. The fair value is determined by using either the Binomial or Black-Scholes model taking into account the terms and conditions upon which the instruments were granted. The accounting estimates and assumptions relating to equity-settled share-based payments would have no impact on the carrying amounts of assets and liabilities within the next annual reporting period but may impact profit or loss and equity. Refer to Note 12 for further information.

Environmental laws and regulations

The Company's mining and exploration activities are subject to various laws and regulations governing the protection of the environment. The Company recognises management's best estimate for assets retirement obligations and site rehabilitations in the period in which they are incurred.

(I) Reserves

Share-based payments reserve

The share-based payments reserve includes the share-based payment expense relating to all equity settled share-based payments. If the share-based payment relates to the provision of shares, once the shares are fully vested, the Group's policy is to transfer the related amount to retained earnings. Where a share-based payment relates to an option, the related amount will only be transferred to retained earnings when the options are exercised or expired. Refer to note 12(a).

Foreign currency translation reserve

This reserve contains the translation differences that arise from the translation of the foreign controlled entities of the Group into the presentation currency for consolidation. In addition, cumulative gains or losses associated to net investment hedges are recognised in this reserve. When the Group loses control of the foreign entity, the amounts in this reserve will be recognised in profit or loss. Refer to note 12(b).

Notes to the Financial Statements (cont.) For the Year Ended 30 June 2025

(m) Principles of Consolidation Subsidiaries

The Group financial statements consolidate those of Bindi Metals Limited ("Parent"), and all of its subsidiaries as of 30 June 2025. The Parent controls a subsidiary if it is exposed, or has rights, to variable returns from its involvement with the subsidiary and has the ability to affect those returns through its power over the subsidiary.

All transactions and balances between Group companies are eliminated on consolidation, including unrealised gains and losses on transactions between Group companies. Amounts reported in the financial statements of subsidiaries have been adjusted where necessary to ensure consistency with the accounting policies adopted by the Group.

Profit or loss and other comprehensive income of subsidiaries acquired or disposed of during the year are recognised from the effective date of acquisition, or up to the effective date of disposal, as applicable.

Subsidiaries are accounted for in the Parent financial statements at cost. A list of controlled entities is contained in Note 19 to the financial statements. All subsidiaries have a 30 June financial year end.

3. Segment Information

The Company has identified its operating segments based on the internal reports that are used by the Board (the chief operating decision makers) in assessing performance and in determining the allocation of resources. The operating segments are identified by the Board based on the phase of operation within the mining industry, being mineral exploration. The Company operates in three geographical segments, being Australia, Serbia and Canada.

The adoption of this "management approach" has resulted in the identification of reportable segments during the year ended 30 June 2025.

	Canada	Australia	Serbia	Corporate	Total
30 June 2025					
Segment revenue	-	-	-	44,536	44,536
Segment loss	(7,114)	(272,614)	(50,452)	(733,236)	(1,063,416)

Notes to the Financial Statements (cont.) For the Year Ended 30 June 2025

4. Income Tax Expense

	30 June 2025 \$	30 June 2024 \$
(a) Major component of tax expense for the period:		
Current tax	-	-
Deferred tax	-	-
Income tax as reported in the statement of comprehensive income	-	-
(b) Reconciliation of income tax expense to prima facie tax payable:		
Loss from continuing operations before income tax expense	(1,063,416)	(1,269,819)
Tax at income tax rate of 25% (2024: 25%)	(265,854)	(317,455)
Increase / (decrease) in income tax due to:		
- Non-deductible expenses	97,943	26,171
- Changes in unrecognised temporary differences	(60,540)	(19,476)
- Unused tax losses not recognised	228,452	310,760
Income tax attributable to operating loss	-	-
(c) Unrecognised deferred tax balances at 25% (2024: 25%)		
<i>Deferred tax assets</i>		
Carry forward revenue losses	1,190,886	981,629
Accruals	4,500	5,250
Capital raising costs	111,704	53,687
	1,307,090	1,040,566
<i>Deferred tax liabilities</i>		
Exploration expenditure	64,849	53,736
Prepayments	5,243	4,626
	70,092	58,362

The amount of tax losses carried forward as at 30 June 2025 amount to \$1,063,416 (2024: \$1,269,819).

Notes to the Financial Statements (cont.) For the Year Ended 30 June 2025

The benefits for deferred tax assets will only be obtained if:

- The Company derives future assessable income in Australia of a nature and of an amount sufficient to enable the benefit from the deductions for the expenditure to be realised;
- The Company continues to comply with the conditions for deductibility imposed by tax legislation in Australia; and
- No changes in tax legislation adversely affect the Company in realising the benefit from the deductions for the expenditure.

5. Loss Per Share

	30 June 2025	30 June 2024
	\$	\$
Basic and diluted loss per share (cents)	(0.02)	(0.04)
Loss for the period used in calculating basic and diluted loss per share	(1,063,416)	(1,269,819)
Weighted average number of ordinary shares used in calculating basic and diluted loss per share	48,122,946	32,124,248

6. Cash and Cash Equivalents

	30 June 2025	30 June 2024
	\$	\$
Cash at bank and on hand	1,559,128	813,226

Cash at bank and on hand earns interest at floating rates based on daily at call bank deposit and savings rates.

7. Trade and Other Receivables

	\$	\$
Movement in Carrying Amount:		
Balance at 1 July 2024	45,162	45,162
Additions	-	-
Depreciation	(7,285)	(7,285)
Balance at 30 June 2025	37,877	37,877

9. Exploration and Evaluation Assets

	30 June 2025	30 June 2024
	\$	\$
Carrying amount at the beginning of the year	738,971	548,362
Exploration assets application – Serbian Lisa Project ⁽ⁱ⁾	280,000	-
Exploration assets acquired – Canadian REE Schryburt Lake ⁽ⁱⁱ⁾	25,767	190,609
Impairment	(47,863)	-
Carrying amount at the end of the year	996,875	738,971

Notes:

- (i) On 19 September 2024 the Company acquired the Lisa Antimony-Gold project and Mutnica Antimony-Copper Project within Tethyan Magmatic belt, Serbia and in line with the terms of the acquisition for the initial consideration, the Company issued 1,000,000 fully paid ordinary shares at \$0.08 per share and \$200,000 cash consideration. Subject to satisfaction of the Lisa conditions precedent within 24 months from the execution date, the company will provide the following deferred consideration to the vendor at Lisa completion
 - a. pay to the vendor A\$200,000 in cash
 - b. issue the vendor 2.5 million shares
- (ii) On 22 August 2023, the Company completed the acquisition of Schryburt Lake REE-Niobium project and in line with the terms of the acquisition, the Company issued 900,000 fully paid ordinary shares and 5,200,000 Performance Rights to the vendors. Refer to Note 12(a) for details on the valuation of the Performance Rights.

The company conducts impairment testing when indicators of impairment are present at the reporting date. The company impaired the value of the performance rights issued as part of the acquisition of Schryburt Lake which expired/lapsed subsequent to the year end on 22 August 2025. At 30 June 2025 the rights were deemed to hold no value as the company assessed there to be 1% probability of vesting. Other than this no such indicators are present at the reporting date..

Notes to the Financial Statements (cont.) For the Year Ended 30 June 2025

10. Trade and Other Payables

	30 June 2025	30 June 2024
	\$	\$
Trade and other payables	16,779	60,096
Accruals	19,596	22,560

Balance as at 30 June 2025	(8,509)	(2,042)

13. Related Party Disclosures

The total of remuneration paid or due to be paid to the Key Management Personnel ('KMP') of the Company during the financial year are as follows:

	30 June 2025 \$	30 June 2024 \$
Directors' fees	183,000	200,734
Post-employment benefits	13,455	16,801
Consulting fees ⁽ⁱ⁾	17,635	49,580
Share-based payments (Note 12(a))	177,615	85,825
Total remuneration paid	391,705	352,940

(i) Consulting fees paid to HRG Consulting Pty Ltd, of which Mr Renou is a Director, for geological services rendered during the year.

Other transactions with Key Management Personnel

No loans have been made to any KMP or any of their related parties during the 2025 financial year.

CPS Capital Group Pty Ltd, a company Mr King is a director of, received \$61,500 for capital raising costs in 2025 (2024:nil).

There were no further transactions with KMPs including their related parties other than those disclosed above.

Notes to the Financial Statements (cont.) For the Year Ended 30 June 2025

14. Financial Instruments

Financial risk management objectives

The Company's principal financial instruments comprise receivables, payables and cash which arise directly from its operations.

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework. Management monitors and manages the financial risks relating to the operations of the Company through regular reviews of the risks.

The main risks arising from the Company's financial instruments are market risk, liquidity risk, and credit risk. The Board reviews and agrees policies for managing each of these risks and they are summarised below.

Risk Exposures and Responses

Market Risk

Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or the fair value of financial instruments.

The Company generates income from interest on surplus funds. At reporting date, the Company had the following mix of financial assets and liabilities exposed to Australian variable interest rate risk that are not designated in cash flow hedges:

Interest rate sensitivity analysis

The Company has no material interest rate risk.

	30 June 2025 \$	30 June 2024 \$
Financial assets		
Cash and cash equivalents	1,559,128	813,226
Trade and other receivables	42,266	42,331
Net exposure	1,601,394	855,557
Financial liabilities		
Trade and other payables	36,376	82,656
Net exposure	36,376	82,656

Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Company. The Company's potential concentration of credit risk consists mainly of cash deposits with banks. The Company's short term cash surpluses are placed with banks that have investment grade ratings. The maximum credit risk exposure relating to the financial assets is represented by the carrying value as at the reporting date. The Company considers the credit standing of counterparties when making deposits to manage the credit risk.

Liquidity risk

The responsibility with liquidity risk management rests with the Board of Directors. The Company manages liquidity risk by monitoring forecast cash flows and ensuring that adequate working capital is maintained. The Company's policy is to ensure that it has sufficient cash reserves to carry out its planned exploration activities over the next 12 months.

Fair values

Fair values of financial assets and liabilities are equivalent to carrying values due to their short terms to maturity.

Notes to the Financial Statements (cont.) For the Year Ended 30 June 2025

15. Capital and Other Commitments

In order to maintain the current rights to its Queensland exploration tenements, the Company is required to perform minimum exploration requirements specified by the Department of Mines and Petroleum:

	30 June 2025 \$	30 June 2024 \$
Within 1 year	177,000	188,000
Between 2 and 5 years	434,000	487,000
More than 5 years	-	-
Total	611,000	675,000

16. Events after Reporting Date

On 22 August 2025 2,000,000 Class A and B performance rights, (1,000,000 each class) expired before vesting and were cancelled.

The Company has no other matters or circumstances that have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the Company, the results of those operations, or the state of affairs of the Company in future financial years.

17. Contingent Assets and Liabilities

During the period, Bindi granted the vendor 1% net smelter royalty on copper, silver, gold and accompanying elements extracted from the Donja Mutnica tenements as part of the consideration for the acquisition of the Lisa Antimony – Gold Project and Mutnica Antimony – Copper Project

In the opinion of the Directors there were no contingent assets or liabilities as at 30 June 2025.

18. Cashflow Information

	30 June 2025 \$	30 June 2024 \$
Reconciliation from the net loss after tax to the net cash flows from operations		
Net loss for the year		(1,269,819)
<i>Non-cash</i>		
Share-based payments expense		85,825
Depreciation		6,206
<i>Changes in assets and liabilities:</i>		
Trade and other receivables		20,398
Trade and other payables		(263,053)
Net cashflows used in operating activities		(1,420,443)

Notes to the Financial Statements (cont.) For the Year Ended 30 June 2025

19. Interest in Controlled Entities

The consolidated financial statements incorporate the assets, liabilities and the results of the following subsidiaries in accordance with the accounting policy described in Note 2:

Directors' Declaration For the Year Ended 30 June 2025

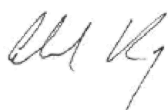

In accordance with a resolution of the Directors of Bindi Metals Limited, I state that:

In the opinion of the Directors:

- (a) the financial statements and notes are in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the Consolidated Entity's financial position as at 30 June 2025 and of its performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards, International Financial Reporting Standards as issued by the International Accounting Standards Board and *Corporations Regulations 2001*.
- (b) There are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
- (c) The information disclosed in the attached consolidated entity disclosure statement is true and correct.

This declaration has been made after receiving the declarations required to be made to the Directors in accordance with section 295A of the *Corporations Act 2001*.

Signed in accordance with a resolution of the Board of Directors:

Ariel (Eddie) King
Non-Executive Chairman

Dated this 24th day of September 2025

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF BINDI METALS LIMITED

Report on the Audit of the Financial Report

Opinion

We have audited the financial report of Bindi Metals Limited ("the Company") and its subsidiaries ("the Consolidated Entity"), which comprises the consolidated statement of financial position as at 30 June 2025, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information, the consolidated entity disclosure statement and the director's declaration.

In our opinion:

- a. the accompanying financial report of the Consolidated Entity is in accordance with the *Corporations Act 2001*, including:
 - (i) giving a true and fair view of the Consolidated Entity's financial position as at 30 June 2025 and of its financial performance for the year then ended; and
 - (ii) complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Consolidated Entity in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 2(b) in the financial report, which indicates that the Consolidated Entity incurred a net loss of \$1,063,416 during the year ended 30 June 2025. As stated in Note 2(b), these events or conditions, along with other matters as set forth in Note 2(b) indicate a material uncertainty exists that may cast significant doubt on the Consolidated Entity's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How our audit addressed the Key Audit Matter
<p>Exploration and evaluation</p> <p>Exploration and evaluation expenditure is expensed as incurred, with the exception of acquisition costs which are capitalised.</p> <p>As disclosed in note 9 to the financial statements, as at 30 June 2025, the Consolidated Entity's exploration expenditure was carried at \$996,875, with a further \$317,225 expensed during the year.</p> <p>The recognition of exploration and evaluation was considered a key audit matter due to:</p> <ul style="list-style-type: none"> • The carrying value represents a significant asset of the Consolidated Entity, we considered it necessary to assess whether facts and circumstances existed to suggest whether an impairment event has occurred; and • Determining whether impairment indicators exist involves significant judgement. 	<p>Our audit procedures included but were not limited to:</p> <ul style="list-style-type: none"> • Assessing management's determination of its areas of interest for consistency with the definition in AASB 6 Exploration and Evaluation of Mineral Resources ("AASB 6"); • Assessing the Consolidated Entity's rights to tenure for a sample of tenements; • Testing the Consolidated Entity's exploration costs for the year by verifying a sample of recorded expenditure for consistency to underlying records; • By testing the status of the Consolidated Entity's tenure and planned future activities, reading board minutes and discussions with management we assessed each area of interest for one or more of the following circumstances that may indicate impairment of the capitalised exploration costs: <ul style="list-style-type: none"> ○ The licenses for the rights to explore expiring in the near future or are not expected to be renewed; ○ Substantive expenditure for further exploration in the area of interest is not budgeted or planned; ○ Decision or intent by the Company to discontinue activities in the specific area of interest due to lack of commercially viable quantities of resources; and ○ Data indicating that, although a development in the specific area is likely to proceed, the carrying amount of the exploration asset is

Key Audit Matter	How our audit addressed the Key Audit Matter
	<p>unlikely to be recorded in full from successful development or sale.</p> <ul style="list-style-type: none"> Assessing the appropriateness of the related disclosures in the financial statements.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Consolidated Entity's annual report for the year ended 30 June 2025, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon, with the exception of the remuneration report and our related assurance opinion.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error, and the consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Consolidated Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Consolidated Entity or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Consolidated Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Consolidated Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Consolidated Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Consolidated Entity to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Consolidated Entity audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included in the directors' report for the year ended 30 June 2025.

In our opinion, the Remuneration Report of the Company, for the year ended 30 June 2025, complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the remuneration report in accordance with s 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the remuneration report, based on our audit conducted in accordance with Australian Auditing Standards.
