CHAIRMAN'S LETTER

Dear Shareholders,

In the past year the Company's sharp focus has been on developing its main project in Madagascar and bringing to hearing its long running dispute with the Republic of Ghana.

After reviewing options to advance the Soalara Limestone Project in Madagascar to a revenue earning asset, the Company is currently in discussions with potential Joint Venture partners to develop and bring the project to an operational stage.

On 23 December 2024 the Company filed its full Memorial outlining its Claim against Ghana, including witness statements and independent expert reports, specifying damages of ~USD 277m (~AUD 443m) as determined by the independent experts. This was achieved without external funding, allowing the Company to progress the case significantly and reduce the cost of any litigation funding going forward.

By 17 January 2025 the Tribunal found that the Cassius challenge to remove Prof. Oppong who was Ghana's nominated Tribunal Member to be justified and admissible, finding that the overall circumstances gave rise to reasonable cause to doubt the arbitrator's independence or impartiality. At the Tribunal's invitation, Prof. Oppong decided to voluntarily step aside.

Most significant of all is that the venue for the final hearing of the arbitration proceedings will be at the Peace Palace at The Hague in the Netherlands. The hearing is set down for 15-19 June 2026 after which time the Tribunal will hand down its Final Award.

I wholeheartedly thank shareholders for their unwavering support and look forward towards developing our Soalara limestone project and conclusion of the Arbitration against Ghana.

Yours truly,

James Arkoudis Chairman

SOALARA LIMESTONE PROJECT, MADAGASCAR - 100% owned

Soalara holds a JORC Mineral Resource Estimate (MRE) of 340 to 440 Mt of high 97% purity Limestone (Figs 1 & 2), depending on the application of a selective or bulk mining method. The current MRE has the potential to be significantly increased in size with further coring, being open the north, south and at 100m depth.

During FY 2025 Cassius initiated plans to target commercial development of the Soalara project to generate earliest future revenue from the asset, as the preferred alternative to additional coring to further increasing the already substantial size of the high purity

Fig 1 - Soalara Limestone Core - High purity @ 97% Calcium Carbonate

Fig 2 - High purity Soalara Limestone core

Consequently, an experienced 3rd party based in Madagascar was commissioned to identify prospective mining and offtake partners interested in developing the project through a JV agreement with Cassius.

Discussions continue to progress with various international groups interested in the high quality of the Soalara Limestone, each being involved in cement manufacture and infrastructure development.

About the SOALARA LIMESTONE PROJECT

Soalara's JORC resource is a near horizontal elevated sequence of Limestones forming a coastal escarpment. The shallow nature of the asset, with only ~1.5m of overburden, allows a very low stripping ratio for highly cost-effective open pit mining (Fig 3).

Fig 3 - Example Surface Miner - Limestone row cutting

The Project's absolute coastal location directly adjacent to Soalara township (Fig 4), with close proximity to Toliara port and the national road network (Fig 5) supports cost effective logistics options for a future mining operation to transport high purity Limestone to domestic or international markets, including to existing cement production facilities in the Soalara region.

Fig 4 – Soalara Limestone Escarpment (from adjacent coastal township)

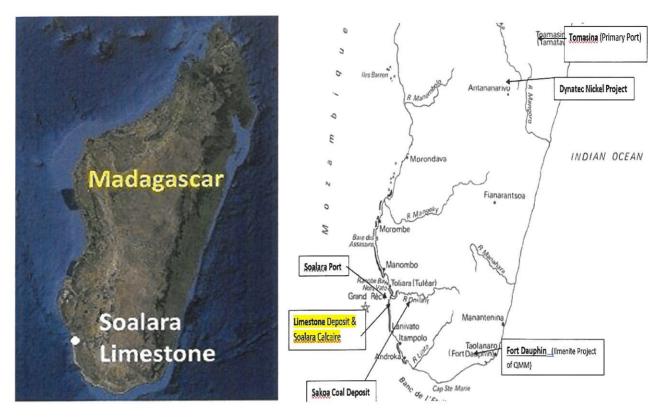

Fig 5 - Soalara Project location ~30kms South of Toliara port with close accessibility to the National Road network

A JORC Mineral Resource estimate of substantial size and quality is held by the Soalara Project:

- > 340 Mt of high 97% purity Limestone at 95.7% cut-off, using a bulk mining application, with 100 Mt (Indicated) and 240 Mt (Inferred), or
- > 440 Mt of high 97% purity Limestone at 95.3% cut-off, using a selective mining application, with 130 Mt (Indicated) and 310 Mt (Inferred)

VISION 2030 PROJECT - SAUDI ARABIA

One of Saudi Arabia's primary support pillars in its VISION 2030 project is the opening up of the mineral exploration sector in the Kingdom to unlock critical mineral resources.

There is a growing presence of experienced service providers in country, international and local, not only in the fields of exploration and geology but also significantly in investment and financial support.

Cassius continues to monitor and evaluate new license releases by the Kingdom where there may be sufficient interest to tender, primarily in gold exploration. However the Company has not yet elected to participate in the tender rounds.

GHANA - INTERNATIONAL ARBITRATION

On 3 February 2023 Cassius Mining Ltd's (ASX:CMD) wholly owned Ghanaian subsidiary (Cassius Mining Ltd, "Cassius" or "the Company") commenced international arbitration against the Government of the Republic of Ghana ("Ghana") seeking damages in excess of USD 275 million as a consequence of Ghana's breaches of contract and statute. The Company continues to progress the case in international arbitration as follows:

23 December 2024 – Cassius filed its full Memorial outlining its Claim against Ghana, including witness statements and independent expert reports, specifying damages of ~USD 277m (~AUD 443m¹) as determined by the independent experts.

¹ Based on ~0.625 USD:AUD f/ex rate @ 23 December 2024

- > 17 January 2025 the Tribunal found that the Cassius challenge to remove Prof. Oppong was justified and admissible, finding that the overall circumstances gave rise to reasonable cause to doubt the arbitrator's independence or impartiality. At the Tribunal's invitation, Prof. Oppong decided to voluntarily step aside.
- > 19 February 2025 the parties agreed that the venue for the final hearing of the arbitration proceedings will be at the Peace Palace in The Hague in the Netherlands. The hearing is set down for 15-19 June 2026.
- > 21 February 2025 Ghana appointed a replacement arbitrator.
- 2 June 2025 the Tribunal was formally reconstituted.

Next Steps

In anticipation of Ghana's Defense Memorial being received, Cassius remains in negotiations to finalise third party funding arrangements, with the target to secure more attractive terms as funding requirements continue to reduce while the arbitration progresses. This would reduce any future funding costs to be paid by Cassius to a third party funder, to the significant benefit of all shareholders, in the event of an award or settlement successfully won by the Company.

CHENENE LITHIUM PROJECT, TANZANIA - 100% owned

The Company holds 4 contiguous exploration licenses covering ~300 kms² area within ~40 kms of the capital city of Dodoma, with easy access via the nearby main road north from Dodoma.

Pegmatites are hosted in the metamorphosed rocks in a ~35km long belt, with the primary target being Dulu in PL 11921 hosting Lithium-bearing pegmatites, along with significant associated Caesium and Tantalum.

Cassius continued to follow its plan to sell the Project, having engaged the services of an external agent to assist in this process.

Competent Person Statement - Soalara MRE

The information in this statement that relates to Mineral Resource Estimates is based on information compiled by Arnold van der Heyden, a Member and Chartered Professional (Geology) of the AusIMM. Mr van der Heyden is a full-time employee of H&S Consultants Pty Ltd. Mr van der Heyden has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves". Mr van der Heyden consents to the inclusion in this Announcement of the matters based on his information in the form and context in which it appears.

Previously Released Information

Cassius confirms it is not aware of any new information or data that materially affects the information included in the original market announcements, and, in the case of the Soalara JORC Resource, that all material assumptions and technical parameters underpinning the JORC Resource in the relevant market announcements continue to apply and have not materially changed. Cassius confirms that the form and context in which the Competent Person's findings presented have not been materially modified from the original market announcements.

CORPORATE GOVERNANCE STATEMENT

In recognising the need for the highest standards of corporate behaviour and accountability, the directors of Cassius Mining Limited ("the Company") have adhered to the principles of corporate governance and this statement outlines the main corporate practices in place throughout the financial year. The ASX Corporate Governance Council has released revised Corporate Governance Principles and Recommendations – 4th Edition. Having regard to the size of the Company and the nature of its enterprise, it is considered that the Company complies as far as possible with the spirit and intentions of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations as set out below. Unless otherwise stated, the practices were in place for the entire year.

1. Board of Directors

The Board of Directors of the Company is responsible for the corporate governance of the Company. The Board guides and monitors the business and affairs of the Company on behalf of the shareholders by whom they are elected and to whom they are accountable.

As the Board acts on behalf of shareholders, it seeks to identify the expectations of shareholders, as well as other ethical expectations and obligations. In addition, the Board is responsible for identifying areas of significant business risk and ensuring arrangements are in place to adequately manage those risks.

The primary responsibilities of the Board include:

- formulation and approval of the strategic direction, objectives and goals of the Company;
- · monitoring the financial performance of the Company, including approval of the Company's financial statements;
- ensuring that adequate internal control systems and procedures exist and that compliance with these systems and procedures is maintained;
- the identification of significant business risks and ensuring that such risks are adequately managed;
- the review of performance and remuneration of executive directors; and
- the establishment and maintenance of appropriate ethical standards.

The responsibility for the operation and administration of the Company is carried out by the directors, who operate in an executive capacity, supported by senior professional staff. The Board ensures that this team is suitably qualified and experienced to discharge its responsibilities and assesses on an ongoing basis the performance of the management team, to ensure that management's objectives and activities are aligned with the expectations and risks identified by the board.

The names of directors in office at any time during or since the end of the year are:

Director	Appointed	Resigned
W Kernaghan	30 June 2005	=
J Arkoudis	31 October 2014	. .
D Chidlow	8 June 2017	-

For information in respect to each director refer to the directors' report.

2. Independent Directors

ASX guidelines recommend that the majority of the board should be independent directors. The Company has been in compliance with this recommendation for the full year.

3. Board Composition

When the need for a new director is identified, selection is based on the skills and experience of prospective directors, having regard to the present and future needs of the Company. Any director so appointed must then stand for election at the next Annual General Meeting of the Company.

CORPORATE GOVERNANCE STATEMENT

4. Terms of Appointment as a Director

The constitution of the Company provides that a director other than the Managing Director may not retain office for more than three calendar years or beyond the third Annual General Meeting following his or her election, whichever is longer, without submitting for re-election. One third of the directors must retire each year and are eligible for re-election. The directors who retire by rotation at each Annual General Meeting are those with the longest length of time in office since their appointment or last election.

5. Board Committees

(a) The Remuneration Committee

The Company did not have a Remuneration Committee for the year ended 30 June 2025. This was because the Company had decided in prior years that the functions of the remuneration committee would be conducted by the full board.

(b) The Audit Committee

The Company did not have an Audit Committee for the year ended 30 June 2025. This was because the Company had decided in prior years that the functions of the audit committee would be conducted by the full board.

6. Remuneration

Remuneration and other terms of employment of executives, including executive directors, are reviewed periodically by the Board having regard to performance, relevant comparative information and, where necessary, independent expert advice. Remuneration packages are set at levels that are intended to attract and retain executives capable of managing the Company's operations.

The terms of engagement and remuneration of executive directors is reviewed periodically by the Board. Where the remuneration of a particular executive director is to be considered, the director concerned does not participate in the discussion or decision-making.

7. Conflict of Interest

The directors must keep the Company informed, on an ongoing basis, of any interest that could potentially conflict with those of the Company. Where the Board believes a significant conflict exists, the director concerned does not receive the relevant board papers and is not present at the meeting whilst the item is considered.

8. Independent Professional Advice

Directors have the right, in connection with their duties and responsibilities as directors, to seek independent professional advice at the Company's expense. Prior approval of the Chairman is required, which will not be unreasonably withheld.

9. Code of Conduct

In view of the size of the Company and the nature of its activities, the Board has considered and adopted a code of conduct which is appropriate to guide executives, management and employees in carrying out their duties and responsibilities.

10. Diversity Policy

The Company has not established a diversity policy. There are currently no women on the board of the Company or in senior management roles. This will be reviewed in accordance with the next review of the Board's skills and requirements.

11. Make Timely and Balanced Disclosures

The Board has in place written policies and procedures to ensure the Company complies with its obligations under the continuous disclosure rule 3.1 and other ASX Listing Rule disclosure requirements.

CORPORATE GOVERNANCE STATEMENT

12. Communication to Market & Shareholders

The Board of Directors aims to ensure that the shareholders, on behalf of whom they act, are informed of all information necessary to assess the performance of the directors and the Company. Information is communicated to shareholders and the market through:

- the Annual Report which is available to all shareholders;
- · other periodic reports which are lodged with ASX and available for shareholder scrutiny;
- other announcements made in accordance with ASX Listing Rules;
- special purpose information memoranda issued to shareholders as appropriate;
- · the Annual General Meeting and other meetings called to obtain approval for board action as appropriate; and
- · the Company's website.

13. Share Trading

Dealings are not permitted at any time whilst in the possession of price sensitive information not already available to the market. In addition, the *Corporations Act 2001* prohibits the purchase or sale of securities whilst a person is in possession of inside information.

14. External Auditors

The external auditor is A D Danieli Audit Pty Ltd. The external auditor is invited to attend the Annual General Meeting and is available to answer shareholder questions about the conduct of the audit and the preparation and content of the auditor's report.

Details of the Company's corporate governance practices can be viewed at www.cassiusmining.com.

Your Directors submit their report together with the financial statements of the Group, being the Company and its controlled entities, for the financial year ended 30 June 2025.

Directors

The names of directors in office at any time during or since the end of the year are:

Director	Appointed	Resigned
W Kernaghan	30 June 2005	<u>u</u>
J Arkoudis	31 October 2014	ŭ
D Chidlow	8 June 2017	=

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

Information on Current Directors

James Arkoudis Independent Executive Director, Chief Executive Officer

Mr Arkoudis boasts over twenty years commercial experience as a solicitor until 2013. Most recently he has developed an expertise in the mining Law and administrative practice of the mining sector in the Republic of Ghana. Mr Arkoudis also has wide experience in litigation matters including matters involving mining companies. Mr Arkoudis has also previously been a director of an ASX Listed mining Company.

During the past three years Mr Arkoudis was a director of Gladiator Resources Limited from 19 July 2022 to 7 August 2023.

David Chidlow Independent, Non-Executive Director, Technical Director

Mr Chidlow has an Honours degree in Geology from Southampton University, England, and over 35 years' experience in resource exploration and development. The focus of David's career has been providing specialised professional services for developing major resources projects globally. David has worked in some of the harshest conditions in the industry including the Southern Highlands of Papua New Guinea, the Libyan Desert, Kuwait, and North Sea oil rigs.

David's expertise in project management and ability to deliver major projects are extremely well regarded in the resources industry, having been head hunted on several occasions for significant projects. Most recently, David was engaged as an expert consult by ExxonMobil to oversee and deliver key components of ExxonMobil's LNG Hides Project in PNG.

During the past three years Mr Chidlow was a director of Gladiator Resources Limited from 19 July 2022 to 7 August 2023.

Wayne John Kernaghan B.Bus, ACA, FAICD, FCIS Non-Executive Director and Company Secretary

Wayne Kernaghan is a member of the Institute of Chartered Accountants in Australia with over 30 years' experience in various areas of the mining industry. He is a Fellow of the Australian Institute of Company Directors and a Chartered Secretary. During the past three years Mr Kernaghan has held and is currently a director of Cullen Resources Limited from 11 November 1997.

Directors' Interests

Directors' interests in the shares and options of the company were:

	D	irect	Indirect		
Director	Shares	Various Options	Shares	Various Options	
W Kernaghan	4,000,000	3,000,000	19,910,834	=	
J Arkoudis	_	2	22,588,708	3,000,000	
D Chidlow	2,230,000		32,761,034	3,000,000	

Principal Activities

The principal activities of the Group during the financial year were mining and mineral exploration and seeking mining exploration opportunities. There was no significant change in the nature of the Group's principal activities during the financial year.

Review & Results of Operations

Cassius Mining Limited ("Cassius") is involved in mining and mineral exploration. The net loss after providing for income tax amounted to \$ 2,961,733 (2024: \$1,506,649).

During the year exploration work was carried out on its Soalara Limestone Project in Madagascar.

Dividends Paid or Recommended

The directors do not recommend the payment of a dividend for this financial year. No dividend has been declared or paid by the Company since the end of the previous financial year.

Financial Position

The net assets of the Group have decreased by \$1,453,416 to \$1,446,932 at 30 June 2025.

Future Developments, Prospects & Business Strategies

Cassius is committed to exploring and developing its existing exploration properties and looking for other opportunities.

Environmental Issues

The exploration and mining activities of the Group in Madagascar are subject to environmental regulation under the laws of Madagascar. The environmental laws and regulations in Madagascar address the impact of the consolidated entity's activities in the areas of water and air quality, noise, surface disturbance and impact on flora and fauna. The directors are not aware of any environmental matter which would have a materially adverse impact on the overall business of the Group.

Significant Changes in State of Affairs

In the opinion of the directors there were no significant changes in the state of affairs of the consolidated entity that occurred during the financial year, not otherwise disclosed in this report or the consolidated accounts.

After Balance Sheet Date Events

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors of Cassius Mining Limited, to affect the operations of the Group, the results of those operations or the state of affairs of the consolidated entity in the subsequent financial years other than:

- At a General Meeting held on 11 July 2025 shareholders approved:
 - The issue of 13,380,000 shares in the company in lieu of director fees and superannuation for the year ended 30 June 2025. The shares were issued on 22 July 2025 at an issue price of \$0.015 per share.
 - The issue of 3,333,333 shares in the company at an issue price of \$0.015 per share to two directors on the same terms as the placement on 16 April 2025 raising \$50,000. Mr Chidlow was issued with 2,333,333 shares and Mr Kernaghan was issued with 1,000,000 shares on 4 August 2025.
 - The issue of 20 convertible notes of \$10,000 each to Mr Chidlow on 10 August 2025.

Directors' Meetings

The number of Directors' Meetings of Cassius Mining Limited held during the financial year ended 30 June 2025 and the number of meetings attended by each director are as follows:

Directors Meetings

Name	Eligible to	
	Attend	Attended
W Kernaghan	4	4
J Arkoudis	4	4
D Chidlow	4	4

^{*} There are no audit or remuneration committees as the full Board carried out the duties of these committees.

As well as formal directors' meetings, executive and non-executive directors are in frequent communication.

Options

At the date of this report the Company had 24,000,000 and at 30 June 2025 the Company had 24,000,000 (2024: 24,000,000) unlisted options on issue over unissued ordinary shares.

During the year nil (2024: nil) fully paid ordinary shares were issued by virtue of the exercise of options. Since the end of the financial year nil (2024: nil) shares have been issued by virtue of the exercise of options.

During the year nil (2024: nil) unlisted options exercisable at \$0.06 expiring 16 June 2026 were issued.

During the year nil (2024: 9,000,000) unlisted options exercisable at \$0.06 expiring 30 November 2026 were issued.

During the year nil (2024: 5,000,000) unlisted options exercisable at \$0.08 expiring 5 February 2027 were issued.

Remuneration Report (Audited)

This report details the nature and amount of remuneration for each director of Cassius Mining Limited.

Remuneration Policy

The remuneration policy of Cassius Mining Limited has been designed to align director objectives with shareholder and business objectives by providing a fixed remuneration component and offering specific long-term incentives based on key performance areas affecting the consolidated group's financial results. The board of Cassius Mining Limited believes the remuneration policy to be appropriate and effective in its ability to attract and retain the best executives and directors to run and manage the consolidated group as well as create goal congruence between directors and shareholders.

Company Performance, Shareholders' Wealth & Director Remuneration

The remuneration policy, setting the terms and conditions for the executive directors was developed by the board. All executives receive a base salary (which is based on factors such as length of service and experience), options and incentives. The board reviews executive packages annually by reference to comparable information from industry sectors and other listed companies in similar industries.

The board policy is to remunerate non-executive directors at market rates for comparable companies for time, commitment and responsibilities. The board determines payments to the non-executive directors and reviews their remuneration annually, based on market practice, duties and accountability. Independent external advice is sought when required. The maximum aggregate amount of directors' fees that can be paid to non-executive directors is subject to approval by shareholders at the Annual General Meeting. Non-Executive Directors' fees are not linked to the performance of the Company.

During the year no remuneration was based on any performance conditions, including Company or personal performance.

To align directors' interests with shareholder interests, the directors are encouraged to hold shares in the Company.

Compensation Practices

The board's policy for determining the nature and amount of compensation of key management for the Company is:

The remuneration for executive officers, including executive directors is based on a number of factors, including length of service, particular experience of the individual concerned, and overall performance of the Company. There are no formal written contracts in place, and normal employment arrangements are adhered to. Upon retirement, specified directors and executives are paid employee benefit entitlements accrued to the date of retirement. Any options not exercised before or on the date of termination lapse.

Key Management Personnel Remuneration

The remuneration for each director received during the year was as follows:

Director 2025	Short Term Directors Fees	Short Term Consulting Fees/Salary	Termination Payment	Post Employment Superannuation	Share Based Payments	Total	Performance Related
	\$	\$	\$	\$	\$	\$	%
W Kernaghan	60,000	-		6,900		66,900	(B.I

W Kernaghan	60,000		-	6,600	8,220	74,820	7=1
J Arkoudis	60,000	1 	-	6,600	8,220	74,820	=
D Chidlow		66,600	1.70	-	8,220	74,820	1 7.
	120,000	66,600	_	13,200	24,660	224,460	*

Options Granted as Part of Remuneration for the Year Ended 30 June 2025

There were nil options granted as part of remuneration for the year ended 30 June 2025 (2024: 9,000,000. The options are exercisable at \$0.06 with an expiry date of 30 November 2026.

Corporate Governance

In recognising the need for the highest standard of corporate behaviour and accountability, the directors of Cassius Mining Limited support and adhere to the principles of good corporate governance. The Company's corporate governance statement can be found on pages 8 to 10.

Indemnification and Insurance of Directors and Officers

The Company has entered into deeds of indemnity with the Directors indemnifying them against certain liabilities and costs to the extent permitted by law. The Company has paid premiums totaling \$16,585 (2024: \$17,560) in respect of Directors and Officers Liability Insurance and Company reimbursement policies, which covers all Directors and Officers of the Company. The policy conditions preclude the Company from any detailed disclosures.

Proceedings on Behalf of Company

No person has applied for leave of Court to bring proceedings on behalf of the Company or intervene in any proceedings to which the Company is a party for the purpose of taking responsibility on behalf of the Company for all or any part of those proceedings.

The Company was not a party to any such proceedings during the year.

Non-Audit Services

The Board of Directors is satisfied that the provision of non-audit services during the year is compatible with the general standard of independence for auditors imposed by the Corporations Act 2001. The directors are satisfied that the services disclosed did not compromise the external auditors' independence for the following reasons:

- all non-audit services are reviewed and approved by the board prior to commencement to ensure they do not adversely affect the integrity and objectivity of the auditor; and
- the nature of the services provided does not compromise the general principles relating to auditor independence in accordance with APES 110: Code of Ethics for Professional Accountants set by the Accounting Professional and Ethical Standards Board. Fees payable to A D Danieli Pty Ltd an associated entity of A D Danieli Audit Pty Ltd are disclosed in Note 12.

Auditor's Independence Declaration

The lead auditor's independence declaration for the year ended 30 June 2025 has been received and can be found on page 16.

The Directors' Report, incorporating the Remuneration Report is signed in accordance with a resolution of the Board of Directors:

1. Summary of Material Accounting Policies

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards including Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001.

The financial statements include the consolidated entity consisting of Cassius Mining Limited and its subsidiaries. The parent entity Cassius Mining Limited is a public listed Company incorporated and domiciled in Australia.

The financial statements of the consolidated entity consisting of Cassius Mining Limited and its controlled entities comply with all International Financial Reporting Standards (IFRS) in their entirety.

The following is a summary of the material accounting policies adopted by the consolidated group in the preparation of the financial statements. The accounting policies have been consistently applied, unless otherwise stated.

Basis of Preparation

The accounting policies set out below have been consistently applied to all years presented.

Reporting Basis and Conventions

The financial statements have been prepared using the accrual basis of accounting and are based on historical cost modified where applicable by the measurement at fair value of selected non-current assets, financial assets and liabilities.

New and Revised Accounting Standards and Interpretations

Cassius Mining Limited and its subsidiaries have adopted all new and amended Accounting Standards and Interpretations which were applicable as of 1 July 2024.

Adoption of these new Standards and Interpretations did not have any effect on the financial position or performance of the consolidated entity.

Cassius Mining Limited and its controlled entities have not early adopted any other standards or amendments that are issued but not yet effective.

Going Concern

The accounts have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and liabilities in the normal course of business.

For the year ended 30 June 2025, the Group incurred a net loss of \$2,961,733 (2024: \$1,506,649), including significant operating and exploration-related expenditure. As at 30 June 2025, the Group had net assets of \$1,446,932 (2024: \$2,900,348), including cash and cash equivalents of \$243,819 (2024: \$608,856).

The Group's ability to continue as a going concern is dependent on its ability to secure additional funding to support its exploration and development activities, including its flagship Soalara Limestone Project in Madagascar and its licences in Tanzania. While the Group has made progress on strategic initiatives—including potential joint ventures, royalty agreements, and litigation recoveries—these have not yet resulted in sufficient operating cash flows.

Subsequent to year end, the Group completed a placement of 3.33 million shares and issued 13.38 million shares in lieu of director fees as approved by shareholders, demonstrating ongoing support from stakeholders. However, the Group remains reliant on external funding sources to continue its operations and exploration programs over the next 12 months.

These conditions indicate the existence of a material uncertainty that may cast significant doubt on the Group's ability to continue as a going concern, as defined under AASB 570 Going Concern.

The Directors have prepared a cash flow forecast for the 12-month period from the date of signing the financial statements, which reflects the Group's funding strategy, minimal committed expenditures, and flexibility in project execution. Based on this assessment, and notwithstanding the current financial position, the Directors have no intention to liquidate the Group or cease operations, and believe that the going concern basis of preparation remains appropriate.

for the year ended 30 June 2025

Should additional funding not be secured as anticipated, the Group may need to defer or scale back its planned exploration and development activities. In such circumstances, the Group may be required to realise assets and settle liabilities other than in the normal course of business, and at amounts that may differ from those stated in the financial report. No adjustments have been made to reflect this potential outcome.

a. Principles of Consolidation

The consolidated financial statements incorporate the assets, liabilities and results of entities controlled by Cassius Mining Limited at the end of the reporting period.

A controlled entity is any entity controlled by the Company. Control exists where the Company has the capacity to dominate the decision-making in relation to the financial and operating policies of another entity so that the other entity operates with the Company to achieve the objectives of the Company.

A list of controlled entities is contained in Note 15 to the Financial Statements. All controlled entities have a June financial year end. All inter-company balances and transactions between entities in the consolidated group, including any unrealised profits or losses, have been eliminated on consolidation.

Where controlled entities have entered or left the consolidated group during the year, their financial performance has been included from the date control was obtained or until the date control ceased.

b. Mining Tenements & Deferred Exploration, Evaluation & Development Expenditure

Mining tenements are carried at cost, less accumulated impairment losses.

Mineral exploration, evaluation and development expenditure incurred is accumulated in respect of each identifiable area of interest. These costs are only carried forward to the extent that they are expected to be recouped through the successful development of the area of interest or sale of that area of interest, or exploration and evaluation activities have not reached a stage which permits a reasonable assessment of the existence or otherwise of economically recoverable reserves and active or significant operations in or in relation to, the area of interest are continuing.

Accumulated costs in relation to an abandoned area are written off in full against profit in the year in which the decision to abandon the area is made.

A regular review is undertaken of each area of interest to determine the appropriateness of continuing to carry forward costs in relation to that area of interest.

c. Goods & Services Tax

Revenues, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Tax Office (ATO). In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables are stated with the amount of GST included.

The net amount of GST recoverable from, or payable to, the ATO is included as a current asset or liability in the statement of financial position.

Cash flows are presented in the Statement of Cash Flows on a gross basis, except for the GST component of investing and financing activities, which are disclosed as operating cash flows.

d. Impairment of Assets

At each reporting date, the consolidated group reviews the carrying values of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the consolidated statement of profit or loss and other comprehensive income.

Where it is not possible to estimate the recoverable amount of an individual asset, the Consolidated Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

for the year ended 30 June 2025

e. Income Tax

The charge for current income tax expense is based on the profit for the year adjusted for any non-assessable or disallowed items. It is calculated using the tax rates and tax laws that have been enacted or are subsequently enacted by the reporting date.

Current tax losses for current and prior periods are not recognised as an asset as the future income tax benefit can be carried forward only as an asset where realisation of the benefit can be regarded as being probable.

f. Cash & Cash Equivalents

For the purpose of the statement of cash flows, cash includes:

- · cash on hand and at call deposits with banks or financial institutions, net of bank overdrafts; and
- investments in money market instruments with less than 14 days to maturity.

g. Revenue Recognition

Interest revenue is recognised using the effective interest rate method which for floating rate financial assets, is the rate inherent in the instrument.

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers. All revenue is stated net of the amount of goods and services tax (GST).

h. Business Combinations

Business combinations occur where control over another business is obtained and results in the consolidation of its assets and liabilities. All business combinations, including those involving entities under common control, are accounted for by applying the purchase method.

The purchase method requires an acquirer of the business to be identified and for the cost of the acquisition and fair values of identifiable assets, liabilities and contingent liabilities to be determined as at acquisition date, being the date that control is obtained.

Cost is determined as the aggregate of fair values of assets given, equity issued and liabilities assumed in exchange for control together with costs directly attributable to the business combination. Any deferred consideration payable is discounted to present value using the entity's incremental borrowing rate.

Goodwill is recognised initially at the excess of cost over the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities recognised. If the fair value of the acquirer's interest is greater than cost, the surplus is immediately recognised in profit or loss.

i. Joint Venture Interests

An interest in a joint venture operation is brought to account by including in the respective financial statement categories:

- the consolidated entity's share in each of the individual assets employed in the joint venture;
- liabilities incurred by the consolidated entity in relation to the joint venture including the economic entity's share of any liabilities for which the consolidated entity is jointly and/or severally liable; and
- The consolidated entity's share of expenses of the joint venture.

j. Financial Instruments

Recognition & Initial Measurement

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Company commits itself to either the purchase or sale of the asset (ie trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to the statement of comprehensive income.

for the year ended 30 June 2025

Classification & Subsequent Measurement

Financial instruments are subsequently measured at either of fair value, amortised cost using the effective interest rate method, or cost. Fair value represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Amortised cost is calculated as:

- a. the amount at which the financial asset or financial liability is measured at initial recognition;
- less principal repayments;
- plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest method; and
- d. less any reduction for impairment.

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that exactly discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in the statement of other comprehensive income.

The Group does not designate any interests in subsidiaries, associates or joint venture entities as being subject to the requirements of accounting standards specifically applicable to financial instruments.

- i. Financial assets at fair value through the Statement of Other Comprehensive Income
 Financial assets are classified at 'fair value through profit or loss' when they are either held for trading for the purpose of
 short-term profit taking, derivatives not held for hedging purposes, or when they are designated as such to avoid an
 accounting mismatch or to enable performance evaluation where a group of financial assets is managed by key management
 personnel on a fair value basis in accordance with a documented risk management or investment strategy. Such assets are
 subsequently measured at fair value with changes in carrying value being included in the Statement of Other Comprehensive
 Income.
- ii. Loans and receivables Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost.
- iii. Held-to-maturity investments Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the Group's intention to hold these investments to maturity. They are subsequently measured at amortised cost.
- iv. Available-for-sale financial assets

 Available-for-sale financial assets are non-derivative financial assets that are either not suitable to be classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.
- Financial liabilities
 Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Fair Value

Fair value is determined based on current bid prices for all quoted investments. Valuation techniques are applied to determine the fair value for all unlisted securities, including recent arm's length transactions, reference to similar instruments and option pricing models.

for the year ended 30 June 2025

Impairment

At each reporting date, the Group assesses whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments, a prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are recognised in the Statement of Other Comprehensive Income.

Derecognition

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expired. The difference between the carrying value of the financial liability extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in the Statement of Other Comprehensive Income.

k. Foreign Currency Transactions and Balances

Functional & Presentation Currency

The functional currency of each of the Group's entities is measured using the currency of the primary economic environment in which that entity operates. The consolidated financial statements are presented in Australian dollars which is the parent entity's functional and presentation currency.

Transaction & Balances

Foreign currency transactions are translated into functional currency using the exchange rates prevailing at the date of the transaction. Foreign currency monetary items are translated at the year-end exchange rate. Non-monetary items measured at historical cost continue to be carried at the exchange rate at the date of the transaction. Non-monetary items measured at fair value are reported at the exchange rate at the date when fair values were determined.

Exchange differences arising on the translation of monetary items are recognised in the statement of other comprehensive income, except where deferred in equity as a qualifying cash flow or net investment hedge.

Exchange differences arising on the translation of non-monetary items are recognised directly in equity to the extent that the gain or loss is directly recognised in equity, otherwise the exchange difference is recognised in the statement of other comprehensive income.

Group Companies

The financial results and position of foreign operations whose functional currency is different from the Group's presentation currency are translated as follows:

- assets and liabilities are translated at year-end exchange rates prevailing at that reporting date;
- income and expenses are translated at average exchange rates for the period; and
- retained earnings are translated at the exchange rates prevailing at the date of the transaction.

Exchange differences arising on translation of foreign operations are transferred directly to the Group's foreign currency translation reserve in the statement of other comprehensive income. These differences are recognised in the statement of other comprehensive income in the period in which the operation is disposed.

I. Employee Benefits

Provision is made for the Company's liability for employee benefits arising from services rendered by employees to balance date. Employee benefits that are expected to be settled within the year have been measured at the amounts expected to be paid when the liability is settled. Employee benefits payable later than one year are measured at the present value of the estimated future cash outflows to be made for those benefits. Those cashflows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cashflows.

Superannuation commitments: Each employee nominates their own superannuation fund to which Cassius Mining Limited contributes the compulsory superannuation amount.

for the year ended 30 June 2025

m. Critical Accounting Estimates & Judgments

The directors evaluate estimates and judgments incorporated into the financial report based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Group.

Key estimates

(i) Impairment

The Group assesses impairment at each reporting date by evaluating conditions and events specific to the Group that may be indicative of impairment triggers. Recoverable amounts of relevant assets are reassessed using value-in-use calculations which incorporate various key assumptions.

Key judgements

(i) Exploration and Evaluation Expenditure

All exploration expenditure is reviewed by Directors to determine whether it is appropriate to capitalise any of these costs. All expenditure to date has been fully expensed.

n. Property, Plant & Equipment

Each class of property, plant and equipment is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Property & Leasehold Improvement

Freehold land and buildings and leasehold improvements are shown at their cost.

Increases in the carrying amount arising on revaluation of land and buildings are credited to a revaluation reserve in equity. Decreases that offset previous increases of the same asset are charged against fair value reserves directly in equity; all other decreases are charged to the statement of other comprehensive income. Each year the difference between depreciation based on the revalued carrying amount of the asset charged to the statement of other comprehensive income and depreciation based on the asset's original cost is transferred from the revaluation reserve to retained earnings.

Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset.

Plant & Equipment

Plant and equipment are measured on the cost basis.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of the expected net cash flows that will be received from the asset's employment and subsequent disposal. The expected net cash flows have been discounted to their present values in determining recoverable amounts.

The cost of fixed assets constructed within the consolidated group includes the cost of materials, direct labour, borrowing costs and an appropriate proportion of fixed and variable overheads.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the consolidated statement of profit or loss and other comprehensive income during the financial period in which they are incurred.

Depreciation

The depreciable amount of all fixed assets including buildings and capitalised lease assets, but excluding freehold land, is depreciated on a straight-line basis over the asset's useful life to the consolidated group commencing from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

for the year ended 30 June 2025

The depreciation rates used for each class of depreciable assets are:

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at each balance sheet date.

Class of Fixed Asset	Depreciation Rate
Buildings	5% - 10%
Leasehold improvements	10% - 33.33%
Plant and equipment	20% - 33.33%
Motor vehicles	33.33%

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained earnings.

o. Provisions

Provisions are recognised when the Company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Costs of site restoration are provided over the life of the project from when exploration commences and are included in the costs of that stage. Site restoration costs include the dismantling and removal of mining plant, equipment and building structures, waste removal and rehabilitation of the site in accordance with local laws and regulations and clauses of the permits. Such costs have been determined using estimates of future costs, current legal requirements and technology on an undiscounted basis.

Any changes in the estimates for the costs are accounted on a prospective basis. In determining the costs of site restoration, there is uncertainty regarding the nature and extent of the restoration due to community expectations and future legislation. Accordingly the costs have been determined on the basis that the restoration will be completed within one year of abandoning the site.

p. Trade and Other Receivables

Trade and other receivables include amounts due from customers for goods sold and services performed in the ordinary course of business. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade and other receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for impairment. Refer to Note 1(d) for further discussion on the determination of impairment losses.

q. Trade and Other Payables

Trade and other payables represent the liabilities for goods and services received by the entity that remain unpaid at the end of the reporting period. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

r. Comparative Figures

When required by accounting standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

for the year ended 30 June 2025

s. New Accounting Standards and Interpretations

International Accounting Standards and Interpretations that have recently been issued or amended but are not yet effective have not been adopted by the Group for the annual reporting period ended 30 June 2025.

The adoption of these new and revised Standards and Interpretations will not have an impact on the financial position or performance of the Group.

Consolidated Group

		2025 \$	2024 \$
2.	Revenue for the year		
	Interest – other persons	3,026	10,113
	Option fee	100,000	170.00
		103,026	10,113
3.	Income Tax Operating (loss) before income tax Prima facie income tax (benefit) calculated at 25.0% (2024:25.0%)	(2,961,733) (740,433)	(1,506,649)
	Non-deductible items Non-deductible expenses Less income tax benefits not brought to account at balance date	740,433	- - 376,662
	Total income tax expense		

Potential future income tax benefits estimated at \$15,657,795 (2024: \$14,917,362) attributable to Australian tax losses carried forward by the Company and future benefits to exploration expenditure and other timing differences allowable for deduction have not been brought to account in the consolidated accounts at 30 June 2025 because the Directors do not believe it is appropriate to regard full realisation of the future income tax benefits as probable. These benefits will only be obtained if:

- (b) the consolidated entity derives future assessable income of a nature and of sufficient amount to enable the benefit from the deductions to be realised; and
- (c) the consolidated entity continues to comply with the conditions for deductibility imposed by tax legislation; and
- (d) no changes in tax legislation adversely affect the Company in realising the benefit from the deduction in losses.

4. Cash & Cash Equivalents

Cash and cash equivalents at the end of the year as shown in the statement of cash flows is reconciled to the related items in the Statement of Financial Position as follows:

7. Investments accounted for using the equity method

a. Information about Principal Associates and Joint Ventures

Set out below are the material associates and joint ventures of the Group.

Name	Classification	Place of Business/ Incorporation	Ordina Inte	rtion of ry Share rests/ ting Share	Measurement Method	Carrying Amount	
			2025 %	2024 %		2025 \$	2024 \$
Gbane Project	Joint venture	Ghana	100	=	Equity method	-	÷

Gbane Project is a joint venture between Cassius Mining Limited (Ghana) and Cassius Mining Limited. The primary purpose of the joint venture is to conduct gold exploration project in Bolgatanga, Ghana. Gbane project is classified by the Group as a joint venture. As at 30 June 2025, the Group has a nil% (2024: nil%) economic interest in Gbane Project with additional earn in rights to acquire up to 100% of the joint venture. The Company announced on 23 November 2017 to acquire the balance of the Gbane Joint Venture and the remainder of the licence subject to shareholder approval.

b. Commitments and Contingent Liabilities in Respect of Joint Ventures

The Group has no capital commitments relating to its interest in Gbane Project.

c. Summarised Financial Information for Joint Ventures

Set out below is the summarised financial information for Gbane Project. Unless otherwise stated, the disclosed information reflects the amounts presented in the Australian-Accounting-Standards financial statements of Gbane Project. The following summarised financial information, however, reflects the adjustments made by the Group when applying the equity method, including adjustments for any differences in accounting policies between the Group and the joint venture.

for the year ended 30 June 2025

10.Issued Capital (continued)

Ordinary shares have the right to receive dividends as declared and, in the event of winding up the Company, to participate in the proceeds from the sale of all surplus assets in proportion to the number of and amounts paid upon shares held.

Ordinary shares entitle their holder to one vote, either in person or by proxy, at a meeting of the Company.

Capital Management

Management controls the capital of the group in order to maintain a good debt to equity ratio, provide the shareholders with adequate returns and ensure that the group can fund its operations and continue as a going concern.

The group's debt and capital includes ordinary share capital and financial liabilities, supported by financial assets. There are no externally imposed capital requirements.

Management effectively manages the group's capital by assessing the group's financial risks and adjusting its capital structure to include the management of debt levels, distributions to shareholders and share issues.

There have been no changes in the strategy adopted by management to control the capital of the group since the prior year.

Options

At 30 June 2025 there were 24,000,000 (2024: 245,000,000) unissued shares in respect of which options were outstanding.

During the year, nil (2024: nil) fully paid ordinary shares were issued by virtue of the exercise of options. Since the end of the financial year nil (2024: nil) shares have been issued by virtue of the exercise of options.

During the year Nil options exercisable at \$0.06 (2024: Nil) expiring 16 June 2026 were issued.

During the year Nil options exercisable at \$0.06 (2024:9,000,000) expiring 30 November 2026 were issued.

During the year Nil options exercisable at \$0.08 (2024:5,000,000) expiring 5 February 2027 were issued.

14. Related Party Transactions

a Payments to director related companies

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other parties unless otherwise stated.

b Transactions with partially and wholly owned controlled entities

During the financial year there have been transactions between Cassius Mining Limited, and its partially and wholly owned controlled entities which have been eliminated for consolidation purposes.

c Gbane Project

During year ended 30 June 2020 the licence was not renewed by the Government of Ghana so the investment has been written off for the year ended 30 June 2020.

As a consequence the Board sought legal advice and subsequently served notice on the Ghanaian President and the Government of Ghana in April 2021 of the Company's intention to commence International Arbitration, claiming full compensation (including damages and costs). The Company commenced International Arbitration during the year.

for the year ended 30 June 2025

17. Business Combination

(a) Acquisition of Soalara Calcaire SARL

On 18 August 2010, the Company acquired 100% of Soalara Calcaire SARL, a Company holding the limestone deposit in Madagascar.

Consideration for the acquisition was \$1,187,455 (USD \$1,070,000) of which \$420,000 was still outstanding at 30 June 2025. The \$420,000 is payable on the first commercial shipment of limestone together with a royalty averaging US\$0.28 per tonne.

Purchase consideration:	Acquiree's Carrying Amount \$	Fair Value \$
Cash		1,187,455
Less: Exploration expenditure	1,187,455	1,187,455
Identifiable assets acquired and liabilities assumed	1,187,455	1,187,455
Purchase consideration settled in cash		1,187,455
Cash outflow on acquisition		1,187,455

18. Capital Commitments

The consolidated entity has certain obligations to perform mining exploration work and expend minimum amounts of money on mineral exploration tenements. The consolidated entity has committed to expend a minimum of \$Nil (2024: \$Nil) over the next year to keep its current tenements in good standing.

19. Financial Risk Management

The group's financial instruments consist mainly of deposits with banks, accounts receivable and payable and loans to and from subsidiaries. The main risks the group is exposed to through its financial instruments are interest rate risk, foreign currency risk and liquidity risk. The Board of Directors is responsible for overseeing the establishment, implementation and ongoing monitoring and review of an effective risk management framework for the group. The group's risk management policies and objectives are designed to minimise the potential impacts of these risks on the results of the group where such impacts may be material.

for the year ended 30 June 2025

19. Financial Risk Management (continued)

i) Interest Rate Risk

The economic exposure to interest rate risk and the effective weighted interest for classes of financial assets and financial liabilities are set out below:

FIXED MATURITY DATES

	WEIGHTED AVERAGE EFFECTIVE INTEREST RATE	VARIABLE INTEREST RATE	LESS THAN 1 YEAR	1-2 YEARS	2-3 YEARS	NON INTEREST BEARING	TOTAL
2025	%	\$	\$	\$	\$	\$	\$

Trade and other payables		(-)	(-)	_	-	104,979	104,979
9		-	<u> </u>	_	-	104,979	104.979

ii) Net fair values

Monetary financial assets and financial liabilities not readily traded in an organised financial market have been valued at cost, which approximate fair value. The carrying amounts of bank deposits, accounts receivable and, accounts payable approximate net fair value.

iii) Foreign Currency Risk

The consolidated group is exposed to fluctuations in foreign currencies arising from the sale and purchase of goods and services in currencies other than the consolidated group's measurement currency.

for the year ended 30 June 2025

19.Financial Risk Management (continued)

iii) Foreign Currency Risk (continued)

	Consolida	ted Group
	2025	2024
Currency Risk	\$	\$
10% Weakening of Australian dollar		
- Profit/(Loss) impact	-	
10% Strengthening of Australian Dollar		
- Profit/(Loss) impact	-	-

Currency risk exposure during the year was limited to inter-company transactions which eliminate on consolidation.

20. Fair Value Measurement

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows, and based on the lowest level input that is significant to the fair value measurements as a whole:

Level 1 – Quoted market prices in an active market (that are unadjusted) for identical assets or liabilities.

Level 2 – Valuation techniques (for which the lowest level input that is significant to the fair value measurement is directly observable).

Level 3 – Valuation techniques (for which the lowest level input that is significant to the fair value measurement is unobservable).

The following table represents a comparison between the carrying amounts and fair values of assets and liabilities:

		As at 30 June 2025		As at 30 June 2	024
	Level	Carrying amount	Fair value	Carrying amount	Fair value
		\$	\$	\$	\$
Assets					
Cash & cash equivalents	1	243,819	243,819	608,856	608,856
Trade & other receivables	1	161,448	161,448	316,055	316,055
Exploration expenditure	3	1,454,096	1,454,096	2,080,416	2,080,416
Liabilities					
Trade & other payables	1	412,431	412,431	104,979	104,979
Borrowings	1	-	-	-	-

The assets and liabilities of the Company are recognised in the consolidated statement of financial position in accordance with the accounting policies set out in Note 1 of the Annual Report.

The Company considers that the carrying amount of assets and liabilities recognised in the consolidated financial statements are approximate to their fair value.

21. After Balance Sheet Date Events

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors of the parent entity, to affect the operations of the consolidated entity, the results of those operations or the state of affairs of the consolidated entity in the subsequent financial years other than:

- At a General Meeting held on 11 July 2025 shareholders approved:
 - The issue of 13,380,000 shares in the company in lieu of director fees and superannuation for the year ended 30 June 2025. The shares were issued on 22 July 2025 at an issue price of \$0.015 per share.
 - The issue of 3,333,333 shares in the company at an issue price of \$0.015 per share to two directors on the same terms as the placement on 16 April 2025 raising \$50,000. Mr Chidlow was issued with 2,333,333 shares and Mr Kernaghan was issued with 1,000,000 shares on 4 August 2025.
 - The issue of 20 convertible notes of \$10,000 each to Mr Chidlow on 10 August 2025.

for the year ended 30 June 2025

23. Segment Information

The consolidated entity operates in two business segments being industrial minerals development and mining exploration, in two geographical locations, being Australia and Africa.

The operating segment analysis presented in these financial statements reflects operations analysis by business. It best describes the way the Company is managed and provides a meaningful insight into the business activities of the Company.

The following tables present details of revenue and operating profit by business segment. The information disclosed in the tables below is derived directly from the internal financial reporting system used by corporate management to monitor and evaluate the performance of our operating segments separately.

DIRECTORS' DECLARATION

The directors of the Company declare that:

- (a) the financial statements and notes of the Consolidated Entity are in accordance with the Corporations Act 2001, and:
 - (i) give a true and fair view of the Consolidated Entity's financial position as at 30 June 2025 and of its performance for the year ended on that date; and
 - (ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001; and
- (b) the consolidated entity disclosure statement required by section 295(3A) of the Corporations Act 2001 is true and correct.
- (c) the financial statements and notes also comply with International Financial Reporting Standards as disclosed in note 1.
- (d) there are reasonable grounds to believe that the Consolidated Entity will be able to pay its debts as and when they become due and payable.
- (e) this declaration has been made after receiving the declaration required to be made to the directors in accordance with section 295A of the *Corporations Act 2001* for the financial year ending 30 June 2025.

This declaration is made in accordance with a resolution of the Board of Directors.

Independent Auditor's Audit Report
To the Members of Cassius Mining Limited
ABN 13 115 027 033
And Controlled Entities

Report on the audit of the Financial Report

Opinion

We have audited the consolidated financial report of Cassius Mining Limited and controlled entities (the Group), which comprises the consolidated statement of financial position as at 30 June 2025, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Group is in accordance with the *Corporations Act* 2001, including:

- (i) giving a true and fair view of the Group's financial position as at 30 June 2025 and of its financial performance for the year then ended; and
- (ii) complying with Australian Accounting Standards and the Corporations Regulations 2001.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities underthose standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (the Code)* that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis forour opinion.

Material Uncertainty Related to Going Concern

Without qualifying our opinion, we draw attention to Note 1 in the financial report, which indicates that the Group had cash and cash equivalents of \$243,819, current assets of \$405,267 and current liabilities of \$412,431. The Group incurred a loss of \$2,961,733 and reported negative operating cash flows of \$1,806,878 for the year. This with the conditions noted by the directors as to how they expect the Group to continue as a going concern indicate the existence of a material uncertainty which may cast doubt on the Group's ability to continue as a going concern should they be unable to raise additional capital.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial report of the current period. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter

Going Concern Basis of Preparation – refer to Note 1 Going Concern

For the year ended 30 June 2025, the Group reported a net loss of \$2,961,733 and cash of \$243,819. The Group is not yet revenue-generating and remains dependent on external capital to fund its operations.

As at 30 June 2025, the Group had net assets of \$1,446,932, but its ability to fund future operations and exploration activities is contingent on securing additional capital, including via joint ventures, placements, or other sources.

Although a post-year-end placement and share-based settlements were executed in July–August 2025, the Group still faces ongoing capital needs.

These conditions give rise to a material uncertainty as to the Group's ability to continue as a going concern, which involves significant management judgment and is fundamental to users' understanding of the financial statements.

The assessment also intersects with the Group's ability to exploit its retained tenement rights in Madagascar, Ghana and Tanzania—linking going concern to its broader operational strategy.

How our Audit Addressed the Key Audit Matter

We evaluated management's assessment of the Group's ability to continue as a going concern for a period of at least 12 months from the date of signing the financial report. Our procedures included:

- Obtaining and reviewing the Group's cash flow forecast through to September 2026, and evaluating key assumptions regarding funding, administrative costs, and exploration expenditure;
- Assessing the reasonableness of funding assumptions, including validating the receipt of post-year-end placements and share-based transactions, and confirming alignment with forecast assumptions;
- Evaluating the Group's ability to reduce or defer non-essential expenditures in the event of funding delays;
- Assessing whether the Group has realistic and supportable alternative financing strategies, including third-party arrangements, asset sales, or litigation recoveries;
- Making inquiries of the Directors and senior management about their intentions, including whether they have plans to liquidate or cease operations:
- Reviewing the adequacy and completeness of the disclosures in Note 1, particularly regarding the material uncertainty, funding assumptions, and the potential need to realise assets or settle liabilities outside the ordinary course of business; and

 Considering consistency between the going concern disclosures and other areas of the financial report and audit evidence obtained throughout the engagement.

Capitalisation and Impairment of Exploration & Evaluation Expenditure – refer to Note 6 - Exploration and Evaluation Assets and Note 1 – Going Concern

At 30 June 2025, the Group recognised a nil carrying value for exploration and evaluation assets, following a full impairment of \$692,796 during the year.

Management determined that previously capitalised exploration expenditure no longer met the criteria for continued recognition, as technical support for recoverability (e.g. resource estimates, feasibility reports) was insufficient. The impairment was considered appropriate, however, the Group continues to hold legal tenure over its licences in Madagascar, Ghana and Tanzania and maintains plans to recommence exploration, subject to future funding.

The carrying value of these assets and their recoverability are subject to significant judgement and estimation, particularly in the absence of JORC-compliant resources or demonstrable technical feasibility. Although the Group's market capitalisation at balance date (~\$24 million) exceeded net assets, this is not sufficient objective evidence to avoid impairment under AASB 136 Impairment of Assets.

The matter was significant due to:

- The quantum of the impairment recognised;
- The ongoing strategic importance of the tenements;
- The high level of judgement required under AASB 6 and AASB 136

We applied the principles of AASB 6 Exploration for and Evaluation of Mineral Resources in assessing whether management's impairment decisions were appropriate, and whether exploration and evaluation expenditure was recognised and presented in accordance with the Group's accounting policy. Our procedures included:

- Assessing the Group's determination of impairment indicators under AASB 6 and management's conclusion to fully impair exploration assets due to lack of supporting geological and technical data.;
- Reviewing licence agreements, renewals and government registers to confirm the Group's rights to tenure remain valid at reporting date;
- Testing a sample of current year exploration and evaluation expenditures to supporting invoices and approvals, and evaluating whether the costs met the capitalisation criteria prior to impairment;
- Considering the implications of the Group's market valuation, and ensuring it was not used as sole evidence of recoverability;
- Evaluating management's future plans for each project and their linkage to available and expected funding, including consistency with the going concern assessment;
- Assessing the adequacy and clarity of disclosures in Note 6, including those describing the basis for impairment, the current project status, and the linkage between asset recoverability, future funding, and operational continuity;
- Applying the requirements of:
 - ASA 6 (Understanding the Entity);
 - ASA 13 (Risk Assessment);
 - ASA 136 (Audit of Accounting Estimates);
- Obtaining written representations from management confirming future intentions to explore the assets, subject to funding.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the Group's annual report for the year ended 30 June 2025, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud orerror.

In preparing the financial report, the directors are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud
 or error, design and perform audit procedures responsive to those risks, and obtain audit evidence
 that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a
 material misstatement resulting from fraud is higher than for one resulting from error, as fraud may
 involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
 control
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion.
- Our conclusions are based on the audit evidence obtained up to the date of our auditor's report.
 However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial report. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial report of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included on pages 13 to 14 of the directors' report for the year ended 30 June 2025.

In our opinion, the Remuneration Report of Cassius Mining Limited for the year ended 30 June 2025, complies with section 300A of the *Corporations Act 2001*.

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
