- A proxy need not be a Shareholder and can be an individual or a body corporate.

- A body corporate appointed as a Shareholder's proxy may appoint a representative to exercise any of the powers the body may exercise as a proxy at the AGM (see "Corporate representatives" below).
- A Shareholder who is entitled to cast 2 or more votes may appoint 2 proxies and may specify the proportion or number of votes each proxy is appointed to exercise. Should a Shareholder choose to appoint 2 proxies, an additional Proxy Form would be required. You can either copy your Proxy Form or obtain an additional copy by telephoning the Company's share registry, MUFG Corporate Markets, on +61 1300 855 998 (within Australia or internationally). - Under the Corporations Act, if the appointment of a proxy specifies the way the proxy is to vote on a particular resolution:

  - if the proxy is the Chair of the meeting, the proxy must vote on a poll and must vote as directed.
- In addition, there are some circumstances where the Chair of the meeting will be taken to have been appointed as a Shareholder's proxy for the purposes of voting on a resolution even if the Shareholder has not expressly appointed the Chair of the meeting as their proxy. This will be the case where:
  - the appointment of the proxy specifies the way the proxy is to vote on a resolution;
  - the appointed proxy is not the Chair of the meeting; and
  - either of the following applies:
    - i) the proxy is not recorded as attending the AGM; or

## Technical difficulties

- As the AGM is being held as a hybrid meeting with some Shareholders participating online, technical difficulties may arise during the course of the AGM. The Chair of the meeting has discretion as to whether and how the AGM should proceed if a technical difficulty arises. In exercising this discretion, the Chair of the meeting will have regard to the nature of the issue, the number of Shareholders impacted and the extent to which participation in the business of the AGM is affected.
- Where the Chair of the meeting considers it appropriate, the Chair of the meeting may continue to hold the AGM and transact business, including conducting a poll and voting in accordance with valid proxy instructions. Items 4 and 5 seek Shareholder approval for those grants for FY2026.

#### Grant of STI Share Rights

Under the Company's Short Term Incentive Plan (**STI Plan**), Mr Vassella has the option to receive a portion of his potential STI award in STI Share Rights (instead of cash). For FY2026 Mr Vassella has chosen to receive 100% of his STI payment in STI Share Rights. The maximum number of STI Share Rights Mr Vassella can be granted for FY2026 is 56,942. That number was calculated by:

- dividing \$1,343,400 (being Mr Vassella's maximum STI opportunity for FY2026) by the volume weighted average price (**VWAP**) of the Company's shares traded on the ASX for the three (3) months up to and including 31 August 2025 being AU\$23.5921; and
- multiplying the result by 100%, the percentage of Mr Vassella's potential FY2026 STI award that he has elected to receive in STI Share Rights.

The number of STI Share Rights that may vest is subject to behavioural, performance and service conditions being achieved and as such, none, some or all STI Share Rights granted may vest.

#### Vesting of STI Share Rights

Mr Vassella's FY2026 STI award will be dependent on the achievement of specific financial and non-financial measures and targets set by the Board. Financial measures include return on invested capital and free cash flow. The Company's policy is not to provide earnings guidance and accordingly the details of the relevant financial measures will not be disclosed in advance.

The STI Plan is also designed to incentivise Mr Vassella to achieve non-financial targets relating to environmental, social and governance matters, including safety and specific business strategy priorities. The Company considers the measures relating to execution of strategic initiatives to be commercial-in-confidence with the result that publication of that information prior to the end of the performance period may be prejudicial to the interests of the Company.

The targets will be disclosed in the Company's FY2026 Remuneration Report.

The proportion of STI Share Rights that may vest will be dependent on performance against the measures set by the Board in accordance with the table below:

Satisfaction of performance conditions	% of STI Share Rights that may vest
Below threshold	0%
Threshold	33%
Target	67%
Maximum	100%

Between the "threshold" and "maximum" levels, the number of STI Share Rights that vest will be determined on a pro-rata straight-line basis.

The Board has discretion to adjust the number of STI Share Rights that vest (both up and down). The Board will only do this in exceptional circumstances.

#### Grant of LTI Alignment Rights

Under the Company's Long Term Incentive Plan (**LTI Plan**), it is proposed that Mr Vassella be granted a maximum number of 85,414 LTI Alignment Rights. This number was determined by dividing \$2,015,100 (Mr Vassella's LTI opportunity for FY2026) by the VWAP of the Company's shares traded on ASX for the three (3) months up to and including 31 August 2025 being AU\$23.5921. These LTI Alignment Rights will be subject to the conditions described below.

The number of LTI Alignment Rights that may vest is subject to behavioural, performance and service conditions being achieved and as such, none or all of the LTI Alignment Rights granted may vest.

### Vesting of LTI Alignment Rights

Except in limited circumstances, the LTI Alignment Rights will only vest if the following conditions are met:

- **Behavioural condition:** Mr Vassella behaves in line with "Our Bond" and BlueScope's Code of Conduct.
- **Underlying EBIT ROIC:** The Company's average annual "Underlying EBIT ROIC" over the performance period is greater than 10%. "Underlying EBIT ROIC" is the ratio of the Company's consolidated underlying earnings before interest and tax (EBIT) to the Company's average net operating assets (defined as net assets minus future income tax benefits and net cash plus provision for deferred tax plus provision for income tax). The Company's average net operating assets are calculated as the average of the opening balance and each of the 12 months in the relevant period (i.e., a 13-month average).
- **Leverage:** The ratio of the Company's average annual "Leverage," calculated at six-month intervals over the three-year performance period, is less than 1.3. "Leverage" is the ratio of the Company's consolidated current and non-current external borrowings, less cash and cash equivalents, to the Company's consolidated underlying earnings before interest, tax, depreciation and amortisation (EBITDA) for the relevant period.
- **Service condition:** Mr Vassella must remain employed up to and including the vesting date.

If the behavioural, performance and service conditions are not satisfied, all LTI Alignment Rights will lapse, unless the Board exercises its discretion to allow them to vest, which it will only do in exceptional circumstances. If the behavioural, performance and service conditions are met, all LTI Alignment Rights will vest.

### Additional information for Items 4 and 5

The STI Share Rights and LTI Alignment Rights ("Right(s)") are "equity securities" for the purposes of the ASX Listing Rules. While the Board intends to satisfy any Rights that vest through shares acquired on market, it wants to retain the flexibility to satisfy any Rights that vest by issuing new shares. As a result, Shareholder approval to grant the Rights to Mr Vassella (a Director of the Company for the purposes of Listing Rule 10.14.1) is required under Listing Rule 10.14 (which requires a listed company to obtain Shareholder approval before permitting a director to acquire equity securities under an employee incentive scheme), and is also sought in the interests of transparency and for good corporate governance.

The resolutions under Items 4 and 5 seek the necessary Shareholder approval for these grants. If these resolutions under Items 4 and 5 are passed, the Company will proceed with granting the STI Share Rights and LTI Alignment Rights to Mr Vassella.

If the resolution under Item 4 is not passed, the Company will not be able to grant the STI Share Rights and will instead award Mr Vassella any STI in cash. If the resolution under Item 5 is not passed, the Company will not be able to grant the LTI Alignment Rights. This may impact the Company's ability to incentivise Mr Vassella, align his interests with those of Shareholders, and align his remuneration arrangements with those of the Company's other senior executives. In these circumstances, the Board will need to consider alternative remuneration arrangements.

Mr Vassella's total annual remuneration package for FY2026 is outlined below and consists of:

- **Fixed remuneration (base pay and superannuation):** \$2,015,100;
- **Short Term Incentive (STI):** Maximum opportunity set at 67% of fixed remuneration, which is \$1,343,400; and
- **Long Term Incentive (LTI):** Maximum opportunity set at 100% of fixed remuneration, which is \$2,015,100.

Details of Mr Vassella's total remuneration package for FY2025 is outlined in the Company's 2025 Remuneration Report.

### STI Share Rights and LTI Alignment Rights

Each Right entitles Mr Vassella to one fully paid ordinary share in the Company upon vesting.

Mr Vassella is not required to pay any amount for the award or exercise of the Rights. However, he will be liable for income tax on the Rights in accordance with applicable tax laws.

### Exercise and lapse of Right(s)

If a Right vests, Mr Vassella may exercise it and will receive a fully paid ordinary share in the Company. These shares will be acquired for Mr Vassella by the trustee of the Company's share plan trust, either through the subscription of new shares or by purchasing shares on-market with funds provided by the Company. If a Right does not vest, it will lapse.

### Ceasing employment

The table below outlines how the Rights will be treated if Mr Vassella ceases employment with BlueScope. In all cases (other than where Mr Vassella ceases employment because of injury, death or disability), the Board has discretion to determine a different treatment.

	How Rights will be treated if cessation occurs because of:			
	BlueScope initiated termination	Resignation	Redundancy / Retirement / Mutual Separation	Injury / Death / Disability
<b>Unvested STI Share Rights</b>	Lapse	Lapse	On or before 31 December 2025: Lapse  From 1 January 2026: A pro-rata portion will lapse reflecting the performance period remaining when the cessation occurs	Vest without regard to the relevant performance conditions
<b>Vested STI Share Rights</b>	Lapse	Remain eligible to be exercised	Remain eligible to be exercised	Remain eligible to be exercised
<b>Unvested LTI Alignment Rights</b>	Lapse	Lapse	A pro-rata portion will lapse reflecting the service period remaining when the cessation occurs	Vest without regard to the relevant performance conditions
<b>Vested LTI Alignment Rights</b>	Lapse	Remain eligible to be exercised	Remain eligible to be exercised	Remain eligible to be exercised

#### Malus/Clawback

The Board has discretion to determine that Rights lapse if Mr Vassella fails to adhere to the Company's policies, conduct himself in accordance with the Company's values, or if his conduct is otherwise deemed unsatisfactory. This includes serious misconduct by Mr Vassella that undermines the Company's performance, financial soundness, and reputation, such as misrepresentation or material misstatements due to errors, omissions, or negligence.

Additionally, the Board has discretion, in certain circumstances, to clawback Alignment Rights, any resulting shares, the financial benefit of those shares, or any cash payments awarded in respect of the Rights. These circumstances include fraud or gross misconduct, breach of law, material breach of policies or standards, actions that bring the Company into disrepute, material misstatement in financial statements, certain oversight failures, or any other situation an inappropriate benefit would be received. This clawback applies for a period of three years after the vesting of any Rights.

#### Change of control

If, at any time while there are outstanding Rights that have not lapsed or vested, a takeover bid is made to acquire the entire issued ordinary share capital of the Company, or a transaction is announced which, if implemented, would result in a person owning all of the issued shares in the Company, the Board may permit the Rights to vest.

The Company must permit the outstanding Rights to vest if a person acquires more than 50 per cent of the issued share capital of the Company, provided that the Board determines the performance hurdles have been satisfied, taking into account the shorter performance period.

#### Other Information

- Mr Vassella is the sole Director who is entitled to participate in the STI Plan and LTI Plan for FY2026. Any additional individuals covered by Listing Rule 10.14 who become entitled to participate in these plans after Items 4 and 5 are approved, and who were not named in the Notice of 2025 AGM, will require separate approval under that rule before participating.
- There is no loan scheme in relation to the STI Plan or LTI Plan.
- Any STI Share Rights or LTI Alignment Rights awarded to Mr Vassella will be granted promptly following the 2025 AGM, and otherwise no later than 12 months following the 2025 AGM. 604,596 STI Share Rights and 901,774 LTI Alignment Rights have previously been granted to Mr Vassella under the Company's STI Plan and LTI Plan respectively, since his appointment as Managing Director & Chief Executive Officer, with no amount paid by him for these Rights.
- Details of any Rights granted under the Company's STI Plan and LTI Plan will be disclosed in the Company's Annual Report relating to the period in which they are granted, accompanied by confirmation of approval obtained under Listing Rule 10.14.

#### Directors' Recommendation

The Directors (with Mark Vassella abstaining) recommend that Shareholders vote in favour of Items 4 and 5. The proposed grant of Rights for FY2026 to Mr Vassella is an important component of his overall remuneration package and is considered appropriate in light of the Company's size, scope, complexity and strategic objectives, as well as Mr Vassella's unique skills and experience.
