ATTENDING AND VOTING IN PERSON (OR BY ATTORNEY)

Shareholders, or their attorneys, who plan to attend the Meeting in person are asked to arrive at the venue 30 minutes prior to the time designated for the Meeting, if possible, so that the Company may consider whether the Shareholder may be admitted to the physical Meeting, and if admitted, their holding may be checked against the Company's share register and their attendance recorded. For any appointment of attorney to be effective, a certified copy of the Power of Attorney, or the original Power of Attorney, must be received by the Company in the same manner, and by the same time as outlined for Proxy Forms below.

It is important to note that Shareholders or proxy holders will not be able to vote at the Meeting through the live webcast.

QUESTIONS AT THE MEETING

Shareholders will have a reasonable opportunity to ask questions during the Meeting in person and submit online written questions prior to the meeting through the webcast registration or via email.

We ask that all pre-Meeting questions be received by the Company no later than five business days before the date of the Meeting, being Wednesday, 5 November 2025. Any questions via email should be directed to the Company Secretary at companysecretary@greatland.com.au.

PROXIES

A Shareholder entitled to attend and vote has a right to appoint a proxy to attend and vote instead of the Shareholder. A proxy need not be a Shareholder and can be either an individual or a body corporate. If a Shareholder appoints a body corporate as a proxy, that body corporate will need to ensure that it:

- appoints an individual as its corporate representative to exercise its powers at the Meeting, in accordance with section 250D of the Corporations Act; and
- provides satisfactory evidence of the appointment of its corporate representative prior to commencement of the Meeting.

If such evidence is not received before the Meeting, then the body corporate (through its representative) will not be permitted to act as a proxy.

A Shareholder that is entitled to cast two or more votes may appoint up to two proxies and may specify the proportion or number of votes each proxy is appointed to exercise. If no proportion or number is specified, each proxy may exercise an equal share of the Shareholder's votes.

Any directed proxies that are not voted on a poll at the Meeting by a Shareholder's appointed proxy will automatically default to the Chair of the Meeting, who is required to vote proxies as directed on a poll.

Members of the Key Management Personnel or their Closely Related Parties will not be able to vote as proxy on Resolutions 3, 4, 5 and 6 unless the Shareholder tells them how to vote, or in the case of the Chair of the Meeting, unless the Shareholder expressly authorises him to do so. If a Shareholder intends to appoint a member of the Key Management Personnel (other than the Chair) or a Closely Related Party of a member of the Key Management Personnel as their proxy, the Shareholder should ensure that they direct the member of the Key Management Personnel or the Closely Related Party of a member of the Key Management Personnel how to vote on Resolutions 3, 4, 5 and 6.

If a Shareholder intends to appoint the Chair of the Meeting as their proxy for Resolutions 3, 4, 5 and 6, Shareholders can direct the Chair how to vote by marking one of the boxes (to vote 'for', 'against' or to 'abstain' from voting) for each of Resolutions 3, 4, 5 and 6.

If a Shareholder appoints the Chair as their proxy and the Shareholder does not direct the Chair how to vote on Resolutions 3, 4, 5 and 6, please note that by completing and returning the Proxy Form (or if the Chair becomes a Shareholder's proxy by default), the Shareholder will be expressly authorising the Chair of the Meeting to exercise its undirected proxy on Resolutions 3, 4, 5 and 6, even though they are connected with the remuneration of Key Management Personnel. The Chair intends to vote all undirected proxies in favour of all items of business.

Background

Resolution 4 seeks Shareholder approval for the approval of the employee incentive scheme titled "Greatland Resources Limited Equity Incentive Plan" (**EIP**) for the purpose of Listing Rule 7.2, Exception 13(b) and for all other purposes. The EIP incorporates both broad based equity participation for eligible employees as well as key executive incentive schemes.

EIP Terms Generally

The EIP provides eligible employees or their nominee with an opportunity to acquire a financial interest in the Company, which will align their interests more closely with the Company's Shareholders and provide greater incentive for them to focus on the Company's longer-term goals.

The EIP enables the Company to offer employees a range of different employee share scheme (**ESS**) interests. These ESS interests include Shares and 'awards' which can convert into Shares (including options and performance rights). The type of ESS interest that may be offered to employees will be determined by a number of factors, including:

- the remuneration or incentive purpose of the Shares or award; and
- applicable tax and other laws.

Whenever Shares are acquired under the EIP, they may be acquired and held by the Greatland Resources Limited Employee Share Trust (**EST**). The trust deed (**EST Trust Deed**) outlines the rules of the EST and the responsibilities of the trustee of the EST, the Company and the participants. A copy of the EST Trust Deed is available upon request from the Company.

Approval under Listing Rule 7.2, Exception 13(b)

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the number of equity securities that a listed company can issue without the approval of its shareholders over any 12-month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

Listing Rule 7.2, Exception 13(b), provides that Listing Rule 7.1 does not apply to an issue of equity securities under an employee incentive scheme if, within three years before the date of issue of the equity securities, the holders of the entity's ordinary securities have approved the issue of equity securities under the scheme as exception to Listing Rule 7.1.

Accordingly, Shareholder approval of the EIP is being sought for the purposes of Listing Rule 7.2, Exception 13(b) so that securities issued in accordance with the EIP will be excluded from the calculation of the maximum number of new equity securities that can be issued by the Company under Listing Rule 7.1 for a period of three years from the date of approval.

If Resolution 4 is approved by Shareholders, it will have the effect of enabling the securities issued by the Company under the EIP to be automatically excluded from the formula to calculate the number of securities which the Company may issue within the 15% of total share capital in 12 months limit under Listing Rule 7.1 during the next three-year period.

If Resolution 4 is not approved by Shareholders, the Company may still grant securities under the EIP (subject to any additional necessary approvals for an issue under the EIP under Listing Rule 10) but any grant will reduce, to that extent, the Company's capacity to issue equity securities without Shareholder approval under Listing Rule 7.1 for 12 months following such grant (except to the extent such grant is specifically approved by Shareholders, for example under Listing Rule 10.14). This may limit the Company's ability to utilise the EIP without additional Shareholder approval.

Technical information required by Listing Rule 7.2, Exception 13(b)

Pursuant to and in accordance with Listing Rule 7.2, Exception 13, the following information is provided in relation to Resolution 4:

- a) a summary of the key terms of the EIP is set out in Attachment B, and a full copy of the rules of the EIP is available upon request from the Company;
- b) as this is the first time that Shareholder approval is being sought for the adoption of the EIP, the Company has not issued any securities under the EIP;
- c) the maximum number of securities proposed to be issued under the EIP within the three-year period after the date of the passing of Resolution 4 is 10,000,000 securities. The maximum number (which equates to 1.49% of the Company's issued capital) is not intended to be a prediction of the actual number of securities to be granted under the EIP, but simply a ceiling for the purposes of Listing Rule 7.2, exception 13(b), and is intended

to provide the Company with the capacity to continue to reward its employees appropriately as it grows over time; and

- d) a voting exclusion statement is included in the 'Voting Exclusion Statements' section of this Notice.

Recommendation

The Board (with Mr Day, the Company's Managing Director, abstaining given that he has an interest in Resolution 4) recommends that Shareholders vote in favour of Resolution 4.

The Chair of the Meeting intends to vote all available proxies in favour of Resolution 4.

Resolution 5 – Issue of Performance Rights to Mr Shaun Day

Background

Resolution 5 seeks Shareholder approval for the intended grant of Performance Rights to Mr Shaun Day, the Company's Managing Director, pursuant to the EIP, and otherwise on the terms and conditions set out in this Explanatory Memorandum.

The Company's remuneration policy is to ensure that executive remuneration is competitive in attracting, motivating and retaining executives of a high calibre, properly reflects the duties and responsibilities of each relevant executive, linked with the Company's strategic goals and performance and aligned with the interests of Shareholders. The remuneration structure used by the Company to achieve these objectives includes the combination of fixed annual remuneration and performance-related remuneration (including participation in the EIP). Additional information on the Company's incentive programs is included in the Remuneration Report.

Listing Rule 10.14 provides that a listed company must not permit any of the following persons to acquire equity securities under an employee incentive scheme:

- 10.14.1 - a director of the Company;
- 10.14.2 - an associate of a director of the Company; or
- 10.14.3 - a person whose relationship with the Company or a person referred to in Listing Rule 10.14.1 or 10.14.2 is such that, in ASX's opinion, the acquisition should be approved by its shareholders,

unless it obtains the approval of its shareholders.

The proposed issue by the Company of Performance Rights to Mr Day falls within Listing Rule 10.14.1 above and therefore requires the approval of the Company's Shareholders under Listing Rule 10.14. Resolution 5 seeks the required Shareholder approval to the issue under and for the purposes of Listing Rule 10.14.

If Resolution 5 is passed, the Company will be able to proceed with the grant of the Performance Rights to Mr Day.

If Resolution 5 is not passed, then the proposed grant will not proceed. In that circumstance, issues may arise with the competitiveness of Mr Day's total remuneration package and alignment of rewards with other senior executives in the Company. The Board would then need to consider alternative remuneration arrangements or performance hurdles, after consulting with Shareholders.

If Resolution 4 is not passed but Resolution 5 is passed, the Company may determine to proceed with the grant of the Performance Rights to Mr Day, within the Company's Listing Rule 7.1 capacity. A summary of the Greatland EIP under which the Performance Rights will be granted (should Resolution 5 be passed) is set out in Attachment B.

For personal use only

Value of Performance Rights

The Company attributes a face value of \$6.55 for each FY26 Performance Right proposed to be issued to Mr Day (subject to shareholder approval of Resolution 5). The face value is based on the volume weighted average price for Shares for the 30 trading days up to and including 30 June 2025.

The 30-trading day VWAP up to and including 30 June 2025 has been calculated based on the aggregate of: (i) Greatland Gold plc's trading on the AIM market from 16 May 2025 to 19 June 2025 (adjusted for the 20:1 consolidation that was effected through the scheme of arrangement that inserted Greatland Resources Limited as the group's parent company on 20 June 2025, and converted to AUD based on applicable daily foreign exchange rates); (ii) Greatland Resources Limited's trading on the AIM market from 23 June 2025 to 30 June 2025 (converted to AUD based on applicable daily foreign exchange rates); and (iii) Greatland Resources Limited's trading on the ASX from 24 June 2025 to 30 June 2025.

Number of Performance Rights

The Company's Remuneration and Nomination Committee recommended, and the Board resolved, that the value of Mr Day's annual total fixed remuneration (including superannuation) (**TFR**) for the year ending 30 June 2026 should be \$1,100,000 per annum.

The number of Performance Rights the Company intends to grant to Mr Day will be up to 167,939. This number is set by the Board in the context of considering Mr Day's remuneration package, of which Performance Rights form a part. The maximum number of Performance Rights determined was calculated as follows:

$$FY26PR = \frac{1 \times TFR \text{ for FY26}}{\$6.55}$$

Where:

- TFR is Mr Day's annual total fixed remuneration (including superannuation), being \$1,100,000 per annum; and
- \$6.55 is the face value attributed by the Company to the Performance Rights based on the volume weighted average price for Shares for the 30 trading days up to and including 30 June 2025; and
- FY26PR is the maximum number of FY26 Performance Rights proposed to be issued to Mr Day.

The actual number of Performance Rights that will vest and become capable of exercise will ultimately depend on the extent to which the performance hurdles are met during the applicable performance period (which are set out below) and the terms of the EIP.

Terms of Performance Rights

All Performance Rights to be granted will be on terms consistent with the rules of the EIP. A summary of the key terms of the EIP is contained in Attachment B. A full copy of the EIP is available to Shareholders from the Company's share registry on request.

No consideration is payable by Mr Day at the time of the intended grant of the Performance Rights or upon the allocation of Shares to which Mr Day may become entitled upon Performance Rights vesting. Each Performance Right will entitle the holder to one fully paid ordinary share in the Company at no cost, subject to satisfaction of the performance hurdles described below.

Performance Hurdles

The Performance Rights will vest and become exercisable, over the three-year measurement period (being 1 July 2025 to 30 June 2028) (**Performance Period**), if the performance hurdles are achieved, and will convert to Shares once exercised. Performance Rights that have not vested where the performance hurdle has not been satisfied or waived by the expiry date, will automatically lapse. The performance hurdles that the Board has determined will apply to the Performance Rights are summarised in the table below and described in further detail below:

Performance Hurdle	Weighting
Relative Total Shareholder Return	55%
Environmental, Social and Governance	10%
Reserves and Resources	35%

Relative Total Shareholder Return

The Company's relative total shareholder return (**TSR**) performance will be determined based on a percentile ranking of the Company's TSR results relative to the TSR of each of the companies in the comparator group over the same three-year measurement period (**Relative TSR**).

TSR measures the return received by Shareholders from holding Shares over the Performance Period, calculated as follows:

$$TSR + ((B - A) + C) / A$$

Where:

- A = the Market Value of a Share at the start of the Performance Period
- B = the Market Value of a Share at the end of the Performance Period
- C = the aggregate dividend amount per Share paid during the Performance Period

Market Value is calculated as the 30-trading day VWAP of a Share ending on the day prior to the start or end of the Performance Period.

The comparator group will be a peer group comprised of similar sized, ASX listed gold mining companies. The current list of the comparator group is set out in Attachment C. The Board will retain absolute discretion (subject to the Listing Rules and Corporations Act) to adjust the peer group from time to time.

The vesting schedule for 55% of the Performance Rights subject to Relative TSR is as follows:

Achievement	Outcome	Worked example of total Shares issued or transferred upon vesting and exercise based on Mr Day's proposed FY26 grant
< 50 th percentile	0%	None
Threshold: 50 th percentile	50%	46,183 Shares (being 50% of the 92,366 Performance Rights subject to Relative TSR)
50 th to 75 th percentile	pro rata 50 – 100%	Between 46,183 and 92,366 Shares (being between 50% and 100% of the 92,366 Performance Rights subject to Relative TSR)
> 75 th percentile	100%	92,366 Shares (being 100% of the 92,366 Performance Rights subject to Relative TSR)

Environmental, Social and Governance

The vesting schedule for 10% of the Performance Rights subject to environmental, social and governance (ESG) performance will be determined as follows:

Achievement	Outcome
Achieve annual employee voluntary turnover of 20% or less by the end of the performance period	2.5%
Female representation in workforce increased to 20% or more by the end of the performance period	2.5%
Aboriginal and Torres Strait Islander representation in workforce increased to 5% or more by the end of the performance period	2.5%
Seek an inaugural ESG rating to establish a measured baseline for Greatland and demonstrate year-on-year improvement considering global evolution of ESG trends.	2.5%

For illustrative purposes only, achievement of each of the above ESG performance objectives would result in 16,794 total Shares being issued or transferred upon vesting of the Performance Rights based on Mr Day's proposed FY26 grant.

Reserves and Resources

The reserve growth performance condition will be determined as ore reserve growth in excess of depletion over the three year measurement period.

The vesting schedule for 17.5% of the Performance Rights subject to reserve growth is as follows:

Ore Reserve growth (in excess of depletion) relative to Ore Reserves as at 31 December 2024.

Achievement	Outcome	Worked example of total Shares issued or transferred upon vesting and exercise based on Mr Day's proposed FY26 grant
< 15% growth	0%	None
Threshold: 15% growth	25%	7,347 Shares (being 25% of the 29,389 Performance Rights subject to reserve growth)
15 – 30% growth	pro rata 25 – 100%	Between 7,347 and 29,389 Shares (being between 25% and 100% of the 29,389 Performance Rights subject to reserve growth)
> 30% growth	100%	29,389 Shares

The resource growth performance condition will be determined as Telfer mineral resource growth in excess of depletion of the three year measurement period.

The vesting schedule for 17.5% of the Performance Rights subject to resource growth is as follows:

Telfer Mineral Resource growth (in excess of depletion) relative to Telfer Mineral Resources as at 31 December 2024.

Achievement	Outcome	Worked example of total Shares issued or transferred upon vesting and exercise based on Mr Day's proposed FY26 grant
< 15% growth	0%	None
Threshold: 15% growth	25%	7,347 Shares (being 25% of the 29,389 Performance Rights subject to reserve growth)
15 – 30% growth	pro rata 25 – 100%	Between 7,347 and 29,389 Shares (being between 25% and 100% of the 29,389 Performance Rights subject to reserve growth)
> 30% growth	100%	29,389 Shares

Note: the total number of shares issued in the worked examples, may not add up to the maximum number to be issued due to rounding.

Other Conditions

If Mr Day ceases to be an employee as a result of retirement, redundancy, death, permanent disablement or other circumstances as determined by the Board, the Board may in respect of any Performance Rights that have not yet vested, acting in a fair and reasonable manner, waive some or all of the vesting conditions, and determine that the applicable Performance Right vests, or determine that such Performance Rights may continue to be held by Mr Day subject to some or all of the vesting conditions.

The EIP contains malus and clawback provisions that give the Board discretion to reduce or reclaim unvested and vested entitlements in certain circumstances, including where Mr Day has acted fraudulently or dishonestly, or is in breach of his obligations to the Group.

If certain corporate transactions occur in relation to the Company, such as a takeover or scheme of arrangement, some or all of Mr Day's unvested Performance Rights may vest early.

Mr Day's Performance Rights will not attract dividends nor confer voting rights prior to vesting.

Any dealing in shares is subject to the constraints of Australian insider trading laws, the UK Market Abuse Regulations and the Company's Securities Dealing Policy. Mr Day is specifically prohibited from hedging Performance Rights during the vesting period.

The other terms of the Performance Rights are governed by the Greatland Resources Limited Equity Incentive Plan. A summary of the Greatland Resources Limited Equity Incentive Plan (including further detail in relation to the treatment of Performance Rights in the event of a change of control) is set out in Attachment B.

Listing Rule 10.15 additional information requirements

Listing Rule 10.15 requires the following additional information to be included in this Explanatory Memorandum:

- Mr Day falls within the category of persons in Listing Rule 10.14.1.
- Subject to Shareholder approval being obtained as contemplated by Resolution 5, the maximum number of Performance Rights (and hence Shares) that the Company may issue to Mr Day will be 167,939. The number of Performance Rights has been determined by multiplying the face value of Mr Day's TFR for FY26 (\$1,100,000) by 1 and dividing the total by the 30-trading day VWAP of GGP shares up to and 30 June 2025. Please refer to the 'Number of Performance Rights' and 'Value of Performance Rights' sections of the Explanatory Memorandum above.
- No consideration is payable by Mr Day at the time of grant of the Performance Rights or upon the allocation of the Shares to which Mr Day may become entitled upon exercise of the vested Performance Rights.
- 2025 will be the first year that Performance Rights are awarded to Mr Day under the new EIP. The Company uses Performance Rights under the EIP because it aligns remuneration with long-term value creation for

Shareholders as well as encouraging retention whilst not providing employees with the full benefits of share ownership (such as dividend and voting rights) unless and until the rights vest and are exercised.

- The other Directors of the Company (being Mses. Gaines and Broughton and Messrs. Barnaba, Borrelli, Hallam, Latcham and Wilson) are entitled to participate in the EIP, though the Company has not sought Shareholder approval for such an issue, and they have not received any securities under the EIP to date. It is the current intention of the Board that Non-executive Directors will not participate in the EIP.
- The voting exclusion statement in relation to Resolution 5 is included in the 'Voting Exclusion Statements' section of the Notice of Meeting.
- No loans will be made by the Company in connection with the acquisition of Performance Rights or Shares upon the vesting of Performance Rights by Mr Day.
- The Company intends to issue the Performance Rights to Mr Day as soon as practicable following the Meeting (subject to applicable law (including the UK Market Abuse Regulations)) and no later than 12 months after the Meeting.
- Details of any Performance Rights issued under the EIP will be published in the Company's Annual Report relating to the period in which they were issued, along with a statement that approval (if obtained) for the issue was obtained under Listing Rule 10.14. Any additional persons covered by Listing Rule 10.14 who become entitled to participate in an issue of Performance Rights under the EIP after this Resolution is approved and who are not named in this Notice of Meeting will not participate until approval is obtained under that rule.

Dilution

The Performance Rights to be issued to Mr Day will have a diluting effect on the percentage interest of existing Shareholders' holdings. The diluting effect of these Performance Rights is approximately 0.025% of the Company's current share capital. The Board has formed the view that remuneration in the form of the Performance Rights to be granted to Mr Day is reasonable given the Company's circumstances, and Mr Day's circumstances (including his responsibilities). The Board is of the opinion that the terms of issue of the Performance Rights to Mr Day are reasonable.

Voting Exclusions

For the voting exclusions applicable to this Resolution 5, please refer to the 'Voting Exclusion Statements' section of the Notice of Meeting.

Recommendation

The Board (excluding Mr Day) recommends that Shareholders vote in favour of Resolution 5. The Chair of the Meeting intends to vote all available proxies in favour of Resolution 5.

Resolution 6 – Termination Benefits

Background

Resolution 6 seeks Shareholder approval in accordance with Part 2D.2 of the Corporations Act (including sections 200B and 200E) for the benefits that may be provided by the Company to certain individuals when they cease to hold an office or position of employment with Greatland (**Termination Benefits**).

Approval is sought for the retirement / termination entitlements or benefits of persons who either now or in the future hold a "managerial or executive office" (as defined in section 200AA(1) of the Corporations Act) in Greatland which includes a person:

- who is a director of any Greatland entity; or
- whose remuneration details are included in Greatland's Remuneration Report,

and includes any person who held such an office in the three years prior to ceasing employment with, or ceasing to be a director of, any Greatland company (**Relevant Executive**). As at the date of the Notice of Meeting, approximately three employees of Greatland hold a managerial or executive office within the meaning of the Corporations Act.

The following information sets out the Termination Benefits that may be provided to Relevant Executives in the event they cease to hold office as a director or their employment with Greatland, how the retirement benefits will be provided, and the matters, events and circumstances that may affect the calculation of the value of the retirement benefits.

Approval is sought for a four-year period

The approval sought under this resolution is to seek the approval of the Termination Benefits for a period of four years.

If Resolution 6 is approved, approval will remain effective for a period of four years from the date Resolution 6 is passed (being until the Company's 2029 Annual General Meeting). The Board may seek further Shareholder approval at that time, as necessary, to reflect changes in employment agreements or incentive plans in accordance with market practice and governance standards.

Shareholders should reasonably anticipate that aspects of the Company's employment arrangements, including executives' EIP opportunities as a percentage of their fixed pay, will be amended from time to time during the four-year period to which this approval relates. This is in line with market practice and changing governance standards and, where relevant, these changes will be reported in the Company's Remuneration Report. However, it is intended that the approval set out in Resolution 6 will remain valid throughout the four-year period of the approval for as long as the employment arrangements provide for the treatment on cessation of employment as set out in these explanatory notes.

If Resolution 6 is not approved, the Company will be restricted from providing certain termination benefits to Relevant Executives that either exceed the 5% threshold, or are otherwise not permissible under the Corporations Act.

Sections 200B and 200E of the Corporations Act

Under sections 200B and 200E of the Corporations Act, the Company and its associates may only give a person a benefit in connection with them ceasing to hold a managerial or executive office if the benefit is approved by Shareholders or an exemption applies.

The term "benefit" is defined broadly in the Corporations Act to include most forms of valuable consideration and may include benefits resulting from the Board exercising certain discretions under the rules of the EIP. If Shareholder approval is given, the Company is still required to comply with Listing Rule 10.19.

Reasons why Shareholder approval is being sought

As disclosed in Greatland's Prospectus dated 30 May 2025, certain Relevant Executives executed a Deed of Cancellation and Covenant with the Company, pursuant to which their performance share rights issued by Greatland Gold plc which were outstanding at the effective date of the Scheme of Arrangement of Greatland Gold plc were cancelled and the Company would offer to issue replacement performance rights on substantially similar terms under the Greatland Resources Limited Legacy Long Term Incentive Plan (**Rollover LTIP**) following admission of Greatland to the Official List of the ASX. These replacement performance rights were issued on 30 June 2025. The terms of the replacement performance share rights under the Rollover LTIP provide for certain retirement benefits to the Relevant Executives.

The existing employment arrangements with Relevant Executives, as well as the terms of awards under the Rollover LTIP and EIP provide that on termination of employment they will receive benefits which constitute retirement benefits for the purposes of section 200B of the Corporations Act, that, in aggregate, may exceed the applicable statutory cap and are not exempt. Specifically, the details of the Termination Benefits that may be paid to Relevant Executives include those set out below:

▪ **Payment in lieu of notice:**

Notice of termination is a contractual entitlement provided for in each Relevant Executive's employment contract. The required notice period for the Managing Director is 6 months (if notice is given by Greatland) and 9 months (if notice is given by the Managing Director), and for other Relevant Executives it varies between 3 months and 6 months. Notice of termination may be given by either the Relevant Executive or Greatland at any time. During any period of notice, where the notice has been given by the Relevant Executive, Greatland has discretion to make a payment in lieu of all or part of the notice period; where notice has been given by Greatland, Greatland is required to pay in lieu of notice for the notice period.

Where notice is provided by the Relevant Executive, payment will only be made in lieu of notice in appropriate circumstances. The amount of the payment in lieu of notice, if any, will be calculated on the Relevant Executive's fixed pay (as at the termination date) for any part of the notice period the Relevant Executive is not required to continue to be employed by Greatland. The amount of these payments can only be determined once notice is given. Accordingly, the amount of any payment in lieu of notice cannot be ascertained as at the date of the Notice of Meeting as the period and/or the Relevant Executive's fixed pay at the termination date are not currently known. However, in all cases the notice period will not exceed the contractual periods described above.

Key matters, events or circumstances which will, or are likely to affect the calculation of the payment in lieu of notice include:

- the Relevant Executive's fixed pay at the time of termination which will be reviewed annually in accordance with Greatland's remuneration policy (fixed pay details for the Key Management Personnel for FY25 are disclosed in the Company's Remuneration Report);
- the length of the notice period for which payment is being made;
- who gave the notice of termination and the Relevant Executive's future employment plans - for instance, a Relevant Executive who presents a business risk by working through their notice period will most likely receive payment in lieu of notice; and
- whether Greatland's operational requirements at the time notice is given require the Relevant Executive to work through part or all of their notice period.

▪ **Incentive arrangements:**

The Company may pay any eligible short term or vest any long term incentive payments (or lift any applicable exercise conditions) upon termination.

The terms of the awards under the Rollover LTIP provide for the vesting of long term incentives or the removal of exercise conditions on those incentives in certain circumstances on termination, either automatically or subject to a further determination by the Board. Under the terms of a Relevant Executive's employment contract, in exceptional circumstances, the Company (or its related body corporate) has discretion (to be exercised reasonably) to determine whether (and to what extent) any unvested Rollover LTIP awards granted to that Relevant Executive will vest, but only if and to the extent the terms of the Rollover LTIP awards require a determination by the Board.

Further, as set out in the summary of the key terms of the EIP is set out in Attachment B, in the event of a retirement, redundancy, death, permanent disablement or other circumstances as determined by the Board of a Relevant Executive, the Board has the discretion to waive some or all of the vesting conditions and determine the number of Options or Performance Rights that may vest, or otherwise determine that some or all of the Performance Rights or Options continue to be held by the relevant participant (subject to some or all of the

vesting conditions). This Board's exercise of discretion under the terms of the EIP in relation to the potential acceleration or ongoing vesting of securities under the EIP could be a Termination Benefit.

The calculation of Termination Benefits in respect of a Relevant Executive's incentive arrangements cannot be determined in advance as it depends on a number of factors, including:

- the Company's share price at the time of vesting of any incentives;
- the length of service and status of any unvested incentives;
- the terms of the relevant participant's employment agreement; and
- the number of unvested incentives held at the time of cessation.

▪ **Material Diminution Payments:**

Certain Relevant Executives, including the Managing Director, are entitled to a payment equal to 3 months of base salary in the event that there is a 'Material Diminution' in the employee's position, as well as a further payment equal to 9 months of base salary if the employee is terminated or resigns with notice within 2 months of the 'Material Diminution' occurring. As the amount of the payment, if any, will be calculated on the Relevant Executive's fixed pay, the value of any such benefit cannot be ascertained as at the date of the Notice of Meeting.

▪ **Non-compete obligations:**

In respect of certain Relevant Executives, if the Company enforces any non-compete obligations (which apply for between 3 to 6 months following termination) in respect of that Relevant Executive, the Company will pay that Relevant Executive's base salary (as at the date of termination) for each month (or part thereof on a pro rata basis) following the date of termination that they continue to comply with the non-compete obligations. As the period of enforcement of the non-compete obligations (if any) is unknown, the value of any such benefit cannot be ascertained as at the date of the Notice of Meeting.

▪ **Superannuation:**

Greatland makes the compulsory superannuation contributions required by law (currently 12% subject to the maximum contribution base which is indexed annually) on behalf of Relevant Executives into complying funds plus additional contributions by way of salary sacrifice as instructed by any Relevant Executive. Currently, Greatland does not contribute more than the statutory contribution of a Relevant Executive's base salary as an employer superannuation contribution although executives may choose to salary sacrifice additional employer contributions.

There is potential for the payment of superannuation benefits to a person holding a managerial or executive office to be regarded as a retirement benefit provided in connection with the person ceasing to hold an office or position of employment in Greatland, and thus the payment of those superannuation benefits may be subject to the approval requirements in Part 2D.2.2 of the Corporations Act.

The value of a Relevant Executive's superannuation benefit on retirement (at least to the extent these are referable to Greatland) will be equal to the superannuation contributions made by Greatland to that Relevant Executive's nominated superannuation fund plus, in relation to these contributions, any earnings and any capital growth or loss, less taxes and fees. The value of any such benefit cannot be ascertained as at the date of the Notice of Meeting.

Key matters, events or circumstances which will, or are likely to affect the value of superannuation benefits include:

- legal requirements regarding the minimum compulsory superannuation contributions which may increase over time;
- the Relevant Executive's fixed pay which will be reviewed annually in accordance with Greatland's remuneration policy;
- any voluntary salary sacrifice contributions made by the Relevant Executive; and
- any earnings and capital growth or loss, less taxes and fees, on Greatland's compulsory superannuation contributions.

Voting Exclusions

For the voting exclusions applicable to this Resolution 6, please refer to the 'Voting Exclusion Statements' section of the Notice of Meeting.

Recommendation

The Board (excluding Mr Day) recommends that Shareholders vote in favour of Resolution 6. The Chair of the Meeting intends to vote all available proxies in favour of Resolution 6.

Resolution 7 – Appointment of Auditor

Following consideration of the Company's significantly increased external audit requirements as a result of its ASX listing and the associated reorganisation of the Greatland group and following consultation with PKF Perth, the Directors proposed the appointment of PricewaterhouseCoopers (**PwC**) as auditor of the Company. Having received the consent from PwC to act as auditor, the Company announced the appointment of PwC as auditor of the Company on 24 June 2025.

Under the Corporations Act, the appointment of PwC as auditor is effective up to the next AGM of the Company, where shareholders must approve the appointment of the new auditor. In accordance with section 327B(1)(b) of the Corporations Act, the Company is seeking Shareholder approval for the ongoing appointment of PwC as the auditor of the Company. In accordance with section 328B(1) of the Corporations Act, notice in writing nominating PwC as auditor has been given to the Company by a member. A copy of this notice is included at Attachment D of this Notice of Meeting.

Recommendation

The Directors unanimously recommend that shareholders vote in favour of Resolution 7. The Chair of the Meeting intends to vote all available proxies in favour of Resolution 7.

ATTACHMENT B – SUMMARY OF EIP KEY TERMS AND KEY POLICY SETTINGS

Summary of the terms of the Greatland Resources Limited Equity Incentive Plan

A summary of the terms of the Equity Incentive Plan Rules (**EIP**) for Greatland Resources Limited (**Company**) is outlined below. Capitalised terms in this section refer to definitions in the Equity Incentive Plan Rules (**EIP Rules**).

The object of the EIP is to:

- a. provide Eligible Employees or their Nominees with the opportunity to acquire a financial interest in the Company, in accordance with the EIP Rules and the terms of any offer, grant or invitation to an Eligible Employee;
- b. align the interests of Eligible Employees with those of the Company's shareholders; and
- c. provide a greater incentive for the Eligible Employees to focus on the Company's longer-term goals.

Under the EIP, each Eligible Employee may either be granted an Award or be directly allocated Plan Shares.

Key Definitions

- **Offer:** the Board has discretion under the terms of the EIP Rules to make an offer to an Eligible Employee to participate in the EIP and to receive a grant of Awards or an allocation of Plan Shares on terms and conditions that the Board determines.
- **Eligible Employee:** refers to an employee who the Board determines to be eligible to participate in the EIP.

'Eligible Employee' also extends to the executive and non-executive directors who the Board determines to be eligible to participate in the EIP, if prior shareholder approval is provided in accordance with the Listing Rules.
- **Participant** refers to either an Eligible Employee or (if relevant) a Nominee of the Eligible Employee nominated by the Eligible Employee, who has accepted an Offer.
- **Award:** refers to either a Performance Right or Option granted under the EIP Rules.

A 'Performance Right' is an entitlement for an Eligible Employee to receive a Plan Share, subject to satisfying certain performance measures (known as 'Vesting Conditions').

An 'Option' is an option for an Eligible Employee to acquire a Plan Share, subject to the relevant Vesting Conditions being satisfied and payment of the relevant Exercise Price for the Option.

- **Plan Shares:** refers to the fully paid ordinary shares in the capital of the Company, which rank equally for all purposes with all other fully paid ordinary shares in the capital of the Company.

Offer of Awards

1. Information provided in an Offer of an Award:

Each Offer for Performance Rights and Options must be in writing and specify the following details:

- a. the name and address of the Eligible Employee to whom the Offer is made;
- b. the date of the Offer;
- c. the number of Awards available to the Eligible Employee;

- d. the proposed date on which an Award will be granted or issued to a Participant ('Grant Date');
- e. the conditions (if any) which must be satisfied before an Award vests and as reduced or waived in whole or in part at any time by the Board and notified to the Participant ('Vesting Conditions');
- f. the period of time that a Relevant Person has to satisfy Vesting Conditions ('Vesting Period');
- g. the period during which a Participant may exercise an Option or Performance Right ('Exercise Period');
- h. the time period in which an Eligible Employee may accept an Offer;
- i. the circumstances in which the Awards will, or are deemed to, lapse;
- j. following vesting and exercise of the Awards, any restrictions on the disposal of the Participant's Plan Shares; and
- k. anything else that the Board considers relevant (not being inconsistent with the EIP Rules).

Additionally, Options Offers must also include the price the Participant must pay to the Company in order to exercise an Option ('Exercise Price') (if any) or the manner of determining the Exercise Price.

2. Vesting and Lapse of Awards

Vesting: The Awards will only vest if, after the end of the Vesting Period, the Board determines that the Vesting Conditions have been satisfied within the Vesting Period.

If a Participant ceases to be an employee as a result of 'Special Circumstances' (being retirement, redundancy, death, permanent disablement or other circumstances as determined by the Board) and any Awards have not yet vested, the Board may (acting in a fair and reasonable manner) waive some or all of the Vesting Conditions and determine that the applicable Award vests, or determine that such an Award may continue to be held by the Participant subject to some or all of the Vesting Conditions.

Exercise: Once an Award has vested and the Exercise Period has commenced, an Award becomes exercisable by the Participant. Distinct from Performance Rights, Participants must pay the Exercise Price stated in the Options Offer in order to exercise an Option and to be allocated Plan Shares.

Lapse: An Award will lapse on the earliest date that:

- a. the Participant ceases to be an employee of the Company at any time before the end of the Vesting Period (subject to Special Circumstances);
- b. the Board determines that the Vesting Conditions have not been satisfied with respect to the relevant Award; or
- c. the Board otherwise determines to cancel the Award pursuant to the EIP Rules.

An Award which has not already lapsed under the EIP, if not exercised in accordance with the EIP Rules during the Exercise Period, will automatically lapse at the end of the Exercise Period.

If an Award lapses in accordance with the EIP Rules, the relevant Participant will be treated as having never held any right or interest in the Award.

3. Dealings

Participants must not assign, transfer, sell, grant a security interest over or otherwise deal with an Award. Once an Award has vested and been exercised into a Plan Share, subject to any restrictions imposed in the Participant's Offer, the Participant may deal with their Plan Shares. Prior to selling or transferring any Plan Shares, Participants must do all things necessary to comply with the Company's Trading Policy, including notifying the Company of their intention to sell or transfer the Plan Shares (if required by the Trading Policy).

4. Corporate Transactions

If certain corporate transactions occur in relation to the Company (such as takeovers, schemes of arrangement, a voluntary winding up of the Company, or demerger, dividend in specie, super dividend or other transaction which will adversely affect the current or future value of any unvested Awards) some or all of a Participant's unvested Awards may vest, even though the relevant Vesting Conditions have not yet been met.

Whether a Participant's Awards vest automatically or at the discretion of the Board depends on the nature of the corporate transaction. In particular, where the corporate transaction involves:

- a. a scheme of arrangement;
- b. a person acquiring voting power which the Board determines acting in good faith and in accordance with their fiduciary duties, is sufficient to control the composition of the majority of the Board;
- c. a person acquiring more than 50% of the voting shares of the Company;
- d. a person acquiring voting power of more than 50% via a takeover bid which becomes unconditional; or
- e. a person being able to compulsorily acquire ordinary shares in the Company under Chapter 6A of the Corporations Act,

any Participant who has been employed for at least 12 months at that point in time will have all of their unvested Awards deemed to be vested. Otherwise, the Board has discretion as to whether some or all of the Participant's Awards vest.

Where the corporate transaction involves the Company being acquired, the Participant may, by agreement with the acquiring company, release any Award which has not lapsed (**Old Award**) in consideration of the grant to them of Awards (**New Award**) which are determined by the Board to be equivalent to the Old Award but relates to shares in a different company (whether the company which has obtained control of the Company itself or some other company) within the period of six months thereafter.

In the event of an internal reorganisation, where:

- a. another company obtains control of the Company; and
- b. immediately afterwards all or substantially all of the issued equity share capital of the acquiring company is owned directly or indirectly by the persons who had control of the Company immediately before the change of control,

any unvested Awards shall not vest, but will be automatically released in consideration for the grant of a New Award (unless the Board determines otherwise).

The New Award must be determined by the Board to be equivalent to the existing Awards but relate to shares in a different company. In this event, the Vesting Conditions will apply in their original form unless the Board considers it appropriate for such Vesting Conditions to be varied.

5. Malus and Clawback

The Board may determine to cancel all or any unvested Awards or any vested Awards (which has not been exercised) as the Board considers to be fair and reasonable, taking account of all circumstances that the Board considers to be relevant, in circumstances where the Participant's conduct warrants cancellation. These include fraud, material dishonesty or material wrongdoing on the part of the Participant, or breach of the Participant's employment contract that would justify dismissal of the Participant.

Offer of Plan Shares

1. Information provided in a Plan Shares Offer:

Each Plan Shares Offer must be in writing and specify the following details:

- a. the name and address of the Eligible Employee to whom the Plan Shares Offer is made;
- b. the date of the Plan Shares Offer;
- c. the number of Plan Shares available to the Eligible Employee;
- d. the price payable by the Participant for the Plan Shares (if any);
- e. the proposed date that Plan Shares are allocated to a Participant for the purposes of the Plan;
- f. the time period for accepting a Plan Shares Offer;
- g. the circumstances in which Plan Shares may be forfeited;
- h. any restrictions on the disposal of the Participant's Plan Shares;
- i. the proposals by which a Participant may dispose of some or all of their Plan Shares; and
- j. anything else that the Board considers relevant (not being inconsistent with the EIP Rules).

Other Key Terms of the EIP

1. Allocation of Plan Shares

As soon as reasonably practicable after the exercise of an Award or acceptance of the Plan Shares, the Company must allocate to the Participant the relevant number of Plan Shares. Such allocated Plan Shares must either be:

- a. transferred by the trustee of an employee share trust ('Plan Trustee') into the name of the Participant;
- b. continue to be registered in the name of the Plan Trustee and held on behalf of the Participant as allocated Plan Shares;
- c. be acquired in the ordinary course of trading on the ASX and registered in the name of the Participant; or
- d. be issued by the Company in the name of the Participant.

Following the allocation of Plan Shares, the Company and the Plan Trustee must do all things necessary to transfer the legal title of the allocated Plan Share to the Participant and either:

- a. deliver to the Participant the holding statement for the Plan Shares; or
- b. (if relevant) make a notification for the Plan Shares via the Participant's nominated CHESS account.

2. Amendments:

The EIP and EIP Rules may be reasonably amended by the Board at any time. This may include the waiver, amendment or replacement of any performance measure in a Vesting Condition if the Board considers such measure is no longer appropriate or applicable.

If any amendment reduces Participants' rights in respect of any granted Award, the Board must obtain the prior written consent of at least 75% of the Participants affected by the proposed change.

However, if the Board makes amendments in order to comply with any applicable laws, to regulate the operation of the EIP, to take into account possible tax implications or to correct a manifest error or mistake, then any such amendments will not require the prior approval of Participants (even if it reduces Participants' rights).

3. Termination or Suspension

The Board must terminate or suspend the EIP or any part of the EIP if changes to the applicable law require that it do so. Further, the Board may suspend the operation of the EIP (either wholly or partly) from time to time and the Board has the discretion to terminate the EIP, or any part thereof, at any time.

4. Applicable Law

The operation of the EIP is subject at all times to the applicable law, which includes the Corporations Act, the ASX Listing Rules and the retained EU law version of the Market Abuse Regulation which applies in the UK (**UK MAR**). No Award or Plan Share can be offered, granted, issued, or transferred if it would contravene the applicable law. In particular, no Offer can be made during any closed period (as defined in the UK MAR), and no Award can vest during a closed period or at any other time while the Participant or the Company is in possession of inside information (as defined in the UK MAR).
