Shareholders should read this Explanatory Memorandum and the Notice in full before deciding how to vote on the Resolutions set out in the Notice.

Capitalised terms used in this memorandum and the Notice are defined in Section 7.

1 Financial Statements and Reports

The Corporations Act requires that the Financial Report and the reports of the Directors and Auditor be laid before the Meeting. There is no requirement for Shareholders to vote on these reports. Shareholders will be given a reasonable opportunity to raise questions and make comments on these reports and on the management of the Company at the Meeting.

Representatives of the Company's Auditor will be present for discussion purposes on matters of relevance to the audit.

2 Resolution 1 - Adoption of Remuneration Report (Non-binding Resolution)

The Remuneration Report includes information on:

- (a) Principles used to determine the nature and amount of remuneration;
- (b) Details of remuneration;
- (c) Service agreements;
- (d) Share based compensation; and
- (e) Additional disclosures relating to key management personnel.

As required by section 300A of the Corporations Act, the Remuneration Report is included in the Company's Annual Report, which is available on the Investor section of the Company's website at https://www.awag.au/investor-centre.

At the Meeting, the Chair will give Shareholders a reasonable opportunity to ask questions about or comment on the Remuneration Report.

The vote on this resolution is **advisory only** and will not bind the Directors or the Company. The vote will, however, be taken into consideration in determining future remuneration policy for Directors and executives.

The Board will consider the outcome of the vote and comments made by Shareholders on the Remuneration Report at this Meeting when reviewing the Company's remuneration policies. If 25% or more of the votes that are cast are voted against the adoption of the Remuneration Report at two consecutive Annual General Meetings, Shareholders will be required to vote at the second of those Annual General Meetings on a resolution (a "spill resolution") that another

meeting be held within 90 days at which all of the Directors other than the Managing Director must be offered up for election.

Key Management Personnel and their closely related parties must not cast a vote on the Remuneration Report, unless as holders of directed proxies for Shareholders eligible to vote on Resolution 1.

The Board recommends that Shareholders vote in FAVOUR of Resolution 1.

3 Resolution 2 – Re-election of Mr Paul Young as a Director

Background

Clause 51 of the Company's Constitution provides that an election of Directors, other than a Managing Director, must be held each year, and any Director for whom this would be the third annual general meeting since their last appointment will automatically retire.

In accordance with Clause 51.3 of the Company's Constitution, Mr Paul Young will retire at this Meeting, and being eligible for re-election, has submitted himself for re-election at this Meeting.

Mr Young was appointed a Director of the Company on 23 September 2021.

Bio of Mr Paul Young

Mr Young has over 35 years' experience providing independent corporate advice to Australian and overseas public and private clients. Paul is a non-executive director of Byron Energy Limited, co-founder and director of Baron Partners Limited and is a senior advisor of Henslow Pty Ltd.

Qualifications: Master of Arts from Cambridge University; Fellow of the Institute of Chartered Accountants in England and Wales and Diploma in Corporate Finance.

The Board (with Mr Young abstaining) recommends that Shareholders vote in FAVOUR of Resolution 2.

4 Resolution 3 – Approval of 10% Placement Capacity

Background

ASX Listing Rule 7.1A provides that an Eligible Entity may seek Shareholder approval at its annual general meeting to allow it to issue Equity Securities up to 10% of its issued capital (10% Placement Capacity). The Company is an Eligible Entity.

If Shareholders approve Resolution 3, the number of Equity Securities the Eligible Entity may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2.

The effect of Resolution 3 will be to allow the Company to issue Equity Securities up to 10% of the Company's fully paid ordinary securities on issue under the 10% Placement Capacity during the period up to 12 months after the Meeting, without subsequent Shareholder approval and without using the Company's 15% annual placement capacity granted under ASX Listing Rule 7.1.

If Resolution 3 is not passed, the Company will not be able to access the additional 10% capacity to issue equity securities without Shareholder approval provided for in Listing Rule 7.1A and will remain subject to the 15% limit on issuing equity securities without Shareholder approval set out in Listing Rule 7.1.

Resolution 3 is a **special resolution**. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Resolution 3 for it to be passed.

No securities have been issued or agreed to be issued under the previous LR 7.1A approval granted at the 2024 Annual General Meeting.

ASX Listing Rule 7.1A

ASX Listing Rule 7.1A came into effect on 1 August 2012 and enables an Eligible Entity to seek shareholder approval at its annual general meeting to issue Equity Securities in addition to those under the Eligible Entity's 15% annual placement capacity.

An Eligible Entity is one that, as at the date of the relevant annual general meeting:

- is not included in the S&P/ASX 300 Index; and
- has a market capitalisation equal to or less than \$300,000,000.

The Company is an Eligible Entity as it is not included in the S&P/ASX 300 Index and, as at close of trade on 15 October 2025 had a current market capitalisation of approximately \$39.78 million.

Any Equity Securities issued must be in the same class as an existing class of quoted Equity Securities. The Company currently has one class of quoted Equity Securities on issue, being Shares (ASX Code: WAG).

The exact number of Equity Securities that the Company may issue under an approval under ASX Listing Rule 7.1A will be calculated according to the following formula:

$$(A \times D) - E$$

Where:

- A is the number of Shares on issue at the commencement of the 12 months immediately preceding the date of issue or agreement (the **Relevant Period**):
 - a) plus the number of Shares issued in the Relevant Period under an exception to ASX Listing Rule 7.2 other than exception 9, 16 or 17;
 - b) plus the number of Shares issued in the Relevant Period on the conversion of convertible securities within ASX Listing Rule 7.2 exception 9 where:
 - i. the convertible securities were issued or agreed to be issued before the commencement of the Relevant Period; or
 - ii. the issue of, or agreement to issue the convertible securities was approved or taken under the ASX Listing Rules to have been approved under ASX Listing Rule 7.1 or 7.4;

- c) plus the number of Shares issued in the Relevant Period under an agreement to issue securities within ASX Listing Rule 7.2 exception 16 where:
 - i. the agreement was entered into before the commencement of the Relevant Period; or
 - ii. the agreement or issue was approved, or taken under the Listing Rules to have been approved under ASX Listing Rule 7.1 or 7.4;
- d) plus the number of any other Shares issued in the Relevant Period with approval under ASX Listing Rule 7.1 or 7.4;
- e) plus the number of partly paid shares that became fully paid in the Relevant Period;
- f) less the number of Shares cancelled in the Relevant Period.
- **D** is 10%.
- is the number of Equity Securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the Relevant Period where the issue or agreement has not been subsequently approved by the holders of Ordinary Securities under ASX Listing Rule 7.4.

Technical information required by ASX Listing Rule 7.3A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in relation to this Resolution 3:

Minimum Price

The minimum price at which the Equity Securities may be issued under Listing Rule 7.1A.2 is 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- i. the date on which the price at which the Equity Securities are to be issued is agreed by the entity and the recipient of the securities; or
- ii. if the Equity Securities are not issued within 10 ASX trading days of the date in section 4.3(a)(i), the date on which the Equity Securities are issued.

Securities can only be issued under Listing Rule 7.1A for cash consideration.

10% Placement Period

Shareholder approval of the 10% Placement Capacity under Listing Rule 7.1A commences on the date of the annual general meeting at which the approval is obtained and expires on the first to occur of the following:

i. the date that is 12 months after the date of the annual general meeting at which the approval is obtained;

- ii. the time and date of the Company's next annual general meeting; or
- iii. the time and date of the approval by Shareholders of any transaction under ASX Listing Rules 11.1.2 (a significant change to the nature or scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking),

(10% Placement Capacity Period).

Risk of voting dilution

Any issue of Equity Securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 3 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A(2), on the basis of the current market price of Shares and the current number of Equity Securities on issue as at the date of this Notice.

The table also shows the voting dilution impact where the number of Shares on issue (**Variable A** in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.

Number of Shares on Issue (Variable 'A' in ASX Listing Rule 7.1A2)	Dilution				
	Issue Price (per Share)	\$ 0.2675 (50% decrease in Issue Price)	\$0.535 Issue Price	\$1.07 (50% increase in Issue Price)	
74,365,000 (Current Variable A)	10% Dilution	7,436,500	7,436,500	7,436,500	
	Funds raised	\$1,989,263	\$3,978,527	\$7,957,055	
111,547,500 (50% increase in Variable A)	10% Dilution	11,154,750	11,154,750	11,154,750	
	Funds raised	\$2,983,895	\$5,967,791	\$11,935,582	
148,730,000 (100% increase in Variable A)	10% Dilution	14,873,000	14,873,000	14,873,000	
	Funds raised	\$3,978,527	\$7,957,055	\$15,914,110	

- 1. The number of Shares on issue (variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue, the exercise of options currently on issue or that are issued with Shareholder approval under Listing Rule 7.1.)
- 2. The table above uses the following assumptions:

- a) There were 74,365,000 Shares on issue as at 15 October 2025.
- b) The issue price set out above is based on the closing Share price of the Company on 15 October (\$0.535).
- c) The Company issues the maximum possible number of Equity Securities under the 10% Placement Capacity.
- d) The issue of Equity Securities under the 10% Placement Capacity consists only of Shares. It is assumed that no Options are exercised or converted into Shares before the date of issue of the Equity Securities.
- e) The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances.
- f) This table does not set out any dilution pursuant to approvals under ASX Listing Rule 7.1.
- g) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.

The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Capacity, based on that Shareholder's holding at the date of the Meeting.

Shareholders should note that there is a risk that:

- 1) the market price for the Company's Shares may be significantly lower or higher on the issue date than on the date of the Meeting; and
- 2) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

Purpose of Issue under 10% Placement Capacity

The Company may issue Equity Securities under the 10% Placement Capacity for the purposes of WAG business development, marketing, customer training and support, international expansion and general working capital.

The Company notes that the securities issued to pay for the above purposes will be issued for cash consideration only.

The Company will comply with the disclosure obligations under ASX Listing Rules 7.1A.4 and 3.10.3 upon issue of any Equity Securities.

Allocation policy under the 10% Placement Capacity

The Company's allocation policy for the issue of Equity Securities under the 10% Placement Capacity will be dependent on the prevailing market conditions at the time of the proposed placement(s).

The recipients of the Equity Securities to be issued under the 10% Placement Capacity have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company.

The Company will determine the recipients at the time of the issue under the 10% Placement Capacity, having regard to the following factors:

- the purpose of the issue;
- alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- the effect of the issue of the Equity Securities on the control of the Company;
- the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company;
- prevailing market conditions; and
- advice from corporate, financial and broking advisers (if applicable).

Further, if the Company is successful in acquiring new resources, assets or investments, it is likely that the recipients under the 10% Placement Capacity will be vendors of the new resources, assets or investments (subject to such vendors paying cash consideration for Shares issued under the 10% Placement Capacity as required).

Previous approval under ASX Listing Rule 7.1A.2

Approval was granted by shareholders at the 2024 Annual General Meeting 19 November 2024.

Compliance with ASX Listing Rules 7.1A.4 and 3.10.5A

When the Company issues Equity Securities pursuant to the 10% Placement Capacity, it must give to ASX:

- i. a list of the recipients of the Equity Securities and the number of Equity Securities issued
- ii. each (not for release to the market), in accordance with ASX Listing Rule 7.1A.4; and
- iii. the information required by ASX Listing Rule 3.10.3 for release to the market.

The Board recommends that Shareholders vote in FAVOUR of Resolution 3.
