Pure Hydrogen's Annual Report for the year ended 30 June 2025 is available on the Pure Hydrogen website at <http://www.purehydrogen.com.au>. The Annual Report contains, inter alia, the 2025 Financial Report.

QUESTIONS FROM SHAREHOLDERS

Shareholders are invited to register questions in advance of the AGM. If you would like further information on Pure Hydrogen or would like to ask a question of Pure Hydrogen or the Auditor at this AGM, you may submit your questions in writing to the Company. Shareholders may submit written questions to the auditor about their audit report or the conduct of the audit.

Written questions must be received no later than 5 business days before the Meeting Day, that is prior to **5:00 PM (Sydney time) on Friday 21 November 2025**.

EXPLANATORY NOTES

These Explanatory Notes have been prepared for the information of shareholders regarding the business to be transacted at the 2025 Annual General Meeting of shareholders. The Directors recommend shareholders read these Explanatory Notes in full before making any decision in relation to the resolutions in question.

ITEM 1 - CONSIDER FINANCIAL REPORT

A copy of the Pure Hydrogen Annual Report 2025 (**Annual Report**) can be found on the Company's website (<http://www.purehydrogen.com.au>).

During discussion of this item, there will be an opportunity for shareholders to ask questions about, or comment on, the Annual Report and the management and performance of the Company. Shareholders also can ask the auditor questions relevant to the conduct of the audit, the preparation and content of the audit report, the accounting policies adopted by the Company, and the independence of the auditor in relation to the conduct of the audit.

ITEM 2 – REMUNERATION REPORT

The Board submits the Remuneration Report to shareholders for consideration and adoption by way of a non-binding resolution as required by the Corporations Act ('Act').

Although the vote on this resolution does not bind the Directors or the Company, the Board respects the views of its shareholders and will take the outcome of the vote into account when considering remuneration policy in the future.

Because of amendments to the Act generally known as the "two strikes rule," shareholders should note that the results of the vote on this item may impact the conduct of next year's AGM.

The Directors encourage shareholders to apply the same level of diligence in relation to this resolution as they do with the binding resolutions.

Directors' recommendation:

The Directors unanimously recommend that shareholders vote in favour of Item 2.

ITEM 3: CHANGE OF COMPANY NAME

The Company is seeking shareholder approval to effect a change in the Company's name from 'Pure Hydrogen Corporation Limited' to 'Pure One Corporation Limited'.

The name, Pure One Corporation Limited, offers strategic clarity, brand flexibility, and long-term alignment with the group's commercial objectives. If Resolution 3 is approved, a new website is available at www.pure1corp.com, and a promotional video can be viewed at <https://pure1corp.com/videos/>.

Rationale for the name change:

- **Broadens market positioning:** Reflects the expansion beyond hydrogen into a wider portfolio of clean energy technologies, mobility solutions, and services
- **Supports long-term growth and diversification:** Shifting from a product-specific name allows the business to diversify without confusing investors or partners
- **Retains brand equity:** The word "Pure" maintains recognition and credibility in the market
- **Introduces "One":** Signals leadership, innovation, and the ambition to be a first mover in clean energy and zero-emission transport
- **Positive internal alignment:** The name has received strong support internally, from both staff and management as well as Board members
- **Market-friendly and scalable:** Pure One is distinctive, easy to remember, and well suited for global growth

If this special resolution is passed, the change of name will take effect when ASIC alters the details of the Company's registration. Subject to the passing of Resolution 3 by the requisite majority of shareholders, the Company intends to liaise with the ASX regarding changing the Company's listing code to better reflect the Company's new name. In this regard,

Resolution 3 is a special resolution and can only be passed if at least 75% of the votes cast, in person or by proxy, by Shareholders who are entitled to vote on the Resolution, are voted in favour.

Directors' recommendation:

The Directors unanimously recommend that shareholders vote in favour of item 3.

ITEM 4 – RE-ELECTION OF ADAM GILES AS A DIRECTOR

Mr Giles was the 10th Chief Minister of the Northern Territory, holding office from 2013 until 2016. During his political career, Mr Giles also held the portfolios of Economic Development, Major Projects, Transport, Infrastructure, Indigenous Affairs and Northern Australia.

As the head of multiple government portfolios, Mr Giles initiated several major infrastructure projects including the rollout of solar power to Indigenous communities, and the establishment of the interstate gas pipeline between the Northern Territory and eastern Australia. Since leaving politics Adam has held several senior corporate roles, including as CEO of Hancock Agriculture and S Kidman & Co.

Mr Giles has an indirect interest in 41,600 ordinary class shares and 2,000,000 options (over ordinary class shares).

Mr Giles is Non-Executive Chairman of the Board and is a member of the Audit & Risk Committee and Nomination Committee.

Directors' recommendation:

The Directors unanimously recommend that shareholders vote in favour of item 4.

ITEM 5 – APPROVAL OF 10% PLACEMENT CAPACITY

ASX Listing Rule 7.1A provides eligible companies (which includes the Company²) the ability to raise an additional 10% of issued capital by way of placements over a 12-month period. This is in addition to a company's ability to issue up to 15% of its issued capital in a 12-month period without Shareholder approval under Listing Rule 7.1. The number of Shares which may be issued by a company under Listing Rule 7.1A is calculated in accordance with the following formula:

(A x D) - E

where

A is the number of fully paid ordinary securities at the commencement of the relevant period

- plus the number of fully paid ordinary shares issued in the 12 months under an exception in Listing Rule 7.2 (other than exception 9, 16 or 17);
- plus the number of fully paid ordinary securities issued in the relevant period on the conversion of convertible securities within Listing Rule 7.2 exception 9 where:
 - the convertible securities were issued or agreed to be issued before the commencement of the relevant period;
 - the issue of, or agreement to issue, the convertible securities was approved, or taken under these rules to have been approved, under rule 7.1 or rule 7.4.
- plus the number of fully paid ordinary securities issued in the relevant period under an agreement to issue securities within rule 7.2 exception 16 where;

² An eligible entity means an entity which is not included in the CSX/ASX200 Index and which has a market capitalisation of \$200 million or less. Pure Hydrogen Corporation Limited is an eligible entity for these purposes.

- the agreement was entered into before the commencement of the relevant period; or
- the agreement or issue was approved, or taken under these rules to have been approved, under rule 7.1 or rule 7.4;
- plus the number of any other fully paid ordinary securities issued in the relevant period with approval under rule 7.1 or rule 7.4
- plus the number of number of partly paid ordinary securities that became fully paid in the relevant period.
- less the number of fully paid ordinary shares cancelled in the relevant period.

D is 10%.

E is the number of shares issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of Shareholders under Listing Rule 7.4.

The Directors are seeking approval to have the additional capacity to issue a number of shares representing 10% of the issued share capital of the Company pursuant to Listing Rule 7.1A. ("**10% placement facility**").

If Item 5 is not passed, the Company will not be able to access the additional 10% capacity to issue equity securities without Shareholder approval under Listing Rule 7.1A and will remain subject to the 15% limit on issuing equity securities without Shareholder approval set out in Listing Rule 7.1.

While the Company does not have any immediate plans to issue shares under the additional capacity per Listing Rule 7.1A if approved, purposes for which shares may be issued pursuant to Item 5 may include for use as working capital and/or corporate growth opportunities.

The shares must be in an existing class of the Company's equity securities and issued for cash consideration at an issue price that is at least 75% of the Volume Weighted Average Price for the Company's equity securities over the 15 trading days on which trades in that class were recorded immediately before:

- (a) the date on which the price at which the equity securities are to be issued or agreed; or
- (b) if the equity securities are not issued within 10 trading days of the date in paragraph (a) above, the date on which the equity securities are issued.

The Company will comply with the disclosure obligations under Listing Rules 7.1A (4) upon issue of any shares.

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% placement facility under Listing Rule 7.1A. The identity of the allottees of Shares will be determined on a case-by-case basis having regard to factors including but not limited to the following:

- the methods of raising funds that are available to the Company, including rights issue or other issues in which existing Shareholders can participate;
- the effect of the issue of the shares on the control of the Company;
- the financial situation of the Company;
- advice from corporate, financial, and broking advisors; and
- the potential benefits an allottee could provide to the Company as a strategic investor (if applicable).

The allottees under the 10% placement facility have not been determined as at the date of this Notice but may include existing substantial Shareholders and/or new Shareholders who are not related parties or associates of a related party of the Company.

If Shareholder approval is granted for Item 5 and the company issues equity securities under its 10% placement facility, there is a risk of economic and voting dilution to existing ordinary security holders that may result from an issue of equity securities under rule 7.1A.2, including the risk that the market price for the equity securities may be significantly lower on the issue date than on the date on which approval is given to this Item 5 and the equity securities may be issued at a discount to the market price for those equity securities on the issue date.

The table below is provided to illustrate the potential dilution of existing Shareholders based on the current market price of shares and the current number of shares for variable "A" calculated in accordance with the formula in Listing Rule 7.1A.2 as at the date of this notice:

- two examples where variable "A" has increased, by 50% and 100%.

Variable "A" is based on the number of shares the Company has on issue. The number of shares on issue may increase because of issues of shares that do not require approval (for example, a pro rata entitlement issue) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and

- two examples of where the issue price of shares has decreased by 50% and increased by 100% as against the current market price.

- The company issues the maximum number of shares available under LR7.1A;
- No shares are issued on the conversion of options before the date of issue of the shares;
- The table shows only the effect of shares under LR7.1A and does not factor in the company's ability to issue up to 15% of its issued capital under LR7.1.

Resolution 5 is a special resolution and can only be passed if at least 75% of the votes cast, in person or by proxy, by Shareholders who are entitled to vote on the Resolution, are voted in favour.

Directors' recommendation:

The Directors unanimously recommend that shareholders vote in favour of item 5.

ITEM 6 PREVIOUS ISSUE OF SHARES

The ASX Listing Rules restrict the number of equity securities a listed company may issue in any 12 months without the approval of shareholders to 15% of the number of equity securities on issue at the start of the period, subject to certain adjustments and permitted exceptions.

This resolution seeks shareholder approval to the previous issue of shares in the Company made on 8 September 2025 for the purposes of Listing Rule 7.4. Listing Rule 7.4 provides that, where a company's shareholders ratify a previous issue of securities made without approval under Listing Rule 7.1 (provided that the previous issue did not breach Listing Rule 7.1), those securities will be deemed to have been issued with shareholder approval.

The purpose of seeking shareholder approval to the previous issue of shares in this resolution is to ensure that the previous issue of shares made on 8 September 2025, does not reduce the Company's placement capacity under Listing Rule 7.1 i.e.: the company's 15% placement capacity to issue further equity securities.

If this resolution is not passed, the Company will have reduced capacity until 8 September 2026, to issue securities under its Listing Rule 7.1 placement capacity.

The Company issued of 10,882,353 ordinary fully paid shares at a price of \$0.085 per share to sophisticated and professional investors as part of a Placement announced 28 August 2025.

The Placement was conducted under the Company's remaining capacity under ASX Listing Rule 7.1.

Funds raised under the Placement will be directed towards:

- Expansion of operations and sales in the United States and Australia.
- Working capital and costs of the offer.

All shares issued have the same rights as existing ordinary shares in the Company.

Item 6 seeks shareholder ratification pursuant to Listing Rule 7.4 for this issue of shares.

The directors believe that it is important for, and in the best interests of, the Company to have the ability to issue the maximum number of shares under Listing Rule 7.1 as it enables the Company to move quickly and efficiently to undertake fund raising/issue capital when necessary.

Directors' recommendation:

The Directors unanimously recommend that shareholders vote in favour of Item 6.

ITEM 7 PREVIOUS ISSUE OF OPTIONS

The ASX Listing Rules restrict the number of equity securities a listed company may issue in any 12 months without the approval of shareholders to 15% of the number of equity securities on issue at the start of the period, subject to certain adjustments and permitted exceptions.

This resolution seeks shareholder approval to the previous issue of options (over ordinary class shares) in the Company made on 8 September 2025 for the purposes of Listing Rule 7.4. Listing Rule 7.4 provides that, where a company's shareholders ratify a previous issue of securities made without approval under Listing Rule 7.1 (provided that the previous issue did not breach Listing Rule 7.1), those securities will be deemed to have been issued with shareholder approval.

The purpose of seeking shareholder approval to the previous issue of options (over ordinary class shares) in this resolution is to ensure that the previous issue of options (over ordinary class shares) made on 8 September 2025, does not reduce the Company's placement capacity under Listing Rule 7.1 i.e.: the company's 15% placement capacity to issue further equity securities.

If this resolution is not passed, the Company will have reduced capacity until 8 September 2026, to issue securities under its Listing Rule 7.1 placement capacity.

As announced 28 August 2025 and 8 September 2025, the Company issued of 5,441,770 Options (over ordinary class shares) to sophisticated and professional investors. The option expiry date is 5 September 2028 and the exercise price is \$0.15 per option. All terms and conditions of the Options are disclosed at Appendix A.

Funds raised under the Placement will be directed towards:

- Expansion of operations and sales in the United States and Australia.
- Working capital and costs of the offer.

Item 7 seeks shareholder ratification pursuant to Listing Rule 7.4 for this issue of shares.

The directors believe that it is important for, and in the best interests of, the Company to have the ability to issue the maximum number of shares under Listing Rule 7.1 as it enables the Company to move quickly and efficiently to undertake fund raising/issue capital when necessary.

Directors' recommendation:

The Directors unanimously recommend that shareholders vote in favour of Item 7.

ITEM 8 PREVIOUS ISSUE OF OPTIONS

The ASX Listing Rules restrict the number of equity securities a listed company may issue in any 12 months without the approval of shareholders to 15% of the number of equity securities on issue at the start of the period, subject to certain adjustments and permitted exceptions.

This resolution seeks shareholder approval to the previous issue of Options (over ordinary class shares) in the Company made on 9 September 2025 for the purposes of Listing Rule 7.4. Listing Rule 7.4 provides that, where a company's shareholders ratify a previous issue of securities made without approval under Listing Rule 7.1 (provided that the previous issue did not breach Listing Rule 7.1), those securities will be deemed to have been issued with shareholder approval.

The purpose of seeking shareholder approval to the previous issue of Options (over ordinary class shares) in this resolution is to ensure that the previous issue of Options made on 9 September 2025, does not reduce the Company's placement capacity under Listing Rule 7.1 i.e.: the company's 15% placement capacity to issue further equity securities.

If this resolution is not passed, the Company will have reduced capacity until 9 September 2026, to issue securities under its Listing Rule 7.1 placement capacity.

Funds raised under the Placement will be directed towards:

- Expansion of operations and sales in the United States and Australia.
- Working capital and costs of the offer.

Item 8 seeks shareholder ratification pursuant to Listing Rule 7.4 for this issue of shares.

The directors believe that it is important for, and in the best interests of, the Company to have the ability to issue the maximum number of shares under Listing Rule 7.1 as it enables the Company to move quickly and efficiently to undertake fund raising/issue capital when necessary.

Directors' recommendation:

The Directors unanimously recommend that shareholders vote in favour of Item 8.

EXPLANATORY NOTES

These Explanatory Notes have been prepared for the information of shareholders regarding the business to be transacted at the 2025 Annual General Meeting of shareholders. The Directors recommend shareholders read these Explanatory Notes in full before making any decision in relation to the resolutions in question.

ITEM 1 - CONSIDER FINANCIAL REPORT

A copy of the Pure Hydrogen Annual Report 2025 (**Annual Report**) can be found on the Company's website (<http://www.purehydrogen.com.au>).

During discussion of this item, there will be an opportunity for shareholders to ask questions about, or comment on, the Annual Report and the management and performance of the Company. Shareholders also can ask the auditor questions relevant to the conduct of the audit, the preparation and content of the audit report, the accounting policies adopted by the Company, and the independence of the auditor in relation to the conduct of the audit.

ITEM 2 - REMUNERATION REPORT

The Board submits the Remuneration Report to shareholders for consideration and adoption by way of a non-binding resolution as required by the Corporations Act ('Act').

Although the vote on this resolution does not bind the Directors or the Company, the Board respects the views of its shareholders and will take the outcome of the vote into account when considering remuneration policy in the future.

Because of amendments to the Act generally known as the "two strikes rule," shareholders should note that the results of the vote on this item may impact the conduct of next year's AGM.

The Directors encourage shareholders to apply the same level of diligence in relation to this resolution as they do with the binding resolutions.

Directors' recommendation:

The Directors unanimously recommend that shareholders vote in favour of Item 2.

ITEM 3: CHANGE OF COMPANY NAME

The Company is seeking shareholder approval to effect a change in the Company's name from 'Pure Hydrogen Corporation Limited' to 'Pure One Corporation Limited'.

The name, Pure One Corporation Limited, offers strategic clarity, brand flexibility, and long-term alignment with the group's commercial objectives. If Resolution 3 is approved, a new website is available at www.pure1corp.com, and a promotional video can be viewed at <https://pure1corp.com/videos/>.

Rationale for the name change:

- **Broadens market positioning:** Reflects the expansion beyond hydrogen into a wider portfolio of clean energy technologies, mobility solutions, and services
- **Supports long-term growth and diversification:** Shifting from a product-specific name allows the business to diversify without confusing investors or partners
- **Retains brand equity:** The word "Pure" maintains recognition and credibility in the market
- **Introduces "One":** Signals leadership, innovation, and the ambition to be a first mover in clean energy and zero-emission transport
- **Positive internal alignment:** The name has received strong support internally, from both staff and management as well as Board members
- **Market-friendly and scalable:** Pure One is distinctive, easy to remember, and well suited for global growth

If this special resolution is passed, the change of name will take effect when ASIC alters the details of the Company's registration. Subject to the passing of Resolution 3 by the requisite majority of shareholders, the Company intends to liaise with the ASX regarding changing the Company's listing code to better reflect the Company's new name. In this regard.

Resolution 3 is a special resolution and can only be passed if at least 75% of the votes cast, in person or by proxy, by Shareholders who are entitled to vote on the Resolution, are voted in favour.

Directors' recommendation:

The Directors unanimously recommend that shareholders vote in favour of item 3.

ITEM 4 - RE-ELECTION OF ADAM GILES AS A DIRECTOR

Mr Giles was the 10th Chief Minister of the Northern Territory, holding office from 2013 until 2016. During his political career, Mr Giles also held the portfolios of Economic Development, Major Projects, Transport, Infrastructure, Indigenous Affairs and Northern Australia.

As the head of multiple government portfolios, Mr Giles initiated several major infrastructure projects including the rollout of solar power to Indigenous communities, and the establishment of the interstate gas pipeline between the Northern Territory and eastern Australia. Since leaving politics Adam has held several senior corporate roles, including as CEO of Hancock Agriculture and S Kidman & Co.

Mr Giles has an indirect interest in 41,600 ordinary class shares and 2,000,000 options (over ordinary class shares).

Mr Giles is Non-Executive Chairman of the Board and is a member of the Audit & Risk Committee and Nomination Committee.

Directors' recommendation:

The Directors unanimously recommend that shareholders vote in favour of item 4.

ITEM 5 – APPROVAL OF 10% PLACEMENT CAPACITY

ASX Listing Rule 7.1A provides eligible companies (which includes the Company³) the ability to raise an additional 10% of issued capital by way of placements over a 12-month period. This is in addition to a company's ability to issue up to 15% of its issued capital in a 12-month period without Shareholder approval under Listing Rule 7.1. The number of Shares which may be issued by a company under Listing Rule 7.1A is calculated in accordance with the following formula:

(A x D) - E

where

A is the number of fully paid ordinary securities at the commencement of the relevant period

- plus the number of fully paid ordinary shares issued in the 12 months under an exception in Listing Rule 7.2 (other than exception 9, 16 or 17);
- plus the number of fully paid ordinary securities issued in the relevant period on the conversion of convertible securities within Listing Rule 7.2 exception 9 where:
 - the convertible securities were issued or agreed to be issued before the commencement of the relevant period;
 - the issue of, or agreement to issue, the convertible securities was approved, or taken under these rules to have been approved, under rule 7.1 or rule 7.4.
- plus the number of fully paid ordinary securities issued in the relevant period under an agreement to issue securities within rule 7.2 exception 16 where:
 - the agreement was entered into before the commencement of the relevant period; or
 - the agreement or issue was approved, or taken under these rules to have been approved, under rule 7.1 or rule 7.4;
- plus the number of any other fully paid ordinary securities issued in the relevant period with approval under rule 7.1 or rule 7.4
- plus the number of number of partly paid ordinary securities that became fully paid in the relevant period.
- less the number of fully paid ordinary shares cancelled in the relevant period.

D is 10%.

E is the number of shares issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of Shareholders under Listing Rule 7.4.

The Directors are seeking approval to have the additional capacity to issue a number of shares representing 10% of the issued share capital of the Company pursuant to Listing Rule 7.1A. ("**10% placement facility**").

If Item 5 is not passed, the Company will not be able to access the additional 10% capacity to issue equity securities without Shareholder approval under Listing Rule 7.1A and will remain subject to the 15% limit on issuing equity securities without Shareholder approval set out in Listing Rule 7.1.

³ An eligible entity means an entity which is not included in the GSP/ASX200 Index and which has a market capitalisation of \$200 million or less. Pure Hydrogen Corporation Limited is an eligible entity for these purposes.

While the Company does not have any immediate plans to issue shares under the additional capacity per Listing Rule 7.1A if approved, purposes for which shares may be issued pursuant to Item 5 may include for use as working capital and/or corporate growth opportunities.

The shares must be in an existing class of the Company's equity securities and issued for cash consideration at an issue price that is at least 75% of the Volume Weighted Average Price for the Company's equity securities over the 15 trading days on which trades in that class were recorded immediately before:

- (a) the date on which the price at which the equity securities are to be issued or agreed; or
- (b) if the equity securities are not issued within 10 trading days of the date in paragraph (a) above, the date on which the equity securities are issued.

The Company will comply with the disclosure obligations under Listing Rules 7.1A (4) upon issue of any shares.

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% placement facility under Listing Rule 7.1A. The identity of the allottees of Shares will be determined on a case-by-case basis having regard to factors including but not limited to the following:

- the methods of raising funds that are available to the Company, including rights issue or other issues in which existing Shareholders can participate;
- the effect of the issue of the shares on the control of the Company;
- the financial situation of the Company;
- advice from corporate, financial, and broking advisors; and
- the potential benefits an allottee could provide to the Company as a strategic investor (if applicable).

The allottees under the 10% placement facility have not been determined as at the date of this Notice but may include existing substantial Shareholders and/or new Shareholders who are not related parties or associates of a related party of the Company.

If Shareholder approval is granted for Item 5 and the company issues equity securities under its 10% placement facility, there is a risk of economic and voting dilution to existing ordinary security holders that may result from an issue of equity securities under rule 7.1A.2, including the risk that the market price for the equity securities may be significantly lower on the issue date than on the date on which approval is given to this Item 5 and the equity securities may be issued at a discount to the market price for those equity securities on the issue date.

The table below is provided to illustrate the potential dilution of existing Shareholders based on the current market price of shares and the current number of shares for variable "A" calculated in accordance with the formula in Listing Rule 7.1A.2 as at the date of this notice:

- two examples where variable "A" has increased, by 50% and 100%.

Variable "A" is based on the number of shares the Company has on issue. The number of shares on issue may increase because of issues of shares that do not require approval (for example, a pro rata entitlement issue) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and

- two examples of where the issue price of shares has decreased by 50% and increased by 100% as against the current market price.

If Shareholder approval is granted for Item 5, then that approval will expire on the earlier of:

- (iv) the time and date of the entity's next annual general meeting; or
- (v) the date that is 12 months after the date of the AGM where the approval is obtained; or
- (vi) the date Shareholder approval is granted to a transaction under Listing Rule 11.1.2 (proposed change to nature and scale of activities) or Listing Rule 11.2 (change involving main undertaking).

The approval under Item 5 will cease to be valid in the event that Shareholders approve a transaction under Listing Rule 11.1.2 or Listing Rule 11.2.

Listing Rule 7.3A.6 (a) and (b) information

No securities have been issued by the Company in the 12-month period prior to the 2025 AGM under Listing Rule 7.1A.2.

The table has been prepared on the following assumptions:

- d. The company issues the maximum number of shares available under LR7.1A;
- e. No shares are issued on the conversion of options before the date of issue of the shares;
- f. The table shows only the effect of shares under LR7.1A and does not factor in the company's ability to issue up to 15% of its issued capital under LR7.1.

The issue price is assumed to be \$0.085 per ordinary share (\$0.085 per ordinary share was the closing price of the shares on the ASX on 2 October 2025).

Resolution 5 is a special resolution and can only be passed if at least 75% of the votes cast, in person or by proxy, by Shareholders who are entitled to vote on the Resolution, are voted in favour.

The Directors unanimously recommend that shareholders vote in favour of item 5.

ITEM 6 PREVIOUS ISSUE OF SHARES

The ASX Listing Rules restrict the number of equity securities a listed company may issue in any 12 months without the approval of shareholders to 15% of the number of equity securities on issue at the start of the period, subject to certain adjustments and permitted exceptions.

This resolution seeks shareholder approval to the previous issue of shares in the Company made on 8 September 2025 for the purposes of Listing Rule 7.4. Listing Rule 7.4 provides that, where a company's shareholders ratify a previous issue of securities made without approval under Listing Rule 7.1 (provided that the previous issue did not breach Listing Rule 7.1), those securities will be deemed to have been issued with shareholder approval.

The purpose of seeking shareholder approval to the previous issue of shares in this resolution is to ensure that the previous issue of shares made on 8 September 2025, does not reduce the Company's placement capacity under Listing Rule 7.1 i.e.: the company's 15% placement capacity to issue further equity securities.

If this resolution is not passed, the Company will have reduced capacity until 8 September 2026, to issue securities under its Listing Rule 7.1 placement capacity.

The Company issued of 10,882,353 ordinary fully paid shares at a price of \$0.085 per share to sophisticated and professional investors as part of a Placement announced 28 August 2025.

The Placement was conducted under the Company's remaining capacity under ASX Listing Rule 7.1.

Funds raised under the Placement will be directed towards:

- Expansion of operations and sales in the United States and Australia.
- Working capital and costs of the offer.

All shares issued have the same rights as existing ordinary shares in the Company.

Item 6 seeks shareholder ratification pursuant to Listing Rule 7.4 for this issue of shares.

The directors believe that it is important for, and in the best interests of, the Company to have the ability to issue the maximum number of shares under Listing Rule 7.1 as it enables the Company to move quickly and efficiently to undertake fund raising/issue capital when necessary.

Directors' recommendation:

The Directors unanimously recommend that shareholders vote in favour of Item 6.

ITEM 7 PREVIOUS ISSUE OF OPTIONS

The ASX Listing Rules restrict the number of equity securities a listed company may issue in any 12 months without the approval of shareholders to 15% of the number of equity securities on issue at the start of the period, subject to certain adjustments and permitted exceptions.

This resolution seeks shareholder approval to the previous issue of options (over ordinary class shares) in the Company made on 8 September 2025 for the purposes of Listing Rule 7.4. Listing Rule 7.4 provides that, where

a company's shareholders ratify a previous issue of securities made without approval under Listing Rule 7.1 (provided that the previous issue did not breach Listing Rule 7.1), those securities will be deemed to have been issued with shareholder approval.

The purpose of seeking shareholder approval to the previous issue of options (over ordinary class shares) in this resolution is to ensure that the previous issue of options (over ordinary class shares) made on 8 September 2025, does not reduce the Company's placement capacity under Listing Rule 7.1 i.e.: the company's 15% placement capacity to issue further equity securities.

If this resolution is not passed, the Company will have reduced capacity until 8 September 2026, to issue securities under its Listing Rule 7.1 placement capacity.

As announced 28 August 2025 and 8 September 2025, the Company issued of 5,441,770 Options (over ordinary class shares) to sophisticated and professional investors. The option expiry date is 5 September 2028 and the exercise price is \$0.15 per option. All terms and conditions of the Options are disclosed at Appendix A.

Funds raised under the Placement will be directed towards:

- Expansion of operations and sales in the United States and Australia.
- Working capital and costs of the offer.

Item 7 seeks shareholder ratification pursuant to Listing Rule 7.4 for this issue of shares.

The directors believe that it is important for, and in the best interests of, the Company to have the ability to issue the maximum number of shares under Listing Rule 7.1 as it enables the Company to move quickly and efficiently to undertake fund raising/issue capital when necessary.

Directors' recommendation:

The Directors unanimously recommend that shareholders vote in favour of Item 7.

ITEM 8 PREVIOUS ISSUE OF OPTIONS

The ASX Listing Rules restrict the number of equity securities a listed company may issue in any 12 months without the approval of shareholders to 15% of the number of equity securities on issue at the start of the period, subject to certain adjustments and permitted exceptions.

This resolution seeks shareholder approval to the previous issue of Options (over ordinary class shares) in the Company made on 9 September 2025 for the purposes of Listing Rule 7.4. Listing Rule 7.4 provides that, where a company's shareholders ratify a previous issue of securities made without approval under Listing Rule 7.1 (provided that the previous issue did not breach Listing Rule 7.1), those securities will be deemed to have been issued with shareholder approval.

The purpose of seeking shareholder approval to the previous issue of Options (over ordinary class shares) in this resolution is to ensure that the previous issue of Options made on 9 September 2025, does not reduce the Company's placement capacity under Listing Rule 7.1 i.e.: the company's 15% placement capacity to issue further equity securities.

If this resolution is not passed, the Company will have reduced capacity until 9 September 2026, to issue securities under its Listing Rule 7.1 placement capacity.

As announced 9 September 2025 in an Appendix 3B, the Company issued of 5,000,000 Options (over ordinary class shares) to Salam Private Wealth Pty Ltd and GBA Capital Pty Ltd in connection with the Placement announced on 28 August 2025.

The option expiry date is 5 September 2028 and the exercise price is \$0.15 per option. All terms and conditions of the Options are disclosed in Appendix A.

Funds raised under the Placement will be directed towards:

- Expansion of operations and sales in the United States and Australia.
- Working capital and costs of the offer.

Item 8 seeks shareholder ratification pursuant to Listing Rule 7.4 for this issue of shares.

The directors believe that it is important for, and in the best interests of, the Company to have the ability to issue the maximum number of shares under Listing Rule 7.1 as it enables the Company to move quickly and efficiently to undertake fund raising/issue capital when necessary.

Directors' recommendation:

The Directors unanimously recommend that shareholders vote in favour of Item 8.

ITEM 9 PARTICIPATION OF DIRECTOR (SCOTT BROWN) IN PLACEMENT – ORDINARY SHARES

GENERAL

Pursuant to Resolution 9, the Company is seeking Shareholder approval for participation of Scott Brown (or his nominee) in a Placement, announced 28 August 2025. Specifically, Scott Brown (or his nominee) seeks to subscribe for 588,235 ordinary class shares at \$0.085 per share (Placement Shares). The participation in the Placement by Scott Brown (or his nominee) will be on the same terms made to unrelated parties.

Funds raised under the Placement will be directed towards:

- Expansion of operations and sales in the United States and Australia.
- Working capital and costs of the offer.

Resolution 9 seeks Shareholder approval for the proposed issue for all purposes, including pursuant to Listing Rule 10.11.

CHAPTER 2E OF THE CORPORATIONS ACT

For a public company, or an entity that the public company controls, to give a financial benefit to a related party of the public company, the public company or entity must:

- obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- give the benefit within 15 months following such approval, unless the giving of the financial benefit falls within an exception set out in 210 to 216 of the Corporations Act.

The issue of Shares to Scott Brown (or his nominee) constitutes giving a financial benefit. Scott Brown is a related party of the Company by virtue of being a director of the Company.

The Directors (other than Scott Brown) for Resolution 9, (which he has a material personal interest in) consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issue of Placement Shares because the Shares are being issued on the same terms as Shares issued to all other participants in the Placement announced 28 August 2025 and, as such, the giving of the financial benefit is on arm's length terms.

SUMMARY OF RELEVANT LISTING RULES

Listing Rule 10.11 provides that, subject to certain exceptions set out in Listing Rule 10.12, a listed company must not issue, or agree to issue, Equity Securities to:

- (q) a related party (Listing Rule 10.11.1);
- (r) a person who is, or was at any time in the six months before the issue or agreement:
 - (i) a substantial (30%+) holder in the Company (Listing Rule 10.11.2); or
 - (ii) a substantial (10%+) holder in the Company and who has nominated a director to the board of the Company pursuant to the relevant agreement which gives them a right or expectation to do so (Listing Rule 10.11.3);
- (s) an associate of a person referred to in paragraphs (a) or (b) above (Listing Rule 10.11.4); or
- (t) a person whose relationship with the Company or a person referred to in paragraphs (a), (b) or (c) above is such that, in ASX's opinion, the issue or agreement should be approved by its shareholders (Listing Rule 10.11.4),
without shareholder approval.

As Scott Brown is a director of the Company, the proposed issue of Placement Shares falls within Listing Rule 10.11.1 and does not fall within any of the exceptions in Listing Rule 10.12, shareholder approval is required under Listing Rule 10.11.

If Resolution 9 is approved, the Company will be able to proceed with the issue of the Placement Shares to Scott Brown (or his nominee) on the terms set out below.

Further, as shareholder approval under Listing Rule 7.1 is not required for issues of securities that have received shareholder approval under Listing Rule 10.11, the issue of Placement Shares to Scott Brown (or his nominee) will not be included in the calculation of the Company's 15% placement capacity for the purposes of Listing Rule 7.1, provided that the issue is completed within one month of the date of the Meeting.

If Resolution 9 is not approved by shareholders, the Company will not be able to proceed with the proposed issue which could impact the Company's expansion of operations and sales in the United States and Australia and its working capital.

PRESCRIBED INFORMATION

The following information is provided for the purposes of the shareholder approval sought under Listing Rule 10.11, and in accordance with the requirements of Listing Rule 10.13 in respect of the proposed issued of Placement Shares:

- Scott Brown is a related party of the Company under Listing Rule 10.11.1, as he is a Director of the Company;

- the Shares will be issued at an issue price of \$0.085 each, being the same as all other Shares issued under the Placement announced 28 August 2025 and 8 September 2025;
- the intended use of funds raised from the Placement Shares will be directed towards the expansion of operations and sales in the United States and Australia and working capital.
- a voting exclusion statement is included in the Notice.

- obtain the approval of the public company's members in the manner set out in sections 217 to 227 of the Corporations Act; and
- give the benefit within 15 months following such approval, unless the giving of the financial benefit falls within an exception set out in 210 to 216 of the Corporations Act.

The issue of Options to Scott Brown (or his nominee) constitutes giving a financial benefit. Scott Brown is a related party of the Company by virtue of being a director of the Company.

The Directors (other than Scott Brown) for Resolution 10, (which he has a material personal interest in) consider that Shareholder approval pursuant to Chapter 2E of the Corporations Act is not required in respect of the issue of Placement Shares because the Shares are being issued on the same terms as Shares issued to all other participants in the Placement announced 28 August 2025 and, as such, the giving of the financial benefit is on arm's length terms.

As Scott Brown is a director of the Company, the proposed issue of Placement Options falls within Listing Rule 10.11.1 and does not fall within any of the exceptions in Listing Rule 10.12, shareholder approval is required under Listing Rule 10.11.

If Resolution 10 is approved, the Company will be able to proceed with the issue of the Placement Options to Scott Brown (or his nominee) on the terms set out below.

Further, as shareholder approval under Listing Rule 7.1 is not required for issues of securities that have received shareholder approval under Listing Rule 10.11, the issue of Placement Options to Scott Brown (or his nominee) will not be included in the calculation of the Company's 15% placement capacity for the purposes of Listing Rule 7.1, provided that the issue is completed within one month of the date of the Meeting.
