

## Strong demand for WAM Income Maximiser Share Purchase Plan and Placement

14 November 2025 ASX announcement and media release

### The WAM Income Maximiser Limited (ASX: WMX) Board of Directors is pleased to announce that the WAM Income Maximiser Share Purchase Plan (SPP) and Placement raised \$148 million.

Chairman Geoff Wilson AO said: "We thank all shareholders for their strong support in the SPP, with 45% of the Company's register participating. We are pleased to provide all participants with their full allocation. The WAM Income Maximiser investment team remains focused on continuing to deliver value for our shareholders."

The SPP closed on Wednesday 12 November 2025, following strong support from WAM Income Maximiser shareholders, raising \$28.0 million.

WAM Income Maximiser's funds under management have grown to over \$300 million since the IPO in April 2025. The Company's larger capital base increases the liquidity of the shares and its relevance in the market by improving the prospect of broker and research coverage, increasing interest from financial planners and gaining additional access to market opportunities. The increased size is also expected to reduce the fixed expense ratio of the Company to the benefit of all shareholders.

The SPP provided eligible shareholders<sup>1</sup> with the opportunity to acquire up to \$30,000 of fully paid ordinary shares in WAM Income Maximiser, without incurring brokerage fees. Shareholders who participated in the SPP and Placement are entitled to receive dividends from this month, beginning with the recently declared November 2025 fully franked dividend<sup>2</sup> of 0.35 cents per share, or 0.50 cents per share when including the value of franking credits<sup>3</sup>, payable on 28 November 2025.

The SPP Price is \$1.572 per share, a 2.5% discount to the 5-day volume weighted average price (VWAP) at the issue date of 17 November 2025. The SPP price represents a 3.0% discount to WAM Income Maximiser's closing share price of \$1.62 per share on 14 November 2025. All shareholders who made applications will receive the adjusted amount of shares equivalent to the final SPP Price and their application amount.

Lead Portfolio Manager Matthew Haupt said: "The investment team is pleased to receive strong support from WAM Income Maximiser shareholders. The additional capital raised will be invested in accordance with WAM Income Maximiser's disciplined investment process that aims to provide monthly franked dividends and capital growth to shareholders by investing in Australia's highest quality companies and corporate debt instruments. The investment portfolio is currently overweight in equities relative to debt, and the investment team see compelling opportunities in resources stocks, while being short duration in debt."

"Through its holistic approach to income investing and the interest income from its debt portfolio, WAM Income Maximiser aims to generate above market dividend yields and capital growth for shareholders," he added.

Of the 3,887 WAM Income Maximiser shareholders who were eligible for the SPP, 1,740 shareholders participated, or 45% of the register. The average application amount for the SPP was \$16,100 per shareholder.

In October, existing WAM Income Maximiser wholesale and sophisticated investors<sup>4</sup> participated in a Placement, raising \$120.2 million. The Placement was significantly oversubscribed following substantial excess demand from existing WAM Income Maximiser shareholders and was subject to scale back.

The WAM Income Maximiser investment portfolio has outperformed its benchmark<sup>5</sup> since the full deployment date in mid-May 2025. Since the IPO, the WAM Income Maximiser investment portfolio has increased 10.5%. The Company remains on track to meet or exceed the target income return<sup>7</sup> on NTA including franking credits of the RBA Cash Rate plus 2.5% per annum, before any capital growth on the investment portfolio.
