

ASX ANNOUNCEMENT

5 January 2026

Q2 FY26 TRADING UPDATE: RECORD QUARTERLY AND HALF-YEAR SALES

- Q2 FY26 revenue: \$6.48 million – up 40.9% on PCP and 9.1% on Q1 FY26
- H1 FY26 revenue: \$12.42 million – up 40.2% on PCP

Biome Australia Limited (ASX: BIO) is pleased to provide a trading update for Q2 FY26, reporting continued strong sales growth.

Q2 FY26 Performance

The Company achieved sales revenue of \$6.48 million for Q2 FY26, representing 40.9% growth on the previous corresponding period (Q2 FY25: \$4.6 million) and 9.1% sequential growth on Q1 FY26.

This result is particularly strong given Q2 is typically a seasonally softer period due to reduced December trading days and the pharmacy channels focus on gifting categories during the holiday season.

H1 FY26 Performance

Half-year sales revenue reached \$12.42, representing 40.2% growth on the previous corresponding period (H1 FY25: \$8.86 million).

This performance reflects robust demand for Biome's clinically-proven probiotic products.

-ENDS-

Approved for release by the Biome Australia Limited Board of Directors.

About Biome Australia Limited

Biome Australia develops, licenses, commercialises and markets innovative, evidence-based live biotherapeutics (probiotics) and complementary medicines, many of which are supported by clinical research. Biome aims to improve health outcomes and quality of life, and make its products accessible to all.

Incorporated in Australia in 2018, Biome distributes locally and abroad. In partnership with some of the world's leading organisations in microbiome research and development, Biome produced several unique live biotherapeutic (probiotic) products with innovative delivery technologies that improve their stability and efficacy to create its flagship range of complementary medicines: Activated Probiotics®.

Supported by clinical research, including randomised double-blind placebo-controlled trials, Activated Probiotics help prevent and support the management of various health concerns, including low mood and sleep, bone health, iron malabsorption, mild eczema and IBS. Through practitioner-only distribution, Biome is committed to educating health professionals on the newfound systemic health effects of the gut microbiota, helping them to provide innovative, evidence-based natural medicines for the management of some of humanity's most prevalent and chronic health concerns.
