Q2 FY26 Quarterly Activities Report

Melbourne, Victoria | Alcidion Group Limited (ASX:ALC) ('Alcidion' or the 'Company') has today released its Appendix 4C and Quarterly Activities Report for the quarter ended 31 December 2025 (Q2 FY26).

Highlights:

- Selected as the preferred supplier by University Hospitals Sussex NHS Foundation Trust (UHSussex) for its new Electronic Patient Record (EPR) solution
 - Contract currently under negotiation; with total contract value (TCV) expected to be at least \$35M depending on the number of modules included and contract length
- Q2 new TCV sales of \$15.4M
 - \$12.3M expansion for additional software modules from Miya Precision to enable Leidos to deliver further solution components to the Commonwealth of Australia
 - Several existing contract renewals
- Q2 FY26 operating cash outflow of \$1.9M with cash receipts of \$8.5M
- As of 31 December 2025, FY26 contracted (sold and renewal) revenue of \$43.1M (excluding UHSussex EPR)
 - up 40% on the prior corresponding period (pcp)
 - up 6% on FY25 full year revenue
- Cash balance of \$14.2M and no debt as of 31 December 2025
 - Debtor ledger of approximately \$10.7M at end of Q2, heading into a strong H2 period for cash collections with \$8.8M cash already received in January 2026
- Confirming FY26 guidance for positive EBITDA and operating cashflow to be at least in line with FY25 with further upside anticipated.

Alcidion CEO and Managing Director, Kate Quirke said: "Alcidion has continued its positive momentum in Q2 with significant new contract wins, expansions and renewals."

"During the period we expanded our relationship with Leidos by adding several new modules to our Miya Precision offering for the JP2060 project that supports healthcare delivery for the Australian Defence Force. This was the third expansion to the original contract and continues to demonstrate the depth and breadth of the Miya Precision platform across a variety of care environments, the value our solutions and successful deployments deliver to the growth of our business, and our ability to expand contract value over time."

"Post the second quarter period end, we announced that we had been selected as the preferred EPR provider for University Hospital Sussex Foundation Trust, one of the largest in England. This potential milestone contract is targeted to begin deployment in Q4 FY26 and we expect to recognise significant revenue in this financial year once the contract is executed in early Q4. University Hospitals Sussex will be our third EPR contract, adding to North Cumbria and South Tees, and has the potential to be the largest UK contract to date."

1. Annual Recurring Revenue defined as the value of Support & Maintenance (S&M), hosting and/or license revenue that is contracted to be billed annually. This does not include multi-year capital licenses paid during the year or which will reoccur again upon a future contract renewal. ARR is a measure of the future annualised revenue as at a point in time

“The recent customer wins and expansions continue to validate two key areas of our sales approach: Firstly, our strategy of progressive module expansion is becoming highly effective highlighting the value proposition of our platform to customers once deployed; and secondly; referenceability of our platform, both in time and scale, across our core geographies is maturing with customer success stories able to be tangibly used in business cases for Alcidion.”

“We continued our disciplined cost management with a small Q2 operating cash outflow of \$1.9M reflecting normal year-end timing factors and is consistent with our expectations with approximately \$8.8M of cash receipts already received in the first few weeks of January. We maintain a strong balance sheet and expect cash collections in H2 to be materially higher than H1.”

“At the end of Q2, we have FY26 contracted revenue that, at a minimum, already exceeds FY25 revenue with six months remaining in this financial year. We have several opportunities which continue to progress through procurement stages, and we are confident of further building on our contracted TCV in the second half of FY26.”

Financial Update

Alcidion generated Q2 new sales of \$15.4M of which approximately 62% is recurring product revenue and 38% is non-recurring services (product implementation) revenue. The higher percentage of non-recurring services revenue (product implementation) in Q2 relates to the expansion of the Leidos contract, a unique Miya Precision deployment servicing the needs of the Commonwealth of Australia, particularly the Australian Defence Force.

Cash receipts from customers in Q2 were \$8.5M, leading to an operating cash outflow of \$1.9M.

Staff cash costs remain well controlled with cash staff costs for Q2 FY26 up approximately 3.7% on the same period last year, largely in-line with inflation.

As noted in item 6 of the Company’s Appendix 4C, payments made to related parties and their associates totalled \$0.26M for the quarter. These payments relate solely to Directors’ remuneration.

Outlook

As of 31 December 2025, Alcidion has FY26 contracted (sold and renewal) revenue of \$43.1M, up 40% on the prior corresponding period (pcp) and 6% up on FY25 full year revenue. Notably, this does not include any revenue contribution from the University Hospitals Sussex EPR contract negotiation nor other potential new contract wins which may occur over the course of the second half of the financial year.

As illustrated by the graph of cash receipts (refer above), Q3 and Q4 are historically Alcidion's largest periods for customer receipts and as a result the Company would expect a material uplift in H2 FY26 customer receipts compared to H1 (\$17.0M). Alcidion had a debtor ledger of approximately \$10.7M at end of Q2, with \$8.8M cash already received in January 2026.

Building on our strong first half performance, full year FY26 EBITDA and cash flow are expected to be at least in line with FY25, with potential upside dependent on the successful completion of the University Hospitals Sussex contract and continued conversion of new revenue opportunities.

Investor Webcast

Alcidion Group Managing Director Kate Quirke will host a webcast with investors via Zoom on Thursday, 15 January 2026 at 10:30am Australian Eastern Daylight Time (AEDT).

To register for the webcast, please follow this link:

https://us02web.zoom.us/webinar/register/WN_40qhERwdRh-X9UEZQb2ZsA

Registered participants will receive an email containing the Zoom access link and phone dial-in details.

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
