7. Voting Prohibition Statement:**Resolution 1**

In accordance with sections 250R(4) and 250BD(1) of the Corporations Act, a vote must not be cast (in any capacity, including as a proxy), and the Company will disregard any votes purported to be cast, on this resolution by, or on behalf of, a member of the Key Management Personnel, details of whose remuneration are included in the remuneration report, or a Closely Related Party of such a member (**KMP voter**), unless the KMP voter is casting a vote on this resolution on behalf of a person who is not a KMP voter (including as a proxy) and either:

EXPLANATORY STATEMENT

Introduction

This Explanatory Statement ("**Statement**") is included in and forms part of the Notice of Meeting. The purpose of this Statement is to provide Shareholders with information they require in order to make an informed decision on each Resolution.

If you are in doubt as to how to vote, you should seek advice from your accountant, solicitor, tax advisor or other professional adviser prior to voting. It is important that you read this Statement in its entirety for a detailed explanation of the Resolution.

Defined terms used in this Notice have the meanings given to them in the Glossary at the end of this Notice.

Receipt and consideration of Accounts & Reports

A copy of the Annual Report for the financial year ending 30 September 2025 which incorporates the Company's Financial report and the Directors' Report (including the Remuneration Report and the Auditors' Report) is not enclosed as there is no longer a requirement for the Company to incur the printing and distribution cost associated with doing so for all Shareholders. You may obtain a copy free of charge in hard copy form by contacting the Company by phone at (03) 9078 4833, and you may request that this occurs on a standing basis for future years.

Alternatively, you may access the Annual Report at the Company's website: <https://readcloud.com/> or via the Company's announcement platform on ASX (ASX: RCL). Except for as set out in Resolution 1, no resolution is required on these reports.

Shareholders will have the opportunity to ask questions about or make comments on the Annual Report and the management of the Company. The auditor will be invited to attend, to answer questions about the audit of the Company's 2025 Annual Financial Statements.

Resolution 1: Adoption of Remuneration Report

Background

Section 250R(2) of the Corporations Act requires that a resolution to adopt the Remuneration Report must be put to the vote at the Meeting. The vote on this Resolution is advisory only and does not bind the Directors or the Company.

The Remuneration Report is set out in the Directors' Report in the Company's 30 September 2025 Annual Report. The Remuneration Report sets out the Company's remuneration arrangements for the Directors and senior management of the Company.

In accordance with Section 250SA of the Corporations Act, Shareholders will be provided with a reasonable opportunity to ask questions concerning, or make comments on, the Remuneration Report at the Meeting.

In accordance with Division 9 of Part 2G.2 of the Corporations Act, if twenty five (25%) per cent or more of votes that are cast are voted against the adoption of the Remuneration Report at two consecutive Annual General Meetings, Shareholders will be required to vote at the second of those Annual General Meetings on a resolution (a "**Spill Resolution**") that another meeting be held within 90 days at which all of the Company's Directors (other than the Managing Director) must go up for re-election.

It is noted that at the Company's last Annual General Meeting, the votes cast against the Remuneration Report represented less than twenty-five (25%) per cent of the total votes cast on that resolution and accordingly, a Spill Resolution will not need to be considered for this Meeting.

The Directors will consider the outcome of the vote and comments made by Shareholders on the Remuneration Report at the Meeting when reviewing the Company's remuneration policies.

Board Recommendation and Voting Intention

Noting that each Director has a personal interest in their own remuneration from the Company (as such interests are described in the Remuneration Report), and, as described in the voting exclusions on this resolution (set out in Note 7), that each Director (or any Closely Related Party of a Director) is excluded from voting their shares on this resolution, the Board unanimously recommend that shareholders vote in **FAVOUR** of this Resolution to adopt the Remuneration Report.

The Chair of the Meeting intends to vote all available proxies in **FAVOUR** of this Resolution.

Voting Prohibitions

Refer to Note 7.

Resolution 4: Renewal of Employee Incentive Plan

Background

On 12 February 2025 at the Company's 2025 annual general meeting (**2025 AGM**), the Company refreshed its Employee Incentive Plan (**EIP**) to assist in attracting, motivating and retaining key employees and to provide them with the opportunity to participate in the future growth of the Company. At the 2025 AGM, the Company received approval to issue 7,381,653 Securities, pursuant to Listing Rule 7.2 (Exception 13(b)) under the EIP.

The Company has issued a total of 6,134,000 Securities under the EIP since its approval at the 2025 AGM.

The Board is committed to incentivising and retaining the Company's Directors, employees and other persons selected by the Board, in a manner which promotes alignment of their interests with Shareholder interests. Additionally, the Board considers equity-based compensation an integral component of the Company's remuneration platform as it allows it to be fiscally prudent by conserving cash resources while still enabling it to offer market-competitive remuneration arrangements.

This Resolution seeks approval from Shareholders to issue further Securities under the EIP to enable further issues to eligible participants under the EIP over the next three years.

General

This Resolution seeks Shareholder approval for the purposes of Listing Rule 7.2 (Exception 13(b)) for the Company to issue further Securities under the EIP. If this Resolution is passed, the Company will be able to issue up to 7,680,988 further Securities under the EIP to eligible participants over a period of 3 years from the date of the Meeting.

At the 2025 AGM, Shareholders resolved to authorise the Company to issue up to 7,381,653 Securities under the EIP for a period of 3 years from the date of that meeting. If this Resolution is passed, the maximum number of Securities that may be issued under the EIP pursuant to Listing Rule 7.2 (Exception 13) in the 3 years from the date of the Meeting will be 7,680,988.

Listing Rule 7.1 and Listing Rule 7.2 Exception 13(b)

Broadly speaking, and subject to a number of exceptions set out in Listing Rule 7.2, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

Listing Rule 7.2 (Exception 13(b)) provides that Listing Rule 7.1 does not apply to an issue of securities under an employee incentive scheme if, within three years before the date of issue of the securities, the holders of the entity's ordinary securities have approved the issue of equity securities under the scheme as exception to Listing Rule 7.1.

Exception 13(b) is only available if and to the extent that the number of equity securities issued under the scheme does not exceed the maximum number set out in the entity's notice of meeting dispatched to shareholders in respect of the meeting at which shareholder approval was obtained pursuant to Listing Rule 7.2 (Exception 13(b)). Exception 13(b) also ceases to be available if there is a material change to the terms of the scheme from those set out in the notice of meeting.

Technical Information required by Listing Rule 14.1A

If this Resolution is passed, the Company will be able to issue up to 7,680,988 Securities under the EIP to eligible participants over a period of 3 years from the date of the Meeting. The issue of any Securities to eligible participants under the EIP (up to the proposed maximum number of Securities stated above) will be excluded from the calculation of the number of Equity Securities that the Company can issue without Shareholder approval under Listing Rule 7.1.

If this Resolution is not passed, the Company will not be able to issue an increased number of Securities under the EIP to eligible participants as an exception to Listing Rule 7.1. To the extent that Securities may be issued under the EIP within the Company's 15% capacity, any such issues of Securities will reduce, to that extent, the Company's capacity to issue equity securities without Shareholder approval under Listing Rule 7.1 for the 12 month period following the issue of those securities.

Resolution 5: Renewal of Proportional Takeover Provision

Background

Clause 30 of the Constitution contains provisions dealing with shareholder approval requirements if there was to be any partial takeover bids for the Company's securities (**Proportional Takeover Provisions**).

A "proportional takeover bid" means an off-market bid for a specified proportion of the Company's securities held by each shareholder in a class for which a takeover bid has been made. It is not a bid for all securities held by all shareholders of that class, only part of the securities each holds.

Section 648G(1) of the Corporations Act provides that these Proportional Takeover Provisions cease to apply at the end of 3 years from their adoption (or last renewal), but that they may be renewed by special resolution of the shareholders. The Board believes it is appropriate that the Proportional Takeover Provisions of the Constitution (Clause 30) be renewed.

In seeking shareholder approval for the renewal of the Proportional Takeover Provisions, the Corporations Act requires the below information to be provided to shareholders.

Effect of provisions proposed to be renewed

Clause 30 of the Constitution provides that the Company is prohibited from registering any transfer of shares giving effect to a contract of sale pursuant to a proportional takeover bid unless and until after the proportional takeover bid has been approved by shareholders at a general meeting of the Company (**Approving Resolution**). The person making the offer for the securities (and their associates) cannot vote on the Approving Resolution and the Approving Resolution requires the approval of more than one half of shareholders who are entitled to vote at that meeting.

Reason for the resolution

Clause 30 of the Constitution is required to be renewed as 3 years have passed since the last renewal of the Constitution. Section 648(G)(1) of the Corporations Act provides that Proportional Takeover Provisions such as provided in Clause 30 cease to apply at the end of 3 years from their adoption (or their last renewal). Section 648(G)(4) enables shareholders to approve a renewal of Proportional Takeover Provisions.

The Board believes that shareholders should continue to have the choice of considering whether to accept a bid for what might become control of the Company without the shareholders having the opportunity to dispose of all of their securities (rather than just some of their securities, as would be the case under a proportional takeover bid). To preserve this choice, Clause 30 needs to be renewed. If Clause 30 is renewed and any proportional takeover bid (if any) is subsequently approved by shareholders, each shareholder will still have the right to make a separate decision whether that shareholder wishes to accept the (proportional takeover) bid for their own securities.

Awareness of current acquisition proposals

As at the date of these Explanatory Notes, none of the Directors are aware of any proposal for any person to acquire (or increase the extent of) a substantial interest in the Company from its current level.

Advantages and disadvantages of the Proportional Takeover Provisions since last renewed

As there have been no takeover bids made for any of the shares in the Company since the last renewal of the Proportional Bid Provisions, there has been no application of Clause 30. It may be argued that the potential advantages and disadvantages described below have also applied for the period since adoption of Clause 30.

Potential advantages and disadvantages of the Proportional Takeover Provision for both directors and shareholders

An advantage to the Directors of renewing the Proportional Takeover Provisions is that the Board will be able to assess the shareholder's acceptance or otherwise of a proportional takeover bid should one be made.

As stated above, renewing Clause 30 provides shareholders with the choice of considering whether to accept a bid for what might become control of the Company without shareholders having the opportunity to dispose of all of their securities (rather than just some of their securities, as would be the case under a proportional takeover bid). If Clause 30 is not renewed, shareholders will not have this opportunity.

On the other hand, it may be argued that the renewal of Clause 30 may make proportional takeover bids more difficult to succeed and therefore effectively discourage proportional takeover bids being made and reduce the freedom for shareholders to sell some of their securities.

This Resolution is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote at this Meeting (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

Board Recommendation

The Board recommends that Shareholders vote in **FAVOUR** of this Resolution.

The Chair intends to vote undirected proxies in **FAVOUR** of this Resolution.

Voting Exclusions

Resolution 6: Approval of 10% Placement Facility

Background

Listing Rule 7.1A enables an eligible entity to issue up to 10% of its issued share capital every 12-months in addition to the 15% permitted under Listing Rule 7.1 if approved by Shareholders at a General Meeting ("**10% Placement Facility**"). An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is, at the date of this Notice, an eligible entity.

The Company is seeking Shareholder approval by way of a special resolution to have the ability, if required, to issue equity securities under the 10% Placement Facility. The effect of this Resolution is to allow the Directors to issue equity securities under Listing Rule 7.1A during the 10% Placement Period (as defined below) without, or in addition to, using the Company's 15% placement capacity under Listing Rule 7.1.

Placement Period

Shareholder approval of the 10% Placement Facility under Listing Rule 7.1A commences on the date of this Meeting and expires on the first to occur of the following:

- (a) the date that is 12 months after the date of this Meeting;
- (b) the time and date of the Company's next Annual General Meeting; and
- (c) the time and date of the approval by Shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).

(10% Placement Period).

The Company will only issue and allot the equity securities approved under the 10% Placement Facility during the 10% Placement Period.

Outcome of this Resolution

If Shareholders approve this Resolution:

- the number of equity securities permitted to be issued under the 10% Placement Facility will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 (see below); and
- the Company will be able to issue equity securities up to the combined 25% limits in Listing Rules 7.1 and 7.1A without further Shareholder approval.

If this Resolution is not passed, the Company will not be able to access the additional 10% capacity to issue equity securities without Shareholder approval provided for in Listing Rule 7.1A and will remain subject to the 15% limit on issuing equity securities without Shareholder approval set out in Listing Rule 7.1.

Formula for calculating 10% Placement Facility

The maximum number of equity securities that may be issued by the Company under the 10% Placement Facility pursuant to Listing Rule 7.1A2 is calculated in accordance with the following formula:

$$(A \times D) - E$$

A is the number of shares on issue at the commencement of the "relevant period" (which, for the Company, is the 12-month period immediately preceding the date of the issue or agreement):

- (A) plus the number of fully paid shares issued in the relevant period under an exception in Listing Rule 7.2, other than exception 9, 16 or 17;
- (B) plus the number of fully paid shares issued in the relevant period on the conversion of convertible securities within rule 7.2 exception 9 where:
 - (i) the convertible securities were issued or agreed to be issued before the commencement of the relevant period; or
 - (ii) the issue of, or agreement to issue, the convertible securities was approved, or taken under the Listing Rules to have been approved, under rule 7.1 or rule 7.4;

- (C) plus the number of fully paid shares issued in the relevant period under an agreement to issue securities within rule 7.2 exception 16 where:
 - (i) the agreement was entered into before the commencement of the relevant period; or
 - (ii) the agreement or issue was approved, or taken under the Listing Rules to have been approved, under rule 7.1 or rule 7.4;
- (D) plus the number of fully paid shares issued in the relevant period with approval of holders of shares under Listing Rules 7.1 or 7.4.;
- (E) plus the number of partly paid shares that became fully paid in the relevant period;
- (F) less the number of fully paid shares cancelled in the relevant period.

Note that A has the same meaning in Listing Rule 7.1 when calculating an entity's 15% placement capacity.

D is 10%

E is the number of equity securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of Shareholders under Listing Rule 7.4.

The ability of an entity to issue equity securities under Listing Rule 7.1A is in addition to the entity's 15% placement capacity under Listing Rule 7.1. The actual number of equity securities that the Company will have capacity to issue under Listing Rule 7.1A will be calculated at the date of issue of the equity securities in accordance with the formula stated above.

Type and number of equity securities

Any equity securities issued under the 10% Placement Facility must be in the same class as an existing quoted class of equity securities of the Company. The Company, as at the date of the Notice, has one class of quoted equity securities, being 153,619,763 Fully Paid Ordinary Shares.

Minimum issue price and cash consideration

The equity securities will be issued for cash consideration at an issue price of not less than 75% of the VWAP for the Company's equity securities in the same class calculated over the 15 trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the equity securities are to be issued is agreed by the Company and the recipient of the securities; or
- (ii) if the equity securities are not issued within 10 trading days of the date in paragraph (i) above, the date on which the equity securities are issued.

Purpose of the funds raised

The purposes for which the funds raised by an issue under the 10% Placement Facility may be used by the Company include:

- (i) consideration for the acquisition(s) of the new assets and investments, including the expenses associated with such acquisition(s); and
- (ii) continued expenditure on the Company's current business and/or general working capital.

Dilution

If this Resolution is approved by Shareholders and the Company issues equity securities under the 10% Placement Facility, the existing Shareholders' voting power in the Company will be diluted as shown in the dilution table below.

Shareholders may be exposed to economic risk and voting dilution, including the following:

- (i) the market price for the Company's equity securities may be significantly lower on the date of the issue of the equity securities than on the date of the Annual General Meeting; and
- (ii) the equity securities may be issued at a price that is at a discount to the market price for the Company's equity securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the equity securities.

The dilution table below shows the hypothetical dilution of existing Shareholders on the basis of the market price of Shares as at 2 December 2025 (**Current Share Price**) and the current number of Shares for variable "A" calculated in accordance with the formula in Listing Rule 7.1A(2) as at the date of this Notice.

The dilution table also shows:

- two examples where variable "A" has increased by 50% and 100%. Variable "A" is based on the number of Shares the Company has on issue. The number of Shares on issue may increase as a result of issues of Shares that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- two examples of where the issue price of Shares has decreased by 50% and increased by 100% as against the current market price.

Variable 'A' in Listing Rule 7.1A.2		Issue Price		
		\$0.0525 50% decrease in Current Share Price	\$0.1050 Current Share Price	\$0.2100 100% increase in Current Share Price
Current Variable A 153,619,763 Shares	10% Voting Dilution	15,361,976 Shares		
	Funds raised	\$806,504	\$1,613,008	\$3,226,015
50% increase in current Variable A 230,429,645 Shares	10% Voting Dilution	23,042,964 Shares		
	Funds raised	\$1,209,756	\$2,419,511	\$4,839,023
100% increase in current Variable A 307,239,526 Shares	10% Voting Dilution	30,723,953 Shares		
	Funds raised	\$1,613,008	\$3,226,015	\$6,452,030

The dilution table has been prepared on the following assumptions:

- The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
- No Options are exercised into Shares before the date of the issue of the Equity Securities;
- The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
- The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Meeting.
- The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
- The issue of Equity Securities under the 10% Placement Facility consists only of Shares. If the issue of Equity Securities includes Options, it is assumed that those Options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.
- The Current Share Price is \$0.105 being the closing price of the Shares on ASX on 2 December 2025.

Allocation Policy

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to relevant factors including, but not limited to, the following:

- the methods of raising funds that are available to the Company, including but not limited to, rights issues or other issues in which existing security holders can participate;
- the effect of the issue of the equity securities on the control of the Company;
- the financial situation and solvency of the Company; and
- advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of this Notice but may include existing substantial Shareholders, subject to compliance with Listing Rule 10.11, and/or new Shareholders who are not related parties or associates of a related party of the Company.

Previous issues

The Company:

- (i) has not issued, nor agreed to issue, any equity securities under Rule 7.1A.2 in the 12-month period preceding the date of the Meeting; and
- (ii) had not agreed, before the 12-month period referred to in the preceding paragraph, to issue any equity securities under rule 7.1A.2 where such securities remain unissued as at the date of the Meeting.

Special Resolution

The ability to issue equity securities under the 10% Placement Facility is subject to Shareholder approval by way of a special resolution. This means it requires approval of 75% of the votes cast by Shareholders present or represented, and eligible to vote.

Board Recommendation and Voting Intention

The Board recommends that Shareholders vote in **FAVOUR** of this Resolution.
