Volatility is measured by standard deviation, and can be thought of as an assessment of the risk in the investment portfolio. In most cases, the higher the volatility, the riskier the investment.

About Future Generation

Future Generation Australia (ASX: FGX) and Future Generation Global (ASX: FGG) are Australia's first listed investment companies that offer both investment and social returns.

Future Generation provides shareholders with exposure to leading Australian and global fund managers with the aim of delivering long-term capital growth, a stream of fully franked dividends and preserving shareholder capital.

This group of leading fund managers manage more than \$1.4 billion in assets on a pro bono basis, waiving their management and performance fees, which allows the Future Generation companies to donate 1% of their average net tangible assets each year to our social impact partners and other not-for-profit organisations.

Since inception, the Future Generation companies have invested \$100 million in Australian not-for-profit organisations.

In December 2024, Future Generation launched Future Generation Women, Australia's first philanthropic women's investment fund. As an unlisted trust, Future Generation Women aims to deliver investment returns through a combination of income and capital growth, while making tangible strides towards gender equality in Australia.
