PRINCIPAL ACTIVITIES

The principal activity of the Company during the half year ended 31 December 2025 was the exploration, evaluation and development of lead-silver, copper-gold and other mineral deposits with a view to becoming a miner in the short to medium term. No change in the principal activity occurred during this period.

RESULTS AND REVIEW OF OPERATIONS

The result of the Company for the half-year ended 31 December 2025 was a loss after tax of \$5,071,054 (31 December 2024: loss \$6,877,242).

Mineral Resource Estimate updated in June 2025 set the foundation for revising the mine development plan and developing the concept of a starter mine based on a portion of the overall deposit. This Starter Zone study to mine for an initial 10 years was assessed for both an owner operated processing plant and toll treating options.

Memorandum of Understanding signed in August 2025 with Austral Resources for potential toll treating ore from the Maronan project along with ongoing studies associated with plant design and metallurgical test work to progress the project while ensuring optionality.

Starter Zone Preliminary Economic Assessment was released on the ASX in September 2025 for an initial 10 year mine life at the Maronan Silver Project. This study demonstrating both a stand alone processing plant and toll treating options were viable at prevailing commodity prices.

Key project development studies progressed during this half-year included;

- metallurgical test work
- environmental and hydro studies
- plant design and upscale potential
- boxcut and decline location and design
- life of mine plans and increased production potential

In October 2025, \$16,000,000 equity was raised via a strongly supported placement followed by a successful share purchase plan raising a further \$1,568,000.

Surface drilling resumed in the late October together with geotechnical assessments and ongoing metallurgical testwork.

A Mineral Development Licence application (MDL2028) with the Queensland Department of Environment, Tourism, Science and Innovation which was lodged in March 2025 has been significantly advanced during the December half year, including lodging an Environmental Assessment application in support of MDL. Subsequent to the end of December 2025, the Company received all required environmental approvals in relation to the Environmental Assessment application supporting MDL2028. With the environmental assessment process now complete, the Mineral Development Licence application remains under assessment and the Company remains confident the MDL will be granted during the March 2026 quarter.

For more detailed results, refer to the Company's website and the list of ASX Announcements.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Maronan Metals Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Maronan Metals Limited (the Company), which comprises the statement of financial position as at 31 December 2025, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, material accounting policy information and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Company does not comply with the *Corporations Act 2001* including:

- i. Giving a true and fair view of the Company's financial position as at 31 December 2025 and of its financial performance for the half-year ended on that date; and
- ii. Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
