ADDITIONAL INFORMATION

The Group delivered strong growth across all key financial metrics during the half-year, with results in line with previously released indicative guidance. Performance was driven by increased adviser productivity, continued growth in adviser numbers and practice revenues, operating leverage from scale efficiencies, and disciplined cost management alongside ongoing investment in technology and platform capability.

Statutory and Underlying Business results for the Period and prior corresponding period (PCP)

The Board assesses Company performance primarily using Net Revenue & Other Income, EBIT, NPBT and NPAT of the *Underlying Business*. These measures adjust statutory results prepared under Australian Accounting Standards to remove one-off and non-operational items, including acquisition-related gains or expenses and share-based payment costs associated with the Company's long-term incentive (LTI) program.

Impact of One-off income and expenses and LTI on Statutory Results

NPAT for the *Underlying Business* was up 20.8% to \$2.55M (PCP \$2.11M). One-off charges of \$36k (PCP nil), and LTI expenses of \$146k (PCP nil), resulted in *Statutory NPAT* being up 12.1% to \$2.36M (PCP \$2.11M).

Further additional information

Further additional information supporting the Appendix 4D disclosure requirements can be found in the Company's Interim Report, Directors' Report, and consolidated financial statements and notes for the half-year ended 31 December 2025, contained therein.

DIRECTORS' REPORT

31 December 2025

The Directors present their report, together with the consolidated financial statements of WT Financial Group Limited (**WTL**, or **the Company**) and its controlled entities (**the Group**) for the half-year ended 31 December 2025 (**H1 FY2026** or **the Period**). The Company is listed on the Australian Securities Exchange (ASX code: WTL). The Company's Corporate Governance Statement is located at www.wtfglimited.com.

Directors

The following persons were Directors or Company Secretary of the Company during the whole of the Period and to the date of this report.

Guy Hedley	Non-executive Chairman
Keith Cullen	Managing Director & CEO
Chris Kelesis	Non-executive Director
Chelsea Pottenger	Non-executive Director
Ian Morgan	Company Secretary

Principal activities

WT Financial Group Limited is one of the largest financial adviser networks in Australia, providing wealth management, retirement planning and personal risk insurance advice services through a network of privately owned advice practices. More than 520 financial advisers operate as authorised representatives under the Group's Wealth Today Pty Ltd (**Wealth Today**), Sentry Advice Pty Ltd (**Sentry**), Synchron Advice Pty Ltd (**Synchron**), and Millennium3 Financial Services Pty Ltd (**M3**), collectively forming its business-to-business (**B2B**) division.

These B2B brands are not consumer-facing. Instead, the advice practices that are authorised by them operate under their own business identities, enabling them to maintain strong client relationships while accessing the Group's licensing, compliance, technology, education and practice support infrastructure.

The Group's Wealth Adviser division operates as a centralised services and support platform across all WTL's networks, delivering operational efficiencies and enabling practices to access a broader range of professional services. Wealth Adviser also provides services to advisers outside the Group's licensed cohorts through professional development programs and a library of more than 100 financial literacy publications in digital and printed formats.

The Group also operates a business-to-consumer (**B2C**) division through its Vesta Wealth Partners brand, delivering financial advice and accounting & tax services directly to wholesale and retail clients. These operations provide important intellectual property, capability development and practical industry insights that support the Group's broader adviser networks.

In FY2025 the Group established WTL & MWP Investco Pty Ltd (**Investco**), a 50/50 joint venture with Merchant Wealth Partners Pty Ltd, to provide long-term growth and succession planning capital to high-quality advice practices and to support the formation of scalable corporatised advice platforms ("**Hubcos**").

Operating results and Review

Statutory and Underlying Business results for the Period and prior corresponding period (PCP)

The Board assesses Company performance primarily using Net Revenue & Other Income, EBIT, NPBT and NPAT of the *Underlying Business*. These measures adjust statutory results prepared under Australian Accounting Standards to remove one-off and non-operational items, including acquisition-related gains or expenses and performance-share-based payment expenses associated with the Company's long-term incentive (**LTI**) program.

A. Operating results for the Underlying Business for the Period

Net revenue & other income was **up 17.8% to \$15.39M** (PCP \$13.07M) after *gross revenue and other income* was **up 12.6% to \$119.85M** (PCP \$106.41M).

Earnings before interest & tax (EBIT) **increased 16.3% to \$3.48M** (PCP \$2.99M) after *total operating expenses* of **\$7.86M** (PCP \$6.99M); and *depreciation & amortisation* of **\$268k** (PCP \$294k).

DIRECTORS' REPORT

31 December 2025

Net profit after tax (NPAT) for the *Underlying Business* was up **20.8% to \$2.55M** (PCP \$2.11M), after *interest expense* of **\$522k** (PCP \$399k), and *income tax expense* of **\$407k** (PCP \$481k).

Impact of One-off income and expenses and LTI on Statutory Results

One-off charges of **\$36k** (PCP nil), and LTI expenses of **\$146k** (PCP nil), resulted in *Statutory NPAT* being up **12.1% to \$2.36M** (PCP \$2.11M).

The results are in line with the Company's expectations and in line with market guidance provided by the Company.

More detailed information relating to the performance of the Group's two key segments, which are "B2B Services"; and "B2C Services", is included at Note 3 of the financial statements.

Matters impacting the Results

The results for the half-year reflect the continued benefits of the Group's strategic transformation over recent years, including the successful integration of prior acquisitions and the ongoing maturation of the Group's expanded B2B platform.

The Directors are pleased with the growth achieved across all key underlying performance indicators, including gross and net revenue, EBIT, NPBT and NPAT, together with the improvement in statutory profitability. Performance during the Period was driven primarily by increased adviser productivity across the network; continued growth in adviser and practice revenues; improved operating leverage resulting from scale efficiencies within the Group's centralised services platform; and disciplined cost management while continuing to invest in technology, risk management and practice support capabilities.

The completion of the Group's acquisition and integration program over the past several years represented a deliberate strategic shift from a predominantly direct-to-consumer (B2C) model to a scaled business-to-business (B2B) advice ecosystem designed to capitalise on structural disruption within the financial advice profession. The scale and depth of capability created through this strategy have positioned WTL as an industry leader with what the Directors consider to be a highly differentiated offering for modern advice practices and their professional advisers.

As a result, the Group is now well positioned to deliver sustainable organic growth through supporting the expansion of existing practices, recruiting additional high-quality advice businesses, and continuing to enhance its product, service and technology offering.

While the Group has achieved the critical operating scale that was the primary objective of its acquisition strategy, the Directors will continue to consider selective corporate opportunities where they are strategically aligned and value accretive.

Investco & Hubco Strategy

The Group continues to progress its strategic partnership with Merchant Wealth Partners Pty Ltd through the WTL & MWP Investco Pty Ltd (**Investco**) joint venture, which was established in FY2025 to provide long-term growth and succession planning capital to high-quality advice practices and to support the formation of scalable corporatised advice platforms ("**Hubcos**").

During and subsequent to the Period, the first Investco-created Hubco, Titan Advice Group (**TAG**), has continued to execute its growth strategy, completing the acquisition of Rushby Financial and agreeing to acquire 100% of accounting practice Fusion Partners, creating an integrated advice and accounting capability.

The second Investco-created Hubco, Select Advice Group (Aust) Pty Ltd (**SAGA**) has been incorporated and is progressing its intended acquisitions of multiple advice practices. Further, the Directors are pleased to report that several additional Hub opportunities are currently in active development.

The Directors consider the Investco and Hubco strategy to be strategically significant for the Group for several reasons:

- It provides WTL with exposure to the economics of advice practice consolidation and growth beyond its traditional licensing and services revenue streams.

DIRECTORS' REPORT

31 December 2025

- It enables WTL to convert its industry relationships, transaction capability and intellectual capital into equity ownership in scalable advice businesses with potential for meaningful capital appreciation over time.
- It aligns with structural industry tailwinds, including the scarcity premium from the contraction in adviser numbers and increasing consumer demand for high-quality financial advice, which are expected to support the growth and valuation of scaled advice platforms.
- It creates the potential for incremental recurring revenue streams to WTL through licensing, services, integration support and transaction activity associated with Hubco growth.

While the financial contribution from the Investco strategy is currently modest relative to the Group's core operations, the Directors believe the initiative has the potential to generate significant long-term shareholder value through a combination of equity income and valuation growth from Hubco investments; increased services revenue generated by participating practices; and additional strategic transaction opportunities across the Group's network.

The Directors expect the number and scale of Hubcos to increase progressively over coming years as the strategy gains momentum and matures.

B. Review of financial condition

Financial position

The financial position of the Group as at 31 December 2025 is summarised as follows:

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

for the half-year ended 31 December 2025

Notes to the Consolidated Financial Statements

1. Material Accounting Policy Information

The financial report of WT Financial Group Limited for the half-year ended 31 December 2025 was authorised for issue in accordance with a resolution of the Directors on 26 February 2026. The principal accounting policies adopted in the preparation of the financial statements are set out in this Note 1, below. These policies have been consistently applied to all the periods presented.

(a) Basis of Preparation

Statement of compliance

The half-year financial report is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 Interim Financial Reporting. The half-year report does not include notes of the type normally included in an annual financial report and should be read in conjunction with the most recent annual financial report.

Basis of preparation

The interim financial report has been prepared on the basis of historical cost, except for the revaluation of certain financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Group's annual financial report for the financial year ended 30 June 2025. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

(b) Adoption of New and Revised Accounting Standards

New Accounting Standards and Interpretations issued but not yet effective

The AASB has issued new and amended Accounting Standards and Interpretations that have mandatory application dates for future reporting periods. The Directors have decided against early adoption of these Standards but do not expect the adoption of these standards to have any material impact on the reported position or performance of the Group.

(c) Income Tax Expenses

The Group has a tax expense of \$406,630 (PCP: \$481,534) for the Period.

3. Operating Segments

Operating segments are presented using the 'management approach', where the information presented is on the same basis as the internal reports provided to the Chief Operating Decision Maker (CODM). The CODM is responsible for the allocation of resources to operating segments and assessing their performance. The consolidated entity is organised into two separate operating segments:

Business to business (B2B). This segment includes one of the largest financial adviser networks in Australia, providing wealth management, retirement planning and personal risk insurance advice services through a network of privately owned advice practices. More than 520 financial advisers operate as authorised representatives under the Group's Wealth Today Pty Ltd (Wealth Today), Sentry Advice Pty Ltd (Sentry), Synchron Advice Pty Ltd (Synchron), and Millennium 3 Financial Services Pty Ltd (M3), collectively forming its business-to-business (B2B) division.

The advice practices in the Company's network operate under their own business identities, enabling them to maintain strong client relationships while accessing the Group's licensing, compliance, technology, education and practice support infrastructure on a fee for service, variable pay-as-you-use, and revenue share arrangements. Despite the authorised representatives having the primary responsibility of interfacing with consumers, as the AFSL holder responsible for the provision of financial services, (in accordance with its license conditions) the Company is most often acting as the principal when financial services are provided to consumers.

This segment also includes fee revenue from the associated activities of the Investco joint venture.

Direct to consumer (B2C). In what it refers to as its B2C division, the Company employs salaried financial advisers who operate under the Company's corporate structure/brand. Again, the Company is acting as the principal in the provision of financial services to these consumers.

This B2C division includes an accounting practice, with salaried employees offering accounting, tax and SMSF administration services to consumers under the Company's corporate structure/brand. Again, the Company acts as principal at all times in providing these services.

This segment operates under the Vesta Wealth Partners brand.

All Other Segments. All other transactions, including dividend income from the associated activities of the Investco joint venture, are recorded as All Other Segments. Included in EBITDA of All Other Segments are Group overhead expenses.

These operating segments are based on the internal reports on at least a monthly basis that are reviewed and used by the Managing Director and Board. The Managing Director has been identified as the CODM in assessing performance and determining allocation of resources. There is no aggregation of operating segments.

The CODM reviews segment profits (Segment EBITDA). The accounting policies adopted for internal reporting to the CODM are consistent with those adopted in the financial statements of the consolidated entity.

All sales were made in Australia, and all assets are within Australia. No single customer represents more than 10% of Group revenue.

The following tables set out the performance of each operating segment.

8. Intangible assets

(a) Goodwill impairment disclosure

For the purpose of impairment testing, goodwill and indefinite life intangibles are allocated to cash-generating units (CGUs) which form part of or are based on the Group's operating divisions.

The recoverable amount of an asset or CGU is the higher of the fair value less costs of disposal and the value-in-use. Value-in-use is the present value of the future cash flows expected to be derived from an asset or cash-generating unit.

Where the recoverable amount is less than the carrying amount, an impairment loss is recognised in profit or loss. Reversal indicators are considered in subsequent periods for all assets which have suffered an impairment loss, except for goodwill.

The aggregate carrying amount of goodwill allocated to each CGU is:

Description of the CGU	31-Dec-25	30-Jun-25
	\$	\$
B2B services	31,631,423	31,631,423
B2C services	1,480,000	1,480,000
Total	33,111,423	33,111,423

The recoverable amount of each cash-generating unit above is determined based on fair value less cost of disposal. There is sufficient information available in the market to determine fair value of each CGU.

WT FINANCIAL GROUP LIMITED
INDEPENDENT AUDITOR'S REVIEW REPORT

To the Members of WT Financial Group Limited

Conclusion

We have reviewed the accompanying half-year financial report of WT Financial Group Limited (“the Company”) and its controlled entities (“the Group”), which comprises the consolidated statement of financial position as at 31 December 2025, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, notes to the financial statements, other explanatory information, and the directors’ declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the *Corporations Act 2001* including:

- a) giving a true and fair view of the Group’s financial position as at 31 December 2025 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor’s Responsibilities for the Review of the Financial Report section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board’s APES 110 *Code of Ethics for Professional Accountants (including independence standards)* (“the Code”) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical requirements in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of WT Financial Group Limited, would be in the same terms if given to the directors as at the time of this auditor’s review report.

WT FINANCIAL GROUP LIMITED

INDEPENDENT AUDITOR'S REVIEW REPORT (continued)

Directors' Responsibility for the Half-Year Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the company's financial position as at 31 December 2025 and its performance for the half-year ended on that date, and complying with AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
