## Commentary - Half-year results

**MELBOURNE, Australia – SDI Limited** (ASX: SDI). Net profit after tax (NPAT) decreased by 2.0% to \$3.75 million for the six months ending 31 December 2025, compared to \$3.83 million for the previous corresponding period (pcp). After adjusting for a \$0.5 million (after tax) provision for a doubtful debt, reported NPAT declined by 15.2% to \$3.25 million.

Summary financials (AUD)	HY2026	HY2025	Change %
Sales (\$m)	52.928	51.541	2.7%
Gross product margin (%)	65.6	63.5	+210 bps
Underlying EBITDA (\$000)	8,518	8,619	-1.2%
Reported EBITDA (\$000)	7,823	8,619	-9.4%
Reported NPAT (\$000)	3,245	3,827	-15.2%
Normalised NPAT (\$000)	3,749	3,827	-2.0%
Earnings per share (cents)	2.73	3.22	-15.2%
Normalised EPS (cents)	3.15	3.22	-2.2%

### 1H FY26 Highlights

Total sales of \$52.9 million, up 2.7% on the previous corresponding period (“pcp”), with good growth in the Australian Direct Export markets driven by the Middle Eastern market, however offset by the continual decline in Amalgam product sales.

Product margin improvement to 65.6%, up 210 bps on pcp, reflecting operational efficiencies, geographical and product mix, and favourable currency movements.

Underlying operating expenses of \$28.9 million, excluding a \$0.7 million doubtful debt provision, up 3.9% on pcp and up 9.0% after including the one-time item.

EBITDA decreased by 9.3% to \$7.8 million (HY25 \$8.6 million).

Earnings per share (“EPS”) decreased by 15.2% to 2.73 cents compared to 3.22 cents for the pcp. Normalised EPS was 3.15 cents a decrease of 2.2% on pcp.

Commenting on the result, Chief Executive Officer Samantha Cheetham said: *“I am pleased with the overall performance over the half year and happy to see the rebound in sales from the Middle East but particularly pleased to see continued growth of our Aesthetic products.”*

*After allowing for the doubtful debt provision, expenses were well managed along with improved product margins largely from ongoing operational efficiencies. The continuing weakness in Amalgam sales, while not unexpected as this product gets closer to its end of life in many markets, was most significant in the North American market where this product has the greatest share of sales, despite stronger performances in other product categories this decline was not fully offset.”*

### Key product category sales

Category	\$000 AUD	Change in local currency %	Change in AUD %	Total AUD sales %
Aesthetics	29,449	4.5	9.2	55.6
Equipment	2,629	(12.5)	(8.9)	5.0
Whitening	15,644	(0.8)	3.1	29.6
Amalgam	5,206	(23.1)	(20.2)	9.8
<b>Total</b>	<b>52,928</b>	<b>(1.5)</b>	<b>2.7</b>	<b>100.0</b>

In local currencies, Aesthetics sales continued to show good growth, up 4.5% on pcp. Aesthetics sales increased across all regions. Whitening sales decreased by 0.8% with good increases in the Australian Direct export markets up 17%, offset by an 8.9% decrease in the EU market due to a registration issue for a product which has subsequently been resolved. Generally, this category reflects movements in discretionary spending. Equipment sales, SDI’s smallest product category and largely a complimentary product, fell by 12.5% reflecting significant decline in various markets. Amalgam sales decreased by 23.1%, due to significant declines in most markets particularly in the EU where Amalgam was banned on 1 January 2025 except for special circumstances.

### Sales by business unit

Business unit	\$000 AUD	Growth/(decline) in local currency %	Growth/(decline) in AUD %	Total AUD sales %
Australia (including direct exports)	17,633	11.9	9.2	33.3
North America	9,715	(9.2)	(8.7)	18.4
Europe	21,819	(2.5)	5.7	41.2
Brazil	3,761	(13.9)	(8.3)	7.1
<b>Total</b>	<b>52,928</b>	<b>(1.5)</b>	<b>2.7</b>	<b>100.0</b>

### Product sales by business unit adjusted for currency movements

Business unit	Amalgam		Non-amalgam	
	% Change	% Of Total sales	% Change	% of Total sales
Australia (including direct exports)	(15.8)	5.0	9.8	94.9
Brazil	(78.2)	5.0	2.2	95.0
Europe	(20.9)	9.1	(0.2)	90.9
North America	(19.1)	22.1	(5.8)	77.9

The business unit performance reflects unfavourable currency movements and strong growth in the Australian direct export business.

European sales were down 2.5% in local currencies, driven by a registration issue for a Whitening product which has now been fixed. Additionally, Amalgam was banned in the EU on 1 January 2025 except for special circumstances.

North American sales decreased by 9.2% on pcp, primarily due to a 19.1% decline in Amalgam sales which represents 22.1% of its total sales.

Australian sales, which include Australian domestic and direct export markets, were up by 11.9%, with Australian direct exports reflecting an equivalent increase when adjusted for currency movements, driven by increased sales from the Middle Eastern region.

Brazilian sales decreased by 13.9% on pcp in local currencies reflecting deliberate delays in shipments due to short term issues relating to customer payments from its direct export market.

### Sales by region

Region	HY 2026 (\$000 AUD)	HY 2025 (\$000 AUD)	Growth/(decline) in AUD %
APAC	10,062	9,419	6.8
Middle East / Africa	4,726	4,288	10.2
South America	5,793	5,476	5.8
North America	9,715	10,645	(8.7)
Europe	22,632	21,713	4.2
<b>Total</b>	<b>52,928</b>	<b>51,541</b>	<b>2.7</b>

Sales by regions reflects strong growth in the European market which were aided by increased demand for Aesthetic products. Middle Eastern and African sales were predominately affected by deliberate delays in shipment due to short term issues around customer payments and the instability in some of the Middle Eastern markets. APAC sales were up reflecting good ordering from the Asian market.

## Gross profit margins

Product margins in Australian dollars increased by 210 bps to 65.6%, driven by operational efficiencies, good growth in the Aesthetic products and favourable currency movements. Product and geographical sales are a significant influence on the gross margin, with sales growth in Aesthetics in the European market attracting higher product margins.

## Expenses

Operating expenses in Australian dollars up 9.0% on pcp. After adjusting for currency movements and the additional doubtful debt provision, operating expenses increased by 3.9% compared to pcp, reflecting ongoing inflationary pressures, particularly relating to employment costs and increased marketing expenditure on new product releases.

## Tax expense

Tax expense decreased to 24.6% compared to 29.4% for the pcp. The lower than historical tax rate reflects a prior year tax adjustment relating to an over payment from the Company's USA entity.

## Balance sheet

Cash decreased by \$4.4 million after investing \$1.40 million in property, plant and equipment, and \$2.2 million in product development expenditure, increasing inventory by \$1.6 million and reducing debt by \$0.9 million for the six months ending 31 December 2025. The Company has unused working capital bank facility of \$10 million, \$23 million of unused building construction facility, and \$4.6 million cash in bank.

## Strategy and outlook

The Company remains focused on its strategic priorities:

- **Aesthetics and Whitening products** continue to be the focus for new product development. The Company's Aesthetic product 'Stela', originally designed as an Amalgam replacement product, will compete in the wider Aesthetic categories due to its natural tooth colour and strength.
- **Achieving manufacturing and logistic efficiencies.** In FY23 the Company purchased a six-acre property for \$19 million which has an existing 4,000 sqm warehouse and has relocated its current warehousing. Final planning and costings are currently in progress with the aim of commencing construction in April 2026. It is expected that the current manufacturing operations will be relocated by December 2027. The construction and refurbishing costs are expected to be approximately \$26 million.
- **Investment in production automation** and processes to achieve operating efficiencies and manage new and existing future product growth. The Company has recently purchased several high-speed production machines which have started showing returns. Other machines are on order for delivery over the next 6 to 12 months which will result in further efficiencies and increase future production capacity.
- **On-going investment in research and development** of new products. New product launches are planned to launch one to two new products every year. The team will continue to focus on ensuring European regulatory requirement deadlines are met. SDI embraces the stringent regulatory requirements as these provide high barriers to entry and a competitive advantage.
- **Environmental, Social, and Governance (ESG)** – The Company has made a commitment, including the creation of an internal working group, to make significant progress in establishing a risk framework for sustainability and has appointed a consultant to assist in this process.

### New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new and amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period. The adoption of these Accounting Standards and Interpretations did not have any significant impact on the financial performance or position of the consolidated entity during the financial half-year ended 31 December 2025 and are not expected to have a significant impact for the full financial year ending 30 June 2026.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

## Note 3. Operating segments

### Identification of reportable operating segments

The consolidated entity's operations consist of the manufacture of dental restorative products, tooth whitening systems and small dental equipment for sale to dental distributors, dental dealers and dentists worldwide. Refer to note 4 for revenue from product lines.

Operating segments are determined using the 'management approach', where the information presented is on the same basis as the internal reports reviewed by the Board of Directors (identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources. The consolidated entity comprises four separate reportable operating segments which are primarily identified on the basis of subsidiary companies in different geographical markets.

The CODM reviews segment results before tax, depreciation and amortisation, intersegment adjustments, interest revenue and finance costs. The accounting policies adopted for internal reporting to the CODM are consistent with those adopted in the financial statements.

### Note 3. Operating segments (continued)

The information reported to the CODM is on a monthly basis.

#### Reportable segments

The consolidated entity's reportable segments are as follows:

Australia:	SDI Limited
Europe:	SDI Germany GmbH (Germany) and SDI Dental Innovations Limited (United Kingdom)
USA:	SDI (North America), Inc.
Brazil:	SDI Holdings Do Brazil Ltda

#### Intersegment transactions

The segment revenues, expenses and result include transfers between segments. The pricing of the intersegment transactions is based on cost plus an appropriate mark-up, which reflects market conditions of the segment into which the sales are made. These transfers are eliminated on consolidation.

#### Intersegment receivables, payables and loans

Intersegment loans are initially recognised at the consideration received. Intersegment loans receivable and loans payable that earn or incur non-market interest are not adjusted to fair value based on market interest rates. Intersegment loans are eliminated on consolidation.

#### Major customers

The consolidated entity has a number of customers to whom it sells products. No single customer represents 10% or more of the consolidated entity's revenue.

- (i) This facility has been used to fund the purchase of properties to accommodate future warehousing and manufacturing capacity.
- (ii) This facility is used to fund the Company's annual insurance premium. This funding is unsecured.

The above bank loans are secured by a registered first mortgage debenture over the assets of the parent entity and a registered first mortgage over its freehold properties.

**Note 11. Borrowings (continued)**

- The fully drawn loan facility of \$15,050,000 was used to fund the recent purchase of properties in the FY24 financial year;
- An unused loan facility of \$23,000,000 is in place to fund the future building costs for 77-79 Canterbury Rd. Montrose, Victoria; and
- There is an unused working capital facility of \$10,000,000 in place as at 31 December 2025.

The facilities allow for both fixed and variable rate loans. The loan facility matures 31 December 2028. Finance is provided under all facilities, which are reviewed annually, provided the parent entity is within the terms and conditions of the Agreement.

*Loan covenants*

The bank loans are subject to certain financial covenants and these are assessed at the end of each quarter. The loans will be repayable immediately if the covenants are breached. The consolidated entity is not aware of any facts or circumstances that indicate that it may have difficulty complying with the covenants within 12 months after the reporting period.

### Note 15. Contingent liabilities

The consolidated entity had no contingent liabilities as at 31 December 2025 and 30 June 2025.

### Note 16. Events after the reporting period

The company is in advanced discussions with a global producer in the dental materials sector for it to potentially acquire all of the shares in SDI via scheme of arrangement. Implementation of the potential transaction would be subject to entry by the parties into binding transaction documents, Foreign Investment Review Board approval, foreign regulatory approvals, and other customary conditions precedent, including shareholder and court approvals.

No other matter or circumstance has arisen since 31 December 2025 that has significantly affected, or may significantly affect the consolidated entity's operations, the results of those operations, or the consolidated entity's state of affairs in future financial years.

For personal use only

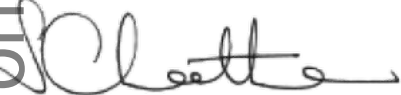

In the Directors' opinion:

- the attached financial statements and notes comply with the Corporations Act 2001, Australian Accounting Standard AASB 134 'Interim Financial Reporting', the Corporations Regulations 2001 and other mandatory professional reporting requirements;
- the attached financial statements and notes give a true and fair view of the consolidated entity's financial position as at 31 December 2025 and of its performance for the financial half-year ended on that date; and
- there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

The Directors have been given the declarations required by section 295A of the Corporations Act 2001.

Signed in accordance with a resolution of Directors made pursuant to section 303(5)(a) of the Corporations Act 2001.

## Independent Auditor's Review Report to the Members of SDI Limited

### *Conclusion*

We have reviewed the half-year financial report of SDI Limited (the "Company") and its subsidiaries (the "Group"), which comprises the consolidated statement of financial position as at 31 December 2025, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of cash flows and the consolidated statement of changes in equity for the half-year ended on that date, notes to the financial statements, including material accounting policy information and other explanatory information, and the Directors' Declaration as set out on page 23.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001*, including:

- Giving a true and fair view of the Group's financial position as at 31 December 2025 and of its performance for the half-year ended on that date; and
- Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

### *Basis for Conclusion*

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Half-year Financial Report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* issued by the Accounting Professional and Ethical Standards Board ("the Code") that are relevant to our audit of the annual financial report of public interest entities in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

### *Directors' Responsibilities for the Half-year Financial Report*

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### *Auditor's Responsibilities for the Review of the Half-year Financial Report*

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
