Founded in 2010, Railtrain (together with its subsidiaries ("Railtrain Group")) is a privately-owned, nationally diversified rail services provider delivering overhead wiring solutions, rail maintenance and construction, track protection services, rail signaling and electricals, rail surveying, and the supply and training of rail personnel to rail operators and infrastructure owners. On a consolidated pro-forma basis, the Railtrain Group generated normalized revenue of approximately A\$96m and EBITDA of approximately A\$16m in FY25 based on unaudited management accounts<sup>1</sup>. However, Railtrain is expected to have a weaker FY26 due to project delays.

**Genus Managing Director, David Riches**, said, *"I am pleased to announce the signing of binding documentation for our acquisition of Railtrain which is another step forward in our strategy to expand into the rail infrastructure sector. of our existing MGC rail business. The transaction will allow Genus (through MGC and Railtrain) to provide a more comprehensive service to our customers. Railtrain has been run by a highly professional executive management team, which we are very excited to welcome to the Genus family. **Commenting on the Acquisition, Railtrain CEO Gary McLaughlin**, said, “Our team is very excited about joining the Genus family, as this partnership strengthens our capability and offering to service our valued clients, and grow our presence across Australia. We look forward to collaborating with David, the MGC team, and the rest of the Genus team, combining our expertise and resources to broaden our reach and enhance our capabilities.”

Contemporaneously with the acquisition of Railtrain, Railtrain will also acquire the remaining 20% of WIRED Holding Company Pty Ltd which it does not already own. The consideration for this acquisition will be funded by flow-through of the upfront consideration at completion of the Railtrain acquisition and of a proportion of the contingent payments noted above.

The acquisition will be funded from Genus’ existing cash balance and drawdown under the new syndicated facility announced to ASX on 19 December 2025.
