REVIEW OF OPERATIONS

During the half-year ended 31 December 2025, Dalaroo Metals Limited advanced exploration activities across its Greenland and Côte d'Ivoire project portfolios and expanded its asset base through project acquisitions and field-based exploration programs. Activities during the period focused on establishing exploration datasets, progressing project evaluations and preparing priority targets for follow-up work programs.

Blue Lagoon Project – Greenland

During the period, the Company completed the acquisition of the Blue Lagoon Project in southern Greenland. Following completion of the acquisition, Dalaroo undertook its initial field exploration program at the project, including geological mapping, sediment sampling and shallow auger drilling. The program was designed to establish baseline geological data and identify areas of heavy mineral concentration within the project area.

Samples collected during the field season were submitted for laboratory analysis, with results received subsequent to the field program supporting continuation of exploration activities. Work completed during the half year identified priority areas for follow-up exploration, with additional field programs planned for the next field season.

Côte d'Ivoire Gold Projects

During the reporting period, Dalaroo progressed its exploration activities in Côte d'Ivoire through project acquisition, geological evaluation and preparation for field exploration programs. Work undertaken included completion of due diligence activities, compilation and interpretation of

DIRECTORS' REPORT

geological datasets and development of initial exploration targets across the Company's project areas.

An in-country exploration presence was established during the period to support ongoing activities, including logistical preparation and planning for geological mapping and drill targeting programs.

Subsequent to the reporting period, field mapping and drill targeting activities commenced at the Bongouanoa Gold Project, with geological and structural mapping undertaken to define priority targets for future drilling programs. Community engagement and site access activities were also completed to support ongoing exploration.

In February 2026, the Company executed an agreement to acquire an interest in the Bondoukou (Gold Ridge) Project in Côte d'Ivoire, expanding its West African project portfolio.

Australian Projects

Activities in Australia during the half year were limited to technical review and project assessment. No material field exploration programs were undertaken during the period, with work focused on evaluation of existing datasets and planning of future exploration priorities.

Corporate Activities

During the half-year ended 31 December 2025, the Company implemented changes to its Board and executive leadership.

Mr John Morgan was appointed Chief Executive Officer during the period and assumed responsibility for management of the Company's exploration and corporate activities.

Mr Tim Wither was appointed as a Director following the resignation of Mr David Quinlivan during the half year.

Subsequent to the reporting period, Mr Greg Barnes was appointed as Special Advisor to assist the Company in relation to its West African exploration activities.

The Company also commenced steps toward obtaining an over-the-counter (OTC) market quotation in the United States.

SIGNIFICANT CHANGES IN THE STATE OF AFFAIRS

There have been no significant changes in the state of affairs of the Company during or since the end of the financial period.

DIRECTORS' REPORT

MATTERS SUBSEQUENT TO THE END OF THE FINANCIAL PERIOD

Subsequent to 31 December 2025, the following events occurred.

On 7 January 2026, the Company announced that it had completed the acquisition of a 100% interest in the Blue Lagoon Project located in south-west Greenland.

On 28 January 2026, the Company issued 1,088,500 fully paid ordinary shares following the exercise of options at an exercise price of \$0.036 per option.

On 11 February 2026, the Company announced the appointment of Mr Greg Barnes as Special Advisor to provide technical and strategic advisory services in relation to the Company's West African exploration activities.

On 25 February 2026, the Company announced that it had entered into an agreement to acquire an interest in the Bondoukou (Gold Ridge) Project located in Côte d'Ivoire. Completion of the acquisition remains subject to the terms and conditions contained within the agreement and the satisfaction of customary completion conditions.

On 27 February 2026, the Company held a general meeting at which the resolution to amend the terms of certain options was approved. The Company intends to apply for quotation of these options.

Since the end of the period, the Company commenced preparatory steps toward obtaining an over-the-counter (OTC) market quotation in the United States.

Other than the matters disclosed above, no matters or circumstances have arisen since 31 December 2025 that have significantly affected, or may significantly affect, the Company's operations, the results of those operations, or the state of affairs of the Company in future financial periods.

AUDITOR'S INDEPENDENCE DECLARATION

A copy of the Auditor's Independence Declaration as required under Section 307C of the Corporations Act is set out on the page 8.

This report is made in accordance with a resolution of the Directors.

DATED at Perth this 13 day of March 2026.

NOTES TO THE FINANCIAL STATEMENTS

Note 1 Basis of preparation of half-year report

Statement of compliance

The half-year financial report is a general purpose financial report prepared in accordance with the *Corporations Act 2001* and AASB 134 *Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*. The half-year report does not include notes of the type normally included in an annual financial report and shall be read in conjunction with the 30 June 2025 annual financial statements.

The Company is a for-profit entity for financial reporting purposes under Australian Accounting Standards.

The half-year financial report was approved by the Board of Directors on 13 March 2026.

Basis of preparation

The financial statements have been prepared on the basis of historical cost, except for the revaluation of certain non-current assets and financial instruments. Cost is based on the fair values of the consideration given in exchange for assets. All amounts are presented in Australian dollars, unless otherwise noted.

The accounting policies and methods of computation are consistent with those previously disclosed in the 30 June 2025 annual financial statements, except for the new accounting policies adopted by the Company during the period, as disclosed below:

Fair Value

A number of the company's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes based on the following methods:

Investments in equity securities

The fair value of financial assets at fair value through profit or loss, is determined by reference to their quoted bid price at the reporting date. For investments with no active market, fair value is determined using valuation techniques. Such techniques include using recent arm's length market transactions, reference to the current market value of another instrument that is substantially the same, discounted cash flow analysis and option pricing models.

ABN 23 648 476 699

NOTES TO THE FINANCIAL STATEMENTS

Note 1 Basis of preparation of half-year report (continued)

Going concern basis for preparation of financial statements

This half-year interim financial report has been prepared on a going concern basis, which contemplates continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business. During the half-year ended 31 December 2025, the Company incurred a net loss after tax of \$1,273,811 (2024 loss: \$874,362), had cash flows used in operating activities of \$1,020,548 (2024: \$1,260,160) and net working capital surplus of \$1,516,574 (at 30 June 2024: net working capital surplus of \$349,561). The Directors have considered the funding and operational status of the business in arriving at their assessment of going concern and believe that the going concern basis of preparation is appropriate based upon:

- The Company's ability to raise funds from external sources to meet ongoing working and investing capital requirements; and
- The Company's ability to manage the timing of cash flows to meet the committed obligations of the business as and when they fall due.

Should the Company be unable to raise the amount of funding at the levels required from both external sources as well as the disposal of its liquid investments, there is a material uncertainty that the Company will be able to continue as a going concern, and therefore whether it will be able to realise its assets and extinguish its liabilities other than in the normal course of business and at amounts stated in the financial report. The financial report does not include any adjustments relating to the recoverability or classification of recorded asset amounts, nor the amounts or classification of liabilities that might be necessary should the Company not be able to continue as a going concern.

New Accounting Standards and Interpretations on issue not yet applicable

The Directors have not early adopted any new Accounting Standard or Interpretation currently on issue but not yet applicable to the Company.

Note 2 Segment information

The Company has identified its operating segments based on the internal reports that are reviewed and used by the Board of Directors in assessing performance and determining the allocation of resources. Reportable segments disclosed are based on aggregating operating segments, where the segments have similar characteristics. The Company's sole activity is mineral exploration and resource development within Australia, Cote D'Ivoire and Greenland.

DIRECTOR'S DECLARATION

The directors of Dalaroo Metals Ltd ("the Company") declare that:

- (a) the interim financial statements and notes set out on pages 13 to 23 are in accordance with the Corporations Act 2001, including:
 - (i) complying with Australian Accounting Standard AASB 134 – *Interim Financial Reporting*, and the Corporations Regulations 2001; and
 - (ii) give a true and fair view of the financial position as at 31 December 2025 and of the performance for the period ended on that date of the Company.
- (b) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Directors.

Signed at Perth this 13th day of March 2026.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF DALAROO METALS LIMITED

Conclusion

We have reviewed the accompanying half-year financial report of Dalaroo Metals Limited ("the Company") which comprises the statement of financial position as at 31 December 2025, the condensed statement of profit or loss and other comprehensive income, condensed statement of changes in equity and condensed statement of cash flows for the half-year ended on that date, a summary of material accounting policies and other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Dalaroo Metals Limited does not comply with the *Corporations Act 2001* including:

- a. Giving a true and fair view of the Company's financial position as at 31 December 2025 and of its performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134: *Interim Financial Reporting* and *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's review report.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 in the financial report, which indicates that the Company incurred a net loss of \$1,273,811 during the half year ended 31 December 2025. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Company's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

For personal use only

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
