Furthermore, Syrah has received non-binding strategic funding proposals from US International Development Finance Corporation ("**DFC**"), the US Department of Energy ("**DOE**"), and AustralianSuper Pty Ltd as trustee of AustralianSuper ("**AustralianSuper**") (the "**Strategic Funding Proposals**") which would result in the Company's balance sheet being positioned for long term success. Under the Strategic Funding Proposals³, it is intended that a portion of the existing DFC loan would be converted into a substantial shareholding in Syrah ("**Debt-For-Equity Swap**") and a substantial portion of Syrah's existing remaining debt would be converted to, and all existing convertible loans would be exchanged to new primary convertible loan notes issued by the Company ("**Primary CLNs**"). DFC may be issued up to US\$30 million, and AustralianSuper may be issued up to US\$38 million, Secondary Convertible Loan Notes ("**Secondary CLNs**") which would have the same key terms as the Primary CLNs, except the terms of issuance, to provide additional liquidity, with the DFC Secondary CLN solely for Balama liquidity if required.

Accordingly, while the parties seek to progress matters on the terms and conditions in the Strategic Funding Proposals, there is no assurance, certainty or guarantee that the matters in such proposals will become binding, or if they do become binding, that they will become binding on the terms and conditions set out in full in Section 5 of the Investor Presentation lodged to the ASX on 26 March 2026.

Syrah Managing Director and CEO Shaun Verner commented, *“Following the Equity Raise and the Strategic Funding Proposals, Syrah will have a robust balance sheet with pro-forma liquidity of ~US\$198 million to support ramp up at Balama and Vidalia and provide a pathway to near term sustainable cash flow generation. The strong alignment with the US International Development Finance Corporation, the US Department of Energy and AustralianSuper underscores the strategic importance of Syrah’s assets in developing a secure, ex-China supply chain for critical battery materials. The strategic proposals and funding position Syrah to advance our operations as the global graphite and anode materials markets evolve.”*

Equity Raising

The Equity Raising comprises a fully underwritten 1 for 1.32 pro rata accelerated non-renounceable entitlement offer of New Shares to eligible shareholders to raise approximately A\$104 million (the “**Entitlement Offer**”).

The Equity Raising is being conducted at a fixed price of A\$0.105 per New Share (the “**Offer Price**”), which represents a discount of:

- 17.8% to the theoretical ex-rights price (“TERP”)¹⁰ of A\$0.128 per share as at Tuesday, 24 March 2026; and
- 27.6% to Syrah’s closing price of A\$0.145 per share on the ASX as at Tuesday, 24 March 2026.

Approximately 994 million New Shares will be issued under the Equity Raising, representing approximately 76% of existing Syrah shares on issue.

AustralianSuper, Syrah’s largest shareholder, with a shareholding of ~34% in Syrah¹¹, has committed to take up its full entitlement under the Institutional Entitlement Offer, being ~A\$35 million and to sub-underwrite the Entitlement Offer up to ~A\$69 million.

On completion of the Equity Raising, AustralianSuper’s resultant shareholding in Syrah will be between 34% and 63%¹⁰, depending on the final take up in the Institutional and Retail Entitlement Offer. AustralianSuper remains supportive of the current Board and its strategy of ramping up production at Balama and achieving commercial sales at Vidalia.

Syrah Directors Sara Watts and Rob Edel intend to participate in the Entitlement Offer in respect of shares they hold¹².

Macquarie Capital (Australia) Limited is acting as Sole Lead Manager, Underwriter and Bookrunner to the Equity Raising (“**Lead Manager**”). Ashurst is acting as legal adviser to the Company.

In combination with the Strategic Funding Proposals, the Equity Raising and DFC loan disbursement to Balama will primarily be used for the following key purposes:

- Fund Vidalia working capital to achieve commercial sales
- Ramp-up Balama to targeted levels (subject to market demand)
- Fund costs associated with the Strategic Funding Proposals and the Equity Raising

¹¹ Syrah shareholding of AustralianSuper (direct and indirect holdings) as at 24 March 2026. AustralianSuper’s pro-rata under the Entitlement Offer is calculated by the direct holding only. Refer to slide 15 of the Investor Presentation released to the ASX today for further details of AustralianSuper’s shareholding in Syrah, including following the potential future conversion of the proposed Primary and Secondary CLNs.

Entitlements not taken up under the Institutional Entitlement Offer will be offered by the Lead Manager to eligible institutional investors at the Offer Price concurrently with the Institutional Entitlement Offer.
