

**MARKET RELEASE**

20 April 2026

## Completion of Linkurious acquisition and updated full year ACV guidance range

**Sydney, Australia** – Nuix ('the Company', ASX: NXL) advises that it has achieved financial close on the acquisition of Linkurious SAS, including Foreign Direct Investment (FDI) approval in France, following the market announcement on 4 December 2025.

Based in Paris, France, Linkurious provides technology that allows customers to visually explore and investigate graph data, to detect patterns of interest and investigate alerts. The acquisition of Linkurious, which is an existing Nuix Neo technology partner, builds on Nuix's innovation roadmap through the incorporation of powerful and intuitive graph technology and data visualisation. Combining the Nuix and Linkurious teams creates growth opportunities through both sales and distribution scale, knowledge graph and workflow expertise and new Nuix Neo use cases.

The upfront cash payment is ~A\$27 million and is funded by \$20 million from debt and the balance from Nuix's existing cash reserves. The remaining \$30 million of Nuix's upsized debt facilities remains largely undrawn.

### **Update to Full Year ACV Range and Reiteration of Core Strategic Objectives**

Incorporating Annualised Contract Value (ACV) associated with Linkurious, Nuix advises that it now expects full year ACV for the group to be in the range \$252 million to \$272 million, resulting from the addition of Linkurious ACV to the prior range guided to at the 1H26 results.

Nuix also takes this opportunity to reiterate its core FY26 strategic objectives:

- Continue to deliver on business transformation strategy
- ACV growth driven by Nuix Neo
- Revenue growth to exceed operating cost growth
- Underlying cash flow positive for the full year

This announcement has been authorised by the Board of Nuix.
