Letter to Atlas Arteria Securityholders

27 April 2026

Dear Securityholder

Offer to acquire all of your Atlas Arteria Securities

Diamond Infraco 1 Pty Ltd (**Bidder**), a wholly-owned subsidiary of IFM Global Infrastructure Fund (**IFM GIF**), is pleased to present you with this Offer to acquire all of your Securities in Atlas Arteria at a price of A\$4.75 per Security.¹

The Offer Price will be increased to A\$5.10 per Security (the **Maximum Consideration**) if Bidder's Relevant Interest² in Atlas Arteria Securities is 45% or more prior to the close of the Offer.³

Bidder currently holds a 34.48% interest in Atlas Arteria Securities. Given that its interest in Atlas Arteria Securities exceeds 20%, Bidder has limited ability to acquire further Atlas Arteria Securities without making a takeover offer.⁴ Bidder is therefore making the Offer to give Securityholders who want to sell the ability to do so at a premium to recent trading prices.

Please note that:

- the Maximum Consideration is best and final, meaning that the Offer Price will not be increased above the Maximum Consideration of A\$5.10 per Security, in the absence of a competing proposal for Atlas Arteria; and
- Bidder will also not acquire Atlas Arteria Securities at a price higher than the Maximum Consideration of A\$5.10 per Security for at least 12 months following close of the Offer, in the absence of a competing proposal for Atlas Arteria.

Why you should accept the Offer

The key reasons for accepting the Offer are set out on pages 9 to 11, and include the following:

- 1 The Offer Price represents a premium to recent trading prices of Atlas Arteria Securities. Specifically, the Offer Price of A\$4.75 and the Maximum Consideration of A\$5.10 respectively, represent a premium of:⁵

Share Price Metric	Value	Offer Price of A\$4.75	Maximum Consideration of A\$5.10
Atlas Arteria's price as at the close of trading on the Last Practicable Date	A\$4.33	9.70%	17.78%

¹ Under the Offer terms, the Offer Price may be reduced in certain circumstances, including whether ATLAX and/or ATLIX pays a distribution prior to the end of the Offer Period. For further details, refer to section 7.

² This includes Securities accepted into the Offer, but for the avoidance of doubt, Bidder will not acquire a Relevant Interest in Atlas Arteria Securities accepted into the Institutional Acceptance Facility, unless and until the IAF Triggering Condition is satisfied (which will occur if Bidder declares the Offer unconditional or otherwise states that it will declare the Offer unconditional) and those Securities are then accepted into the Offer.

³ For the avoidance of doubt, this does not limit Bidder's ability to increase the Offer Price to a price not exceeding the Maximum Consideration in any other circumstances.

⁴ Bidder has previously increased its securityholding by utilising the "creep rule" exception under section 611, item 9 of the Corporations Act to make acquisitions that would otherwise breach the general 20% prohibition limit. However, acquisitions under the "creep rule" are limited to 3% of the voting power in any six month period.

⁵ Iress as at 24 April 2026.

Atlas Arteria's 1 month VWAP as at the close of trading on the Last Practicable Date	A\$4.28	11.01%	19.19%
--	---------	--------	--------

Atlas Arteria's 3 month VWAP as at the close of trading on the Last Practicable Date	A\$4.52	5.07%	12.81%
--	---------	-------	--------

- 2 The Maximum Consideration is best and final, meaning that the Offer Price will not be increased above the Maximum Consideration of A\$5.10 per Security, in the absence of a competing proposal for Atlas Arteria. Bidder will also not acquire Atlas Arteria Securities at a price higher than the Maximum Consideration of A\$5.10 per Security for at least 12 months following close of the Offer, in the absence of a competing proposal for Atlas Arteria.
- 3 The consideration offered to Securityholders is 100% cash, and provides an opportunity for Securityholders to realise their investment in Atlas Arteria for certain value. By selling your Atlas Arteria Securities for certain cash consideration, you avoid the risks and uncertainties in continuing to hold Atlas Arteria Securities. These include the risks relating to potential changes in current taxes, movements in foreign exchange rates, and other future events which may negatively impact business performance.
- 4 Atlas Arteria has underperformed in terms of total shareholder return relative to global listed infrastructure and other market indices.⁶

Company / Index	Total Cumulative Shareholder Return (%)		
	Last 5 Years	Last 3 Years	Last 12 Months
Atlas Arteria	8.6%	(16.4%)	(4.8%)
ASX100	53.4%	33.2%	13.8%
OECD-Domiciled GLIO Index (51 st Percentile) ⁷	53.6%	41.9%	22.1%

If you do not accept the Offer, there is a risk that this underperformance will continue and the value of your Atlas Arteria Securities may be adversely affected.

- 5 Atlas Arteria has also underperformed across a number of key operational areas, including failure to deliver any increase in distributions over the last four years, a significant increase in corporate costs, and failure to achieve toll rate increases or any amendments to the Dulles Greenway concession framework. Please refer to page 10 for further details. If you do not accept the Offer, there is a risk that this underperformance will continue and the value of your Atlas Arteria Securities may be adversely affected.
- 6 Atlas Arteria has recently indicated that it is actively looking at new M&A opportunities with funding flexibility.⁸ This is a material change from Atlas Arteria's previous position, which explicitly ruled out equity funding in relation to new opportunities.⁹ This is also a change to Atlas Arteria's position adopted post the Chicago Skyway acquisition in 2022 that it was not pursuing M&A,

⁶ Factset and Iress as at 24 April 2026. Calculated on the basis of cumulative total shareholder return, comprising share price performance and dividends received, over the periods defined.

⁷ The OECD GLIO Index refers to a group of OECD domiciled companies that are included in the FT Wilshire Global Listed Infrastructure Organisation (GLIO) index. The values shown represent the 51st percentile in the GLIO index in each defined period.

⁸ See Atlas Arteria's 2025 Full Year Results Presentation released on ASX on 26 February 2026, in which Atlas Arteria states that it is "Considering new opportunities in OECD countries, leveraging strategic partnerships, to deliver compelling risk-adjusted returns with funding flexibility".

⁹ See Atlas Arteria's 2025 Half Year Results Presentation released on ASX on 28 August 2025, in which Atlas Arteria states that it is "Considering new opportunities in OECD countries, leveraging strategic partnerships, to deliver accretive returns without raising equity".

other than growth opportunities directly related to or in proximity to its existing businesses.¹⁰ Bidder has made known to the Atlas Arteria Board and management its strong concerns about this recent change in strategic direction to pursue M&A more broadly. Bidder wishes to avoid a repeat of what it regards as the shareholder value destruction associated with the Chicago Skyway acquisition in 2022. Bidder is also concerned that management's attention will be diverted from addressing critical operational and strategic issues across its existing portfolio.

If Atlas Arteria continues with this change in strategy, there is a risk that further acquisitions by Atlas Arteria may not enhance shareholder value, and that management's attention will be increasingly diverted from addressing those existing issues.

- 7 There is a risk that the price of Atlas Arteria Securities may fall following the Offer, and the amount which you will be able to realise for your Atlas Arteria Securities following the Offer is uncertain.
- 8 The receipt of cash consideration and the disposal of Securities under the Offer will not result in you incurring stamp duty. If your Atlas Arteria Securities are held in an Issuer Sponsored Holding, you will not be obliged to pay brokerage fees if you accept the Offer.

Conditions to the Offer

The Offer is subject to a number of Conditions, which are further summarised in the 'Summary of the Offer and Other Important Information' and set out in full in Annexure 1 to this Bidder's Statement. These include:

- certain regulatory conditions, including European and US anti-trust approvals;
- a condition requiring waiver of third party rights on a change of control under material agreements and material Approvals;
- a condition that there is no material market fall;
- a condition that there is no material adverse change affecting Atlas Arteria or any Concession Company;
- a condition that there are no material acquisitions or disposals by any Atlas Arteria Group Entity or Concession Company prior to the end of the Offer Period; and
- certain other conditions relating to the conduct of business by Atlas Arteria and Concession Companies prior to the end of the Offer Period.

When will I get paid?

If you accept the Offer and the Offer becomes unconditional, then, subject to section 7.9, Bidder will pay you the consideration for your Accepted Securities on or before the earlier of:

- the day that is one month after the date of your acceptance or, if at the time of your acceptance the Offer remains subject to a Condition, one month after any contract resulting from your acceptance of this Offer becomes, or is declared, unconditional; and
- the day that is 21 days after the end of the Offer Period.

How to accept the Offer

Acceptances must be received before the end of the Offer Period (subject to the terms of the Offer).

¹⁰ See Atlas Arteria's 2024 Half Year Results released on ASX on 29 August 2024, in which Atlas Arteria states that it is "Pursuing only growth opportunities directly related to or in proximity to our existing businesses to realise accretive value. Acquisitions outside this are not being considered – we will provide appropriate notice to securityholders if this position were to change".

Can I withdraw my acceptance?

You cannot withdraw or revoke your acceptance unless a withdrawal right arises under the Corporations Act.

A withdrawal right will arise if, after you have accepted the Offer, Bidder varies the Offer in a way that postpones, for more than one month, the time that Bidder has to meet its obligations under the Offer.

Given that the Offer must remain open until at least 7:00pm (Sydney time) on [*], and can only be withdrawn by Bidder in very limited circumstances, if you decide to accept the Offer you may choose to delay acceptance of the Offer until later in the Offer Period. Lodging an intention to accept the Offer through the Institutional Acceptance Facility will not constitute acceptance of the Offer. Acceptance will only occur once the relevant conditions of the Institutional Acceptance Facility are met.

Securityholders who are Eligible Institutional Securityholders may demonstrate their intention to accept the Offer by lodging with the Institutional Acceptance Facility Operator acceptance instructions in accordance with the terms set out in sections 6.12 and 7.4.

What if Atlas Arteria announces or pays a distribution?

It is a Condition of this Offer that Atlas Arteria does not announce, make, declare or pay any distribution, including any dividend, from the Announcement Date and until the end of the Offer Period (see the Conditions in Annexure 1 to this Bidder's Statement).

If Atlas Arteria does any of those things:

- Bidder may elect not to waive this Condition, in which case the Offer will lapse at the end of the Offer Period, your acceptance will be void, your Securities will not be acquired by Bidder and you will not be paid the Offer Price; or
- Bidder may elect to waive this Condition and acquire the Securities for which acceptances have been received (subject to the satisfaction or waiver of the other Conditions to the Offer). In such circumstances, Bidder

will deduct from the consideration otherwise due to you under the Offer the cash amount or value of the distribution. Bidder will not deduct the value of any associated franking credits.

Bidder has made no decision as to what it will do if Atlas Arteria announces a distribution or dividend before the end of the Offer Period. It reserves all its rights in this regard.

What if I require further information?

If you have any questions in relation to the Offer or how to accept it, or if you have lost your Physical Acceptance Form and require a replacement, please call the Offer Information Line on 1800 881 047 (toll-free within Australia) or on +61 1800 881 047 (from outside Australia) between 8:30am and 5:30pm (Sydney time) on Monday to Friday (excluding public holidays in Australia).

Please note that all calls to these numbers will be recorded.

Why You Should Accept the Offer

The key reasons for accepting the Offer are set out below:

1 The Offer Price and the Maximum Consideration each represent a premium to recent historical trading prices of Atlas Arteria Securities

Specifically, the Offer Price of A\$4.75 and the Maximum Consideration of A\$5.10 respectively, represent a premium of:¹⁴

Share Price Metric	Value	Offer Price of A\$4.75	Maximum Consideration of A\$5.10
Atlas Arteria's price as at the close of trading on the Last Practicable Date	A\$4.33	9.70%	17.78%
Atlas Arteria's 1 month VWAP as at the close of trading on the Last Practicable Date	A\$4.28	11.01%	19.19%
Atlas Arteria's 3 month VWAP as at the close of trading on the Last Practicable Date	A\$4.52	5.07%	12.81%

2 The Maximum Consideration is best and final

The Maximum Consideration is best and final, meaning that the Offer Price will not be increased above the Maximum Consideration of A\$5.10 per Security, in the absence of a competing proposal for Atlas Arteria.

Bidder will also not acquire Atlas Arteria Securities at a price higher than the Maximum Consideration of A\$5.10 per Security for at least 12 months following close of the Offer, in the absence of a competing proposal for Atlas Arteria.

3 The Offer provides a cash certain value for your Securities

The consideration offered to Securityholders is 100% cash, and provides an opportunity for Securityholders to realise their investment in Atlas Arteria for certain value. By selling your Atlas Arteria Securities for certain cash consideration, you avoid the risks and uncertainties in continuing to hold Atlas Arteria Securities. These include the risks relating to potential changes in current taxes, movements in foreign exchange rates, and other future events which may negatively impact business performance. If you accept the Offer and the Offer becomes unconditional, then, subject to section 7.9, you will be sent payment by the later of:

- one month after the date that the Offer becomes unconditional; or
- one month after the date the Offer is accepted,

but, in any case, not later than 21 calendar days after the end of the Offer Period.

4 Atlas Arteria has underperformed in terms of total shareholder return relative to global listed infrastructure and other market indices¹⁵

¹⁴ Iress as at 24 April 2026.

¹⁵ Factset and Iress as at 24 April 2026. Calculated on the basis of cumulative total shareholder return, comprising share price performance and dividends received, over the periods defined.

Company / Index	Total Cumulative Shareholder Return (%)		
	Last 5 Years	Last 3 Years	Last 12 Months
Atlas Arteria	8.6%	(16.4%)	(4.8%)
ASX100	53.4%	33.2%	13.8%
OECD-Domiciled GLIO Index (51 st Percentile) ¹⁶	53.6%	41.9%	22.1%

If you do not accept the Offer, there is a risk that this underperformance will continue and the value of your Atlas Arteria Securities may be adversely affected.

5 Atlas Arteria has underperformed across a number of key operational areas

Under its existing Board and management, Atlas Arteria has also underperformed across a number of key operational areas, including:

(a) Failure to deliver any increase in distributions over the last four years

Atlas Arteria has not delivered any increase in distributions over the last four years. Atlas Arteria's earnings quality has also deteriorated following the acquisition of Chicago Skyway as additional leverage has been utilised to support shareholder distributions.

The ability for free cashflows to fund distributions has decreased and, as flagged by Atlas Arteria, distributions as a percentage of free cashflows will be near the top or above the guided range of 90-110% in 2026.¹⁷

If you do not accept the Offer, there is a risk that distribution levels may not be maintained in the future due to a number of factors, including increased taxation on French motorway companies, foreign exchange movements, and the potential requirement for Atlas Arteria to increase leverage to support distributions.

(b) Significant increase in corporate costs

Between 2020 (the first full year after management internalisation) and 2025, Atlas Arteria's corporate costs have grown by over 90%. This includes a recent significant increase in what Atlas Arteria refers to as 'growth-related activities'. Atlas Arteria spent A\$8.9 million in 2025 on such activities and Atlas Arteria has recently indicated that management expects to spend A\$5 to A\$10 million per year on average over the next two to three years on such activities.¹⁸

(c) Failure to achieve toll rate increases or any amendments to the Dulles Greenway concession framework

Atlas Arteria has continually failed in their engagement with Virginia's State Corporate Commission to achieve toll rate increases, or any amendments to the concession framework, at Dulles Greenway. The result of this is that Securityholders have not received the benefit of any increase in peak tolls at Dulles Greenway since April 2019¹⁹ and off-peak tolls since January 2022.²⁰

If you do not accept the Offer, there is a risk that this will continue and the value of your Atlas Arteria Securities may be adversely affected.

¹⁶ The OECD GLIO Index refers to a group of OECD domiciled companies that are included in the FT Wilshire Global Listed Infrastructure Organisation (GLIO) index. The values shown represent the 51st percentile in the GLIO index in each defined period.

6 Risk associated with Atlas Arteria pursuing further acquisitions

Atlas Arteria has recently indicated that it is actively looking at new M&A opportunities with funding flexibility.²¹ This is a material change from Atlas Arteria's previous position, which explicitly ruled out equity funding in relation to new opportunities.²² This is also a change to Atlas Arteria's position adopted post the Chicago Skyway acquisition in 2022 that it was not pursuing M&A, other than growth opportunities directly related to or in proximity to its existing businesses.²³ Bidder has made known to the Atlas Arteria Board and management its strong concerns about this recent change in strategic direction to pursue M&A more broadly. Bidder wishes to avoid a repeat of what it regards as the shareholder value destruction associated with the Chicago Skyway acquisition in 2022. Bidder is also concerned that management's attention will be diverted from addressing critical operational and strategic issues across its existing portfolio.

If Atlas Arteria continues with this change in strategy, there is a risk that further acquisitions by Atlas Arteria may not enhance shareholder value, and that management's attention will be increasingly diverted from addressing those existing issues.

7 Price of Atlas Arteria Securities may fall following the Offer

Although there are many factors that may influence the price of Atlas Arteria Securities, there is a risk that the price of Atlas Arteria Securities may fall following the Offer and the amount which you will be able to realise for your Atlas Arteria Securities is uncertain.

By contrast, if you accept the Offer and the Offer becomes unconditional, you will no longer be exposed to the risks and uncertainties inherent in owning Atlas Arteria Securities and you will receive certain cash value for your Atlas Arteria Securities.

8 Selling your Securities under the Offer will not result in stamp duty or brokerage fees

The receipt of cash consideration and the disposal of Securities under the Offer will not give rise to stamp duty for the Securityholders.

If your Securities are registered in an Issuer Sponsored Holding in your name and you deliver them directly to Bidder, you will not incur any brokerage in connection with your acceptance of the Offer.

If your Securities are registered in a CHESS Holding, or if you are a beneficial owner whose Securities are registered in the name of a broker, bank, custodian or other nominee, you should ask your Controlling Participant (usually your broker) or that nominee whether it will charge any transaction fees or service charges in connection with acceptance of the Offer.

2.5 Atlas Arteria securities on issue

According to documents lodged by Atlas Arteria with ASX,²⁶ as at the close of trading on the Last Practicable Date, Atlas Arteria had 1,451,029,344 Securities on issue and 1,870,929 Performance Rights on issue.

2.6 Performance Rights

Atlas Arteria currently has in place a long-term incentive plan for key employees of Atlas Arteria (***Atlas Arteria LTIP***). Under the terms of the Atlas Arteria LTIP, Atlas Arteria may invite key employees to participate in the plan and receive Performance Rights. The Performance Rights are automatically exercisable at no consideration upon the Atlas Arteria Boards' determination of satisfaction of the relevant performance vesting hurdles. Each Performance Right confers on its holder the right to acquire a fully paid Security once exercised.²⁷

²⁶ Being the Appendix 3H - Notification of cessation of securities released by Atlas Arteria on ASX on 20 April 2026.

²⁷ See the disclosures made in Atlas Arteria's 2025 Annual Report, announced on ASX on 26 February 2026.

Atlas Arteria also currently has in place an employee equity plan (the **EE Plan**) which provides corporate employees (excluding the executive team and other senior leaders who participate in the Atlas Arteria LTIP) with an allocation of Performance Rights granted for no consideration. These Performance Rights are exercisable at no consideration upon satisfaction of a three year service condition.²⁸

Under the Atlas Arteria LTIP, a change of control includes an event or transaction where: (i) a person or entity becomes entitled to more than 50% of the Securities and alongside that majority interest, has the ability to control Atlas Arteria's policies and operations; (ii) a person or entity becomes entitled to all or substantially all of Atlas Arteria's business or assets; (iii) a takeover bid becomes unconditional and the person or entity who made the takeover bid becomes entitled to more than 50% of the Securities and alongside that majority interest, has the ability to control Atlas Arteria's policies and operations; or (iv) a scheme of arrangement pursuant to which control of the majority of the Securities may change is approved by Securityholders.²⁹

In the event of a change of control, the Atlas Arteria Boards have absolute discretion to determine the treatment of awards under the Atlas Arteria LTIP. In the event that the Atlas Arteria Boards do not exercise their discretion, by default, the vesting of Performance Rights under the Atlas Arteria LTIP will occur pro-rata based on the proportion of time that has elapsed as at the date of the change of control, and satisfaction of the relevant performance hurdles will be measured based on the date the change of control occurred.³⁰

2.7 Restricted Securities

Atlas Arteria currently has in place an employee short-term incentive plan for employees of Atlas Arteria (the **Atlas Arteria STIP**). Under the terms of the Atlas Arteria STIP, following determination of the short-term incentive amount, 50% is paid in cash and 50% is normally deferred for one year through the issuance of Restricted Securities. A Restricted Security is a Security which is subject to a restriction on its transfer or disposal.³¹

Under the Atlas Arteria STIP, a change of control includes the same events or transactions referenced in section 2.6.³²

In the event of a change of control, the Atlas Arteria Boards have absolute discretion to determine the treatment of awards under the Atlas Arteria STIP. In the event that the Atlas Arteria Boards do not exercise their discretion, by default, the Restricted Securities will become free of restrictions in full on the date of the change of control.³³

Holders of Restricted Securities may not be able to accept the Offer in respect of their Restricted Securities unless or until the relevant restrictions are removed or cease to apply to the Restricted Securities.

²⁸ See the disclosures made in Atlas Arteria's 2025 Annual Report, announced on ASX on 26 February 2026.

²⁹ This information is based on a summary of the terms of the Atlas Arteria LTIP that was included in Atlas Arteria's 2026 Notices of Meeting for the 2026 Annual General Meetings released by Atlas Arteria on ASX on 7 April 2026.

2.8 Treatment of Performance Rights

Bidder is not offering to acquire any Performance Rights. However, the Offer extends to all Securities that are issued by Atlas Arteria before the end of the Offer Period as a result of the vesting of Performance Rights that are on issue at the Register Date. This means that holders of Performance Rights that vest will be able to accept the Offer in respect of the Securities issued during the Offer Period as a result of that vesting.

It is a Condition of the Offer that no Atlas Arteria Group Entity accelerates the rights of any director, officer, executive or employee to benefits of any kind, or accelerates the vesting of any securities, options or performance rights, other than where the acceleration occurs automatically pursuant to the terms of the grant or issue.

2.9 Interest in Atlas Arteria securities

(a) Bidder's Relevant Interest in Atlas Arteria Securities and Voting Power in Atlas Arteria

As at the date of this Bidder's Statement and the date of the Offer, Bidder is the holder of, and has a Relevant Interest and Voting Power in 34.48% of Atlas Arteria Securities.

As at the close of trading on the Last Practicable Date, a further 1.21% of Securities are held by clients of IFM Investors in listed equities portfolios managed by IFM Investors on behalf of those listed equities clients. However, Bidder does not have any Relevant Interest or Voting Power in those Securities held by those listed equities clients.

(b) Acquisitions of Securities by Bidder or Associates

Other than the on-market transactions on ASX set out in Annexure 4, neither Bidder nor any of its Associates has provided (or agreed to provide) consideration for a Security under a purchase or agreement during the four months before the date of the Offer (that is, during the four months before 11 May 2026, being the earliest date for making of the Offer).

2.10 Substantial holders

As at the date of this Bidder's Statement, the following persons have disclosed themselves as 'substantial shareholders' of Atlas Arteria.

Shareholder	Voting Power	Number of Securities
IFM Group ³⁴	35.68%	517,774,810
Lazard Asset Management ³⁵	8.78%*	127,337,405*
BlackRock Group ³⁶	7.12%*	103,453,229*
State Street Corporation ³⁷	6.72%*	97,523,571*

³⁴ IFM Group has the same meaning as in the Form 604 released on ASX on 18 November 2025. The voting power and number of securities included in this table differs from the figures disclosed in the Form 604 released on ASX on 18 November 2025, as it incorporates subsequent movements in IFM Group's interest that are below the 1% threshold and are therefore not otherwise required to be disclosed under the substantial holding provisions of the Corporations Act.

³⁵ Form 604 released on ASX on 10 September 2025.

³⁶ Form 604 released on ASX on 13 April 2026.

³⁷ Form 604 released on ASX on 1 April 2025.

*The actual number of Securities held or Voting Power may differ from that shown above as there is no obligation to publicly disclose changes after the date of the relevant notice if the change in Voting Power is less than 1%.

2.11 Recent and historical trading of Securities

The last recorded sale price of Securities on the ASX on the Last Practicable Date was A\$4.33.

In the 12 months preceding close of trading on the Last Practicable Date, approximately 766,737,378 Securities representing approximately 52.8% of the Securities currently on issue were traded on the ASX at a VWAP of A\$4.94, with a price range of A\$4.20 to A\$5.54.

2.12 OTPP Put Option

(a) Background

Atlas Arteria currently holds a 66.67% interest in Chicago Skyway, with the remaining 33.33% interest being held by Ontario Teachers' Pension Plan Board (**OTPP**). At the time Atlas Arteria acquired its 66.67% interest in Chicago Skyway in 2022, it granted OTPP a put option in respect of OTPP's 33.33% interest (i.e. a contractual right for OTPP to sell its 33.33% interest in Chicago Skyway to Atlas Arteria) at a price which represents a 7.5% premium to the fair market value of that interest, if there is a "change of control"³⁸ of Atlas Arteria (the **OTPP Put Option**).³⁹ Furthermore, Bidder understands that if OTPP elects to retain its interest following any such "change of control" rather than exercise the OTPP Put Option, OTPP will receive certain additional governance rights in relation to refinancing of Chicago Skyway.

(b) Terms of the OTPP Put Option

Atlas Arteria has previously only made very limited public disclosure in relation to the terms of the OTPP Put Option. For example, to Bidder's knowledge, Atlas Arteria has not previously publicly disclosed:

- what constitutes a "change of control" of Atlas Arteria for the purposes of triggering the OTPP Put Option;
- how fair market value of OTPP's interest in Chicago Skyway will be determined and by whom;
- the period following a 'change of control', within which OTPP can exercise the OTPP Put Option;
- if the OTPP Put Option is exercised, when Atlas Arteria must complete the acquisition; and
- what additional governance rights in relation to refinancing OTPP will acquire if it decides not to exercise the OTPP Put Option.⁴⁰

Bidder expects that Atlas Arteria's Target's Statement will disclose all of the material terms of the OTPP Put Option arrangements and also how Atlas Arteria proposes to fund the acquisition of the 33.33% interest in Chicago Skyway if the OTPP Put Option becomes exercisable and, then, if OTPP does exercise the OTPP Put Option. This is information which Atlas Arteria Securityholders reasonably require to make an informed assessment of whether to accept the Offer.

³⁸ Atlas Arteria has not publicly disclosed the change of control trigger in the OTPP Put Option.

³⁹ See Atlas Arteria's announcement on ASX dated 14 September 2022 titled "Acquisition of interest in Chicago Skyway".

⁴⁰ As described on slide 56 of Atlas Arteria's 'Acquisition of Majority Interest in Chicago Skyway' presentation, announced on ASX on 14 September 2022.

(c) **Consequences of exercise of the OTPP Put Option**

Securityholders should note that, if there is a "change of control" of Atlas Arteria under the Offer⁴¹ or at some other point in the future,⁴² and OTPP then exercises the OTPP Put Option, this may have an adverse effect on Atlas Arteria, as Atlas Arteria would be contractually obliged to acquire OTPP's interest in Chicago Skyway at that 7.5% premium to fair market value, and would have to fund that obligation through further debt, equity and/or asset sales, potentially on unfavourable terms.

As discussed above, Bidder expects that Atlas Arteria's Target's Statement will disclose how Atlas Arteria proposes to fund the acquisition of the 33.33% interest in Chicago Skyway if OTPP does exercise the OTPP Put Option, as this is information which Securityholders reasonably require in order to decide whether to accept the Offer.

2.13 Change of control rights under material agreements and Approvals

The Offer is subject to a defeating condition that, amongst other things, before the end of the Offer Period, all consents, Approvals or rights held by any third party under (i) any material agreement to which any Atlas Arteria Group Entity or Concession Company is a party; and (ii) any material Approval held by any Atlas Arteria Group Entity or Concession Company, that are triggered by or relate to the acquisition of Atlas Arteria Securities under the Offer, the making of the Offer, or the announcement of the intention to make the Offer, must be unconditionally obtained or waived by the relevant third-party rights holder in writing.

The triggering of such rights as a result of the Offer or the acquisition of Securities under the Offer may have an adverse effect on the relevant Atlas Arteria Group Entity or Concession Company. Securityholders should consider the disclosures in Atlas Arteria's Target's Statement in relation to such rights, in deciding whether to accept the Offer.

2.14 Risks of Atlas Arteria becoming subject to further tax costs

As Bidder increases its shareholding in Atlas Arteria, there is a risk that the Atlas Arteria Group's tax position becomes less efficient, resulting in a greater tax burden and a corresponding reduction in distributions available to remaining Securityholders.

For example, Atlas Arteria has taken the position that certain distributions from US entities within the Atlas Arteria Group to its holding entities are not currently subject to US withholding tax, or are subject to withholding tax at a reduced rate under an applicable income tax treaty.⁴³ Bidder understands that under the applicable income tax treaty, if any person or persons increases its interest in Atlas Arteria such that Atlas Arteria Securities cease to be 'regularly traded' for the purposes of the applicable income tax treaty (which may occur through Bidder acquiring further Securities under the Offer), the Atlas Arteria Group may become liable for US withholding tax on distributions from those US entities to the Atlas Arteria holding entities at a rate of up to 30%. If that is the case, this would reduce the after-tax cash flows available to Atlas Arteria and may impact Atlas Arteria's ability to pay distributions to Securityholders in the future. Bidder expects that Atlas Arteria's Target's Statement will contain disclosure by it in relation to any further tax costs that Atlas Arteria may suffer or incur as a result of Bidder increasing its shareholding in Atlas Arteria under the Offer.

⁴¹ The Offer is currently conditional on OTPP waiving its rights under the OTPP Put Option, however Bidder has the right to waive this condition.

⁴² For example, as a result of further acquisitions by Bidder in the future utilising the 3% "creep rule" exception under section 611, item 9 of the Corporations Act.

⁴³ Refer to page 36 of Atlas Arteria's 2025 Results Presentation, released on the ASX on 26 February 2026.

2.15 Other material information about Atlas Arteria

Atlas Arteria will have the opportunity to disclose in its Target's Statement any other information about the Atlas Arteria Group it considers Securityholders would reasonably require to make an informed assessment as to whether to accept the Offer.

3 Bidder's Intentions

3.1 Introduction

This section 3 sets out the rationale for the Offer and Bidder's intentions in relation to:

- the continuation of the business of Atlas Arteria;
- any major changes to the business of Atlas Arteria and any redeployment of the fixed assets of Atlas Arteria; and
- the future employment of the present employees of Atlas Arteria.

These intentions are based on the information concerning Atlas Arteria, its business and the general business environment which is known to Bidder at the time of preparation of this Bidder's Statement. Bidder does not currently have full knowledge of all information and circumstances that are necessary to assess the operational, commercial, tax and financial implications of its current intentions. Final decisions regarding these matters will only be made by Bidder in light of information and circumstances at the relevant time.

Further, after the Offer Period, Bidder intends to undertake a general review of Atlas Arteria's operations covering current strategy, financials and operating matters.

Consequently, the statements set out in this section 3 are statements of Bidder's current intentions only and may vary as circumstances and further information arise. The statements and intentions set out in this section should be read in that context.

IFM GIF's intentions concerning the businesses, assets and employees of, and securities in, Atlas Arteria are the same as the intentions of Bidder set out in this section 3.

3.2 Specific intentions – Performance Rights

The Offer does not extend to any Performance Rights. However, the Offer will extend to all Securities that are issued and listed for quotation on the ASX at any time during the Offer Period as a result of the vesting or exercise of any Performance Rights that are on issue as at the Register Date.

3.3 Intentions upon Bidder acquiring 90% or more of the Securities

This section 3.3 sets out the intentions of Bidder if, at the end of the Offer Period, Bidder acquires a Relevant Interest in at least 90% of the Securities on issue.

In those circumstances, the current intentions of Bidder are as follows, subject to the limitations set out in section 3.7.

(a) Corporate matters

It is intended that Bidder would:

- proceed with compulsory acquisition of the outstanding Securities in accordance with the provisions of Chapter 6A.1 of the Corporations Act;
- procure the removal of Atlas Arteria from the official list of ASX; and
- reconstitute the Atlas Arteria Boards to comprise Bidder nominees and, potentially, independent directors. As well as appointing further Bidder nominees, Bidder may seek the appointment of independent directors to those boards, or may seek to retain existing independent directors, on those boards; and
- likely seek to undertake a restructure of the Atlas Arteria Group to seek to simplify and optimise the structure of the Atlas Arteria Group.

Subject to compliance with Corporations Act requirements, Bidder may also proceed to compulsory acquisition of the Performance Rights which have not been exercised and that have not lapsed, or alternatively pursue other arrangements in relation to those Performance Rights.

(b) **General strategic and operational review**

As discussed in section 3.1, after the Offer Period, Bidder intends to undertake a general review of Atlas Arteria's operations covering current strategy, financials and operating matters.

(c) **Management and employees**

As noted in section 3.1, following the conclusion of the Offer, Bidder will undertake a general review of Atlas Arteria operations. Part of that review will include an assessment of whether existing management and employee staffing arrangements are appropriate taking into account the future needs of Atlas Arteria and any outcomes of the general strategic and operational review, which may result in changes to the existing workforce.

Without limiting the above, it is likely that certain corporate and administrative functions (for example, those relating to the maintenance of Atlas Arteria's listing on the ASX) may not be required. Where practicable, Bidder will seek to minimise job losses through redeployment of the relevant Atlas Arteria employees into other parts of the Atlas Arteria business. If redundancies do occur, the relevant employees will be treated in accordance with their contractual and legal entitlements.

3.4 Intentions upon Bidder acquiring more than 50% but less than 90% of the Securities

This section 3.4 sets out Bidder's intentions if Bidder were to acquire a Relevant Interest in more than 50% but less than 90% of the Securities on issue.

In those circumstances, the current intentions of Bidder are as follows, subject to the limitations set out in section 3.7.

(a) **Corporate matters**

It is intended that Bidder would:

- review the size and composition of the Atlas Arteria Boards, which may result in the appointment of new Bidder nominee directors and/or new or replacement independent directors to those boards, noting that Bidder has not yet determined the precise size or composition of the Atlas Arteria Boards in such circumstances and that the Director Representation Agreement includes certain corporate governance obligations in respect of the composition of the Atlas Arteria Boards; and
- seek to have Atlas Arteria grant access rights to Bidder in respect of certain information of the Atlas Arteria Group, including in order to discharge Bidder's compliance obligations.

Furthermore, Bidder may also seek to have Atlas Arteria removed from the official list of the ASX. ASX approval would be required for Atlas Arteria to be removed from the ASX. ASX guidance indicates that ASX would approve an application for Atlas Arteria to be removed from the official list of ASX without the need for Securityholder approval if:

- at the end of the Offer, Bidder and its Related Bodies Corporate own or control at least 75% of the Securities and the Offer has remained open for at least two weeks after Bidder and its Related Bodies Corporate attained ownership or control of at least 75% of the Securities; and

- the number of Securityholders (other than Bidder and its Related Bodies Corporate) having holdings with a value of at least A\$500 is fewer than 150.

Bidder would intend to seek to have Atlas Arteria removed from the official list in the circumstances described above.

(b) **General strategic and operational review, management and employees**

If Bidder controls Atlas Arteria following the close of the Offer, Bidder currently intends to endeavour to procure that the Atlas Arteria Boards act consistently with the intentions of Bidder set out in sections 3.3(b) and 3.3(c) above. There is no guarantee that the Atlas Arteria Boards will act consistently with those intentions, but Bidder will aim to work with Atlas Arteria to implement those intentions to the extent possible and to the extent they remain appropriate.

(c) **Focus on existing operational and strategic issues over new M&A**

As discussed on pages 2, 3 and 11, Bidder is concerned about Atlas Arteria's recently announced change in strategic direction to pursue new M&A opportunities with funding flexibility.⁴⁴ This is a material change from Atlas Arteria's previous position, which explicitly ruled out equity funding in relation to new opportunities.⁴⁵ This is also a change to Atlas Arteria's position adopted post the Chicago Skyway acquisition in 2022 that it was not pursuing M&A, other than growth opportunities directly related to or in proximity to its existing businesses.⁴⁶ Bidder has made known to the Atlas Arteria Board and management its strong concerns about this recent change in strategic direction to pursue M&A. Bidder is also concerned that management's attention will be increasingly diverted from addressing critical operational and strategic issues across its existing portfolio.

Consistent with this, following the close of the Offer, Bidder will continue to request that the Atlas Arteria Boards prioritise addressing operational and strategic issues over pursuing M&A opportunities.

(d) **Further acquisition of Securities**

Bidder may, at some later time, acquire further Securities in a manner consistent with the Corporations Act.

(e) **Compulsory acquisition at a later time**

If Bidder becomes entitled at some later time to exercise general compulsory acquisition rights under the Corporations Act in respect of Atlas Arteria's Securities, it may exercise those rights.

3.5 Intentions if Bidder does not acquire more than 50% of the Securities

This section 3.5 sets out Bidder's intentions if Bidder does not acquire a Relevant Interest in more than 50% of Securities:

In those circumstances, and subject to the size of Bidder's securityholding following the Offer, the current intentions of Bidder are as follows, subject to the limitations set out in section 3.7.

⁴⁴ See Atlas Arteria's 2025 Full Year Results Presentation released on ASX on 26 February 2026, in which Atlas Arteria states that it is "Considering new opportunities in OECD countries, leveraging strategic partnerships, to deliver compelling risk-adjusted returns with funding flexibility".

⁴⁵ See Atlas Arteria's 2025 Half Year Results Presentation released on ASX on 28 August 2025, in which Atlas Arteria states that it is "Considering new opportunities in OECD countries, leveraging strategic partnerships, to deliver accretive returns without raising equity".

⁴⁶ See Atlas Arteria's 2024 Half Year Results released on ASX on 29 August 2024.

(a) **Corporate matters**

Atlas Arteria would at that time remain listed on the ASX and subject to Corporations Act, the Companies Act and ASX Listing Rules.

Furthermore, it is intended that Bidder would:

- in these circumstances, review the size and composition of the Atlas Arteria Boards, which may result in the appointment of new Bidder nominee directors and/or new or replacement independent directors to those boards, noting that Bidder has not yet determined the precise size or composition of the Atlas Arteria Boards in such circumstances and that the Director Representation Agreement includes certain corporate governance obligations in respect of the composition of the Atlas Arteria Boards; and
- seek to have Atlas Arteria grant access rights to Bidder in respect of certain information of the Atlas Arteria Group, including in order to discharge Bidder's compliance obligations.

(b) **General strategic and operational review and review of management and employees**

Bidder, through its nominees on the Atlas Arteria Boards, is likely to propose that Atlas Arteria implement, to the maximum extent possible, the intentions set out in sections 3.3(b) and 3.3(c). There is no guarantee that the Atlas Arteria Boards will act consistently with those intentions, but Bidder will aim to work with Atlas Arteria to implement those intentions to the extent possible and to the extent they remain appropriate.

(c) **Focus on existing operational and strategic issues over new M&A**

As discussed on pages 2, 3 and 11, Bidder is concerned about Atlas Arteria's recently announced change in strategic direction to pursue new M&A opportunities with funding flexibility.⁴⁷ This is a material change from Atlas Arteria's previous position, which explicitly ruled out equity funding in relation to new opportunities.⁴⁸ This is also a change to Atlas Arteria's position adopted post the Chicago Skyway acquisition in 2022 that it was not pursuing M&A, other than growth opportunities directly related to or in proximity to its existing businesses.⁴⁹ Bidder has made known to the Atlas Arteria Board and management its strong concerns about this recent change in strategic direction to pursue M&A. Bidder is also concerned that management's attention will be increasingly diverted from addressing critical operational and strategic issues across its existing portfolio.

Consistent with this, following the close of the Offer, Bidder will continue to request that the Atlas Arteria Boards prioritise addressing operational and strategic issues over pursuing M&A opportunities.

(d) **Further acquisition of Securities**

Bidder may, at some later time, acquire further Securities in a manner consistent with the Corporations Act.

⁴⁷ See Atlas Arteria's 2025 Full Year Results Presentation released on ASX on 26 February 2026, in which Atlas Arteria states that it is "Considering new opportunities in OECD countries, leveraging strategic partnerships, to deliver compelling risk-adjusted returns with funding flexibility".

⁴⁸ See Atlas Arteria's 2025 Half Year Results Presentation released on ASX on 28 August 2025, in which Atlas Arteria states that it is "Considering new opportunities in OECD countries, leveraging strategic partnerships, to deliver accretive returns without raising equity".

⁴⁹ See Atlas Arteria's 2024 Half Year Results released on ASX on 29 August 2024.

(e) **Compulsory acquisition at a later time**

If Bidder becomes entitled at some later time to exercise general compulsory acquisition rights under the Corporations Act in respect of Atlas Arteria's Securities, it may exercise those rights.

3.6 Other intentions

Other than as set out in this section 3, it is the present intention of IFM GIF and Bidder to procure that Atlas Arteria will:

- generally continue the business of Atlas Arteria;
- not make any major changes to the business of Atlas Arteria (including to the operator entity of any of the existing toll road businesses) nor to redeploy any of the fixed assets of Atlas Arteria; and
- continue the employment of Atlas Arteria's existing operational employees.

3.7 Limitations on intentions

The intentions and statements of future conduct set out in this section 3 must be read as being subject to:

- the law (including the Corporations Act and Companies Act) and the ASX Listing Rules, including in particular the requirements of the Corporations Act and the ASX Listing Rules in relation to conflicts of interest and 'related party' transactions, given that if Bidder obtains control of Atlas Arteria but does not acquire all of the Securities, it will be treated as a related party of Atlas Arteria for these purposes;
- the legal obligation of the directors of Atlas Arteria at the time, including any nominees of Bidder, to act in good faith and in the best interests of Atlas Arteria for proper purposes and to have regard to the interests of all Securityholders;
- any existing contractual arrangements between Atlas Arteria and Bidder, including the Director Representation Agreement; and
- the outcome of the reviews referred to in this section 3.

4 Sources of Consideration

4.1 Consideration under the Offer

The consideration for the acquisition of the Securities to which the Offer relates will be satisfied by the payment of cash (in Australian dollars).

As at the close of trading on the Last Practicable Date, according to documents provided by Atlas Arteria to the ASX, Atlas Arteria had 1,451,029,344 Securities on issue and 1,870,929 Performance Rights on issue.⁵⁰

If acceptances are received for all Securities on issue as at the date of this Bidder's Statement (other than those Securities which Bidder already owns, being 500,262,073 Securities):

- the aggregate amount of cash consideration that Bidder would be required to pay would be A\$4,516,144,537.25 (being 950,767,271 multiplied by the Offer Price) plus all associated transaction costs; or
- if the Offer Price is increased to the Maximum Consideration, the aggregate amount of cash consideration that Bidder would be required to pay would be A\$4,848,913,082.10 (being 950,767,271 multiplied by the Maximum Consideration of A\$5.10 per Security) plus all associated transaction costs.

In addition, if all unvested Performance Rights were to vest in accordance with the terms of their issue, and the holders exercise those Performance Rights and accept the Offer in respect of the Securities issued to them during the Offer Period:

- an additional A\$8,886,912.75 would be payable by Bidder under the Offer (being 1,870,929 multiplied by the Offer Price); or
- if the Offer Price is increased to the Maximum Consideration, an additional A\$9,541,737.90 would be payable by Bidder under the Offer (being 1,870,929 multiplied by the Maximum Consideration of A\$5.10 per Security).

Accordingly, the maximum amount that Bidder could be required to pay under the Offer is A\$4,858,454,820 (**Offer Amount**), plus all associated transaction costs.

4.2 Overview of Bidder's funding arrangements

Bidder has received binding funding commitments from IFM GIF and IFM GIF's wholly-owned subsidiary, IFM Global Infrastructure Finance (Cayman) Ltd. (**IFM Finance**) for the Offer Amount (**Funding Commitments**). As described in section 1.1, IFM GIF is an entity of significant substance. IFM GIF has access to existing cash balances, funding commitments from its investors and third party debt on an unconditional basis which in aggregate exceed the Offer Amount and are sufficient to support the Funding Commitments.

Under the Funding Commitments, IFM GIF and IFM Finance will make available cash amounts in aggregate of not less than the Offer Amount for the purpose of funding the aggregate consideration for the acquisition of the Securities to which the Offer relates. The Funding Commitments are not subject to any conditions.

4.3 Provision of consideration

On the basis of the arrangements described in this section 4, Bidder believes that it has reasonable grounds for holding the view, and holds the view, that it will be able to provide the consideration offered under the Offer to satisfy the Offer Amount, as well as to meet the associated transaction costs.

5 Australian and Bermudan Tax Consequences upon Disposal of Securities Through Acceptance of the Offer

Australian tax considerations

5.1 Introduction

The following is a general description of the Australian income tax, GST and stamp duty consequences for Securityholders on disposal of their Securities (through acceptance of the Offer) in return for cash consideration. The Australian taxation consequences for Securityholders will depend on their individual circumstances. Securityholders should make their own enquiries and seek independent professional advice on their circumstances.

This summary is based upon the provisions of the *Income Tax Assessment Act 1936* (Cth), the *Income Tax Assessment Act 1997* (Cth) and the *Taxation Administration Act 1953* (Cth), and other applicable tax laws and practice in effect as at the date of this Bidder's Statement. It is not intended to be an authoritative or complete statement or analysis of the tax laws applicable to the particular circumstances of every Securityholder. As there is no undertaking on any parties' behalf to update this summary for any changes in the Australian tax law after the date of this Bidder's Statement, it is the responsibility of the Securityholders to take advice, if they are to rely on this summary at a later date.

This summary is applicable to Australian residents who hold their Securities on capital account for Australian tax purposes and foreign residents who hold their Securities on capital account and do not hold their Securities through an Australian permanent establishment.

The information provided below does not consider the consequences for:

- (a) persons who hold their Securities as revenue assets (such as assets used in carrying on a business of trading, banking or insurance) or as trading stock for Australian income tax purposes or those who have acquired the securities for the purposes of on-sale at a profit;
- (b) persons who acquired their Securities pursuant to an employee equity, option or rights plan;
- (c) persons who are under a legal disability;
- (d) persons who are a temporary resident for Australian income tax purposes;
- (e) persons who may be subject to special tax rules, such as insurance companies, partnerships, tax exempt entities or entities subject to the Investment Manager Regime under Subdivision 842-I of the ITAA 1997 in respect of their Securities; or
- (f) persons who are subject to the TOFA rules in Division 230 of the ITAA 1997 in relation to gains and losses on their Securities.

Securityholders who are not resident in Australia for tax purposes should also take into account the tax consequences under the laws of their country of residence, as well as under Australian law, of the disposal of Securities under the Offer.

5.2 Australian resident Securityholders

Acceptance of the Offer will, if the Offer becomes unconditional, involve the disposal by Securityholders of their Securities, by way of transfer to Bidder.

Although the Securities are stapled and traded as such (ie, cannot be traded separately), for Australian income tax purposes each ATLIX share and ATLAX share are separate CGT assets.

An Australian resident investor will need to undertake a CGT calculation for each of the two elements of the Security of which they dispose.

The disposal of Securities acquired, or deemed to have been acquired, on or after 20 September 1985 and which are held on capital account will trigger CGT event A1. The disposal will occur at the time when the Offer becomes unconditional.

Australian resident Securityholders may make a capital gain or capital loss on the disposal of their Securities under the Offer. Broadly, a Securityholder will make a 'capital gain' if the capital proceeds from the disposal of their shares exceed the cost base of their shares, while a Securityholder will make a 'capital loss' if the capital proceeds from the disposal of their shares are less than the reduced cost base of their shares.

The Offer consideration payable to each Securityholder will be the capital proceeds for the purposes of calculating the gain or loss on disposal of the shares in ATLIX and ATLAX. Each Securityholder is required to apportion the capital proceeds between each ATLIX share and each ATLAX share on a reasonable basis, and should seek appropriate independent professional tax advice, if required.

The Securityholders' cost base in the Securities should broadly be the amount paid to acquire the Securities plus certain non-deductible costs incurred upon acquisition or disposal. Where the Securities were acquired as a stapled security, to determine the cost base attributable to each share, the consideration paid to acquire the Securities should be apportioned between the ATLIX share and the ATLAX share on a reasonable basis.

If a capital gain arises on the disposal of an asset, a 'CGT Discount' may be available to reduce the capital gain for certain Securityholders. A Securityholder who is an individual, complying superannuation entity or trust may be entitled to a 'CGT Discount' where they have held the relevant Securities for more than 12 months at the time of disposal. The discount involves the capital gain being reduced, or discounted, by 50% for individuals and trusts and 33.33% for complying superannuation entities. Companies are generally not entitled to a CGT discount.

Securityholders should monitor any formal policy announcements by the Australian Government, or subsequent legislative changes, in relation to any changes to the CGT Discount and any potential impact on the taxation consequences described herein.

If a capital loss arises on the disposal of an asset, it may normally be used to reduce a capital gain on the disposal of another asset in the same income year, with the reduction occurring before any CGT discount is applied. Any net capital gain of an Australian resident Securityholder, after reduction of any available capital losses, will need to be included in the assessable income of the Securityholder for the relevant income year and if applicable, should be subject to income tax at the Securityholder's marginal tax rate. Any excess capital losses can be carried forward and used to reduce capital gains made in subsequent income years (subject to certain loss tests for companies). Specific loss recoupment rules may apply to restrict the ability to utilise capital losses in future income years in some circumstances. Securityholders should obtain their own tax advice in relation to the operation of these rules.

5.3 Non-resident Securityholders

Broadly, non-resident Securityholders should only be subject to the Australian CGT provisions where the Securities are attributable to an Australian permanent establishment of that Securityholder or constitute "taxable Australian property". It is necessary to consider whether the ordinary shares in ATLAX and ordinary shares in ATLIX constitute "taxable Australian property" on a standalone basis.

The Securities would only constitute "taxable Australian property" if either of the following tests are satisfied:

- (a) the Securities have been used by the non-resident Securityholder in carrying on a business through a permanent establishment in Australia; or
- (b) the Securities are an 'indirect Australian real property interest'. The Securities will be an 'indirect Australian real property interest' where both the following conditions are satisfied:
 - (i) the non-resident Securityholder, together with its Associates, held an interest of 10% or more in Atlas Arteria at the time of disposal, or throughout a 12-month period during the 24 months preceding the time of disposal; and
 - (ii) at the time of disposal, more than 50% of the market value of Atlas Arteria's assets comprise 'taxable Australian real property' (as defined in the tax law).

The ordinary shares in ATLIX should not constitute "taxable Australian property" as ATLIX does not hold an indirect interest in any Australian assets.

The ATLAX Securities should also not constitute "taxable Australian property" because less than 50% of the market value of Atlas Arteria's assets comprise "taxable Australian real property".

Therefore, non-resident Securityholders who hold their investment on capital account and do not hold their investment through an Australian permanent establishment should not be subject to Australian CGT on disposal of either their ordinary shares in ATLAX or ordinary shares in ATLIX.

Non-resident Securityholders are not entitled to any 'CGT Discount' on capital gains.

A non-resident individual Securityholder who has previously been an Australian tax resident and chose to disregard a capital gain or loss in respect of their Securities from CGT event I1 on ceasing to be an Australian tax resident may be subject to Australian CGT consequences on disposal of their Securities.

Any non-resident Securityholder that may be subject to Australian CGT on the disposal of their Securities may also be subject to the 'foreign resident capital gains withholding' rules (discussed below).

The Australian Government announced in its 2024-2025 Budget a measure to strengthen the foreign resident CGT regime, including to clarify and broaden the types of assets on which foreign residents are subject to CGT and to amend the testing period for determining whether certain CGT assets of a foreign resident will be subject to income tax in Australia. As announced by the Australian Government in the 2025-2026 Budget, the amendments are intended to apply from the later of 1 October 2025 or the first 1 January, 1 April, 1 July or 1 October after the amending statute receives Royal Assent. These amendments should be closely monitored, including their potential impact on the taxation consequences described herein.

Non-Australian resident Securityholders should seek their own independent tax advice as to the tax implications of the Offer, including tax implications in their country of residence.

5.4 Foreign resident CGT withholding

Broadly, under the 'foreign resident capital gains withholding' regime, Bidder may have an obligation to withhold and pay to the ATO an amount equal to 15% of the consideration for the Securities if the Securities acquired from the Securityholders qualify as 'indirect Australian real property interests' (as discussed above) and Bidder:

- (a) knows or reasonably believes that the Securityholder is a foreign resident Securityholder; or
- (b) does not reasonably believe that the Securityholder is an Australian resident, and either:
 - (i) the relevant Securityholder has an address outside Australia; or

- (ii) Bidder is authorised to make payment of the Offer consideration to a place outside Australia (whether to the Securityholder or to anyone else).

Bidder may seek confirmation from the ATO that no foreign resident capital gain withholding tax should apply and that declarations should not be required to be provided by Securityholders.

Despite any other provision of this section or the terms of the Offer in this Bidder's Statement, if Bidder reasonably believes that there is, or is reasonably likely to be, a liability to withhold and pay an amount to the ATO in respect of the disposal of the Securities by a Securityholder, Bidder will withhold the applicable amount from the payment of the consideration to the Securityholder and pay the amount withheld to the ATO. The Securityholder will then only receive the net proceeds after deduction of this withheld amount and the payment of the net proceeds will be taken to be full payment for the purposes of this Offer.

If Bidder considers that a withholding will be required, Bidder will notify the relevant Securityholder at their registered address. A Securityholder who believes the disposal of their Securities may trigger a foreign resident capital gains withholding tax liability should obtain their own independent advice.

Bidder may request a Securityholder to complete, sign and return a CGT declaration form to the effect that either:

- (a) the Securityholder is an Australian resident for tax purposes; or
- (b) the Securities held by the Securityholder are not 'indirect Australian real property interests', and
- (c) therefore, the disposal of their Securities are not subject to foreign resident capital gains withholding tax being deducted from the Offer consideration.

The foreign resident capital gains withholding tax amount deducted from the Offer consideration is not considered to be a final withholding tax. As a result, the relevant Securityholder who has had a foreign resident capital gains withholding tax amount deducted from the Offer consideration should be able to claim a tax credit for any withholding tax amount deducted to reduce their income tax liability arising for the relevant income year upon lodging an Australian income tax return.

5.5 GST

Securityholders should not be liable to Australian GST in respect of a disposal of the Securities, regardless of whether the Securityholder is registered for GST or not. Securityholders may incur GST included in costs (such as adviser fees) that relate to the Offer. Securityholders that are registered for GST may be entitled for input tax credits or reduced input tax credits for such costs. This will depend on each Securityholders' individual circumstances.

5.6 Stamp duty

The receipt of cash consideration and the disposal of Securities under the Offer will not give rise to Australian stamp duty for the Securityholders.

Bermudan tax considerations

5.7 Introduction

The following is a general description of the Bermuda tax consequences for Securityholders on the disposal of their Securities by way of transfer to Bidder (through acceptance of the Offer) in return for cash consideration.

This summary is based upon applicable Bermuda laws in effect as at the date of this Bidder's Statement. This discussion does not purport to be an authoritative or complete statement or

analysis of the tax laws or considerations applicable to the particular circumstances of every Securityholder. Securityholders should make their own enquiries and seek independent professional advice on their circumstances.

As there is no undertaking on any party's behalf to update this summary for any changes in the Bermuda law after the date of this Bidder's Statement, it is the responsibility of the Securityholders to take advice if they are to rely on this summary at a later date.

5.8 Current position

On the date of this Bidder's Statement, there is no required withholding or deduction for or on account of tax from source on the Securities under Bermuda law, nor is there a requirement to withhold Bermuda corporate income tax from payments made in respect of the Securities.

Securityholders who are not resident in or engaged in business through a permanent establishment in Bermuda will not become subject to any taxes or duties in Bermuda on gains realised on the disposal of the Securities. In addition, no registration, transfer, or other similar taxes are imposed under the laws of Bermuda by reason only of the disposal of the Securities.

Bermuda has introduced a corporate income tax that applies to Bermuda Constituent Entities (including Bermuda permanent establishments) of in-scope multinational enterprise groups subject to the OECD Pillar Two / FANIL framework. However, the Bermuda corporate income tax does not apply to all entities merely by reason of their connection to a Bermuda entity. In particular, non-resident Securityholders who do not have a permanent establishment in Bermuda will not be brought within the scope of Bermuda corporate income tax solely as a result of disposing of Securities under the Offer. Securityholders who are uncertain as to their tax position in respect of Bermuda corporate income tax should seek independent tax advice.

6 Other Material Information

6.1 ASIC modifications and exemptions

(a) Modifications and exemptions applying generally

ASIC has published various legislative instruments (including class orders) providing for modifications and exemptions that apply generally to all persons, including Bidder, in relation to the operation of Chapter 6 of the Corporations Act.

Amongst others, Bidder has relied on the modification to section 636(3) of the Corporations Act set out in paragraph 6(e) of the ASIC Corporations (Takeover Bids) Instrument 2023/683 (**Instrument 2023/683**) to include references to certain statements which are made in, or based on, documents lodged with ASIC or ASX. Under the terms of Instrument 2023/683, the parties making those statements are not required to consent to, and have not consented to, the inclusion of those statements, or of statements based on those statements, in this Bidder's Statement.

Bidder will make available a copy of these documents (or relevant extracts of these documents), free of charge, to Securityholders who request them during the Offer Period. To obtain a copy of these documents (or the relevant extracts), Securityholders may telephone the Offer Information Line on 1800 881 047 (toll-free within Australia) or on +61 1800 881 047 (from outside Australia) between 8:30am and 5:30pm (Sydney time) (excluding public holidays in Australia) and such documents will be provided to you within two business days of request.

As permitted by ASIC Corporations (Consents to Statements) Instrument 2026/89 (**Instrument 2026/89**), this Bidder's Statement may also include or be accompanied by certain statements made by official persons or in books, journals or comparable publications; certain historical geological data; and certain trading data relating to trading on an approved financial market.

(b) Specific relief for Listed Equities Funds managed on behalf of third party investors

As discussed in section 2.9, as at the close of trading on the Last Practicable Date, approximately 1.21% of Atlas Arteria Securities are held by clients of IFM Investors in listed equities portfolios managed by IFM Investors on behalf of those listed equities clients. Bidder does not have a Relevant Interest or Voting Power in those Securities.

IFM Investors, IFM Nominees and the Listed Equities Funds have received an ASIC exemption in relation to the Offer, which permits IFM Investors and IFM Nominees, in their capacity as manager or trustee of the Listed Equities Funds, to acquire further interests in Atlas Arteria Securities without breaching section 606 of the Corporations Act, provided that such acquisitions do not result in the Listed Equities Funds' voting power in the Securities arising from any acquisitions made by IFM Investors or IFM Nominees in their capacity as manager or trustee of the Listed Equities Funds exceeding 3% more than the amount the Listed Equity Fund held immediately after lodgement of the Bidder's Statement (**ASIC Instrument**). The ASIC Instrument is subject to certain conditions, which are set out in the Instrument, a copy of the ASIC Instrument is included in Annexure 3.

The fact that ASIC has granted this relief in connection with the Offer should not be taken as a reflection of ASIC's views on any other aspect of the Offer.

(c) Right to request any further relief

Bidder reserves the right to request ASIC to make any further modifications of, or grant exemptions to, Chapter 6 of the Corporations Act as it may require until the end of the Offer Period.

6.2 Further purchase of Securities outside of the Offer

Bidder reserves the right to acquire further Atlas Arteria Securities in any manner permitted under the Corporations Act, including pursuant to section 611, item 9 or if the Offer is unconditional or only subject to prescribed occurrences, through on-market acquisitions pursuant to section 611, item 2.

To the extent Bidder is permitted to make on-market purchases under the Corporations Act, then, for the purposes of the ASIC Market Integrity Rules, Bidder has appointed Jarden Australia Pty Ltd (ABN 33 608 611 687), an Australian Financial Services licensee (AFSL No. 485351), as its broker to acquire Atlas Arteria Securities outside of the Offer during normal trading hours on the ASX and other Markets during the Offer Period (each as defined in the ASIC Market Integrity Rules) at prices equal to or below the Offer Price (**Other Purchases**).

Any Other Purchases will be disclosed to the ASX in substantial holder notices which Bidder is required to lodge under the Corporations Act. Securityholders who sell their Atlas Arteria Securities on the ASX will receive payment on a T+2 basis (being two Business Days after the date of the relevant transaction). Securityholders who sell Atlas Arteria Securities on the ASX cannot subsequently accept the Offer in respect of their Atlas Arteria Securities sold on the ASX. In addition, securityholders who sell Atlas Arteria Securities on the ASX may incur brokerage charges and GST on brokerage charges which they may not incur if they accept the Offer.

6.3 Potential for waiver of Conditions

The Offer is subject to the Conditions set out in Annexure 1.

Under the terms of the Offer and the Corporations Act, any or all of those Conditions may be waived by Bidder. Whether Bidder waives any condition is at Bidder's absolute discretion.

If an event occurs which results (or would result) in the non-fulfilment of a Condition, Bidder may defer making a decision as to whether it will either rely on that occurrence, or instead waive the Condition in respect of that occurrence, until the date for giving notice as to the status of the Conditions of the Offer under section 630(3) of the Corporations Act. If Bidder decides that it will waive a Condition, then it will announce that decision to ASX in accordance with section 650F of the Corporations Act.

6.4 Status and effect of Conditions

The Offer is subject to the Conditions set out in Annexure 1.

Bidder will provide updates on any material developments relating to the status of these Conditions through announcements to the ASX.

As at the date of this Bidder's Statement, Bidder is not aware of any events or circumstances which would result in the non-fulfilment of any of the Conditions.

If any of the Conditions is not fulfilled, and Bidder decides to rely on that non-fulfilment, then any contract resulting from acceptance of the Offer will become void at (or, in some cases, shortly after) the end of the Offer Period, and the relevant Securities will be returned to the holder.

6.5 FIRB approval

The Treasurer of the Commonwealth of Australia (or his delegate) has provided written notice under the *Foreign Acquisitions and Takeovers Act 1975* (Cth) advising that the Commonwealth Government has no objections to the acquisition of up to 100% of the Securities by Bidder.

6.6 ACCC approval

The Offer is not conditional on ACCC approval being provided. Prior to the date of this Bidder's Statement, the ACCC advised IFM GIF that it did not intend to conduct a public review of the proposed acquisition by Bidder of up to 100% of the Securities. The ACCC also advised IFM GIF that it did not intend to take any action under section 189 of the *Competition and Consumer Act 2010* (Cth).

As such, the notification requirements set out in the *Competition and Consumer Act 2010* (Cth) do not apply to the proposed acquisition by Bidder of up to 100% of Atlas Arteria provided it is put into effect within 12 months of the date of IFM GIF receiving such confirmation from the ACCC (which was 3 December 2025).

6.7 Foreign direct investment approvals

As of the date of this Bidder's Statement:

- the Minister for the Economy, Finance and Industrial, Energy and Digital Sovereignty of France has provided clearance for French foreign investment in connection with acquisition of up to 100% of the Securities by Bidder; and
- the Federal Ministry for Economic Affairs and Climate Action of Germany has provided a certificate of non-objection in respect for German foreign investment in connection with the acquisition of up to 100% of the Securities by Bidder.

6.8 Bermudan law arrangements in respect of ATLIX

ATLIX (which, along with ATLAX, comprises Atlas Arteria) is a Bermudan company that is governed by the laws of Bermuda. This Offer insofar as it relates to ATLAX shares must comply with Chapter 6 of the Corporations Act under Australian law. Bermudan law does not prohibit the making of the Offer as it relates to ATLIX shares.

6.9 Social security and superannuation implications of the Offer

Acceptance of the Offer may have implications under your superannuation or pension arrangements or on your social security entitlements. If in any doubt, Securityholders should seek specialist advice before accepting the Offer.

6.10 Approvals for payment of consideration

Bidder is not aware of any Securityholders who require any approval referred to in section 7.9(e) in order to be entitled to receive any consideration under the Offer.

6.11 Withholding of consideration

Bidder is not currently aware of any amounts that are or would be treated as withholding amounts under section 7.9(f). However, it is possible that Bidder may become aware of an obligation in this regard after the date of this Bidder's Statement.

For example, under section 255 of the *Income Tax Assessment Act 1936* (Cth), the ATO may notify Bidder that all or part of the consideration otherwise payable under the Offer to Securityholders who are non-residents of Australia is to be retained by Bidder, or paid to the ATO, instead of being paid to the relevant Securityholders. Similarly, under section 260-5 of Schedule 1 to the *Taxation Administration Act 1953* (Cth), the ATO may require Bidder to pay to the ATO all or part of the consideration otherwise payable under the Offer to Securityholders who owe tax-related debts to the Australian Government.

Further, as discussed in section 5.4, under the 'foreign resident capital gains withholding' regime, Bidder may have an obligation to withhold and pay to the ATO an amount equal to 15% of the

consideration for the Securities in certain circumstances as discussed in that section. Any Offer Price amounts payable to a Securityholder will not be increased to reflect any deduction required for withholding and the amount payable to the Securityholder will be taken to be in full and final satisfaction of the amounts owing to the Securityholder.

6.12 Institutional Acceptance Facility

Bidder has established an institutional acceptance facility available to Securityholders that hold or beneficially own at least 105,264 Atlas Arteria Securities (each an **Eligible Institutional Securityholder**) (being the number of Atlas Arteria Securities having an approximate value of A\$500,000 based on the Offer Price) (**Institutional Acceptance Facility**). Securityholders who are not Eligible Institutional Securityholders cannot participate in the Institutional Acceptance Facility.

Before making a decision whether or not to participate in the Institutional Acceptance Facility, Eligible Institutional Securityholders are encouraged to consult with their financial, legal or other professional adviser.

The Institutional Acceptance Facility has been established to enable Eligible Institutional Securityholders to indicate their intentions to accept the Offer, as Bidder recognises that some of these shareholders may be unable to accept the Offer (for example, by reason of their investment mandates), until the Offer becomes or is declared unconditional.

The Institutional Acceptance Facility is subject to Bidder declaring the Offer unconditional or otherwise stating that it will declare the Offer unconditional (subject to the processing of Acceptance Instructions) (**IAF Triggering Condition**).

See section 7.4 for further information about the Institutional Acceptance Facility and its terms and conditions.

6.13 Date for determining holders of Securities

For the purposes of section 633 of the Corporations Act, the date for determining the people to whom information is to be sent under items 6 and 12 of section 633(1) for each Offer is the Register Date.

6.14 No collateral benefits

During the period commencing four months before the date of this Bidder's Statement, and during the period from the date of this Bidder's Statement to the date before the date of the Offer, neither Bidder nor any of its Associates gave, or offered to give, or agreed to give a benefit to another person which was likely to induce the other person, or an Associate of the other person, to:

- accept the Offer; or
- dispose of Securities,

and which is not offered to all holders of Securities under the Offer.

6.15 No escalation agreements

Neither Bidder nor any of its Associates have entered into any escalation agreement that is prohibited by section 622 of the Corporations Act.

There may not be sufficient time to do so for any online acceptance submitted by CHESS holders after 5:00pm (AEST) on the last day of the Offer Period. Your online acceptance is not a valid acceptance until your Controlling Participant confirms acceptance.

Controlling Participant

To accept this Offer through your Controlling Participant, you must **instruct** your Controlling Participant, in accordance with the sponsorship agreement between you and the Controlling Participant, to initiate acceptance of this Offer in accordance with Rule 14.14 of the ASX Settlement Rules, so as to be effective before the end of the Offer Period (if you do this and your Controlling Participant follows those instructions, you do not need to complete and return an Acceptance Form).

- (ii) **return** the Physical Acceptance Form (using the enclosed reply paid envelope for use within Australia if you wish), together with all other documents required by the instructions on the Physical Acceptance Form, so that the Physical Acceptance Form and any other required documents are **received** before the end of the Offer Period at the address indicated on the Physical Acceptance Form.

This will authorise Bidder to initiate, or alternatively to instruct your Controlling Participant to initiate, acceptance of this Offer on your behalf in accordance with Rule 14.14 of the ASX Settlement Rules before the end of the Offer Period. You must ensure that the Physical Acceptance Form (and the other required documents) are received in sufficient time for Bidder to give instructions to your Controlling Participant, and for your Controlling Participant to carry out those instructions, before the end of the Offer Period.

However, if you are the Controlling Participant in respect of your Securities, to accept this Offer you must yourself initiate acceptance of this Offer in accordance with Rule 14.14 of the ASX Settlement Rules before the end of the Offer Period.

- (d) **Level of acceptance**
- As noted above, you have the option of accepting this Offer for all or some of your Securities, as chosen by you. Those of your Securities that are subject to your acceptance will constitute the **Accepted Securities**, and will comprise:
- (i) if you specify all of your Securities as being subject to acceptance – all of your Securities at the date your acceptance is processed (even if the number of Securities specified on the Acceptance Form differs from the number of your Securities);
 - (ii) if you specify a number of Securities that is less than the number of your Securities at the date your acceptance is processed – that number of Securities;
 - (iii) if you specify a number of Securities that is greater than the number of your Securities at the date your acceptance is processed – all of your Securities at the date your acceptance is processed; or
 - (iv) if you do not specify the number of your Securities being subject to acceptance, or if you provide conflicting instructions on your Acceptance Form regarding the number of your Securities being subject to acceptance – all of your Securities at the date your acceptance is processed (even if the number of Securities specified on the Acceptance Form differs from the number of your Securities).

For this purpose, specification of the number of your Securities being subject to acceptance must be in the Acceptance Form or in a valid originating message transmitted in accordance with Rule 14.14 of the ASX Settlement Rules.

7.4 Institutional Acceptance Facility**(a) General**

Bidder has established an Institutional Acceptance Facility open to Eligible Institutional Securityholders in order to facilitate receipt of acceptances of the Offer.

Securityholders who are not Eligible Institutional Securityholders cannot participate in the Institutional Acceptance Facility.

Bidder recognises that some investors in Atlas Arteria may be unable or unwilling to accept the Offer until the Offer becomes or is declared unconditional. The Institutional Acceptance Facility has therefore been established to provide Eligible Institutional Securityholders with the ability to register their support for the Offer and their intention to accept the Offer before the Offer becomes or is declared unconditional.

(b) **Operator**

The operator of the Institutional Acceptance Facility is Pacific Custodians Pty Ltd (ABN 66 009 682 866) (AFSL No. 295142) (***Institutional Acceptance Facility Operator***).

(c) **Operation of the Institutional Acceptance Facility**

In summary, the Institutional Acceptance Facility will operate as follows:

- (i) Eligible Institutional Securityholders may demonstrate their intention to accept the Offer by lodging with the Institutional Acceptance Facility Operator acceptance instructions in the form of:
 - (A) where the Eligible Institutional Securityholder is recorded as the holder of Atlas Arteria Shares, a duly completed and executed Acceptance Form; and/or
 - (B) where the Eligible Institutional Securityholder is a beneficial holder whose Atlas Arteria Securities are held by a custodian on the person's behalf, directions to its custodian (the form of which will be made available to Eligible Institutional Securityholders by request to the Institutional Acceptance Facility Operator) (***Custodian Direction***) to accept the Offer, (together, referred to as ***Acceptance Instructions***), thereby demonstrating their intention to accept the Offer.
- (ii) The Institutional Acceptance Facility is subject to the IAF Triggering Condition.
- (iii) The Institutional Acceptance Facility Operator will hold the Acceptance Instructions as acceptance facility collection agent only subject to a bare trust and subject to satisfaction of the IAF Triggering Condition.
- (iv) Under subsection 609A(1) of the Corporations Act and under the terms of appointment of the Institutional Acceptance Facility Operator contained in the Acceptance Instructions, Bidder will not acquire a Relevant Interest in any Atlas Arteria Securities through the receipt by the Institutional Acceptance Facility Operator of an Acceptance Instruction, because the Institutional Acceptance Facility has been established on the basis that it fulfils the requirements of subsection 609A(2) of the Corporations Act.
- (v) The Institutional Acceptance Facility Operator must deliver:
 - (A) the Acceptance Forms in accordance with the instructions on the relevant Acceptance Form; and
 - (B) the Custodian Direction to the relevant custodians, immediately after the Institutional Acceptance Facility Operator receives written notice from Bidder (***Confirmation Notice***) that the IAF Triggering Condition is satisfied.
- (vi) Subject to the Corporations Act, Bidder reserves the right to free the Offer from all Conditions at any time, irrespective of the number of acceptances held by Bidder or the number of Acceptance Instructions held by the Institutional Acceptance Facility Operator.

- (vii) Eligible Institutional Securityholders are able to withdraw their Acceptance Instructions at any time prior to the Institutional Acceptance Facility Operator receiving the Confirmation Notice from Bidder. Until the Institutional Acceptance Facility Operator receives the Confirmation Notice from Bidder, Eligible Institutional Securityholders will retain all Rights in relation to their Atlas Arteria Securities.
- (viii) A copy of the appointment of the Institutional Acceptance Facility Operator (including the terms of the appointment and the form of the Custodian Direction) will be provided to Eligible Institutional Securityholders on request and may be requested from the Institutional Acceptance Facility Operator by email to capital.markets.au@cm.mpms.mufg.com or by calling the Offer Information Line on 1800 881 047 (for calls made within Australia) or on +61 1800 881 047 (for calls made outside Australia) between 8:30am and 5:30pm (Sydney time) (excluding public holidays in Australia).

(d) **Disclosure of Acceptance Instructions**

The Institutional Acceptance Facility Operator will inform Bidder of the number of Atlas Arteria Securities in respect of which Acceptance Instructions have been received on a regular basis during the Offer Period. Following receipt of this information from the Institutional Acceptance Facility Operator, pursuant to section 609A of the Corporations Act, for every movement of at least 1% in the aggregate level of Bidder's Voting Power and the votes attached to Atlas Arteria Securities the subject of IAF Triggering Condition during the Offer Period, Bidder will announce to ASX by 9:30am on the next trading day after the movement a notice setting out the aggregate number and percentage of Atlas Arteria Securities:

- (i) in which Bidder and its Associates have a Relevant Interest; and
- (ii) which are the subject of Acceptance Instructions,

and a breakdown between the two categories above and any other information required by subsection 609A(4) of the Corporations Act.

7.5 Status and effect of the Acceptance Form

(a) **Status of Acceptance Form**

The Acceptance Form, and the instructions on the Acceptance Form, must be followed in using it to accept this Offer.

(b) **Effect of Acceptance Form**

By accepting the Offer, including by submitting the Online Acceptance Form or by signing and returning the Physical Acceptance Form in accordance with section 7.3, you irrevocably authorise Bidder and its nominees:

- (i) to rectify any errors in, or omissions from, the Online Acceptance Form or the Physical Acceptance Form that are necessary to make it an effective acceptance of this Offer or to enable registration of the transfer of all of your Accepted Securities to Bidder; and
- (ii) (in respect of any of your Accepted Securities in a CHESS Holding) to:
 - (A) initiate, or alternatively instruct your Controlling Participant to initiate, acceptance of this Offer in respect of all such Accepted Securities in accordance with Rule 14.14 of the ASX Settlement Rules; and

- (B) give any other instructions concerning those Accepted Securities to your Controlling Participant on your behalf under the sponsorship agreement between you and the Controlling Participant, as determined by Bidder (or its nominee) acting in its own interests as a beneficial owner and intended registered holder of your Accepted Securities,

and acknowledge that:

- (C) with respect to sub-paragraph (A) above, Bidder (or its agents or nominees) will merely forward your Online Acceptance Form or Physical Acceptance Form to your Controlling Participant (being the only person who can accept this Offer on your behalf) and that it is your responsibility to allow sufficient time for your Controlling Participant to initiate acceptance of this Offer;
- (D) Bidder (or its agents or nominees) is not responsible for any delays incurred by the process described in sub-paragraph (B) above or any losses whatsoever you incur by the fact that your acceptance is not processed before the end of the Offer Period; and
- (E) you must promptly give any further instructions or take any further actions necessary concerning your Accepted Securities to your Controlling Participant to initiate acceptance of this Offer on your behalf in accordance with Rule 14.14 of the ASX Settlement Rules prior to the end of the Offer Period.

(c) **Validation of Acceptance Form**

Notwithstanding sections 7.3(a) and 7.3(b), Bidder may (except in relation to Securities in a CHES Holding) treat the receipt by it of an Online Acceptance Form or a signed Physical Acceptance Form either:

- (i) before the end of the Offer Period; or
- (ii) after the end of the Offer Period but where the Physical Acceptance Form is sent by post and the envelope in which it is posted is post-marked before the end of the Offer Period,

as valid even though it does not receive the other documents required by the instructions on the relevant Acceptance Form or there is not compliance with any one or more of the other requirements for acceptance.

If Bidder does treat such an Acceptance Form as valid, subject to section 7.9, Bidder will not be obliged to give the consideration to you until Bidder receives all those documents and all of the requirements for acceptance referred to in section 7.3 and in the relevant Acceptance Form have been met (other than the requirement of your Acceptance Form to be received before the end of the Offer Period).

(d) **Risk in Acceptance Form**

- (i) **Physical Acceptance Form:** The **transmission** by you of the Physical Acceptance Form and any other documents in accordance with section 7.3 is at your own risk. No acknowledgement of receipt of any such documents will be given to you by or on behalf of Bidder.
- (ii) **Online Acceptance Form:** In respect of acceptance of the Offer online:
 - (A) When using the Online Acceptance Form to accept this Offer, for your acceptance to be valid, you must ensure that your acceptance is

submitted before the end of the Offer Period. Neither Bidder nor the Share Registry accepts any responsibility or liability for any website downtime, delays or access failure that may occur due to circumstances beyond its reasonable control, and which may delay or impede your ability to access to the Offer Website or submit the Online Acceptance Form.

- (B) When using the Online Acceptance Form to accept this Offer in respect of the Securities held in a CHESS Holding, you must ensure that the acceptance is submitted in time for Bidder to instruct your Controlling Participant to initiate acceptance of this Offer on your behalf in accordance with Rule 14.14 of the ASX Settlement Operating Rules before the end of the Offer Period. There may not be sufficient time to do so for any online acceptances submitted by you if you accept too close to the end of the Offer Period.
- (C) The use of the Offer Website to accept this Offer is at your own risk.

(e) **Revocation of acceptance**

Once you have accepted this Offer, you will be unable to revoke or withdraw your acceptance of this Offer or otherwise dispose of your Accepted Securities, except as follows:

- (i) if a Condition, as set out in Annexure 1, is not fulfilled or waived, then this Offer will automatically terminate and your Accepted Securities will be returned to you; or
- (ii) if the Offer Period is extended for more than one month and, at the time, this Offer is subject to one or more Conditions, as set out in Annexure 1, then you may be able to withdraw your acceptance in accordance with section 650E of the Corporations Act.

When accepting this Offer, you should forward for inspection:

- (i) if the Acceptance Form is executed by an attorney, a certified copy of the power of attorney; and
- (ii) if the Acceptance Form is executed by the executor of a will or the administrator of the estate of a deceased Securityholder, the relevant grant of probate or letters of administration.

7.6 Agreement resulting from acceptance

By signing and returning the Physical Acceptance Form, submitting the Online Acceptance Form or initiating or causing acceptance of this Offer under the ASX Settlement Rules in accordance with section 7.3:

- (a) you accept this Offer (and any variation of it) in respect of all of your Accepted Securities at the date your acceptance is processed and agree to the terms and conditions of this Offer;
- (b) subject to all of the Conditions being fulfilled or waived, you transfer, and consent to the transfer in accordance with the ASX Settlement Rules of, all of your Accepted Securities to Bidder in accordance with this Offer and subject to the conditions of the constituent documents of Atlas Arteria on which they were held immediately before your acceptance

of this Offer (and Bidder agrees to take those Accepted Securities subject to those conditions);

- (c) you represent and warrant to Bidder that, at the time of your acceptance and at the time the transfer of your Accepted Securities to Bidder is registered:
- (i) all of your Accepted Securities are and will be fully paid;
 - (ii) you have full power and capacity to accept the Offer and to sell and transfer the legal and beneficial ownership of your Accepted Securities (including any Rights) to Bidder;
 - (iii) Bidder will acquire good title to them and full beneficial ownership of them free from all Encumbrances; and
 - (iv) you have paid to Atlas Arteria all amounts which at the time of acceptance have fallen due for payment to Atlas Arteria in respect of your Accepted Securities;
- (d) subject to all of the Conditions being fulfilled or waived, you irrevocably appoint Bidder and each of its directors and nominees severally as your attorney to exercise all powers and rights that you have as the registered holder of your Accepted Securities, including:
- (i) attending any meeting of Atlas Arteria, and voting in respect of your Accepted Securities, proposing or seconding any motion, and demanding a poll for any vote at, any such meeting;
 - (ii) requisitioning the convening of any general meeting of Atlas Arteria and convening a general meeting pursuant to any such requisition; and
 - (iii) signing any form, notice, instrument or other document (including any proxy appointment) relating to your Accepted Securities.

Such appointment will terminate on the earlier of the withdrawal of your acceptance of this Offer (either in accordance with its terms or under section 650E of the Corporations Act) and the end of the Offer Period or, if all Conditions of the Offer have been fulfilled or waived, the registration of Bidder as the holder of your Accepted Securities;

- (e) you agree that, in exercising the powers and rights conferred by the power of attorney in section 7.6(d), each attorney may act in the interests of Bidder as the intended registered holder and beneficial owner of your Accepted Securities;
- (f) except as contemplated by section 7.6(d) and while the appointment in that section continues, you agree not to attend or vote in person or by proxy, attorney or corporate representative at any meeting of Atlas Arteria, or to exercise or purport to exercise (in person or by proxy, attorney, or corporate representative or otherwise) any of the powers conferred by the power of attorney in section 7.6(d);
- (g) you irrevocably authorise and direct Atlas Arteria to pay to Bidder, or to account to Bidder for, all Rights in respect of your Accepted Securities (except to the extent that Bidder elects to waive its entitlement to those Rights), subject, however, to any such Rights received by Bidder being accounted for by Bidder to you if any contract resulting from your acceptance of this Offer is rescinded or rendered void;
- (h) subject to all of the Conditions being fulfilled or waived, you irrevocably authorise Bidder and its nominees to do all things necessary to transfer your Accepted Securities to Bidder (including to cause a message to be transmitted in accordance with ASX Settlement Rule 14.17.1 so as to transfer your Accepted Securities, if held in a CHESS Holding, to the Takeover Transferee Holding), even if Bidder has not at that time paid or provided the consideration due to you under this Offer; and

- (i) you agree to indemnify Bidder and each of its agents in respect of any claim or action against it or any loss, damage or liability whatsoever incurred by it as a result of you not producing your Holder Identification Number or your Securityholder Reference Number or in consequence of the transfer of your Accepted Securities to Bidder being registered by Atlas Arteria without production of your Holder Identification Number or your Securityholder Reference Number.

The representations, warranties, authorities and indemnity referred to in this section 7.6 will (unless otherwise stated) remain in force after you receive the Offer consideration for your Accepted Securities and after Bidder becomes the registered holder of them.

7.7 Conditions

Subject to section 7.8, this Offer and any contract resulting from your acceptance of this Offer are subject to the fulfilment of the Conditions set out in Annexure 1.

7.8 Nature and operation of Conditions

(a) Nature of Conditions

Each Condition is a condition subsequent to the formation of a binding contract upon your acceptance of this Offer. None of those Conditions prevents a contract to sell your Accepted Securities resulting from your acceptance of this Offer, but:

- (i) non-fulfilment of any of those Conditions at the end of the Offer Period will have the consequences set out in section 7.8(e); and
- (ii) breach of any of those Conditions entitles Bidder to rescind that contract by written notice to you.

(b) Separate Conditions for benefit of Bidder

- (i) Each paragraph and each sub-paragraph of each other paragraph of Annexure 1, is to be construed as, a separate, several and distinct Condition. No Condition will be taken to limit the meaning or effect of any other Condition.
- (ii) Subject to the Corporations Act and to section 7.8(a), Bidder alone is entitled to the benefit of the Conditions and to rely on breach or non-fulfilment of, or to waive, any of those Conditions.

(c) Waiver of Conditions

Subject to the Corporations Act, any or all of the Conditions may be waived by Bidder.

(d) Notice on status of defeating Conditions

The date for giving the notice as to the status of the Conditions required by section 630(1) of the Corporations Act is [*] (subject to variation in accordance with section 630(2) of the Corporations Act if the Offer Period is extended).

(e) Contract void if Conditions not fulfilled

Your acceptance of this Offer, and any contract resulting from your acceptance of this Offer, will be automatically void if:

- (i) at the end of the Offer Period, any of the Conditions is not fulfilled; and
- (ii) Bidder has not declared this Offer and any contract resulting from your acceptance of it free from that Condition in accordance with section 7.8(c).

7.9 Payment of consideration

(a) When you will generally be paid

Subject to this section 7.9 and the Corporations Act, if you accept this Offer and the Conditions are fulfilled or waived, Bidder will pay you the consideration for your Accepted Securities under this Offer on or before the earlier of:

- (i) the day that is one month after the date of your acceptance or, if at the time of your acceptance this Offer is subject to a Condition, one month after any contract resulting from your acceptance of this Offer becomes, or is declared, unconditional; and
- (ii) the day that is 21 days after the end of the Offer Period.

(b) Payment where additional documents are required

Where additional documents are required, either by the Acceptance Form or otherwise, to be given to Bidder with your acceptance to enable Bidder to become the holder of your Accepted Securities (such as a power of attorney) then, subject to sections 7.9(c) to 7.9(f) and the Corporations Act:

- (i) if those documents are given to Bidder with your acceptance, Bidder will pay you the consideration for your Accepted Securities in accordance with section 7.9(a);
- (ii) if those documents are given to Bidder after your acceptance and before the end of the Offer Period, while this Offer is subject to a Condition, Bidder will pay you the consideration for your Accepted Securities by the earlier of:

- (iv) if those documents are given to Bidder after the end of the Offer Period and the Offer is not subject to any Conditions, Bidder will pay you the consideration for your Accepted Securities within 21 days after those documents are given to Bidder.

(c) Delivery of consideration

Payment of any cash amount to which you are entitled will be made by cheque drawn in Australian currency in your favour. The cheque will be sent to you, at your risk, by ordinary mail (or, in the case of Securityholders with addresses outside Australia, by airmail) to your address shown on the Acceptance Form or as recorded in the register of Securityholders of Atlas Arteria on the Register Date. Payment will be deemed to have been made at the time the cheque is delivered to Australia Post for delivery or placed in an Australia Post postal box.

(d) Rights

Under the terms of the Offer, if Bidder acquires your Securities under the Offer, it will also be entitled to all Rights in respect of your Securities. 'Rights' is defined in section 8, but in

summary means all accretions, rights and benefits attaching to or arising from the Securities directly or indirectly at or after the date of this Bidder's Statement.

If Bidder becomes entitled to any Rights as a result of your acceptance of this Offer, but has not received the full benefit or value of those Rights, Bidder will be entitled to deduct the amount (or an amount equal to the value, as reasonably assessed by Bidder) of those Rights from any consideration otherwise payable to you under this Offer. If Bidder does not, or cannot, make such a deduction, you must pay that amount to Bidder, except to the extent that Bidder elects to waive its entitlement to those Rights. By way of example, if any Right is an entitlement under any rights issue or entitlement offer, and Bidder becomes or is entitled to become the registered holder of your Securities after the record date for that rights issue or entitlement offer, Bidder will be entitled to deduct from any consideration otherwise payable to you under this Offer an amount equal to the value of that Right, as reasonably assessed by Bidder (the amount of any such reduction being equal to the TERP Discount).

(e) **Non-Australian residents**

If, at the time of acceptance of this Offer, any authority or clearance of a Government Agency is required for you to receive any consideration under this Offer or you are resident in or a resident of a place to which, or you are a person to whom any law of Australia or regulation under the Charter of the United Nations that would make it unlawful for Bidder to provide consideration for your Accepted Securities applies, then acceptance of this Offer will not create or transfer to you any right (contractual or contingent) to receive the consideration specified in this Offer unless and until all requisite authorities or clearances have been obtained by Bidder.

(f) **Withholding of consideration by Bidder**

If any amount (the **withholding amount**) is required, under any Australian law or by any Government Agency, to be:

- (i) withheld from any consideration otherwise payable to you under this Offer and paid to a Government Agency; or
- (ii) retained by Bidder out of any consideration otherwise payable to you under this Offer,

the payment or retention by Bidder of the withholding amount (as applicable) will constitute full discharge of Bidder's obligation to pay the consideration to you to the extent of the withholding amount.

7.10 Offerees

(a) **Registered holders**

Bidder is making an offer in the form of this Offer to:

- (i) each person registered as the holder of Securities in the register of members of Atlas Arteria as at the Register Date; and

(b) **Transferees**

- (i) If at any time during the Offer Period another person is able to give good title to some or all of your Securities, and that person has not already accepted an offer

in the form of this Offer for those Securities, then that person may accept as if an offer in the form of this Offer had been made to them in respect of those Securities.

- (ii) For the purpose of section 7.10(b)(i) and the definition of "your Securities", "good title" in respect of any particular Security includes where a person:

Acceptance for any parcel of Securities (including any parcel consisting of two or more parcels) is ineffective unless:

- (i) you give Bidder notice stating that the Securities consist of a separate parcel, such notice being:
 - (A) in the case of Securities not in a CHESS Holding, in writing; or
 - (B) in the case of Securities in a CHESS Holding, in an electronic form approved by the ASX Settlement Rules for the purposes of Part 6.8 of the Corporations Act; and
- (ii) your acceptance specifies the number of Securities in the parcel.

(d) **Securities subject to Atlas Arteria transfer restrictions**

If at any time during the Offer Period some of your Securities are subject to transfer restrictions imposed by Atlas Arteria (for example, because you hold some of your Securities under an employee incentive plan), then you may accept as if a separate offer in the form of this Offer had been made in relation to the balance of your Securities. Acceptance for the balance of your Securities is ineffective unless you give Bidder notice stating the number of your Securities that are subject to a transfer restriction and explaining the nature of the restriction, and your acceptance specifies the balance of your Securities.

7.13 Costs and stamp duty

Bidder will pay all costs and expenses of the preparation and circulation of this Offer and any Australian stamp duty payable on the transfer of any Securities to Bidder under this Offer.

7.14 Governing law and jurisdiction

This Offer and any contract resulting from your acceptance of this Offer are governed by the laws of New South Wales.
