Withdrawal from Boots sale process

Further to its announcement on 10 June 2026, Sigma Healthcare Limited (**Sigma**) advises that following preliminary discussions in relation to the sale process of The Boots Group (**Boots**), the Sigma Board has elected to withdraw its interest and cease discussions immediately.

International growth is one of Sigma's four key strategic growth pillars and the Company remains committed to driving growth in its core offshore markets, while assessing and seeding new markets. This includes the UK where Sigma recently announced a Memorandum of Understanding (MoU) with Greenlight Healthcare.

Sigma engaged in the Boots sale process given the potentially unique opportunity it presented to accelerate its UK expansion through the market-leading Boots brand and large footprint. However, following its preliminary review the Company has concluded that such an acquisition would not currently meet its strategic and capital investment objectives.

Sigma has many opportunities for growth and is confident in its established growth strategy, with a primary focus on the Australian market. The Company will continue to assess opportunities, including potential acquisitions, in all markets that will deliver on our strategy and long-term sustainable returns for Sigma shareholders.

This announcement is authorised by order of the Board of Sigma Healthcare Limited.
