Explanatory Statement

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. Resolution 1 – Consolidation of capital

1.1 Background

Resolution 1 seeks Shareholder approval for the Company to undertake a consolidation of capital on a 50:1 basis (**Consolidation**).

The purpose of the Consolidation is to implement a more appropriate capital structure for the Company going forward.

1.2 Legal and regulatory requirements

Section 254H of the Corporations Act provides that a company may, by resolution passed in a general meeting, convert all or any of its shares into a larger or smaller number.

The ASX Listing Rules also require that:

- (a) the number of options on issue be consolidated in the same ratio as the ordinary capital and the exercise price amended in inverse proportion to that ratio; and
- (b) convertible securities on issue (other than options) may only be reorganised if the number of securities or the conversion price, or both, is reorganised so that the holder of the convertible securities will not receive a benefit that holders of ordinary securities do not receive.

1.3 Effect on capital structure

If Resolution 1 is not passed, the Consolidation will not take effect so there will be no change to the quantity of Securities on issue or the terms of Options or Performance Rights.

If Resolution 1 is passed, the effect which the Consolidation will have on the Company's capital structure is set out in the table below (subject to the effect of rounding of fractional entitlements).

Securities	Pre-Consolidation	Post-Consolidation
Shares	6,965,200,605	139,304,012
Options	450,000,000	9,000,000
- Exercise price \$0.01 / Expiry Date 8 August 2028 (pre-Consolidation) or Exercise price \$0.50 / Expiry Date 8 August 2028 (post-Consolidation)		
Performance Rights		
- Expiring 31 July 2026	914,155	18,283
- Expiring 31 July 2029	75,000,000	1,500,000

1.4 Fractional entitlements

Not all Security Holders will hold that number of Securities which can be evenly divided by 50. Where a fractional entitlement occurs, the Company will round that fraction down to the nearest whole Security.

1.5 Indicative timetable*

If Resolution 1 is passed, the reduction of capital will take effect in accordance with the following timetable (as set out in Appendix 7A (paragraph 7) of the ASX Listing Rules):

Action	Date
Effective Date of the Consolidation.	15 July 2026
Last day for pre-Consolidation trading.	16 July 2026
Post-Consolidation trading starts on a deferred settlement basis.	17 July 2026
Record Date	20 July 2026
Last day for Company to register transfers on a pre-Consolidation basis.	
First day for Company to update its register and to send holding statements to Security Holders reflecting the change in the number of Securities they hold.	21 July 2026
Last day for Company to update its register and to send holding statements to Security Holders reflecting the change in the number of Securities they hold and to notify ASX that this has occurred.	27 July 2026

The above timetable is indicative only and the Board reserves the right to vary the timetable subject to compliance with the Listing Rules and all other applicable laws.

1.6 Holding statements

From the date that is two business days after the Effective Date of the Consolidation, all holding statements for Securities will cease to have any effect, except as evidence of entitlement to a certain number of Securities on a post-Consolidation basis.

After the Consolidation becomes effective, the Company will arrange for new holding statements for Securities to be issued to holders of those Securities.

It is the responsibility of each Security Holder to check the number of Securities held prior to disposal, exercise or conversion (as the case may be).

1.7 Taxation

It is not considered that any taxation implications will exist for Security Holders arising from the Consolidation. However, Security Holders are advised to seek their own tax advice on the effect of the Consolidation and neither the Company, nor its advisers, accept any responsibility for the individual taxation implications arising from the Consolidation.

2. Resolutions 2(a) to 2(e) and 3 – Ratifications of prior issues – GEM Facility

2.1 General

On 6 August 2025, the Company announced it had entered into a financing agreement with GEM Global Yield LLC SCS (**GEM**) for up to A\$20 million through a share subscription facility (**SSF** or **GEM Facility**) over a three-year period.

The SSF is a funding facility providing working capital at the Company's discretion. Pursuant to the SSF, the Company may draw down funds in tranches in exchange for issuing new Shares to GEM over the three-year period. There is no minimum drawdown obligation.

The SSF sets out a process whereby the Company can issue a drawdown notice, subject to certain conditions, specifying the number of Shares to be drawn. The quantity of Shares in a drawdown request is limited to 1000% of the average daily volume of the preceding 15 trading days. GEM may subscribe for between 50% and 200% of the drawdown request, subject to adjustment for minimum trading volumes and daily VWAP. The issuance of a drawdown notice commences a period of 15 consecutive trading days (**Draw Down Pricing Period**). The subsequent trading day after the Draw Down Pricing Period, a drawdown is to occur at a price equivalent to 90% of the average daily VWAP of Shares during the Draw Down Pricing Period. FBR may set a minimum drawdown price. The issue of Shares to GEM pursuant to a drawdown notice is conditional on the Company having sufficient placement capacity under ASX Listing Rules 7.1 or 7.1A (as applicable) or obtaining requisite Shareholder approval for the issue. A loan to GEM of the quantity of Shares specified in a drawdown notice is required with an equivalent number of Shares returned to the lender following completion of a drawdown.

As at the Disclosure Date, the Company has completed the following issues of Shares pursuant to the GEM Facility without shareholder approval using its Additional Placement Capacity under ASX Listing Rule 7.1A (Resolutions 2(a) to 2(e)) and Placement Capacity under ASX Listing Rule 7.1 (Resolution 3):

Resolution	Date	Quantity	Issue Price	Funds Received
2(a)	3 November 2025	133,550,448	0.3906 cents	\$521,648.05
2(b)	10 December 2025	33,544,443	0.3616 cents	\$121,322.19
2(c)	29 January 2026	54,414,341	0.3585 cents	\$195,075.41
2(d)	6 February 2026	59,177,815	0.3600 cents	\$213,040.13
2(e)	20 March 2026	89,000,000	0.3600 cents	\$320,400.00
3	3 November 2025	1,449,200	0.3906 cents	\$5,660.57

Resolutions 2(a) to 2(e) and 3 seek Shareholder approval to ratify the issue of these Shares.

2.2 ASX Listing Rule 7.1

ASX Listing Rule 7.1 provides that a company must not, subject to specified exceptions, issue or agree to issue more equity securities during any 12-month period than that amount which represents 15% of the number of fully paid ordinary securities on issue at the commencement of that 12 month period (**Placement Capacity**).

2.3 ASX Listing Rule 7.1A

ASX Listing Rule 7.1A provides that, in addition to issues permitted without prior shareholder approval under ASX Listing Rule 7.1, an entity that is eligible and obtains shareholder approval under ASX Listing Rule 7.1A may issue or agree to issue, during the period for which the approval is valid, a number of quoted equity securities which represents 10% of the number of fully paid ordinary securities on issue at the commencement of that 12 month period as adjusted in accordance with the formula in ASX Listing Rule 7.1 (**Additional Placement Capacity**).

The Company obtained the required Shareholder approval at its previous annual general meeting on 6 November 2025 and as at the Disclosure Date continues to have the Additional Placement Capacity. The Company also obtained the required Shareholder approval at its annual general meeting on 18 November 2024 and at the time of issue of the Shares the subject of Resolution 2(a) continued to have the Additional Placement Capacity.

2.4 ASX Listing Rule 7.4

ASX Listing Rule 7.4 sets out an exception to ASX Listing Rule 7.1. It provides that where a company in general meeting ratifies the previous issue of securities made pursuant to ASX Listing Rule 7.1 (and provided that the previous issue did not breach ASX Listing Rule 7.1) those securities will be deemed to have been made with shareholder approval for the purpose of ASX Listing Rule 7.1.

An issue of equity securities under the Additional Placement Capacity can also be ratified under ASX Listing Rule 7.4.

2.5 Effect of the Resolutions

Resolutions 2(a) to 2(e) – Listing Rule 7.1A

The Additional Placement Capacity was available to the Company at the time it agreed to issue the Shares pursuant to Resolutions 2(a) to 2(e). The issues of the Shares the subject of Resolutions 2(a) to 2(e) did not breach ASX Listing Rule 7.1A but effectively used up part of the Additional Placement Capacity available under ASX Listing Rule 7.1A.

By ratifying the issue of the Shares the subject of Resolutions 2(a) to 2(e), the Company will retain the flexibility to issue equity securities in the future up to the Additional Placement Capacity (up to its next annual general meeting or such earlier date as determined by the ASX Listing Rules) without the requirement to obtain prior Shareholder approval and the base figure (referred to as variable "A" in the formula in ASX Listing Rule 7.1) from which the Company's Placement Capacity and Additional Placement Capacity is calculated, will be a higher number, which in turn will allow a proportionately higher number of securities to be issued without prior Shareholder approval.

If any of Resolutions 2(a) to 2(e) are not passed, then the Company's Additional Placement Capacity under ASX Listing Rule 7.1A will not be refreshed to the extent of the Shares related to such Resolutions; with the result being that those Shares will continue to be included in calculating the Company's use of the Additional Placement Capacity, effectively decreasing the number of equity securities the Company can issue without prior Shareholder approval using Additional Placement Capacity.

Resolution 3 – Listing Rule 7.1

The issue of Shares the subject of Resolution 3 did not fit within any of the exceptions from ASX Listing Rule 7.1 and was not subject to prior Shareholder approval. The issue of these Shares effectively used up a portion of the available Placement Capacity under ASX Listing

Rule 7.1, reducing the Company's capacity to issue further equity securities without Shareholder approval under ASX Listing Rule 7.1 for the 12-month period following the date of their issue. At the time of issue, sufficient placement capacity was available that the issue of the securities did not breach ASX Listing Rule 7.1.

If Resolution 3 is passed, the Company will retain the flexibility to issue equity securities in the future up to the Placement Capacity set out in ASX Listing Rule 7.1 without the requirement to obtain prior Shareholder approval and the base figure (referred to as variable "A" in the formula in ASX Listing Rule 7.1) from which the Company's Placement Capacity is calculated, will be a higher number, which in turn will allow a proportionately higher number of securities to be issued without prior Shareholder approval.

If Resolution 3 is not passed, then the Company's Placement Capacity under ASX Listing Rule 7.1 will not be refreshed; meaning the Shares the subject of Resolution 3 will continue to be included in calculating the Company's use of the 15% limit under ASX Listing Rule 7.1, effectively decreasing the number of equity securities the Company can issue without prior Shareholder approval over the 12 month period following the date of their issue

2.6 Board Recommendation

The Directors recommend that Shareholders vote in favour of Resolutions 2(a) to 2(e).

2.7 Technical information required by ASX Listing Rule 7.5

Pursuant to and in accordance with ASX Listing Rule 7.5, the following information is provided in relation to Resolutions 2(a) to 2(e) and Resolution 3:

- (a) the Shares were issued to GEM Global Yield LLC SCS (or its nominee). The Company confirms that no Material Persons were issued more than 1% of the issued capital of the Company;
- (b) the number of Shares issued was as specified in the table set out in Section 2.1;
- (c) the Shares issued were all fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares;
- (d) the Shares were issued on the dates specified in the table set out in Section 2.1;
- (e) the Shares were issued at an issue price specified in the table set out in Section 2.1;
- (f) the Company received the funds specified in the table set out in Section 2.1 (before costs) from the issue of the Shares, which has been applied to working capital to complete commissioning of a further Hadrian X robot, development of new DST®-enabled products, advancement of workstreams such as the collaboration with Samsung Heavy Industries, and toward the launch of FBR's new 'Mantis' robotic welder. Additionally, funds raised will be used in repaying debt facilities, furthering commercial WaaS® projects in Australia; and
- (g) the Shares were issued pursuant to the SSF, a summary of which is set out in Section 2.1.

3. Resolutions 4(a) and 4(b) – Ratifications of prior issues – Peak Fees

3.1 Background

As announced in August 2025, the Company engaged Peak Asset Management (Copeak Pty Ltd (ACN 607 161 900), an authorised representative No. 1295246 of LeMessurier Securities

Pty Ltd under its Australian Financial Services Licence No. 296877) (**Peak** or **Peak Asset Management**) to act as lead manager to the share placement conducted at that time. The Company has also engaged Peak to act as corporate adviser pursuant to a letter agreement (**Peak Mandate**). The Company agreed to pay Peak a fee of 6% of funds received by the Company under the GEM Facility in consideration for Peak's facilitation of the SSF. The Company has also agreed to pay a monthly corporate advisory fee of \$6,000 (excluding GST) to Peak. The Peak Mandate is otherwise on customary terms and conditions.

Resolutions 4(a) and 4(b) seek Shareholder approval to ratify the issue of Shares to Peak (or its nominees) in satisfaction of cash fees otherwise payable to Peak under the Peak Mandate. The Shares were issued without shareholder approval using Placement Capacity under ASX Listing Rule 7.1.

3.2 ASX Listing Rule 7.1

ASX Listing Rule 7.1 is summarised at Section 2.2.

3.3 ASX Listing Rule 7.4

ASX Listing Rule 7.4 is summarised at Section 2.4.

3.4 Effect of the Resolutions

The issue of the Shares the subject of Resolutions 4(a) and 4(b) did not fit within any of the exceptions from ASX Listing Rule 7.1 and was not subject to prior Shareholder approval. The issue of these Shares effectively used up a portion of the available Placement Capacity under ASX Listing Rule 7.1, reducing the Company's capacity to issue further equity securities without Shareholder approval under ASX Listing Rule 7.1 for the 12-month period following the date of their issue. At the time of issue, sufficient placement capacity was available that the issues of these Shares did not breach ASX Listing Rule 7.1.

If Resolutions 4(a) and 4(b) are passed, the Company will retain the flexibility to issue equity securities in the future up to the Placement Capacity set out in ASX Listing Rule 7.1 without the requirement to obtain prior Shareholder approval and the base figure (referred to as variable "A" in the formula in ASX Listing Rule 7.1) from which the Company's Placement Capacity is calculated, will be a higher number, which in turn will allow a proportionately higher number of securities to be issued without prior Shareholder approval.

If either or both of Resolutions 4(a) and 4(b) are not passed, then the Company's Placement Capacity under ASX Listing Rule 7.1 will not be refreshed in relation to the Securities the subject of such Resolution; the result being those Shares will continue to be included in calculating the Company's use of the 15% limit under ASX Listing Rule 7.1, effectively decreasing the number of equity securities the Company can issue without prior Shareholder approval over the 12 month period following the date of their issue

3.5 Directors' recommendation

The Directors recommend that Shareholders vote in favour of Resolutions 4(a) and 4(b).

3.6 Technical information required by ASX Listing Rule 7.5

Pursuant to and in accordance with ASX Listing Rule 7.3, the following information is provided in relation to Resolutions 4(a) and 4(b):

- (a) the Shares were issued to Peak (or its nominees);
- (b) the number of Shares issued was 23,241,404 (Resolution 4(a)) and 18,850,088 (Resolution 4(b));

- (c) the Shares issued were all fully paid ordinary shares in the capital of the Company issued on the same terms and conditions as the Company's existing Shares;
- (d) the Shares were issued on 10 December 2025 (Resolution 4(a)) and 20 March 2026 (Resolution 4(b));
- (e) the Shares were issued for nil cash consideration;
- (f) the Company issued the Shares in consideration of fees otherwise payable in cash under the Peak Mandate; and
- (g) the Shares were issued in satisfaction of fees payable under the Peak Mandate, the material terms of which are summarised at Section 3.1.
