United States

NOT FOR DISTRIBUTION OR RELEASE IN THE UNITED STATES OR TO US PERSONS

This Retail Offer Booklet, and any accompanying ASX announcements and the Entitlement and Acceptance Form, do not constitute an offer to sell, or a solicitation of an offer to buy, any securities in the United States, or to, or for the account or benefit of, 'US Persons' (as defined in Rule 902(k) under the *US Securities Act of 1933*, as amended (**US Securities Act**)) (**US Person**).

Neither this Retail Offer Booklet nor the Entitlement and Acceptance Form may be distributed or released to, or relied upon by, persons in the United States or US Persons or persons who are acting for the account or benefit of persons in the United States or US Persons.

The Entitlements have not (and nor will they be) and the New Securities have not been, nor will be, registered under the US Securities Act or the securities laws of any state or other jurisdiction of the United States. The Entitlements may not be taken up or exercised by persons in the United States or by persons who are acting for the account or benefit of a person in the United States. The New Securities may not be offered, sold or resold in the United States or to US Persons or to persons acting for the account or benefit of a person in the United States or a US Person except in a transaction exempt from, or not subject to, the registration requirements of the US Securities Act and the applicable securities laws of any state or other jurisdiction in the United States.

In addition, Centuria has not been, and will not be, registered under the US Investment Company Act of 1940, as amended (US Investment Company Act), in reliance on the exception provided by Section 3(c)(7) thereof. Accordingly, the New Securities may only be offered and sold outside the United States to persons that are not US Persons and that are not acting for the account or benefit of US Persons in compliance with 'category 2' of Regulation S and the laws of the jurisdiction in which such securities are offered and sold.

For purposes of the US Investment Company Act, the Securities of Centuria may not be held at any time by a person that is in the United States or that is a US Person or acting for the account or benefit of a US Person that, in each case, is not a 'qualified purchaser' (as defined in Section 2(a)(51) of the US Investment Company Act and the rules and regulations thereunder) (QP) at the time of the acquisition of the Securities. Any US Person that is not a QP (or any investor who holds Securities for the account or benefit of any US Person that is not a QP) is an 'Excluded US Person' and may not hold Securities.

Centuria may require investors to complete a statutory declaration as to whether they (or any person on whose account or benefit they hold Securities) are an Excluded US Person. Centuria may treat any investor who does not comply with such a request as an Excluded US Person. Centuria has the right to: (i) refuse to register a transfer of Securities to any Excluded US Person; or (ii) require any Excluded US Person to dispose of their Securities, and, if the Excluded US Person does not do so within 30 business days, require the Securities be sold by a nominee appointed by Centuria. To monitor compliance with these foreign ownership restrictions, the ASX's settlement facility operator (ASTC) will classify the New Securities as Foreign Ownership Restricted financial products and designated the New Securities as 'FOR – Excluded US Person', and will put in place certain additional monitoring procedures. The New Securities may only be resold or transferred in regular brokered transactions on the ASX where neither the seller nor any person acting on its behalf knows, or has reason to know, that the sale has been pre-arranged with, or that the purchaser is, a person that is in the United States or that is a US Person or acting for the account or benefit of a US Person, in each case in compliance with 'category 2' of Regulation S under the US Securities Act.

The New Securities in the Retail Entitlement Offer will be offered and sold only outside the United States in 'offshore transactions' (as defined in Rule 902(h) under the US Securities Act) in reliance on 'category 2' of Regulation S under the US Securities Act.

The Board is pleased to provide Eligible Retail Securityholders with an opportunity to increase their investment in Centuria and to support the ongoing execution of its growth strategy.

Use of funds

The Equity Raising is being undertaken to provide funding flexibility to accelerate growth across ResetData¹ and Centuria's real estate equity and credit funds management platform in the following ways:

Accelerate growth across ResetData

- Accelerate establishment of existing and pipeline AI Factories: since the completion of Centuria's first Australian AI Factory (AI-F1), there has been increased customer demand for AI capacity. This Equity Raising will assist to accelerate the growth of Centuria's AI Factory pipeline.
- Progress customer onboarding and enquiries across existing and potential Centuria or third-party power pipelines; establishing a pipeline for potential near term deployment of 10,000+ GPUs and opportunity to expand into Centuria's portfolio over time.²

Support growth across real estate equity and credit funds management platform

- Support the origination and underwriting of existing and potential real estate transactions along with a focus on creating larger unlisted real estate funds³ and seeding co-investments in institutional mandates.
- Growth initiatives across select private credit funds, utilising distribution capabilities to grow market share from ~1%⁴ in a sector with a growing addressable market (~13% p.a. sector growth from CY25 to CY28)⁴.
- Unlock Centuria's potential pathway to 200MW+ of power across existing assets with future AI Factory optionality.

Retail Entitlement Offer

This letter relates to the Retail Entitlement Offer, which together with the Institutional Entitlement Offer will raise approximately \$100 million. Under the Retail Entitlement Offer, Eligible Retail Securityholders can subscribe for 1 New Security for every 17 Securities held as at the Record Date at an Issue Price of \$2.00 per New Security.

The Issue Price represents:

- a 6% discount to the last close price of \$2.18 per Centuria Security on 19 June 2026, adjusted for the 30 June 2026 interim distribution of 5.2 cents per Security; and
- a 5.2% discount to the distribution-adjusted theoretical ex-rights price (**TERP**) of \$2.11 per Centuria Security.⁵

The New Securities issued under the Equity Raising will:

- rank equally in all respects with existing Securities on issue from the date of allotment;
- not be entitled to the distribution for the six months ending 30 June 2026 because the record date for that distribution will have passed by the time New Securities are issued; and
- be entitled to participate in all future CNI distributions.

The number of New Securities for which you are entitled to subscribe under the Retail Entitlement Offer (**Entitlement**) is set out in your personalised Entitlement and Acceptance Form that accompanies this Retail Offer Booklet when it is despatched to Eligible Retail Securityholders on Friday, 26 June 2026.

Eligible Retail Securityholders who take up their full Entitlement may also apply for Additional New Securities at the Issue Price (up to a maximum of 25% in excess of their Entitlement and to the extent available). In the event of over subscriptions, the allocation of Additional New Securities will be at the discretion of the Board and the Joint Lead Managers and subject to scale-back. There is no guarantee that you will be allocated any Additional New Securities under the Top-up Facility.

The Entitlement Offer is non-renounceable and therefore your Entitlements will not be tradeable on the ASX or otherwise transferable. If you do not participate in the Retail Entitlement Offer, your Entitlement will lapse and you will receive no value for those lapsed Entitlements.

If you decide to take this opportunity to increase your investment in Centuria please ensure that, before 5.00pm (Sydney time) on Tuesday, 7 July 2026, you have paid your Application Monies via BPAY® (for Australia) or EFT (for New Zealand) pursuant to the instructions set out in the personalised Entitlement and Acceptance Form that relates to the Retail Entitlement Offer and accompanies this Retail Offer Booklet for Eligible Securityholders.

If you pay your Application Monies before 5:00pm (Sydney time) on Monday 29 June 2026 (Early Retail Acceptance Due Date) via BPAY® or EFT (for New Zealand), your New Securities will be allotted to you on Wednesday 1 July 2026, which is the same date that New Securities will be issued under the Placement and the Institutional Entitlement Offer.

The Retail Entitlement Offer closes at 5:00pm (Sydney time) on Tuesday 7 July 2026.

The Board recommends that you carefully read this Retail Offer Booklet in its entirety and seek appropriate professional advice before making any investment decision. You should refer to the "Risks" section of the Investor Presentation included as Annexure B of this Retail Offer Booklet for a summary of general and specific risk factors that may affect Centuria and the Retail Entitlement Offer.

If you do not wish to take up any of your Entitlement, you do not have to take any action.

On behalf of the directors of Centuria, we invite you to consider this opportunity to participate in the exciting next stage of Centuria's growth.

Yours faithfully,

Kristie Brown

In the event of oversubscription, the allocation of Additional New Securities will be at the discretion of the Board and the Joint Lead Managers and subject to scale-back. There is no guarantee that you will be allocated any Additional New Securities.

Disregarding the Placement, Eligible Retail Securityholders who do not participate in the Retail Entitlement Offer, or participate for an amount less than their full Entitlement will have their percentage holding in Centuria reduced.

3

Decide what you want to cont'd

Disregarding the Placement, Eligible Retail Securityholders who participate in the Retail Entitlement Offer will see their percentage holding in Centuria reduce, increase or stay the same depending on the proportion of their Entitlement they subscribe for and the Additional New Securities applied for and allocated to them, at the discretion of the Board and the Joint Lead Managers.

If you do not participate in the Entitlement Offer, you will not receive any value for your Entitlement.

Section 1: Overview of the Retail Entitlement Offer

1.1 Overview

Centuria intends to raise approximately \$300 million through the Equity Raising, which comprises the Placement, Institutional Entitlement Offer and the Retail Entitlement Offer.

The Equity Raising is underwritten by the Joint Lead Managers, subject to the terms of the Underwriting Agreement (see Section 5.11 for more details).

Under the Entitlement Offer, Centuria is offering Eligible Securityholders the opportunity to subscribe for 1 New Security for every 17 Securities held on the Record Date. The Issue Price per New Security is \$2.00, the same price as offered to Institutional Investors under the Placement.

The Entitlement Offer is non-renounceable, which means that the Entitlements cannot be traded or otherwise transferred on ASX or any other exchange or privately. If you do not participate in the Entitlement Offer, you will not receive any value for your Entitlement.

Please refer to the ASX Announcement and the Investor Presentation annexed to this Retail Offer Booklet for further information on the rationale of the Equity Raising, the use of the proceeds of the Equity Raising and for further information on Centuria and its growth strategy.

1.2 Results of the Placement and Institutional Entitlement Offer

On Monday 22 June 2026, the Placement was conducted with eligible Institutional Investors being offered New Securities at an Issue Price of \$2.00 per New Security. In addition, Eligible Institutional Securityholders were given the opportunity to take up all or part of their Entitlement under the Institutional Entitlement Offer at an Issue Price of \$2.00 per New Security.

New Securities equivalent to the number not taken up by Eligible Institutional Securityholders under the Institutional Entitlement Offer were offered to Eligible Institutional Securityholders who applied for New Securities up to a maximum of 25% in excess of their Entitlement (to the extent available) under the Top-up Facility, as well as to certain other eligible Institutional Investors.

Centuria successfully raised approximately \$200 million under the Placement.

Centuria also received strong demand under the Institutional Entitlement Offer which raised approximately \$65 million.

The New Securities are expected to be allotted under the Placement and Institutional Entitlement Offer on Wednesday 1 July 2026. The New Securities are expected to be allotted under the Retail Entitlement Offer on Tuesday 14 July 2026.

1.3 Retail Entitlement Offer

Under the Retail Entitlement Offer, Eligible Retail Securityholders are invited to subscribe for all or part of their Entitlement and are being sent this Retail Offer Booklet with a personalised Entitlement and Acceptance Form. Eligible Retail Securityholders are also able to view the Retail Offer Booklet and participate in the Retail Entitlement Offer using the Retail Entitlement Offer website at centuria.com.au/cni-entitlement-offer.

Centuria is also offering Eligible Retail Securityholders the opportunity to apply for Additional New Securities in excess of their Entitlement (up to a maximum of 25% of their Entitlement to the extent available). The allocation of Additional New Securities will be at the discretion of the Board and the Joint Lead Managers and subject to scale-back. Allotment of Additional New Securities (if any) will take place along with allotment of New Securities offered under the Retail Entitlement Offer on Tuesday 14 July 2026.

The Retail Entitlement Offer constitutes an offer only to Eligible Retail Securityholders, being Securityholders on the Record Date who have a registered address in Australia or New Zealand or an Institutional Securityholder in another permitted jurisdiction that was not permitted to participate in the Institutional Entitlement Offer. A person in the United States or a US Person or a person acting for the account or benefit of a US Person or an Institutional Securityholder (other than a nominee to the extent that the nominee holds Securities on behalf of an Eligible Retail Securityholder) is not entitled to participate in the Retail Entitlement Offer.

Determination of eligibility of Eligible Securityholders for the purposes of the Entitlement Offer is by reference to a number of matters, including legal requirements and the discretion of Centuria and the Joint Lead Managers. Centuria and the Joint Lead Managers disclaim any liability in respect of the exercise or otherwise of that discretion, to the maximum extent permitted by law.

The Retail Entitlement Offer closes at 5:00pm (Sydney time) on Tuesday 7 July 2026 with New Securities to be allotted on Tuesday 14 July 2026.

The Retail Entitlement Offer is underwritten by the Joint Lead Managers and together with the Institutional Entitlement Offer seeks to raise approximately \$100 million. The Issue Price under the Retail Entitlement Offer is the same as the Issue Price under the Placement and Institutional Entitlement Offer.

1.4 Use of proceeds

The Equity Raising is being undertaken to provide funding flexibility to accelerate growth across ResetData¹ and Centuria's real estate equity and credit funds management platform in the following ways:

Accelerate growth across ResetData

- Accelerate establishment of existing and pipeline AI Factories: since the completion of Centuria's first Australian AI Factory (AI-F1), there has been increased customer demand for AI capacity. This Equity Raising will assist to accelerate the growth of Centuria's AI Factory pipeline.
- Progress customer onboarding and enquiries across existing and potential Centuria or third-party power pipelines; establishing a pipeline for potential near term deployment of 10,000+ GPUs and opportunity to expand into Centuria's portfolio over time.²

Support growth across real estate equity and credit funds management platform

- Support the origination and underwriting of existing and potential real estate transactions along with a focus on creating larger unlisted real estate funds³ and seeding co-investments in institutional mandates.
- Growth initiatives across select private credit funds, utilising distribution capabilities to grow market share from ~1%⁴ in a sector with a growing addressable market (~13% p.a. sector growth from CY25 to CY28)⁴.
- Unlock Centuria's potential pathway to 200MW+ of power across existing assets with future AI Factory optionality.

1.5 Ranking of New Securities

New Securities will rank equally with existing Securities on issue.

New Securities will not be entitled to the distribution for the six months ending 30 June 2026 because the record date for that distribution will have passed by the time the New Securities are issued.

1. Centuria owns a 50% interest in ResetData Pty Ltd.
 2. Indicative target, subject to contracts being secured. Actual revenues will be dependent on agreed contract terms and pricing.
 3. Support includes deposits, due diligence costs, upfront financing costs and, if required, temporary underwriting of funds through investment in acquisition units pending their sell down through Centuria's investor network.
 4. A&M Australian private market debt review 2025.

1.6 Reconciliation and fractional entitlements

In any entitlement offer, investors may believe that they own more or fewer existing Securities on the Record Date than they ultimately do. This could potentially result in the requirement for reconciliation to ensure all Eligible Retail Securityholders have the opportunity to receive their full Entitlement. If this is required, it is possible that Centuria may need to issue a small quantity of Additional New Securities to ensure all Eligible Institutional Securityholders and Eligible Retail Securityholders have the opportunity to receive their full Entitlement. The price at which these Securities will be issued will be the same as the Issue Price. Centuria also reserves the right to reduce the number of New Securities allocated to Eligible Securityholders or persons claiming to be Eligible Securityholders, if their Entitlement claims prove to be overstated, or if they or their nominees fail to provide information requested to substantiate their Entitlement claims, or if they are indeed not Eligible Securityholders.

To the extent that the application of the offer ratio of 1 New Security for every 17 existing Securities held on the Record Date results in a fractional entitlement to New Securities for a particular Securityholder, that Securityholder's Entitlement will be rounded up to the next higher whole number of New Securities.

1.7 Quotation and trading

Centuria will apply to ASX for the official quotation of the New Securities in accordance with ASX Listing Rule requirements. Subject to approval being granted, it is expected that normal trading of New Securities:

- allotted under the Placement, Institutional Entitlement Offer and Retail Entitlement Offer for applications received by the Early Retail Acceptance Due Date will commence on Wednesday 1 July 2026; and
- allotted under the Retail Entitlement Offer (including any Additional New Securities under the Top-up Facility) will commence on Wednesday 15 July 2026.

1.8 Holding statements

Holding statements are expected to be despatched to Eligible Securityholders on Friday 17 July 2026 in respect of their New Securities.

It is the responsibility of each applicant to confirm their holding before trading in New Securities. Any applicant who sells New Securities before receiving confirmation of their holding in the form of their holding statement will do so at their own risk. Centuria, the Joint Lead Managers and their respective affiliates and related bodies corporate each disclaim all liability whether in negligence or otherwise (and to the maximum extent permitted by law) to persons who trade New Securities before receiving their holding statements, whether on the basis of confirmation of the allocation provided by Centuria, the Registry or the Joint Lead Managers.

1.9 Withdrawal of the Entitlement Offer

Subject to the consent of the Joint Lead Managers, Centuria reserves the right to withdraw the Entitlement Offer at any time, in which case Centuria will refund any Application Monies already received in accordance with the Corporations Act (without interest).

Section 2: How to apply - Eligible Retail Securityholders

2.1 Choices available to Eligible Retail Securityholders

Eligible Retail Securityholders may do any one of the following:

1. take up all of their Entitlement (refer to Section 2.2);
2. take up all of their Entitlement and apply for Additional New Securities in excess of their Entitlement (refer to Section 2.2);
3. take up part of their Entitlement (refer to Section 2.2); or

The Retail Entitlement Offer is a pro rata offer to Eligible Retail Securityholders only.

Centuria is also offering Eligible Retail Securityholders who take up all of their Entitlement the opportunity to apply for Additional New Securities in excess of their Entitlement under a Top-up Facility (refer to Section 2.2).

If Eligible Retail Securityholders apply for more Additional New Securities than available under the Top-Up Facility, Centuria and the Joint Lead Managers will scale-back applications for additional New Securities in their absolute discretion.

2.2 Take up all or part of your Entitlement, or take up all of your Entitlement and apply for Additional New Securities (up to 25% in excess of your Entitlement under the Top-up Facility)

If you wish to take up your Entitlement in full or in part, or in full and apply for Additional New Securities (up to a maximum of 25% in excess of your Entitlement under the Top-Up Facility (to the extent available)), you can submit your Application and Application Monies as follows:

2.2.1 How to apply — BPAY® (Australia)

For payment by BPAY®, please follow the instructions set out on the personalised Entitlement and Acceptance Form or online at centuria.com.au/cni-entitlement-offer.

You can only make payment by BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions.

Cash payments will not be accepted. Receipts for payment will not be issued.

Your BPAY® payment constitutes a binding and irrevocable acceptance of the number of New Securities and Additional New Securities to which your payment relates, subject to the terms of this Retail Offer Booklet.

When paying by BPAY®, please ensure you use the specific Biller Code and your unique Customer Reference Number (**CRN**) found on your personalised Entitlement and Acceptance Form or accessed online at centuriainvestor.com. If you have multiple holdings and receive more than one personalised Entitlement and Acceptance Form, when taking up your Entitlement in respect of one of those holdings, only use the CRN specific to that holding. If you do not use the correct CRN specific to that holding, your Application will not be recognised as valid and may be rejected.

You can be allotted New Securities the subject of your Entitlement at the same time as Eligible Institutional Securityholders under the Institutional Entitlement Offer being, Wednesday 1 July 2026. To do this you must make payment of the Application Monies via BPAY® in time to ensure that cleared funds are received no later than 5:00 pm (Sydney time) on Monday 29 June 2026. If your payment of the Application Monies is received in cleared funds after this time, but before the Retail Closing Date, New Securities will be allotted to you on Tuesday 14 July 2026.

Applicants should be aware that their own financial institution may implement earlier cut off times with regards to electronic payment, and should therefore take this into consideration when making payment of Application Monies.

To apply and pay via BPAY®, you should:

- read this Retail Offer Booklet and the Entitlement and Acceptance Form in their entirety and seek appropriate professional advice if necessary;
- make your payment in respect of the full Application Monies via BPAY® for the number of New Securities you wish to subscribe for (being the Issue Price of \$2.00 per New Security multiplied by the number of New Securities you are applying for (including your Entitlement and any Additional New Securities under the Top-up Facility, up to a maximum of 25% of your Entitlement) so that it is received by no later than the Retail Closing Date, being 5.00pm (Sydney time) on Tuesday 7 July 2026.

If you take up all or part of your Entitlement (or all of your Entitlement and apply for Additional New Securities under the Top-up Facility) and your payment of the Application Monies is received in cleared funds by the Retail Closing Date, being 5.00pm (Sydney time) on Tuesday 7 July 2026, New Securities (and Additional New Securities) are expected to be allotted to you on the Allotment Date being Tuesday 14 July 2026. Your payment of the Application Monies will not be accepted after the Retail Closing Date, being 5.00pm (Sydney time) on Tuesday 7 July 2026, and no New Securities (or Additional New Securities under the Top-up Facility) will be issued to you in respect of such late Application.

If the amount of Application Monies is insufficient to pay in full for the number of New Securities you applied for, you will be taken to have applied for such whole number of New Securities which is covered in full by your Application Monies. Alternatively, your application will be rejected.

If you apply for Additional New Securities (up to a maximum of 25% in excess of your Entitlement under the Top-up Facility (to the extent available)) and you are not allocated all or some of the Additional New Securities applied for under the Top-up Facility, the relevant Application Monies will be refunded to you after the Allotment Date in accordance with the Corporations Act, without interest being payable. The allotment of Additional New Securities will be at the discretion of the Board and the Underwriters and may be subject to scale-back. There is no guarantee that you will be allocated any Additional New Securities applied for under the Top-up Facility.

For the convenience of Eligible Retail Securityholders in New Zealand, an Australian reply-paid envelope addressed to the Registry has been enclosed with this Retail Offer Booklet.

Note that if you have more than one holding of Securities, you will be sent more than one personalised Entitlement and Acceptance Form and you will have separate Entitlements for each separate holding. A separate Entitlement and Acceptance Form and payment of Application Monies must be completed for each separate Entitlement you hold.

2.2.3 Refund of Application Monies

Any Application Monies received for more than your final allocation of New Securities and Additional New Securities under the Top-up Facility will be refunded as soon as practicable after allotment. No interest will be paid to applicants on any Application Monies received or refunded.

2.3 Take no action and allow all of your Entitlement to lapse

If you are an Eligible Retail Securityholder and you do nothing, the Entitlements in respect of your Securities will lapse. Your Entitlement to participate in the Retail Entitlement Offer is non-renounceable and will not be tradeable or otherwise transferable. Securityholders who do not take up their Entitlements in full will not receive any payment or value for those Entitlements they do not take up.

You should also note that, if you do not take up all or part of your Entitlement, then your percentage holding in Centuria will be diluted to the extent that New Securities are issued to other Securityholders.

2.4 Implications of making an Application

Returning a completed Entitlement and Acceptance Form or paying any Application Monies for New Securities via BPAY® or EFT (for New Zealand) will be taken to constitute a representation by the Eligible Retail Securityholder that they:

- have also received or accessed a copy of this Retail Offer Booklet accompanying the Entitlement and Acceptance Form, and have read both them in their entirety;
- make the Eligible Retail Securityholder declarations referred to in the Entitlement and Acceptance Form and on pages 31 and 32 of this Retail Offer Booklet; and

The section below provides a general summary of the Australian income tax, capital gains tax (**CGT**), goods and services tax (**GST**) and stamp duty implications of the Retail Entitlement Offer for certain Eligible Retail Securityholders.

The comments in this section deal only with the Australian taxation implications of the Retail Entitlement Offer if you:

- are a resident for Australian income tax purposes; and
- hold your Securities on capital account.

The comments do not apply to you if you:

- are not a resident for Australian income tax purposes;
- hold your Securities as revenue assets or trading stock (which will generally be the case if you are a bank, insurance company or carry on a business of trading in securities);
- are subject to the 'TOFA provisions' in Division 230 of the *Income Tax Assessment Act 1997* in relation to the Securities; or
- acquired the Securities in respect of which the Entitlement Offer is issued under any employee share scheme or where the New Securities are acquired pursuant to any employee share scheme.

The taxation implications of the Retail Entitlement Offer will vary depending upon your particular circumstances. Accordingly, you should seek and rely upon your own professional advice before concluding on the particular taxation treatment that will apply to you.

Centuria and its officers, employees, taxation or other advisers do not accept any liability or responsibility in respect of any statement concerning taxation consequences, or in respect of the taxation consequences.

This taxation summary is necessarily general in nature. It is strongly recommended that each Eligible Retail Securityholder seeks their own independent professional tax advice applicable to their particular circumstances.

This taxation summary does not constitute financial product advice as defined in the Corporations Act. This summary is confined to taxation issues and is only one of the matters you need to consider when making a decision about your investments. You should consider taking advice from a licensed adviser, before making a decision about your investments.

3.2 Issue of Entitlements

The issue of the Entitlements should not, of itself, result in any amount being included in your assessable income.

3.3 Exercise of Entitlements

Eligible Retail Securityholders who exercise their Entitlements will acquire New Securities.

No assessable income or capital gain should arise for you on the exercise (i.e. taking up) of your Entitlements.

If you take up all or part of your Entitlements, you will acquire New Securities. Each of the securities comprising the New Securities will constitute a separate asset for CGT purposes.

The total cost base (and reduced cost base) of the New Securities should equal the Issue Price for the New Securities plus certain non-deductible incidental costs incurred in acquiring the New Securities. The cost base must be allocated across the securities that comprise the New Securities on a reasonable basis.

Each of the securities comprising the New Securities will be taken to be acquired on the day that the Entitlement in respect of the New Security is exercised.

3.4 Acquiring Additional New Securities

No assessable income or capital gain should arise for you from acquiring Additional New Securities.

The cost base and reduced cost base for the individual securities comprising Additional New Securities acquired under the Retail Entitlement Offer should be determined in the same manner as for New Securities acquired on exercise of your Entitlements.

Each of the securities comprising the Additional New Securities will be taken to have been acquired for CGT purposes on the day the Additional New Securities are issued to you.

3.5 Distributions on New Securities

Future distributions made in respect of New Securities and Additional New Securities will be subject to the same income taxation treatment as distributions made on existing Securities held in the same circumstances.

As part of the 2026-2027 Federal Budget, the Australian Government announced changes to the taxation of capital gains for individuals, trusts and partnerships. If these proposals are enacted as proposed, the distributed capital gains by Centuria Capital Fund are expected to be apportioned between the existing 50% CGT discount gains and CPI-based indexation of cost base gains as discussed below.

The negative gearing and taxation of trusts at 30% included in the Federal Budget proposals are not expected to be applicable to the New Securities because the Centuria Capital Fund and its wholly owned trusts are widely held trusts.

3.6 Disposal of New Securities and Additional New Securities

On disposal of a New Security or an Additional New Security (referred to in this section as a Security), you will make a capital gain if the capital proceeds on disposal exceed the total cost base of the Security. You will make a capital loss if the capital proceeds are less than the total reduced cost base of the Security.

As each individual security comprising a Security is a separate CGT asset, the disposal of a Security will constitute a disposal for CGT purposes of each individual security comprising that Security. Accordingly, the capital proceeds referable to the disposal of each individual security will need to be determined by apportioning the total capital proceeds received in respect of the disposal of the Security on a reasonable basis.

Under the current tax law individuals, complying superannuation entities or trustees that have held Securities for at least 12 months (not including the dates of acquisition and disposal of the Securities) should be entitled to discount the amount of any capital gain resulting from the disposal of the Securities (after the application of any current year or carry forward capital losses).

The CGT discount applicable is currently one-half for individuals and trustees and one-third for complying superannuation entities. The CGT discount is not available for companies that are not acting as trustee of a trust. Trustees should seek specific tax advice regarding the tax consequences arising to beneficiaries because of the CGT discount.

As discussed above, as part of the 2026-2027 Federal Budget, the Australian Government announced changes to the taxation of capital gains for individuals, trusts and partnerships. In broad terms, the existing 50% CGT discount is proposed to be replaced with a CPI-based indexation of cost base.

In addition, a minimum tax rate of 30% is proposed to apply to capital gains from 1 July 2027 determined under the cost base indexation method (subject to limited exceptions).

Transitional rules are proposed to apply for assets held prior to 1 July 2027 and disposed thereafter. Broadly, this would require an apportionment of the total capital gain, such that:

- the portion attributable to the period prior to 1 July 2027 may continue to access the existing CGT discount; and
- the portion attributable to the period from 1 July 2027 would instead be calculated using an indexed cost base, with the asset's market value at 1 July 2027 effectively resetting the cost base for this purpose.

These measures are subject to the enactment of legislation and the release of further detail. The final form and application of these measures may differ. Australian resident investors should monitor developments, including draft legislation and administrative guidance, to assess the potential impact on their investment in the Securities.

If a capital loss arises on disposal of the Securities, the capital loss can only be used to offset capital gains; the capital loss cannot be used to offset ordinary income. However, the capital loss can be carried forward to use in future income years if the loss cannot be used in a particular income year, provided (in the case of a corporate investor) certain tests are satisfied. The Federal Budget tax proposals require from 1 July 2027 that CGT losses be applied to offset the gross amount of CGT discount gains in priority to other capital gains.

3.7 Entitlements not taken up

As described in Section 2.3 above, any Entitlement not taken up under the Retail Entitlement Offer will lapse and the Eligible Retail Securityholder will not receive any consideration for those Entitlements. In these circumstances, there should not be any adverse income tax implications for the Eligible Retail Securityholder.

3.8 Tax file number

If a Securityholder has quoted their Australian business number (**ABN**), tax file number (**TFN**) or an exemption from quoting their tax file number in respect of an existing Security, this quotation or exemption will also apply in respect of any New Securities or Additional New Securities acquired by that Securityholder.

Tax may be required to be deducted by Centuria from any distributions at the highest marginal tax rate if an ABN or TFN has not been quoted, or an appropriate TFN exemption has not been provided.

3.9 Other Australian taxes

No Australian GST or stamp duty will be payable by Eligible Retail Securityholders in respect of the issue or exercise of the Entitlements or the acquisition of New Securities pursuant to the Retail Entitlement Offer or Additional New Securities.

Section 4: New Zealand taxation

4.1 Introduction

This section provides a general summary of the New Zealand (NZ) income tax and goods and services tax (GST) implications of the Retail Entitlement Offer for Eligible Retail Securityholders.

The comments in this section deal with the NZ tax implications of the Retail Entitlement Offer. If a Securityholder is resident in NZ, they are resident in NZ for income tax purposes.

The comments in this section are based on NZ tax legislation, together with administrative guidance and judicial interpretations of relevant legislation as at the date of this document.

The tax implications of the Retail Entitlement Offer will vary depending upon your circumstances. NZ tax implications arising from holding interests in non-NZ tax resident entities and deriving non-NZ sourced income can be complex and based on your individual facts and circumstances. It is strongly recommended that each Eligible Retail Securityholders seeks their own independent professional tax advice before concluding on the particular taxation treatment that will apply.

Centuria and its officers, employees, taxation or other advisers do not accept any liability or responsibility in respect of any statement concerning tax consequences, or in respect of the tax consequences.

4.2 General comments on taxation of non-NZ sourced income

There are a number of specific NZ tax rules that can apply to determine the timing, measurement and taxation of foreign sourced (non-NZ) income derived by NZ tax residents (including the application of the NZ Foreign Investment Fund (FIF) rules).

New Zealand investors holding foreign securities may be taxed under one of two regimes: the general tax regime or the FIF regime.

The application and operation of these regimes is fact and circumstance specific. Accordingly, the comments that follow describe the expected incremental NZ tax impact of the Retail Entitlement Offer only.

Importantly, the acquisition of New Securities or Additional New Securities may affect the specific rules, methods or exemptions that apply to a holder's existing Securities.

4.3 Recent changes to FIF regime

New Zealand tax resident holders should consider whether the FIF rules apply to their investment, including whether any de minimis exemption is available. The NZ Government recently announced proposals to increase the FIF regime de minimis threshold from NZ\$50,000 to NZ\$100,000, together with other FIF regime changes. These changes are intended to apply from 1 April 2026, although they have not yet been enacted and remain subject to the legislative process. The final form of the rules may therefore differ.

Eligible Retail Securityholders should obtain their own independent tax advice on the application of the NZ rules to their existing Securities, New Securities and Additional New Securities, including whether the changes to the FIF regime impact them.

4.4 Issue of Entitlements

The issue of the Entitlements should not, of itself, result in any taxable income or other NZ tax implications for Securityholders.

4.5 Exercise of Entitlements

No taxable income for other NZ tax implications should arise for Eligible Retail Securityholders on the exercise of their Entitlements.

4.6 Acquiring New Securities (including Additional New Securities)

The New Securities (including Additional New Securities) will be taken to have been acquired for NZ income tax purposes on the day the New Securities are issued.

No taxable income should arise for holders from acquiring New Securities or Additional New Securities. However, the acquisition of New Securities and the cost of those Securities, may be relevant to the application of the NZ tax rules discussed in Section 4.2, depending on your circumstances.

The cost of the New Securities or Additional New Securities should equal to the issue price paid by the Securityholder to acquire the New Securities and Additional New Securities.

4.7 Distributions on New Securities

Future distributions made in respect of New Securities and Additional New Securities should be subject to the same income tax treatment as distributions made on existing Securities held in the same circumstances. However, we recommend that investors that receive New Securities (and Additional New Securities) seek independent tax advice to determine whether the additional Securities acquired have an impact on the NZ regime the Securityholder is subject to or whether the acquisition has any NZ tax implications for them.

Australian withholding tax and NZ foreign tax credit considerations may also be relevant, depending on the nature of the distribution and the holder's circumstances.

4.8 Disposal of New Securities and Additional New Securities

Based on current law, future disposals of New Securities and Additional New Securities should be subject to the same income tax treatment as disposals made on existing Securities held in the same circumstances.

New Zealand does not currently have a comprehensive capital gains tax. However, gains may still be taxable depending on the Securityholder's circumstances, including where the Securities are held on revenue account, or were acquired for the purpose of disposal, or under certain FIF calculation methods (where the FIF rules apply).

4.9 Disclosure to Commissioner of Inland Revenue

Disclosure to the Commissioner of Inland Revenue may be required under section 61 of the *Tax Administration Act 1994* where the investment is subject to the NZ FIF rules.

4.10 Entitlements not taken up

As described in Section 2.3 above, any Entitlement not taken up under the Retail Entitlement Offer will lapse and the Eligible Retail Securityholders will not receive any consideration for those Entitlements.

The lapse of the Entitlements should not give rise to any additional NZ income tax implications for Eligible Retail Securityholders. This does not affect the NZ tax treatment of their existing Securities, although their total percentage holding in Centuria may be diluted if the entitlement is not taken up in full.

4.11 Other NZ taxes

No NZ GST will be payable by Eligible Retail Securityholders in respect of the issue or exercise of the Entitlements or the acquisition of New Securities pursuant to the Retail Entitlement Offer or Additional New Securities.

All information has been prepared without taking into account your individual investment objectives, financial circumstances or particular needs. The information contained in this Retail Offer Booklet and the Entitlement and Acceptance Form should not be considered as comprehensive or to comprise all the information which a Securityholder may require in order to determine whether or not to subscribe for New Securities. The Investor Presentation details important factors and risks that could affect the financial and operating performance of Centuria. Please refer to the 'Risks' section of the Investor Presentation for details. No person is authorised to give any information or make any representation in connection with the Entitlement Offer, which is not contained in this Retail Offer Booklet.

5.6 No cooling-off rights

Cooling-off rights do not apply to a subscription for New Securities under the Entitlement Offer. This means that you cannot withdraw your Application once it has been accepted.

Please refer to the 'Risks' section of the Investor Presentation and the disclaimers outlined in this Retail Offer Booklet for more information.

5.8 Offer jurisdictions – restrictions and limitations

The Retail Entitlement Offer will not be made to Securityholders with registered addresses outside Australia and New Zealand. This document does not constitute an offer or invitation in any place in which, or to any person to whom, it would not be lawful to make such an offer or invitation. Return of the Entitlement and Acceptance Form or payment by BPAY® of Application Monies shall be taken by Centuria to constitute a representation by you that there has been no breach of any such laws.

The New Securities are not being offered to the public within New Zealand other than to existing Securityholders of Centuria with registered addresses in New Zealand to whom the offer of these New Securities is being made in reliance on the *Financial Markets Conduct (Incidental Offers) Exemption Notice 2021* (New Zealand).

This Retail Offer Booklet has been prepared in compliance with Australian law and has not been registered, filed with or approved by any New Zealand regulatory authority under the *Financial Markets Conduct Act 2013*.

This document is not a product disclosure statement under New Zealand law and is not required to, and may not, contain all the information that a product disclosure statement under New Zealand law is required to contain.

The distribution of this document outside Australia and New Zealand may be restricted by law. If you come into possession of this document you should observe any such restrictions, including those set out in the Investor Presentation. A failure to comply with such restrictions may contravene applicable securities laws.

5.9 Offer jurisdictions – United States restrictions and limitations

This Retail Offer Booklet, and any accompanying ASX announcements and the Entitlement and Acceptance Form, do not constitute an offer to sell, or a solicitation of an offer to buy, any securities in the United States or to, for the account or benefit of, 'US Persons' (as defined in Regulation S under the US Securities Act of 1933).

The New Securities have not been, nor will be, registered under the US Securities Act or the securities laws of any state or other jurisdiction of the United States.

In addition, Centuria has not been, and will not be, registered under the US Investment Company Act. Accordingly, the New Securities may only be offered and sold outside the United States to persons that are not US Persons and are not acting for the account or benefit of US Persons in compliance with 'category 2' of Regulation S and the laws of the jurisdiction in which such securities are offered and sold. Securityholders that hold Securities on behalf of persons in the United States or that are US Persons may not take up Entitlements or subscribe for Securities on behalf of such persons, and may not send to such persons this Retail Offer Booklet, the Entitlement and Acceptance Form or any other material relating to the Retail Entitlement Offer. The New Securities cannot be held by, or for the account or benefit of, any US Person that is not a 'qualified purchaser' (as defined in section 2(a)(51) of the US Investment Company Act).

Because of these legal restrictions, you must not distribute, release or send this Retail Offer Booklet or the Entitlement and Acceptance Form, or copies thereof, or any other material relating to the Retail Entitlement Offer to any person in the United States or any US Person.

5.10 Notice to nominees and custodians

The Retail Entitlement Offer is being made to all Eligible Retail Securityholders. Nominees with registered addresses in the eligible jurisdictions, irrespective of whether they participate under the Institutional entitlement Offer, may also be able to participate in the Retail Entitlement Offer in respect of some or all of the beneficiaries on whose behalf they hold Securities, provided that the applicable beneficiary would satisfy the criteria for an Eligible Retail Securityholder.

Nominees and custodians who hold Securities as nominees or custodians will have received, or will shortly receive, a letter from Centuria in respect of the Entitlement Offer. Nominees and custodians should consider carefully the contents of that letter and note in particular that the Retail Entitlement Offer is not available to, and they must not purport to accept the Retail Entitlement Offer in respect of:

- beneficiaries on whose behalf they hold Securities who would not satisfy the criteria for an Eligible Retail Securityholder;
- Eligible Institutional Securityholders who were invited to participate in the Institutional Entitlement Offer (whether they accepted their Entitlement or not);
- Ineligible Securityholders who were ineligible to participate in the Institutional Entitlement Offer; or
- Securityholders who are not eligible under all applicable securities laws to receive an offer under the Retail Entitlement Offer.

In particular, persons acting as nominees for other persons must not take up any Entitlements on behalf of, or send any documents related to the Entitlement Offer to, any person in the United States or any US Person or any person that is acting for the account or benefit of a person in the United States or a US Person.

Centuria is not required, and does not undertake to, determine whether or not any Securityholder or investor is acting as a nominee or custodian or the identity or residence of any beneficial owners of existing Securities or Entitlements.

5.11 Underwriting arrangements and fees

Centuria has entered into an Underwriting Agreement with Jarden Australia Pty Ltd, J.P. Morgan Securities Australia Limited and Morgan Stanley Australia Securities Limited (the **Joint Lead Managers**) who have agreed to fully underwrite the Entitlement Offer on the terms and conditions set out in the Underwriting Agreement.

This means that, subject to the terms and conditions of the Underwriting Agreement, up to \$100 million in proceeds will be raised under the Entitlement Offer.

As is customary with these types of arrangements:

- Centuria has agreed, subject to certain carve-outs, to indemnify the Joint Lead Managers, their respective affiliates and related bodies corporate, and each of their directors, officers, employees, agents and advisers against any losses they may suffer or incur in connection with the Entitlement Offer;
- Centuria and the Joint Lead Managers have given certain representations, warranties and undertakings in connection with (among other things) the Entitlement Offer; and

- the Underwriters may (in certain circumstances, having regard to the materiality of the relevant event) terminate the Underwriting Agreement and be released from its obligations under it on the occurrence of certain events.

The advisory, management and underwriting fees to be paid to the Joint Lead Managers are set out in Centuria's Appendix 3B released to the ASX on Monday 22 June 2026. The Joint Lead Managers will also be reimbursed for certain expenses in relation to the Equity Raising.

See the summary of the Underwriting Agreement contained in Appendix D of the Investor Presentation, a copy of which is included as Annexure B of this Retail Offer Booklet, for more information regarding the Underwriting Agreement, including the termination events under the Underwriting Agreement.

5.12 Control effect of the Entitlement Offer

Centuria confirms that the potential effect the Entitlement Offer will have on the control of CNL, and the consequences of that effect, will depend on a number of factors, including the extent to which eligible Securityholders take up New Securities under the Entitlement Offer. Given that the Entitlement Offer is structured as a pro rata issue and having regard to the current level of holdings of substantial holders, it is not anticipated that the Entitlement Offer will have a material effect on the control of CNL.

5.13 Consents

Statements included in this Retail Offer Booklet, or any statement on which a statement in this Retail Offer Booklet is based, are not made by the directors, officers, employees, partners, agents and advisers of Centuria, but by Centuria itself.

To the maximum extent permitted by law each of these parties expressly disclaims and takes no responsibility for any statements in or omissions from this Retail Offer Booklet.

5.14 Governing law

This Retail Offer Booklet, the Entitlement Offer and the contracts formed on acceptance of the Entitlement and Acceptance Forms are governed by the law applicable in New South Wales, Australia. Each Securityholder who applies for New Securities submits to the jurisdiction of the courts of New South Wales, Australia.

NOT FOR DISTRIBUTION OR RELEASE IN THE UNITED STATES OR TO U.S. PERSONS

Centuria Capital Group launches \$300 million fully underwritten equity raising to provide funding flexibility to accelerate growth

SYDNEY (Monday, 22 June 2026) – Centuria Capital Group (**Centuria** or **CNI**) today announces that it is undertaking a \$300 million fully underwritten equity raising. The equity raising is structured as:

- an institutional placement to raise \$200 million; and
- a 1 for 17 accelerated non-renounceable pro rata entitlement offer to raise \$100 million,

(together, the **Equity Raising**).

The Equity Raising is being undertaken to provide funding flexibility to accelerate growth across ResetData¹ and Centuria's real estate equity and credit funds management platform in the following ways:

Accelerate growth across ResetData

- Accelerate establishment of existing and pipeline AI Factories; since the completion of Centuria's first Australian AI Factory (**AI-F1**), there has been increased customer demand for AI capacity. This Equity Raising will assist to accelerate the growth of Centuria's AI Factory pipeline
- Progress customer onboarding and enquiries across existing and potential Centuria or third-party power pipelines; establishing a pipeline for potential near term deployment of 10,000+ GPUs and opportunity to expand into Centuria's portfolio over time²

Support growth across real estate equity and credit funds management platform

- Support the origination and underwriting of existing and potential real estate transactions along with a focus on creating larger unlisted real estate funds³ and seeding co-investments in institutional mandates
- Growth initiatives across select private credit funds, utilising distribution capabilities to grow market share from ~1%⁴ in a sector with a growing addressable market (~13% p.a. sector growth from CY25 to CY28)⁵
- Unlock Centuria's potential pathway to 200MW+ of power across existing assets with future AI Factory optionality

Centuria's Joint CEO's, John McBain and Jason Hujlich commented, "The Centuria and ResetData combination has created a differentiated NVIDIA neocloud partner with scalable sovereign AI Factories and access to Centuria's real estate, land and potential 200MW+ power pipeline.

ResetData is one of three Australian NVIDIA Cloud Partners and is uniquely placed to take advantage of an upswing in international demand for the establishment of Australian-based AI Factory capacity uptake.

It is worth noting that comparable neocloud platforms in Australia have experienced rapid re-ratings as contracts and scale have emerged and we have this firmly in mind as we respond to increased AI demand and build out our capability in this area.

¹ Centuria owns a 50% interest in ResetData.

² Indicative target, subject to contracts being secured. Actual revenues will be dependent on agreed contract terms and pricing.

³ Support includes deposits, due diligence costs, upfront financing costs and, if required, temporary underwriting of funds through investment in acquisition units pending their sell down through Centuria's investor network.

Centuria Capital Group (CNI) ASX Announcement

Centuria

Finally, our recent real estate acquisitions have been successively larger in scale which responds to our strategy of scaling up Centuria's real estate platform. Additional capital will be deployed and recycled as larger assets are secured for future funds."

Details of Equity Raising

Centuria has launched a \$300 million fully underwritten Equity Raising comprising:

- an institutional placement to raise \$200 million (**Placement**); and
- a 1 for 17 accelerated non-renounceable pro rata entitlement offer to raise \$100 million (**Entitlement Offer**).

Approximately 150.0 million new securities in Centuria (**New Securities**) are expected to be issued under the Equity Raising, equivalent to approximately 17.6% of existing Centuria securities on issue.

The Entitlement Offer comprises an accelerated institutional entitlement offer (**Institutional Entitlement Offer**) and a retail entitlement offer (**Retail Entitlement Offer**).

The Equity Raising is fully underwritten by the joint lead managers and bookrunners (the **Underwriters**).

All New Securities under the Equity Raising will be issued at a price of \$2.00 per New Security (**Issue Price**), representing:

- a 6.0% discount to the last close price of \$2.18 per Centuria security on 19 June 2026, adjusted for the 30 June 2026 interim distribution of 5.2 cents per security; and
- a 5.2% discount to the distribution-adjusted theoretical ex-rights price (**TERP**) of \$2.11 per Centuria security.⁶

The New Securities issued under the Equity Raising will rank equally in all respects with existing ordinary securities on issue from the date of allotment. They will not be entitled to the distribution for the six months ending 30 June 2026 because the record date for that distribution will have passed by the time New Securities are issued.

Proceeds from the Equity Raising will be used to provide funding flexibility to accelerate growth across ResetData and Centuria's real estate equity and credit funds management platforms. The timing relating to the allocation of the capital to these sources and its repayment (or recycling) is dependent on a variety of factors including market conditions and the securing of new fund opportunities or AI Factory opportunities as they arise.

Earnings guidance

Centuria reaffirms FY26 operating earnings per security guidance of 13.6 cents per security (11.5% above FY25).

Additional information

The Placement will be conducted concurrently with the Institutional Entitlement Offer. New Securities issued under the Placement do not have rights to participate in the Entitlement Offer.

The Entitlement Offer will be made to certain eligible securityholders with a registered address in Australia and New Zealand and such other jurisdictions as Centuria may decide (at its absolute discretion) and will not be made to securityholders in any excluded jurisdictions. The Entitlement Offer is subject to the terms set out in the investor presentation released to the ASX today and the retail offer booklet to be dispatched to eligible retail securityholders.

⁶ TERP is calculated with reference to the last close price of \$2.18 per security on 19 June 2026, adjusted for the 30 June 2026 interim distribution of 5.2 cents per security with a record date of 29 June 2026.

If eligible retail securityholders apply for more additional New Securities than available under the Top-Up Facility, Centuria and the Underwriters will scale back applications for additional New Securities in accordance with the allocation policy outlined in the retail offer booklet, and Centuria and the Underwriters otherwise retains absolute discretion regarding allocations under the Top-Up Facility.

1. Capital is raised ahead of settlement and continues to be raised after the asset is acquired. Centuria acquires 'acquisition units' or 'underwriting units' in the funds to support the acquisition of properties. The acquisition units are redeemed by the funds overtime from the proceeds of investments by other investors. Fund flows post settlement, reduce Centuria's interest, lowers the Group balance sheet gearing and allows new funds and revenue streams to be created.

Appendix B: Key Risks (1 of 9)

General risks

This section identifies some of the key risks associated with an investment in CNI along with the key risks relating to participation or non-participation in the Equity Raising. A number of risks and uncertainties may adversely affect the operating and financial performance or position of CNI and in turn affect the value of CNI securities. These include specific risks associated with an investment in CNI and general risks associated with any investment in listed securities. The risks and uncertainties described below are not an exhaustive list of the risks relevant to CNI. Potential investors should carefully consider whether the New Securities offered are a suitable investment having regard to their own personal investment objectives, financial circumstances and the risks set out below. In addition to the specific risks outlined below, Centuria is subject to a range of operational, governance and sustainability-related risks which are actively managed through its enterprise risk management framework.

Risk	Description
Economic environment	General economic factors such as interest rates, exchange rates, inflation, business and consumer confidence and general market conditions may adversely affect Centuria's earnings or asset values, including through reduced management and performance fees, reduced funds under management, impacts on swap arrangements, reduced distribution income or other adverse consequences.
ASX market volatility	The market price of Centuria's securities may fluctuate due to factors that may be unrelated or disproportionate to Centuria's operating performance, including broker and analyst recommendations, Australian and international economic conditions, inflation, interest rates, exchange rates, regulatory and tax changes, global investment markets, geopolitical events, investor perceptions and other factors affecting Centuria's financial performance, position, income, expenses and liquidity.
Liquidity and realisation risk	There can be no guarantee that there will be an active market in CNI securities or that their value will increase. The number of buyers or sellers of CNI securities on ASX at any time may affect price volatility and the price at which securityholders are able to sell their CNI securities.
Taxation	Future changes in Australian taxation law, including goods and services tax and stamp duty, or changes in interpretation or application of tax law by courts or taxation authorities, may affect the taxation treatment of an investment in CNI securities, the holding and disposal of those securities, or the future tax liabilities of Centuria.
Litigation	Centuria may, in the ordinary course of business, be involved in possible litigation or disputes. Any such dispute may be costly and adversely affect the operational and financial results of Centuria.
Information system disruption	Centuria relies on its infrastructure and information technology in order to operate its business. A severe disruption to or failure of Centuria's information technology systems may adversely impact the operations of Centuria and its current and future business and financial performance.
Personnel risk	The ability of Centuria to successfully deliver on its strategy is dependent on retaining key employees, senior executives and specialist personnel (such as its Joint-CEOs John McBain and Jason Huljich and its Chief Financial Officer Simon Holt). The loss of key personnel, or an inability to attract and retain suitably qualified personnel, may adversely affect Centuria's operations, strategy implementation and future business and financial performance.

Appendix B: Key Risks (3 of 9)

General risks (cont'd)

Risk	Description
Sustainability, climate and ESG risks	<p>Centuria is subject to increasing regulatory, investor and stakeholder expectations in relation to environmental, social and governance (ESG) matters, including climate-related risks and mandatory climate-related disclosures. In Australia, mandatory climate-related financial disclosure requirements have been introduced under amendments to the <i>Corporations Act 2001</i>, with reporting to be prepared in accordance with standards issued by the Australian Accounting Standards Board(AASB), including AASB S2 Climate-related Disclosures. These requirements are expected to apply to Centuria in future reporting periods. Centuria is actively developing its governance, risk management, strategy and reporting processes in preparation for these requirements.</p> <p>As part of the preparatory work, Centuria has identified and completed a review of climate-related risks in accordance with the Centuria Risk Framework. Pleasingly, each of the material risks identified for Centuria has a residual risk rating within the Group's risk appetite over the medium to long term. In relation to the material risks identified for CNI, while some sectors may be exposed to climate-related risks, the diversified nature of the business, together with the resilience of its existing compliance and governance frameworks and operating model, suggests that these risks are currently unlikely to have a material impact on CNI over the short to long term.</p> <p>Notwithstanding this assessment and given the level of uncertainty in the scenario planning used in the climate-related risk assessment, along with the expectation that there will likely be evolving investor capital appetite for assets exposed to climate change risk, Centuria will track the material risks with an elevated inherent risk and a time frame of up to 10 years. This includes <i>Access to Capital</i> and <i>Changing Regulatory Requirements</i> for CNI.</p> <p>CNI will continue to monitor climate-related risks across each of its businesses and funds, with mitigants to be identified as required to further enhance resilience over time.</p>

Appendix B: Key Risks (2 of 9)

General risks (cont'd)

Risk	Description
Operational risk and business resilience	<p>Centuria is exposed to a range of operational risks arising from its day-to-day business activities, the management of a large and geographically diverse property portfolio, and its reliance on complex financial, technological and third-party systems. These operational risks include, but are not limited to:</p> <ol style="list-style-type: none"> 1. Cyber security risks, including unauthorised access to systems, data breaches and system vulnerabilities; 2. Information technology system failures or disruptions affecting business operations; 3. Reliance on external service providers and outsourcing arrangements, including registry, IT, and property management services; 4. Fraud, internal misconduct or control failures; 5. Work health and safety (WHS) risks across Centuria's corporate operations and managed property portfolio; 6. Business interruption or continuity events, including those arising from natural disasters, system outages or other external shocks; and 7. Risks associated with the implementation and governance of emerging technologies, including artificial intelligence and data-driven systems. <p>The occurrence of any of these risks may result in operational disruption, financial loss, reputational damage, regulatory scrutiny or legal liability and may adversely affect Centuria's financial performance and position.</p>
Risk management framework and governance	<p>Centuria maintains a comprehensive risk management framework designed to identify, assess, monitor and manage risks in line with its strategic objectives and Board-approved risk appetite. This framework operates across all levels of the organisation and is supported by:</p> <ol style="list-style-type: none"> 1. Oversight from the Board and its committees, including the Audit, Risk and Compliance Committee; 2. A defined "three lines of defence" model, comprising business unit ownership of risk, independent risk and compliance functions, and internal audit assurance; 3. Formal policies, procedures and controls across key risk domains including financial, operational, regulatory and technology risks; and 4. Ongoing monitoring, reporting and escalation processes for material risks and incidents. <p>While Centuria continues to invest in enhancing its risk management capabilities and operational resilience, there can be no assurance that all risks will be identified or effectively managed at all times. A failure of the risk management framework or internal controls may result in losses, regulatory consequences or reputational damage.</p>

Centuria ASX:CNI | 22

Appendix B: Key Risks (4 of 9)

Industry specific risks: property sector

Risk	Description
Property sector risks	Centuria is subject to prevailing property market conditions in the sectors and jurisdictions in which its managed funds operate. Deterioration in property investment market conditions, including through economic cycles, interest rates or reduced demand for property as an asset class, may reduce funds under management, property asset values and investor appetite, adversely affecting Centuria's earnings.
Property liquidity	Property assets to which Centuria and funds managed by Centuria are exposed are, by their nature, illiquid investments. Centuria may not be able to realise property assets within a short period or at valuation after selling costs, which could materially adversely affect Centuria's financial performance.
Valuation and realisation risk	The value of properties held by funds managed by Centuria may fluctuate due to rental levels, occupancy assumptions, vacancy periods, rental income, capitalisation rates, market sentiment and other factors. Valuations represent expert analysis at a point in time and there is no guarantee that a property will achieve a capital gain on sale or that its value will not fall if valuation assumptions prove incorrect.
Regulatory risk and changes in legislation	Centuria operates in a highly regulated environment and may be affected by regulatory breaches, ASIC surveillance or enforcement action, penalties, liabilities, restrictions on activities, compliance costs or reputational damage. Changes in legislation or policy, including stamp duty, tenancy laws, land development and zoning policies, approval delays or subdivision registration delays, may affect managed fund values and Centuria's financial performance.
Uninsurable events affecting real property	Centuria and its managed funds are exposed to the risk of material capital loss from events that are generally uninsurable or where the cost of coverage is prohibitive. These include "force majeure" events such as acts of war, terrorism, pandemics, or specific natural disasters (e.g., land subsidence or extreme flooding in high-risk zones) where insurance is either unavailable or subject to significant exclusions. The occurrence of such an event could lead to a permanent impairment of property asset values and a reduction in the value of managed funds and Centuria's financial performance.

Appendix B: Key Risks (5 of 9)

Risks specific to the Equity Raising

Risk	Description
Underwriting risk	CNI has entered into an underwriting agreement with the Underwriters for the Equity Raising. If the Underwriters terminate the underwriting agreement, CNI may not be able to raise sufficient equity capital to pursue the growth initiatives and for the other intended purposes set out in the investor presentation. This could require Centuria to reduce, defer or withdraw proposed investments or transactions, seek alternative funding on less favourable terms, or otherwise adversely affect its financial position, growth strategy and security price.
Dilution risk	Centuria's securityholders who do not participate in the Equity Raising, or do not take up all of their entitlements under the Equity Raising, will have their investment in Centuria diluted and receive no value for their entitlement. Centuria's securityholders may have their investment in Centuria diluted by future capital raisings. Centuria may issue new securities to finance future acquisitions or pay down debt which may, under certain circumstances, dilute the value of an investor's interest. Centuria will only raise equity if it believes that the benefit to investors of acquiring the relevant assets or reducing gearing is greater than the short-term detriment caused by the potential dilution associated with an Equity Raising.
Use of funds	The proceeds of the Equity Raising are intended to provide balance sheet flexibility and support the Group's growth initiatives, including across ResetData, real estate and credit strategies. While it is intended that proceeds will initially be applied to reduce debt and subsequently deployed towards growth opportunities, the Group retains discretion in determining the timing, prioritisation and allocation of capital in response to market conditions, investment opportunities and funding considerations. There can be no assurance that identified growth opportunities will be available or executed on anticipated terms. Any changes to the allocation, timing or effectiveness of deployment may adversely affect the Group's financial performance, returns on invested capital and securityholder value.

Centuria ASX:CNI | 25

Appendix B: Key Risks (7 of 9)

Risks specific to ResetData

Risk	Description
Partial ownership risk	Centuria holds a 50% interest in ResetData. A call option is exercisable by Centuria in August 2029 to acquire the remaining 50% interest. Execution of ResetData's strategy will depend on alignment between ResetData and Centuria. Any divergence in objectives, disputes or delays in decision-making may adversely affect the timing or success of growth initiatives of ResetData.
New venture and execution	Expanding into new business lines and technology ventures involves significant execution risk. Centuria's entry into the data centre infrastructure sector (through its 50% ownership of ResetData) is at an early stage with ResetData having limited operating history. There is no guarantee that this venture will achieve its commercial objectives in the expected timeframe and delays, cost overruns, or failure to gain market traction could result in lower-than-expected returns or losses on investment.
Technology and operational	Operating a high-performance data centre platform carries substantial technical and operational risks. The success of the ResetData business depends on complex IT systems and infrastructure that must function continuously and securely. A significant hardware or software failure, power or cooling outage, or cyber-security breach could disrupt customer services, leading to contractual liabilities, reputational damage, or financial losses. Additionally, the sector is rapidly evolving; if the venture fails to maintain leading-edge technology or if more advanced competitor solutions emerge, its competitive position could deteriorate, adversely impacting growth prospects.
Market adoption and competition	The commercial viability of the ResetData business depends on customer adoption in a market of intense competition. The demand for onshore, high-performance AI compute services is emerging and unproven and there is no certainty that enterprise and government customers will adopt ResetData's services at the scale or in the timeframe anticipated. ResetData faces direct competition from well-resourced global cloud providers and other local "sovereign" AI infrastructure companies. Increased competition could limit market share or necessitate pricing concessions, reducing revenue and profitability. If customer uptake or retention is weaker than expected, the venture's growth and contribution to Centuria's results will be materially affected.
High capital requirements	Scaling ResetData will require substantial ongoing capital investment. The development of multiple high-density data centres and procurement of cutting-edge hardware involve significant capital expenditure. If capital needs exceed initial forecasts, Centuria may need to inject additional capital into ResetData or secure external financing, which could impact Centuria's financial position or result in dilution of its stake. Conversely, if adequate funding cannot be raised on acceptable terms, the venture's growth may be constrained or its roll-out slowed, limiting its ability to achieve expected scale and returns.
Specialised talent dependence	ResetData's success is highly dependent on a small team of specialised personnel. This includes ResetData's founding leadership and engineers with unique expertise in AI computing infrastructure. The loss of key individuals or an inability to attract and retain skilled technical talent could significantly delay development, impair service quality and weaken market positioning. Competition for qualified staff in this emerging sector is intense and if ResetData cannot maintain the necessary expertise, its operational performance and growth prospects may be adversely affected.
Counterparty and customer contract risk	ResetData's business depends on customers, suppliers, landlords, contractors, technology partners, financial institutions and other counterparties performing their obligations. If a key customer defaults, terminates, delays or fails to renew a material contract, or if a supplier or infrastructure partner is unable or unwilling to perform, the venture may incur unrecovered costs, lose revenue or be unable to deliver services as planned. Longer-term or high-value customer contracts may also expose the venture to concentration risk, credit risk and mismatch risk where capital expenditure or other commitments have been made in reliance on expected customer demand. Any material counterparty default or failure may adversely affect the venture's revenue, cash flow, reputation, growth prospects and the value of Centuria's investment.

Appendix B: Key Risks (6 of 9)

Risks specific to funds management

Risk	Description
Funds management performance and retention risk	Centuria manages funds on behalf of third-party investors and may derive a significant amount of Centuria Group income from fees calculated by reference to funds under management. Significant or prolonged underperformance, investor or competitor actions, failure to extend fixed term funds or strategic review outcomes, key investor withdrawals, tenant defaults, leasing failures, falling property values or reduced fund income may adversely affect Centuria's ability to retain or attract funds under management and its management fee income.
Reliance on third party equity	As a fund manager, growth in Centuria's earnings may depend on its ability to establish new listed or unlisted funds and to source and maintain equity from new and existing investors for current and future funds. If Centuria is unable to source and maintain equity from new and existing investors, its financial performance and value of CNI securities may be adversely affected.
Performance of CNI co-investments	Centuria's long-term strategy is to continue holding co-investments in a number of funds it manages. Those investments are subject to general investment risks, and factors affecting the financial performance of managed funds may adversely affect the value of Centuria's assets, its earnings and the price of CNI securities.
Funding	Centuria and funds managed by Centuria Funds Management rely on access to capital and refinancing or variation of debt facilities. Inability to obtain funding or refinancing on acceptable terms, increased funding costs, covenant constraints, rising interest rates or margins, economic downturns, reduced credit availability, falling asset values or deterioration in debt and equity markets may adversely affect Centuria's performance, financial position or equity value.
Acquisition risks	Centuria has a potential acquisition pipeline to support future growth. There is no guarantee that Centuria will identify acquisition opportunities meeting its objectives, acquire them on appropriate terms, execute current or future acquisitions, or successfully integrate acquired businesses or assets. Failure to do so could materially adversely affect Centuria's growth prospects and financial performance.

Centuria ASX:CNI | 26

Appendix B: Key Risks (8 of 9)

Risks specific to ResetData (cont'd)

Risk	Description
Supply chain and equipment procurement	The venture will rely on third-party manufacturers and suppliers for critical equipment, including servers, chips, GPUs, cooling systems, power infrastructure, networking equipment and other hardware. Supply of this equipment may be affected by global demand, semiconductor shortages, export controls, tariffs, shipping delays, labour shortages, geopolitical instability, natural disasters, insolvency or other disruptions. If equipment is unavailable, delayed or materially more expensive than expected, the venture may be unable to meet deployment schedules, customer commitments or growth targets. Cost increases may not be fully recoverable from customers, which could reduce margins and adversely affect the venture's financial performance.
Key supplier, data centre and power dependency	The operation and expansion of the ResetData platform may depend on access to suitable data centre sites, landlords, data centre operators, electricity suppliers, grid connections, telecommunications providers, cooling infrastructure and specialist technology vendors. If key supply arrangements are not renewed, are terminated, become more costly or are not available on commercially acceptable terms, the venture may be unable to secure sufficient power, space, network connectivity or equipment to deliver its services. Interruptions to power, cooling, connectivity or data centre access may also cause service outages or delays. Any such dependency or disruption could materially affect customer service levels, revenue, costs and growth prospects.
Contractual commitment and take-or-pay risk	ResetData may enter into long-term, minimum spend, take-or-pay or similar commitments to secure hardware, data centre capacity, power, cooling, network services or other infrastructure. These arrangements may require significant upfront capital expenditure or ongoing payments irrespective of actual customer demand or utilisation. If expected customer demand does not materialise, a customer contract is terminated or delayed, or the venture cannot use or resell the committed capacity, the venture may be unable to recover committed costs. This could create a mismatch between fixed costs and revenue and adversely affect profitability, cash flow and financial position.
Technology obsolescence and accelerated depreciation	AI infrastructure, compute hardware, cooling systems and related technologies are subject to rapid technological change. Hardware or systems deployed by the venture may depreciate faster than expected or become less competitive due to new product releases, alternative chip architectures, more efficient cooling solutions, changes in customer workloads or evolving industry standards. If deployed assets become obsolete or less attractive to customers, the venture may need to upgrade or replace equipment earlier than planned, accept lower pricing, recognise impairments or incur additional capital expenditure. These outcomes could adversely affect returns, cash flow and the value of Centuria's investment.
Privacy, data protection and intellectual property	ResetData may handle customer data, operational data, confidential information and proprietary technology or know-how. A privacy breach, data protection failure, unauthorised access, cyber incident or misuse of confidential information could result in service disruption, loss of customer trust, regulatory investigations, fines, litigation, contractual claims and reputational damage. The venture may also depend on its ability to protect intellectual property, technical designs, software, processes and commercial know-how. If intellectual property cannot be adequately protected, is infringed, is lost or is compromised, the venture's competitive position and value may be adversely affected.
Climate, energy and sustainability risk	Data centre and AI infrastructure operations are energy intensive and may be affected by electricity availability, grid constraints, energy price volatility, carbon costs, climate-related events and evolving sustainability expectations. The venture may also rely on third-party data centre operators, power suppliers and equipment suppliers who may pass through increased costs associated with renewable energy procurement, emissions reduction, resilience upgrades or regulatory compliance. If energy costs increase, power supply is constrained, or the venture is unable to satisfy customer, investor or regulator expectations on sustainability, margins, customer demand, reputation and growth prospects may be adversely affected.

Centuria ASX:CNI | 28

Appendix B: Key Risks (9 of 9)

Risks specific to ResetData (cont'd)

Risk	Description
Debt financing and financial indebtedness	ResetData may require additional debt or other financing to fund capital expenditure, working capital or expansion. There can be no assurance that debt financing will be available on acceptable terms, or at all, when required. Any debt facilities may include financial covenants, restrictions on operations, security arrangements and repayment obligations. A breach of covenant, increase in interest rates, refinancing difficulty or inability to access additional debt may restrict the venture's operating flexibility, require asset sales or equity support, increase costs or adversely affect its financial position. These risks may also increase Centuria's potential funding exposure to the venture.
Utilisation, payback and forecast assumptions	Any forecasts, target returns, utilisation assumptions, payback periods, ramp-up expectations, contracted revenue metrics or pipeline estimates for the ResetData venture will be based on assumptions that may prove incorrect. Actual outcomes may differ due to lower-than-expected customer demand, delays in deployment, reduced pricing, higher operating costs, equipment shortages, technology changes, customer churn, competition or broader market conditions. If utilisation, revenue or payback outcomes are below expectations, the venture may take longer to generate returns, require additional capital, recognise impairments or deliver lower-than-expected value to Centuria.
Pipeline conversion	A substantial portion of the ResetData and AI infrastructure pipeline is based on preliminary, non-binding or indicative arrangements and may not convert into executed contracts at all or on anticipated terms or within expected timeframes. If pipeline opportunities are delayed, fail to convert, or are realized on less favourable terms, this may adversely affect utilization, revenue growth and returns on invested capital.

Risks specific to Centuria Bass

Risk	Description
Concentration and due diligence	Investments in individual loans carry concentrated risk and require careful due diligence. Centuria Bass may offer single-asset credit opportunities where an investor's exposure is to one borrower and property or development. These investments are not diversified, so an adverse development affecting that borrower or property could result in significant loss and may adversely affect Centuria Bass' management fee income and financial performance.
Regulatory scrutiny and flow-on potential for change	Ongoing regulatory attention creates a material risk of structural legislative change, including mandatory loan-level data reporting and tighter regulation of the wholesale funds sector. These "low-on" changes could impose more prescriptive compliance regimes, higher capital requirements, or leverage limits, increasing Centuria Bass' operational overhead.
Key personnel risk	Centuria Bass relies on the services of key personnel. The departure for any reason of any key individual of Centuria Bass who is primarily responsible for managing the investment of the assets of a fund may consequently have a materially adverse effect on Centuria Bass' operations, strategy implementation and future business and financial performance.

Appendix C: International Offer Restrictions

This document does not constitute an offer of new stapled securities ("New Securities") of Centuria in any jurisdiction in which it would be unlawful. In particular, this document may not be distributed to any person, and the New Securities may not be offered or sold, in any country outside Australia except to the extent permitted below.

Canada (British Columbia, Ontario and Quebec provinces)

This document constitutes an offering of New Securities only in the Provinces of British Columbia, Ontario and Quebec (the "Provinces"), only to persons to whom New Securities may be lawfully distributed in the Provinces, and only by persons permitted to sell such securities. This document is not a prospectus, an advertisement or a public offering of securities in the Provinces. This document may only be distributed in the Provinces to investors that are both (i) "accredited investors" (as defined in National Instrument 45-106 – *Prospectus Exemptions*) and (ii) "permitted clients" (as defined in National Instrument 31-103 – *Registration Requirements, Exemptions and Ongoing Registrant Obligations*).

No securities commission or authority in the Provinces has reviewed or in any way passed upon this document, the merits of the New Securities or the offering of the New Securities and any representation to the contrary is an offence.

No prospectus has been, or will be, filed in the Provinces with respect to the offering of New Securities or the resale of such securities. Any person in the Provinces lawfully participating in the offer will not receive the information, legal rights or protections that would be afforded had a prospectus been filed and receipted by the securities regulator in the applicable Province. Furthermore, any resale of the New Securities in the Provinces must be made in accordance with applicable Canadian securities laws. While such resale restrictions generally do not apply to a first trade in a security of a foreign, non-Canadian reporting issuer that is made through an exchange or market outside Canada, Canadian purchasers should seek legal advice prior to any resale of the New Securities.

Centuria as well as its directors and officers may be located outside Canada and, as a result, it may not be possible for purchasers to effect service of process within Canada upon Centuria or its directors or officers. All or a substantial portion of the assets of Centuria and such persons may be located outside Canada and, as a result, it may not be possible to satisfy a judgment against Centuria or such persons in Canada or to enforce a judgment obtained in Canadian courts against Centuria or such persons outside Canada.

Statutory rights of action for damages and rescission. Securities legislation in certain Provinces may provide a purchaser with remedies for rescission or damages if an offering memorandum contains a misrepresentation, provided the remedies for rescission or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's Province. A purchaser may refer to any applicable provision of the securities legislation of the purchaser's Province for particulars of these rights or consult with a legal adviser.

Certain Canadian income tax considerations. Prospective purchasers of the New Securities should consult their own tax adviser with respect to any taxes payable in connection with the acquisition, holding or disposition of the New Securities as there are Canadian tax implications for investors in the Provinces.

Language of documents in Canada. Upon receipt of this document, each investor in Canada hereby confirms that it has expressly requested that all documents evidencing or relating in any way to the sale of the New Securities (including for greater certainty any purchase confirmation or any notice) be drawn up in the English language only. *Par la réception de ce document, chaque investisseur canadien confirme par les présentes qu'il a expressément exigé que tous les documents faisant foi ou se rapportant de quelque manière que ce soit à la vente des valeurs mobilières décrites aux présentes (incluant, pour plus de certitude, toute confirmation d'achat ou tout avis) soient rédigés en anglais seulement.*

United Kingdom

This document has not been delivered for approval to the Financial Conduct Authority in the United Kingdom and no prospectus (within the meaning of Regulation 21 of The Public Offers and Admissions to Trading Regulations 2024 ("POATRs")) has been published or is required to be published in respect of the New Securities.

This document is issued on a confidential basis to "qualified investors" (within the meaning of paragraph 2 of Schedule 1 to the POATRs) in the United Kingdom. The New Securities may not be offered or sold in the United Kingdom by means of this document or any other document except pursuant to an exemption from the general prohibition on offers of relevant securities to the public in the United Kingdom. This document should not be distributed, published or reproduced, in whole or in part, nor may its contents be disclosed by recipients to any other person in the United Kingdom.

Any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000, as amended ("FSMA")) received in connection with the offer or sale of the New Securities has been, and only will be, communicated or caused to be communicated in the United Kingdom in circumstances in which section 21(1) of the FSMA does not apply to Centuria.

In the United Kingdom, this document is being distributed only to, and is directed at, persons (i) who have professional experience in matters relating to investments falling within Article 19(5) (investment professionals) of the Financial Services and Markets Act 2000 (Financial Promotions) Order 2005 ("FPO"), (ii) who fall within the categories of persons referred to in Article 49(2)(a) to (d) (high net worth companies, unincorporated associations, etc.) of the FPO or (iii) to whom it may otherwise be lawfully communicated ("relevant persons"). United States

The New Securities have not been, and will not be, registered under the US Securities Act of 1933 or the securities laws of any US state and may only be offered or sold pursuant to an exemption from, or in transactions not subject to, the registration requirements of the US Securities Act and applicable US state securities laws. Accordingly, the Units are being offered and sold in the United States only to "qualified institutional buyers" (as defined in Rule 144A under the US Securities Act).

In addition, neither Centuria Capital Limited nor Centuria Capital Fund has been, or will be, registered under the US Investment Company Act of 1940, in reliance on the exception from the definition of "investment company" provided by Section 3(c)(7) thereof. Accordingly, for purposes of the US Investment Company Act, the New Securities cannot be offered or sold to, or held by or for the account of, any US Person that is not a "Qualified Purchaser" (as defined in section 2(a)(51) of the US Investment Company Act) at the time of acquisition of the New Securities.

Any US Person that is not a Qualified Purchaser, or any investor acting for the account or benefit of any US Person that is not a Qualified Purchaser, is an "Excluded US Person" and may not hold New Securities. Centuria may require an investor to complete a statutory declaration as to whether they (or any person on whose account or for whose benefit it holds its New Securities) are an Excluded US Person. Centuria may treat any investor who does not comply with such a request as an Excluded US Person. Centuria has the right to: (i) refuse to register a transfer of New Securities to any Excluded US Person or (ii) require any Excluded US Person to dispose of their New Securities, and if the Excluded US Person does not do so within 30 business days, require the New Securities to be sold by a nominee appointed by Centuria.

To monitor compliance with these foreign ownership restrictions, the ASX's settlement facility operator (ASTC) has classified the New Securities as Foreign Ownership Restricted financial products and designated the New Securities as "FOR - Excluded US Person" and has put in place certain additional monitoring procedures.

Appendix D: Summary of the Underwriting Agreement

Representations, warranties and undertakings

Centuria gives customary representations and warranties in connection with (among other things) the Offer. These include representations and warranties customary for an offer of this nature, including as to capacity and authorisations, compliance of the Offer and Offer documents with the Corporations Act and ASX Listing Rules, and that the Offer documents and public information are not misleading or deceptive (including by omission) and contain all information required to be included.

Centuria gives customary undertakings to the Underwriters, including that (subject to certain exceptions) it will not issue further equity securities until the date that is 60 days after completion of the Offer. Other undertakings include providing required cleansing notices, not withdrawing the Offer without the Underwriters' consent, and restrictions on changes to Centuria's constitution and capital structure.

Indemnity and release

Subject to certain exceptions, Centuria has agreed to indemnify the Underwriters and certain related persons (each an Indemnified Party) against all claims, losses, liabilities, expenses, damages and costs that any Indemnified Party may sustain or incur arising out of or in connection with the Offer, the Offer documents, the Underwriting Agreement or the appointment of the Underwriters pursuant to the Underwriting Agreement.

The indemnity does not apply where a court finally determines that the relevant loss resulted from the recklessness, gross negligence, fraud or wilful misconduct or material breach of the Underwriting Agreement or any relevant law of the relevant Indemnified Party, and does not relieve the Underwriters from their obligation to pay the Offer price for shortfall securities.

Centuria also releases each Indemnified Party against claims made by Centuria in relation to the Offer or the Underwriting Agreement, except to the extent of certain agreed carve-outs related to the Underwriters' culpability for the relevant loss.

Underwriters' fees

The Underwriters will be paid underwriting fees and management fees of an agreed percentage of the proceeds of the Offer (payable in the Underwriters' respective one-third proportions), details of which are as disclosed in the Appendix 3B released to ASX on the date of this presentation.

Centuria must also reimburse the Underwriters for reasonable costs and expenses incurred in connection with their role (including Australian and U.S. legal costs), with individual non-legal items over A\$5,000 requiring prior approval and an aggregate cap of A\$250,000 on reimbursable costs and expenses (excluding legal costs and stamp-type taxes), unless Centuria otherwise consents.

CENTURIA CAPITAL GROUP

26 June 2026

NOT FOR DISTRIBUTION OR RELEASE IN THE UNITED STATES

Dear Securityholder

CENTURIA CAPITAL GROUP – RETAIL ENTITLEMENT OFFER

On Monday, 22 June 2026, Centuria Capital Group consisting of Centuria Capital Limited (ABN 22 095 454 336) and Centuria Capital Fund (ARSN 613 856 358) (ASX:CNI) (**Centuria** or the **Company**) announced on the Australian Securities Exchange (**ASX**) a fully underwritten 1 for 17 pro-rata accelerated non-renounceable entitlement offer of new fully paid ordinary stapled securities in Centuria (**New Securities**) at an offer price of A\$2.00 per New Security (**Offer Price**) to raise approximately A\$100 million (**Entitlement Offer**) and a fully underwritten institutional placement to raise approximately A\$200 million (**Placement** and together with the Entitlement Offer, the **Offer**).

The Entitlement Offer comprises an institutional component (**Institutional Entitlement Offer**) and an offer to eligible retail securityholders (as defined below) (**Retail Entitlement Offer**) to participate at the same Offer Price and on the same terms. As announced on the ASX on Tuesday, 23 June 2026, the Institutional Entitlement Offer successfully raised approximately A\$65 million and has now closed.

Details in relation to the Offer, including the use of the funds raised and the risks of investing in Centuria, are set out in the investor presentation relating to the Offer published on ASX on Monday, 22 June 2026 (**Investor Presentation**).

We are writing to you as a securityholder with a registered address in Australia or New Zealand on the Record Date. Provided you meet the definition of Eligible Retail Securityholder summarised below and set out in the retail offer booklet dated 26 June 2026 (**Retail Offer Booklet**), you are entitled to subscribe for 1 New Security for every 17 existing Centuria ordinary stapled securities (**Offer Ratio**) held by you at 7.00pm (Sydney time) on Wednesday, 24 June 2026 (**Record Date**).

Participation in the Retail Entitlement Offer is entirely optional.

Eligible Retail Securityholders may subscribe for some or all or none of their Entitlement (as defined below) under the Retail Entitlement Offer. Eligible Retail Securityholders may also apply for Additional New Securities under a Top-up Facility (explained in the Retail Offer Booklet). New Securities issued under the Entitlement Offer will be fully paid and rank equally with existing Centuria ordinary stapled securities from the date of issue.

The New Securities will not be entitled to the distribution for the six months ending 30 June 2026 because the record date for the distribution will have passed by the time the New Securities are issued.

The Entitlement Offer is fully underwritten by the joint lead managers J.P. Morgan Securities Australia Limited, Jarden Australia Pty Ltd and Morgan Stanley Australia Securities Limited (**Joint Lead Managers**) pursuant to an underwriting agreement (the terms of which are summarised in the Investor Presentation).

The Entitlement Offer is being made by Centuria without a prospectus or other disclosure document in accordance with sections 708AA and 1012DAA of the *Corporations Act 2001* (Cth) (the **Act**) (as modified by ASIC Corporations (Non-Traditional Rights Issues) Instrument 2026/98 and ASIC Corporations (Disregarding Technical Relief) Instrument 2026/180).

Capitalised terms not defined in this letter have the same meaning given in the Retail Offer Booklet.

ELIGIBLE RETAIL SECURITYHOLDERS

“**Eligible Retail Securityholders**” are those persons who:

- have a registered address on the Centuria securityholder register in Australia or New Zealand on the Record Date;
- are not in the United States and are not a “U.S. Person” (as defined in Regulation S under the U.S. Securities Act of 1933, as amended (the “**U.S. Securities Act**”)) (“**U.S. Person**”) and are not a person acting for the account or benefit of a person in the United States or a U.S. Person;
- were not invited to participate (other than as nominee) under the Institutional Entitlement Offer, and were not treated as an ineligible institutional securityholder under the Institutional Entitlement Offer; and
- are eligible under all applicable securities laws to receive an offer under the Retail Entitlement Offer without any requirement for a prospectus, product disclosure document or offer document to be lodged or registered.

Retail securityholders who are not Eligible Retail Securityholders are ineligible retail securityholders and will not be able to participate in the Retail Entitlement Offer. The Retail Entitlement Offer is not open to anyone outside of Australia or New Zealand.

If a securityholder of Centuria (including a nominee, trustee or custodian) is acting for the account or benefit of a person in the United States, it may not participate in the Retail Entitlement Offer on behalf of that person.

RETAIL OFFER BOOKLET

This letter is not an offer document but is a notice of some key terms and conditions of the Retail Entitlement Offer.

Full details of the Retail Entitlement Offer are set out in the Retail Offer Booklet accessible via Centuria’s Investor Portal at **CenturiaInvestor.com** until the Retail Entitlement Offer closes at 5.00pm (Sydney time) on Tuesday, 7 July 2026 and also enclosed with this letter.

The number of New Securities you are entitled to apply for under the Retail Entitlement Offer (**Entitlement**) is shown on your Personalised Entitlement and Acceptance Form enclosed with this letter and accessible via Centuria’s Investor Portal at CenturiaInvestor.com.

To the extent that the application of the Offer Ratio of 1 New Security for every 17 existing Securities held on the Record Date results in a fractional entitlement to New Securities for a particular securityholder, that securityholder’s Entitlement will be rounded up to the next higher whole number of New Securities.

Eligible Retail Securityholders that take up their full Entitlement may also apply for additional New Securities in excess of their Entitlement (**Additional New Securities**), up to a maximum of 25% in excess of their Entitlement at the Offer Price, under the Top-up Facility (described in more detail in the Retail Offer Booklet).

In the event of oversubscriptions, the allocation of Additional New Securities will be at the discretion of the Board of Centuria and the Joint Lead Managers and subject to scale-back.

There is no guarantee that an Eligible Retail Securityholder will receive any Additional New Securities under the Top-up Facility.

You should read the entire Retail Offer Booklet carefully and seek professional advice before deciding whether to invest in the Retail Entitlement Offer. The Retail Offer Booklet contains information on certain key business, offer and general risk factors that may affect Centuria.

APPLICATIONS

To access the online system at centuria.com.au/cni-entitlement-offer, you will need to provide your Securityholder Reference Number (**SRN**) or Holder Identification Number (**HIN**) and postcode and follow the instructions provided including making payment by BPAY® (for Australian securityholders) or EFT (for New Zealand securityholders) for the New Securities you wish to subscribe for. Your application money must be received by Centuria by no later than 5.00pm (Sydney time) on Tuesday, 7 July 2026, unless this date is otherwise extended by the Board of Centuria at its sole discretion.

All payments must be in Australian dollars. - if you do not wish to accept all or part of your Entitlement, you are not obliged to do anything.

CENTURIA CAPITAL GROUP

26 June 2026

NOT FOR DISTRIBUTION OR RELEASE IN THE UNITED STATES

Dear Securityholder

CENTURIA CAPITAL GROUP – RETAIL ENTITLEMENT OFFER

On Monday, 22 June 2026, Centuria Capital Group consisting of Centuria Capital Limited (ABN 22 095 454 336) and Centuria Capital Fund (ARSN 613 856 358) (ASX:CNI) (**Centuria** or the **Company**) announced on the Australian Securities Exchange (**ASX**) a fully underwritten 1 for 17 pro-rata accelerated non-renounceable entitlement offer of new fully paid ordinary stapled securities in Centuria (**New Securities**) at an offer price of A\$2.00 per New Security (**Offer Price**) to raise approximately A\$100 million (**Entitlement Offer**) and a fully underwritten institutional placement to raise approximately A\$200 million (**Placement** and together with the Entitlement Offer, the **Offer**).

The Entitlement Offer comprises an institutional component (**Institutional Entitlement Offer**) and an offer to eligible retail securityholders (as defined below) (**Retail Entitlement Offer**) to participate at the same Offer Price and on the same terms. As announced on the ASX on Tuesday, 23 June 2026, the Institutional Entitlement Offer successfully raised approximately A\$65 million and has now closed.

Details in relation to the Offer, including the use of the funds raised and the risks of investing in Centuria, are set out in the investor presentation relating to the Offer published on ASX on Monday, 22 June 2026 (**Investor Presentation**).

We are writing to you as a securityholder with a registered address in Australia or New Zealand on the Record Date. Provided you meet the definition of Eligible Retail Securityholder summarised below and set out in the retail offer booklet dated 26 June 2026 (**Retail Offer Booklet**), you are entitled to subscribe for 1 New Security for every 17 existing Centuria ordinary stapled securities (**Offer Ratio**) held by you at 7.00pm (Sydney time) on Wednesday, 24 June 2026 (**Record Date**).

Participation in the Retail Entitlement Offer is entirely optional.

Eligible Retail Securityholders may subscribe for some or all or none of their Entitlement (as defined below) under the Retail Entitlement Offer. Eligible Retail Securityholders may also apply for Additional New Securities under a Top-up Facility (explained in the Retail Offer Booklet). New Securities issued under the Entitlement Offer will be fully paid and rank equally with existing Centuria ordinary stapled securities from the date of issue.

The New Securities will not be entitled to the distribution for the six months ending 30 June 2026 because the record date for the distribution will have passed by the time the New Securities are issued.

The Entitlement Offer is fully underwritten by the joint lead managers J.P. Morgan Securities Australia Limited, Jarden Australia Pty Ltd and Morgan Stanley Australia Securities Limited (**Joint Lead Managers**) pursuant to an underwriting agreement (the terms of which are summarised in the Investor Presentation).

The Entitlement Offer is being made by Centuria without a prospectus or other disclosure document in accordance with sections 708AA and 1012DAA of the *Corporations Act 2001* (Cth) (the **Act**) (as modified by ASIC Corporations (Non-Traditional Rights Issues) Instrument 2026/98 and ASIC Corporations (Disregarding Technical Relief) Instrument 2026/180).

Capitalised terms not defined in this letter have the same meaning given in the Retail Offer Booklet.

ELIGIBLE RETAIL SECURITYHOLDERS

“Eligible Retail Securityholders” are those persons who:

- have a registered address on the Centuria securityholder register in Australia or New Zealand on the Record Date;
- are not in the United States and are not a “U.S. Person” (as defined in Regulation S under the U.S. Securities Act of 1933, as amended (the “**U.S. Securities Act**”)) (“**U.S. Person**”) and are not a person acting for the account or benefit of a person in the United States or a U.S. Person;
- were not invited to participate (other than as nominee) under the Institutional Entitlement Offer, and were not treated as an ineligible institutional securityholder under the Institutional Entitlement Offer; and
- are eligible under all applicable securities laws to receive an offer under the Retail Entitlement Offer without any requirement for a prospectus, product disclosure document or offer document to be lodged or registered.

Retail securityholders who are not Eligible Retail Securityholders are ineligible retail securityholders and will not be able to participate in the Retail Entitlement Offer. The Retail Entitlement Offer is not open to anyone outside of Australia or New Zealand.

If a securityholder of Centuria (including a nominee, trustee or custodian) is acting for the account or benefit of a person in the United States, it may not participate in the Retail Entitlement Offer on behalf of that person.

RETAIL OFFER BOOKLET

This letter is not an offer document but is a notice of some key terms and conditions of the Retail Entitlement Offer.

Full details of the Retail Entitlement Offer are set out in the Retail Offer Booklet accessible via Centuria’s Investor Portal at **CenturiaInvestor.com** until the Retail Entitlement Offer closes at 5.00pm (Sydney time) on Tuesday, 7 July 2026.

The number of New Securities you are entitled to apply for under the Retail Entitlement Offer (**Entitlement**) is shown on your Personalised Entitlement and Acceptance Form accessible via Centuria’s Investor Portal at CenturiaInvestor.com.

To the extent that the application of the Offer Ratio of 1 New Security for every 17 existing Securities held on the Record Date results in a fractional entitlement to New Securities for a particular securityholder, that securityholder’s Entitlement will be rounded up to the next higher whole number of New Securities.

Eligible Retail Securityholders that take up their full Entitlement may also apply for additional New Securities in excess of their Entitlement (**Additional New Securities**), up to a maximum of 25% in excess of their Entitlement at the Offer Price, under the Top-up Facility (described in more detail in the Retail Offer Booklet).

In the event of oversubscriptions, the allocation of Additional New Securities will be at the discretion of the Board of Centuria and the Joint Lead Managers and subject to scale-back.

There is no guarantee that an Eligible Retail Securityholder will receive any Additional New Securities under the Top-up Facility.

You should read the entire Retail Offer Booklet carefully and seek professional advice before deciding whether to invest in the Retail Entitlement Offer. The Retail Offer Booklet contains information on certain key business, offer and general risk factors that may affect Centuria.

All payments must be in Australian dollars. You should be aware that your financial institution may implement earlier cut-off times with regard to electronic payment, and therefore you should take this into consideration in the timing of when you make payment. - if you do not wish to accept all or part of your Entitlement, you are not obliged to do anything.

For personal use only

Centuria has decided that it would be unreasonable to make offers under the Retail Entitlement Offer to Centuria securityholders who have registered addresses outside Australia and New Zealand. In making this decision, Centuria has had regard to the number of such holders, the number and value of New Securities that they would be offered under the Retail Entitlement Offer, and the cost of complying with the relevant legal and regulatory requirements in the relevant places outside Australia and New Zealand.

Each of Centuria and the underwriters of the Offer, each of their affiliates and related bodies corporate and each of their respective directors, officers, partners, employees, advisers, representatives and agents (each a **Beneficiary**) disclaim any liability in respect of any determination as to eligibility, to the maximum extent permitted by law.

- have a registered address in Australia or New Zealand as noted on Centuria's securityholder register;

- were not invited to participate (other than as a nominee) or were otherwise ineligible to participate in the Institutional Entitlement Offer; and
- are eligible under all applicable securities laws to receive an offer under the Retail Entitlement Offer without any requirement for a prospectus, product disclosure document or offer document to be lodged or registered.

For the avoidance of doubt, if a securityholder of Centuria (including a nominee, trustee or custodian) is acting for the account or benefit of a person in the United States, it may not participate in the Retail Entitlement Offer on behalf of that person.

Unfortunately, according to our records, you do not satisfy the eligibility criteria for an Eligible Retail Securityholder. Accordingly, in compliance with section 9A(3) of the Corporations Act and ASX Listing Rule 7.7.1(b), Centuria wishes to advise you that it will not be extending the Retail Entitlement Offer to you, and you will not be able to subscribe for any New Securities under the Retail Entitlement Offer. You will not be sent the documents relating to the Retail Entitlement Offer.

Centuria may, in its discretion, determine to extend the Retail Entitlement Offer to certain securityholders who did not participate in the Institutional Entitlement Offer or to certain other retail securityholders, subject to compliance with applicable laws.

As the Retail Entitlement Offer is non-renounceable, entitlements in respect of the New Securities you would have been offered if you were an Eligible Retail Securityholder will lapse and you will not receive any payment or value for those entitlements. Your percentage holding in Centuria will also be diluted.

New Securities equivalent to the number of New Securities you would have been entitled to if you were an Eligible Retail Securityholder may be acquired by Eligible Retail Securityholders under a top up facility or by the underwriters of the Offer.

NO ACTION REQUIRED

This notice is to inform you about the Entitlement Offer. This letter is not an offer to issue New Securities to you, nor an invitation for you to apply for New Securities under the Retail Entitlement Offer. You are not required to do anything in response to this letter.

If you have any questions in relation to any of the above matters, please contact the Offer Information Line on 1800 182 257 (within Australia), or +61 2 9290 9600 (outside Australia) at any time between 8:30am and 5:00pm (Sydney time) Monday to Friday (excluding public holidays) during the period for the Retail Entitlement Offer (which ends at 5.00pm on Tuesday, 7 July 2026).

On behalf of the Board and management of Centuria, we regret that you are not eligible to participate in the Retail Entitlement Offer and thank you for your continued support.

Yours sincerely

This letter is not a prospectus or offering document under Australian law or under any other law. No action has been or will be taken to register, qualify or otherwise permit a public offering of the New Securities under the Retail Entitlement Offer in any jurisdiction outside Australia. This letter is for information purposes only and does not constitute or form part of an offer, invitation, solicitation, advice or recommendation with respect to the issue, purchase or sale of any New Securities.

This letter does not constitute an offer to sell, or the solicitation of an offer to buy, any securities in the United States. The New Securities under the Retail Entitlement Offer have not been, and will not be, registered under the U.S. Securities Act, or the securities laws of any state or other jurisdiction of the United States.

Accordingly, the entitlements under the Retail Entitlement Offer may not be exercised or taken up by, and the stapled securities under the Retail Entitlement Offer may not be offered or sold, directly or indirectly, to persons in the United States or U.S. Persons or persons acting for the account or benefit of persons in the United States or U.S. Persons. The entitlements may only be taken up or exercised, and the New Securities under the Retail Entitlement Offer may only be offered or sold outside the United States (as defined in Rule 902(l) under the U.S. Securities Act) that are not U.S. Persons or acting for the account or benefit of U.S. Persons, in each case in "offshore transactions" (as defined in Rule 902(h) under the U.S. Securities Act) in reliance on category 2 of Regulation S under the U.S. Securities Act.

In addition, Centuria has not been, and will not be, registered under the U.S. Investment Company Act of 1940, as amended (the "**U.S. Investment Company Act**"). Any U.S. Person that is not a QP, or any investor acting for the account or benefit of any U.S. Person that is not a QP, is an "Excluded U.S. Person" and may not hold Securities. Centuria may require an investor to complete a statutory declaration as to whether they (or any person on whose account or for whose benefit it holds Securities) are an Excluded U.S. Person. Centuria may treat any investor who does not comply with such a request as an Excluded U.S. Person. Centuria has the right to: (i) refuse to register a transfer of Securities to any Excluded U.S. Person; or (ii) require any Excluded U.S. Person to dispose of their Securities, and, if the Excluded U.S. Person does not do so within 30 business days, require the Securities be sold by a nominee appointed by the Offeror. To monitor compliance with these foreign ownership restrictions, the ASX's settlement facility operator (ASTC) will classify the Securities as Foreign Ownership Restricted financial products and designate the Securities as "FOR – Excluded U.S. Person" and will put in place certain additional monitoring procedures.
