The table below sets out number of remaining shares to be released from escrow and the total number of Shares held by each of them as at the date of this announcement.

The Chemist Warehouse Founders remain committed to Sigma and its future prospects.

Mario Verrocchi has confirmed to Sigma that following the release of the escrow period, he does not intend to sell any of his Shares in the near term and is committed to his executive role in the organisation.

Jack Gance and Sam Gance have each confirmed to Sigma that once their shares are released they do not intend to sell more than 20% of their respective shareholdings in the near term. These intentions are subject to change depending on personal circumstances and market conditions.

Sigma Chairman Michael Sammells said: "Any decision by the founders to sell shares following the end of the escrow period is solely a matter for them and not something the Sigma Board is involved in. I note the founders' intention to maintain a very substantial shareholding in Sigma and I appreciate their ongoing support and commitment to the company."
