Where the Company issues Equity Securities under the 10% Placement Facility, it will only do so for cash consideration and the issue price will be not less than the Minimum Issue Price (refer to Section 8.2(e) above).

(c) **Purposes of issues under the 10% Placement Facility**

The Company may seek to issue Equity Securities under the 10% Placement Facility for the purposes of raising funds for continued investment in the Company's current assets, the acquisition of new assets or investments (including expenses associated with such an acquisition), and/or for general working capital.

(d) **Risk of economic and voting dilution**

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Meeting; and
- (ii) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

If this Resolution 5 is approved by Shareholders and the Company issues Equity Securities under the 10% Placement Facility, the existing Shareholders' economic and voting power in the Company may be diluted as shown in the below table (in the case of convertible Securities, only if the convertible Securities are converted into Shares).

The table below shows the dilution of existing Shareholders based on the current market price of Shares and the current number of Shares for Variable 'A' calculated in accordance with the formula in Listing Rule 7.1A.2 (see Section 8.2(c) above) as at the date of this Notice (**Variable A**), with:

- (i) two examples where Variable A has increased, by 50% and 100%; and
- (ii) two examples of where the issue price of Shares has decreased by 50% and increased by 100% as against the current market price.

Shares (Variable A in Listing Rule 7.1A.2)	Dilution			
	Issue price per Share	\$0.0025 50% decrease in Current Market Price	\$0.005 Current Market Price	\$0.01 100% increase in Current Market Price

	Funds raised	\$2,440,510.65	\$4,881,021.29	\$9,762,042.58

	Funds raised	\$3,660,765.97	\$7,321,531.94	\$14,643,063.88
19,524,085,168 Shares 100% increase in Variable A	10% Voting Dilution	1,952,408,517 Shares	1,952,408,517 Shares	1,952,408,517 Shares
	Funds raised	\$4,881,021.29	\$9,762,042.59	\$19,524,085.17

Notes:

- The table has been prepared on the following assumptions:
 - The issue price is the current market price (\$0.006), being the closing price of the Shares on ASX on 10 July 2026, being the latest practicable date before this Notice was signed.
 - Variable A comprises of 9,762,042,584 existing Shares on issue as at the date of this Meeting, assuming the Company has not issued any Shares in the 12 months prior to the Meeting that were not issued under an exception in Listing Rule 7.2 or with Shareholder approval under Listing Rule 7.1 and 7.4.
 - The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
 - No convertible Securities are exercised or converted into Shares before the date of the issue of the Equity Securities.
 - The issue of Equity Securities under the 10% Placement Facility consists only of Shares.
- The number of Shares on issue (i.e. Variable A) may increase as a result of issues of Shares that do not require Shareholder approval (for example, a pro rata entitlements issue, scrip issued under a takeover offer or upon exercise of convertible securities) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting.
- The 10% voting dilution reflects the aggregate percentage dilution against the issued Share capital at the time of issue. This is why the voting dilution is shown in each example as 10%. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Meeting.
- The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.

(e) Allocation policy

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to the factors including but not limited to the following:

- the methods of raising funds that are available to the Company, including but not limited to, rights issues or other issues in which existing Shareholders can participate;

- (ii) the effect of the issue of the Equity Securities on the control of the Company;
- (iii) financial situation and solvency of the Company; and
- (iv) advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Facility have not been determined as at the date of this Notice but may include existing substantial Shareholders and/or new investors who are not related parties of or associates of a related party of the Company.

(f) **Issues in the past 12 months**

The Company previously obtained Shareholder approval under Listing Rule 7.1A at its 2025 annual general meeting.

The Company has not issued or agreed to issue any Equity Securities under Listing Rule 7.1A.2 in the 12 months preceding the date of the Meeting.

(g) **Voting exclusion statement**

At the date of this Notice, the Company is not proposing to make an issue of Equity Securities under Listing Rule 7.1A and has not approached any particular existing Shareholder or security holder or an identifiable class of existing security holder to participate in any such issue.

However, in the event that between the date of this Notice and the date of the Meeting, the Company proposes to make an issue of Equity Securities under Listing Rule 7.1A to one or more existing Shareholders, those Shareholders' votes will be excluded under the voting exclusion statement in the Notice.

8.4 Additional information

Resolution 5 is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

The Board recommends that Shareholders vote in favour of Resolution 5.

If you appoint two proxies you must specify the percentage of votes or number of securities for each proxy, otherwise each proxy may exercise half of the votes. When appointing a second proxy write both names and the percentage of votes or number of securities for each in Step 1 overleaf.

A proxy need not be a securityholder of the Company.
