JUNE 2026 QUARTERLY ACTIVITIES REPORT

Highlights

- Substantial progress on preparations for contracted global rollout e.g. integration, planning, testing, with the next phase of the rollout to commence Q1 27FY
- First invoice sent in June to our contracted global rollout client (cash payment expected in August)
- Advanced pipeline software trials & contract negotiations continue to progress in the UK, EU, Americas & APAC
- New pipeline opportunities have grown in excess of 50% since the global contract was announced in December 2025
- Cash at bank as at 30 June 2026 is A$3.7m

RocketBoots Limited (ASX: ROC) ("RocketBoots" or "the Company") is an Artificial Intelligence software company with a mission to empower the world's largest retailers and banks to operate their stores and branches with reduced operating costs and loss, while improving customer service, sales and loyalty.

SYDNEY, AUSTRALIA - 30 July 2026 - The Company is pleased to provide its Appendix 4C Quarterly Activities Report for the period ending 30 June 2026 (the Quarter).

Key Contracts Update

During the Quarter, RocketBoots continued delivery of its global contract with tier-one retailer including but not limited to:

- Project teams & global planning stood up with the customer
- Steering committees & approval gates cleared
- New camera & self-checkout hardware types integrated
- POS & customer user-interface integration complete
- Software deployed onto the new RocketBoots cloud platform
- Architecture & security decisions locked

The successful completion of these activities now enables the customer to start its first country activations in Q1 2027FY and complete At-scale software optimisation before the global activations begin. The target country for this At-scale optimisation is North America. Additional detail on the status of this contract will be provided in detail in early August.

Business update

- In early August, RocketBoots will be releasing a business update that will provide more details around the execution of its existing contracts and pipeline. A non-deal roadshow will also take place.
- The advanced pipeline remains strong with over 17,000 sites operated by clients in that advanced pipe
- The early pipeline opportunities have grown in excess of 50% since the global contract was announced in December 2025; these clients operate over 45,000 sites

- Our Australian Retail banking customer completed integration of the data RocketBoots generates into their production systems, enabling the merging of our data with core bank data support branch optimisation activities
- Our American grocery retail customers continue to expand upon their trials and request commercial documentation from RocketBoots
- A European grocery retailer was the first customer to use our major client for a reference call which allowed the opportunity to move to contract negotiations
- The scale of our major contract required full focus of the entire RocketBoots team for a period however we have recently re-distributed the team across multiple advanced pipeline opportunities

Corporate

Appendix 4C

- The cash balance at 30 June 2026 was A$3.7m
- Operating cash outflows were A$683k lower than the March 2026 quarter due to a reduction in the one-off and annual costs as detailed in March 2026
- Operating cash inflows were A$45k lower than the March 2026 quarter due to A$242k customer receipts in March 2026, offset by the FY25 R&D offset refund received in June 2026
- A$70k was received in the June 2026 quarter upon the exercise of unlisted options

As per item 6.1 of the attached Appendix 4C, payments to related parties of the entity and their associates totals A$95k, being A$70k paid to directors as director fees and A$25k paid to a director for company secretarial services. The company secretarial services provided to the company are based on an existing service agreement and are on arm's length commercial terms. The company secretarial services agreement with the director will cease in the June 2026 QTR and will be insourced to a non-related party.

This announcement has been authorised for release by the Board of RocketBoots Limited.

About RocketBoots

1. **RocketBoots mission** is to empower the world's largest retailers & banks to run their large networks of stores & branches with lower operational costs & loss while improving service, sales & loyalty.
2. **We achieve this by** transforming video into performance improvement using Edge AI, cloud computing, simulation, advanced analytics and out of the box user interfaces.
3. **Business critical** trends driving demand for our software:
    a. Retail shrinkage continues to accelerate globally
    b. Self-checkout expansion requires loss-prevention technology to scale safely
    c. Increased interest/hype in adopting AI to optimise margins, reduce operating costs & improve service

RocketBoots AI-powered product offerings directly address these core business trends:

Adaptive Loss Prevention for Retail

- Reduces self-checkout loss without adding needless friction
- Reduces staff driven loss at checkout
- Reduces margin lost to un-needed staff hours
- Reduces the risk of experience driven sales loss today (abandonment) & tomorrow (loyalty/ lifetime value of a customer)

Branch Value Optimisation

- Surgically enables branch/ digital hybrid working
- Lowers branch operating costs
- Speeds up response times across branch & digital channels
- Reveals service bottlenecks that impact NPS
