ASX RELEASE

31 July 2026

KERMAN SECURES DESIGN AND CONSTRUCTION CONTRACT WITH RIO TINTO

Engineering company Monadelphous Group Limited (ASX: MND) ("Monadelphous" or "the Company") today announced that Kerman Contracting ("Kerman"), Monadelphous' non-process infrastructure business, had been awarded a contract with Rio Tinto associated with the Brockman Syncline 1 ("BS1") project, located in the Pilbara region of Western Australia.

The contract, valued at approximately \$165 million, is for the design and construction of non-process infrastructure facilities including a heavy mine equipment workshop, as well as heavy and light mine equipment washdown, tyre change and fuel storage and refuelling facilities. Work will commence in 2026 and is expected to be completed in 2028.

Monadelphous Managing Director Zoran Bebic said the award reflects Kerman's expertise and strong track record, further strengthening its forward order book.

"Kerman's award of this work builds on the multidisciplinary construction contract that Monadelphous secured at BS1 late last year. It is also very pleasing to see Kerman secure another contract with Rio Tinto, in addition to the work currently being performed at Hope Downs 2."
