Disclaimer/Forward Looking Information

This presentation contains certain forward-looking statements, guidance, forecasts, estimates, prospects and projections in relation to future matters that may involve risks or uncertainties and may involve significant items of subjective judgement and assumptions of future events, which as at the date of this presentation are considered reasonable, but that may or may not eventuate (Forward-Looking Statements).

Forward-Looking Statements can generally be identified by the use of forward-looking words such as, 'anticipate', 'estimates' 'will', 'should', 'could', 'may', 'expects', 'plans', 'forecast', 'target' or similar expressions and may include, without limitation, statements regarding plans, strategies and objectives of management, anticipated production and expected costs. Indications of, and guidance on future earnings, cash flows, costs, financial position and performance are also Forward-Looking Statements.

Persons reading this presentation are cautioned that such statements are only predictions, and that actual future results or performance may be materially different. Forward-Looking Statements, opinions and estimates included in this presentation are based on assumptions and contingencies which are subject to change, without notice, as are statements about market and industry trends, which are based on interpretation of current market conditions. Forward-Looking Statements are provided as a general guide only and should not be relied on as a guarantee of future performance.

Forward-Looking Statements are subject to known and unknown risks, uncertainties and other factors that may cause the Company's actual results, level of activity, performance or achievements to be materially different from those expressed or implied by such forward-looking information. No representation or warranty, express or implied, is made by Solstice that any Forward-Looking Statement will be achieved or proved to be correct. Further, Solstice disclaims any intent or obligations to update or revise any Forward-Looking Statements whether as a result of new information, estimates or options, future events or results or otherwise, unless required to do so by law.

Compliance Statement

The information in this presentation that relates to Exploration Results and Estimates of Mineral Resources is extracted from the Company's Prospectus dated 14 March 2022 (Prospectus) and ASX announcements dated 5 February 2025, 17 March 2025, 25 June 2025, 8 July 2025, 27 August 2025, 25 September 2025, 6 October 2025, 9 October 2025, 3 February 2026, 23 February 2026, 3 March 2026, 17 March 2026, 11 May 2026, 12 June 2026, 26 June 2026 and 3 August 2026 (Original Announcements), as referenced, which in the case of Solstice announcements are available at www.solsticeminerals.com.au. Solstice confirms that it is not aware of any new information or data that materially affects the information referenced in the Prospectus and Original Announcements and, in the case of Estimates of Mineral Resources, that all material assumptions and technical parameters underpinning the estimates continue to apply and have not materially changed. Solstice confirms that the form and context in which the Competent Persons' findings are presented have not been materially modified from the original announcement.

Nanadie copper-gold

Nanadie Project – rare large-scale and open-ended copper-gold system on a **granted Mining Lease**

Acquired February 2025 for $1m cash and 3m shares

Mineral Resource expansion drilling in progress: **>15,000m RC**, **ongoing diamond** 'tails' following **outstanding first results**

Multiple avenues to material MRE growth

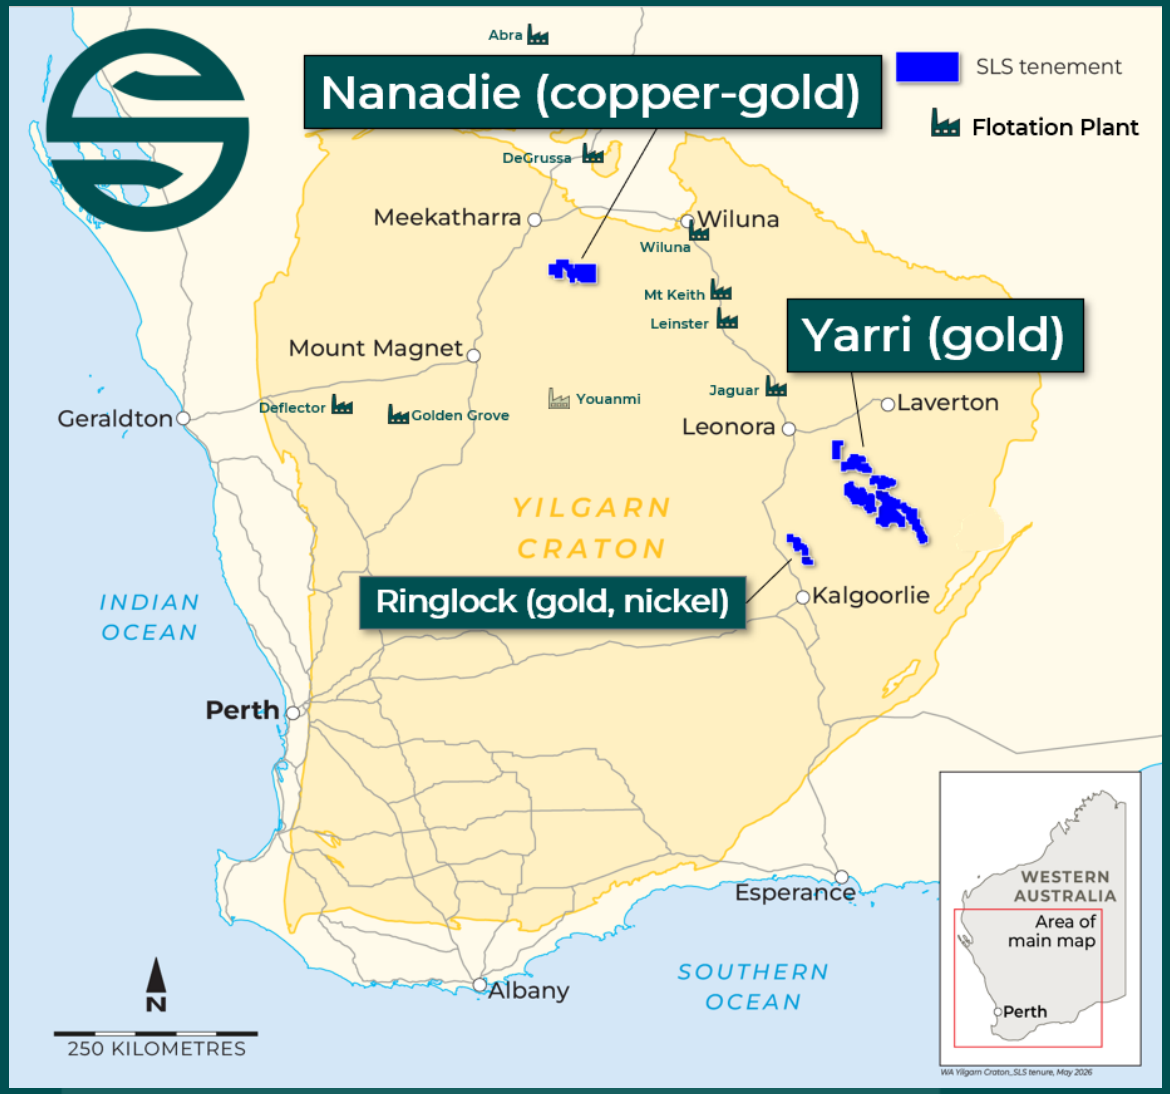

Consultants appointed to drive long-lead Study items - metallurgy, flora & fauna, hydrology, power

Yarri gold

Valuable 1,500km² Eastern Goldfields land position

Over 80,000m drilling completed since listing March 2022, progressing suite of advanced and greenfield gold prospects

Latent discovery potential in prolific greenstone belts

Nanadie: a rare copper-gold opportunity

For personal use only

Large scale copper-gold.

Substantial metal bank : 40.4Mt Mineral Resource Estimate (MRE) for **162,000t copper and 130,000oz gold**[1]

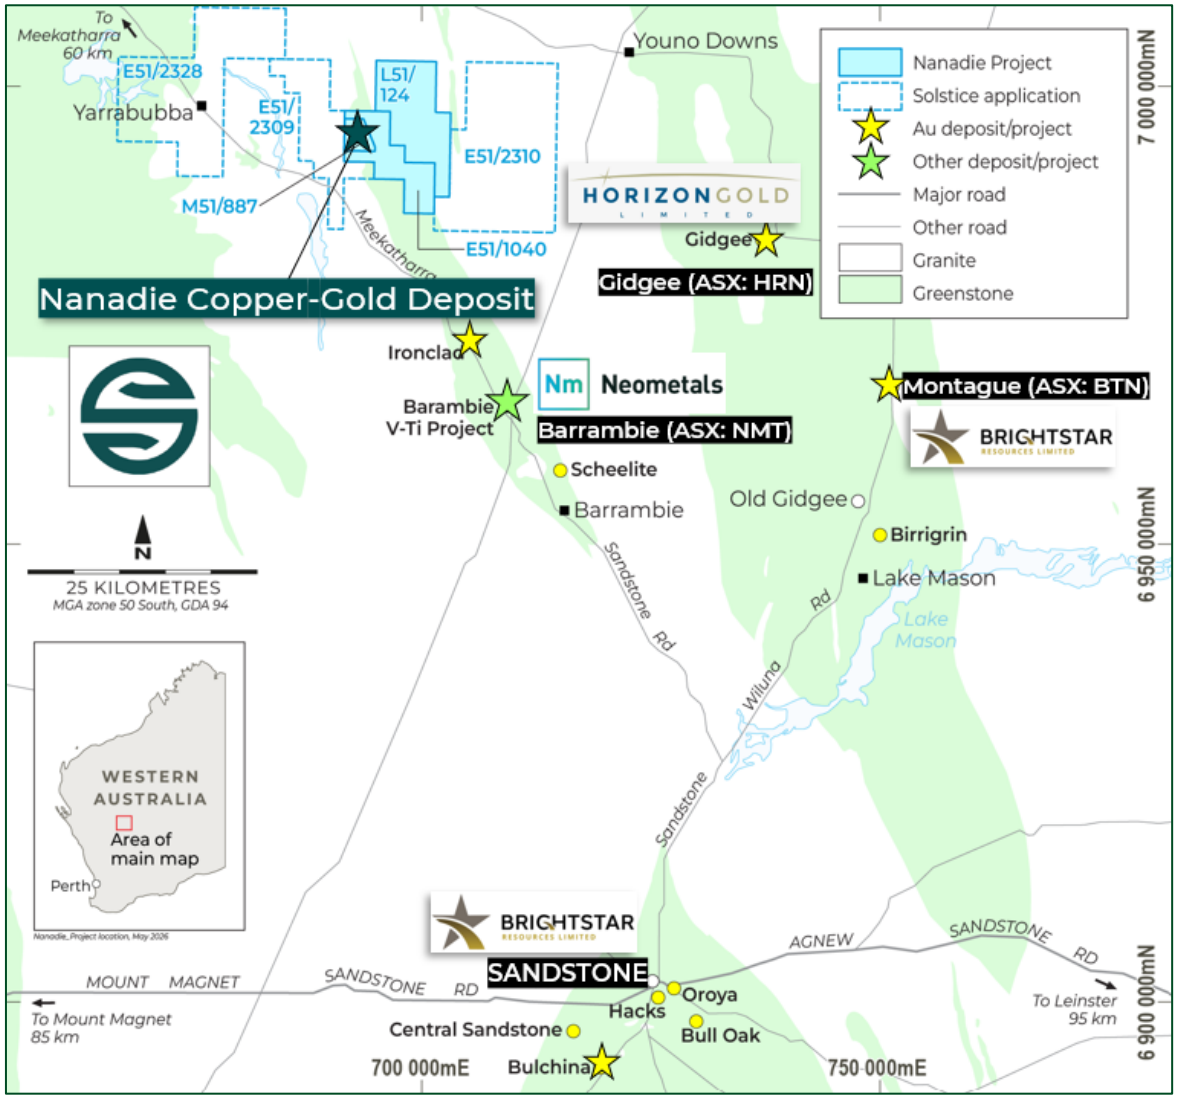

Strategic copper exposure on **granted Mining Lease** in stable and proven mining jurisdiction

Solstice's geological targeting identified **strong MRE expansion upside** plus regional **exploration potential**

Phase 1 RC demonstrated high-grade upside with hits to 62m @ 1.55% Cu, 0.66g/t Au, 55m @ 1.07% Cu, 0.23g/t Au[2]

Copper has an excellent long-term supply-demand outlook and **quality growth assets are rare**

Nanadie – clear pathway to resource growth and Project advancement

First drilling a resounding success, ongoing drilling now expanding system in all directions.

Nanadie remains **wide open** to the north, south, laterally and at depth, with **emerging high-grade zones** that can only enhance metal endowment and value

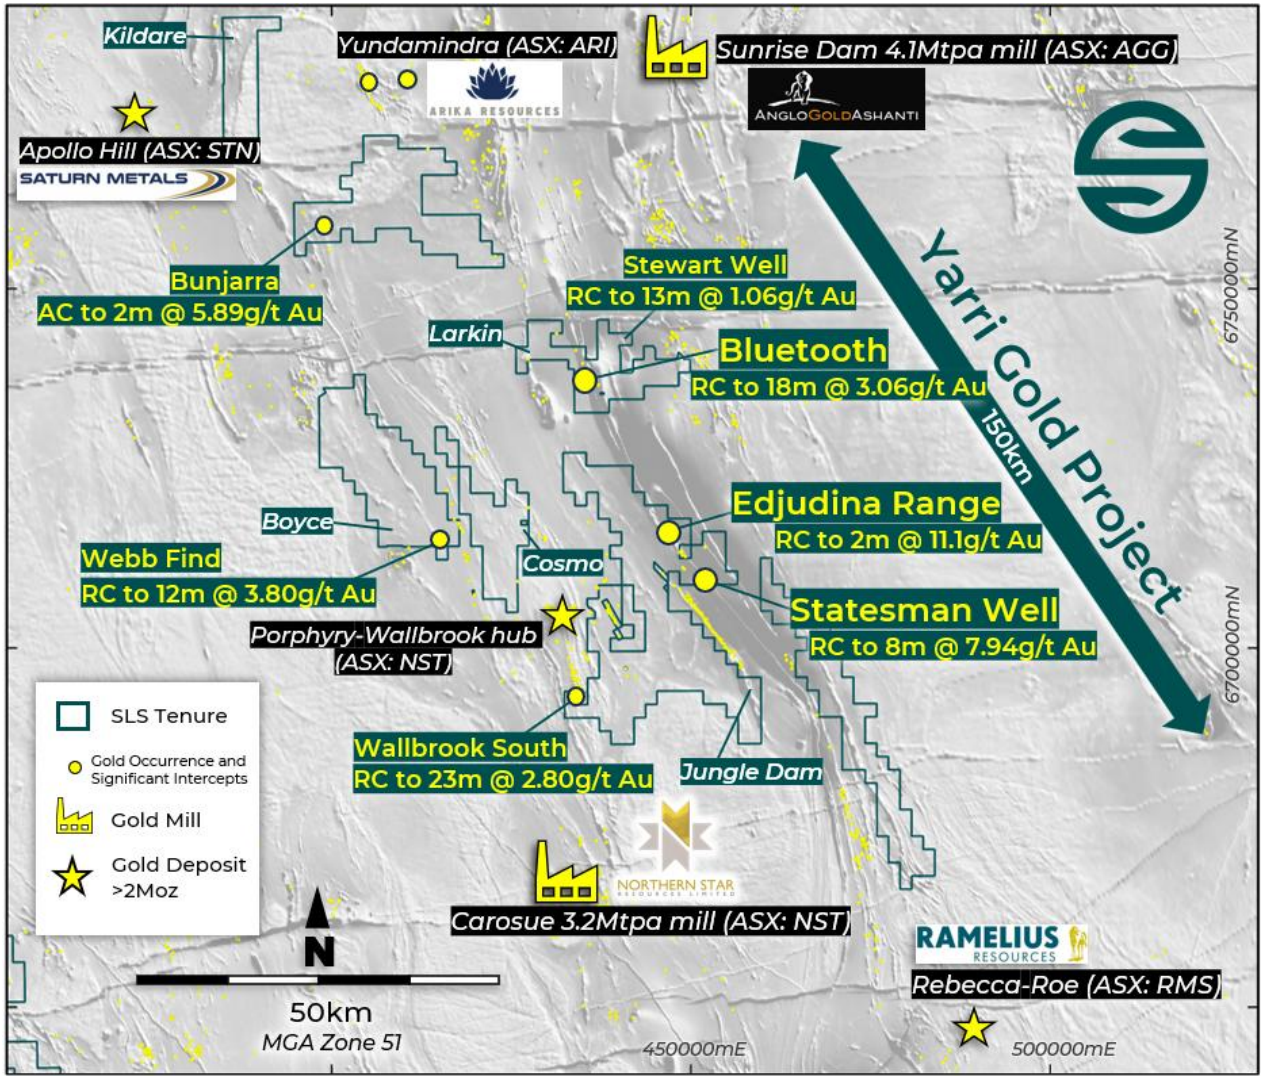

Current work programs include:

- >15,000m Phase 2 RC drilling targeting extensions
- >5,000m step-down diamond drilling – grade corridors, geological and metallurgical data
- Early Study items, updated Mineral Resource Estimate 2027
- Continued exploration across the broader project area
