PME signs 7-year, A\$23M contract with St. Luke's Health System

12 August 2026

HIGHLIGHTS

- **PME signs 7-year, A\$23M contract with St. Luke's Health System across three states.**
- **Contract is for Visage 7 Viewer and Visage 7 Workflow.**
- **Visage 7 platform to be implemented in the cloud.**
- **Transaction-based model with potential upside.**
- **Go-live targeted for Q1 in the 2027 calendar year.**

Leading health imaging company Pro Medicus Limited [ASX: PME] today announced its wholly-owned U.S. subsidiary, Visage Imaging, Inc., has signed a 7-year, A\$23M contract with St. Luke's Health System ("St. Luke's") based in Boise, Idaho.

St. Luke's is Idaho's largest private employer and not-for-profit healthcare provider. St. Luke's Boise Medical Center is the flagship hospital of the health system, which spans 10 medical centers, including St. Luke's Children's Hospital.

Based on a transactional licensing model, the contract will see the company's cloud-based Visage 7 Enterprise Imaging Platform ("Visage 7"), including Visage 7 Viewer and Visage 7 Workflow implemented throughout St. Luke's providing a single, unified enterprise imaging platform.

Planning for the rollout is to commence immediately and will be based on Visage's proven cloud-based implementation process, with go-live targeted for Q1 in the 2027 calendar year.

"St. Luke's provides outstanding, community-based care to patients across southern Idaho, eastern Oregon and northern Nevada," said Dr Sam Hupert, Pro Medicus CEO. "They join an ever growing list of Visage 7 clients to opt for our fully cloud-based platform, which, as a result of our CloudPACS strategy, is becoming the standard in the North American healthcare IT market."
