Chairman's Letter

Dear fellow shareholders

On behalf of the Board of Thorney Opportunities Ltd, I am pleased to present our Annual Report for the year ended 30 June 2026.

The 2026 financial year was characterised by a combination of strong equity market performance and elevated uncertainty. Global share markets generally traded near record highs, supported by resilient economic growth, ongoing technological innovation and substantial investment associated with artificial intelligence. At the same time, investors continued to contend with a range of geopolitical challenges, including trade tensions, tariff-related uncertainties and ongoing international conflicts that periodically affected sentiment and capital flows.

Inflationary pressures, while moderating in some regions, remained an important consideration for policymakers. Central banks maintained a cautious approach to monetary policy, balancing inflation objectives against the risk of slowing economic activity. Interest rates therefore remained a key driver of valuation outcomes across asset classes throughout the year.

Against this backdrop, artificial intelligence continued to dominate investment discussions. Significant global capital expenditure directed toward AI infrastructure, applications and ecosystems supported market leadership amongst technology-related businesses and reinforced the importance of innovation as a driver of long-term value creation.

For Thorney Opportunities Ltd (TOP), the year was one of active portfolio management and disciplined capital allocation. While broader markets achieved strong returns, opportunities remained highly selective. Our investment approach continued to focus on identifying undervalued companies where we believe operational improvement, strategic change or market recognition can unlock meaningful shareholder value over time.

TOP's net tangible assets finished the year ended 30 June 2026 slightly down at 89.3 cents per share versus the prior year. The Company's strongest portfolio positions in FY2026 were:

- **Southern Cross Electrical Engineering Limited;**
- **Macmahon Holdings Limited;**
- **QuickFee Limited;**
- **Service Stream Limited;** and
- **Zip Co Limited.**

These investments benefited from a combination of improved operating performance, favourable industry conditions, generally stronger dividends and stronger market recognition of underlying value.

For personal use only

For personal use only

Notwithstanding these successes, several investments detracted from performance during the year:

- **AMA Group Limited;**
- **Austin Engineering Limited;** and
- **20 Cashews Pty Ltd.**

While the performance of these positions was disappointing, periods of underperformance are an inherent part of long-term investing. We continue to assess each investment rigorously and remain focused on ensuring capital is allocated to opportunities that offer the most compelling risk-adjusted returns. We continue to see the potential value proposition in these investments as compelling.

During the year, we initiated new investments in **SPC Global Holdings Ltd** and Acrow Limited and increased our exposure to **Zip Co Limited and AMA Group Limited**, reflecting our conviction in the Company's long-term investment philosophy. These investments demonstrate our commitment to selectively deploying capital where we identify attractive long-term value creation opportunities.

A continuing frustration for the Board remains the persistent discount between the Company's share price and its underlying net tangible assets. While discounts to NTA are not unique to TOP and have become more pronounced across parts of the listed investment company sector, we recognise the impact this has on shareholder outcomes. The Board and management team remain focused on initiatives designed to enhance shareholder value and improve market recognition of the quality of the Company's assets and investment strategy.

Capital management remained a priority throughout the year and, in that regard, TOP continued to be active with its on-market share buyback. It is the Board's view that acquiring shares under this program represents an efficient and value-enhancing use of capital for continuing shareholders.

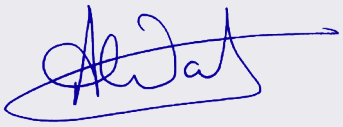

The Board remains committed to delivering returns to shareholders through both capital growth and income. Reflecting the strength of the Company's balance sheet and its capacity to generate sustainable shareholder returns, TOP declared a final fully franked dividend of 1.65 cents per share, an increase over the final dividend in the prior period of around 6.5%. The total dividends declared in respect of FY2026 were 2.75 cents per share, an increase of 3.8% over FY2025.

Looking ahead, we expect market conditions to remain influenced by the interaction of inflation trends, monetary policy decisions, geopolitical developments and the ongoing evolution of artificial intelligence technologies. While these factors may contribute to periods of volatility, they also create opportunities for active investors with a long-term perspective.

The Board remains confident in the quality of the Company's portfolio, the experience of the investment team and our ability to identify attractive opportunities across the market. We will continue to apply our disciplined investment approach while maintaining a strong focus on capital preservation, shareholder returns and long-term value creation.

On behalf of the Board, I thank our shareholders for their continued support and confidence in Thorney Opportunities Limited.

Yours Sincerely

Alex Waislitz, Chairman
31 August 2026

Director's Report

The directors present their report, together with the financial statements of Thorney Opportunities Ltd (TOP or Company), for the year ended 30 June 2026 and the auditor's report thereon.

1. Directors

The directors of TOP in office at the date of this report or at any time during the financial year are as follows:

NAME
Alex Waislitz OAM
Henry D. Lanzer AM
Dr Gary H. Weiss AM
Peter Landos

Information on directors

ALEX WAISLITZ OAM B.EC, LLB,
NON-EXECUTIVE CHAIRMAN

Alex Waislitz was appointed Chairman of the Company on 21 November 2013.

Mr Waislitz is Chairman of Thorney Technologies Ltd and is the founder and Executive Chairman of the private Thorney Investment Group, one of Australia's most successful private investment groups. He has extensive business and capital markets experience and has been a member of several public company boards.

He is co-owner of the Australian Community Media group, Australia's largest regional media group which operates more than 160 regional publications across Australia.

Mr Waislitz was Vice President of the Collingwood Football Club Limited for more than 20 years, stepping down in 2021.

Mr Waislitz has established the Waislitz Foundation and the Waislitz Family Foundation charities, with the aim of donating $50 million. These charities focus on community projects, education, health, indigenous programs and the arts.

In June 2023, Mr Waislitz was awarded a Medal (OAM) of the Order of Australia in the General Division for "service to the community through a range of organisations".

He is a graduate of Monash University in Law and Commerce and of the Harvard Business School OPM Program.

1. **Directors** continued

HENRY D. LANZER AM B.COM., LLB (MELB),
NON-EXECUTIVE DIRECTOR

Henry D. Lanzer AM was appointed a director of the Company on 21 November 2013 and was Chairman of the TOP Audit and Risk Committee up until August 2022.

Mr Lanzer is Managing Partner of Arnold Bloch Leibler - a leading Australian commercial law firm - and has over 40 years' experience in providing legal and strategic advice to some of Australia's leading companies.

Mr Lanzer is also a Director of Premier Investments Limited, a Director of Just Group Limited and previously a Director of the TarraWarra Museum of Art. He is a Life Governor of the Mount Scopus College Council. In June 2015, Mr Lanzer was appointed as a Member of the Order of Australia.

DR GARY H. WEISS AM LLB(HONS), LLM (WITH DIST.), J.S.D.,
NON-EXECUTIVE DIRECTOR, LEAD INDEPENDENT DIRECTOR

Dr Gary H. Weiss AM was appointed a director of the Company on 21 November 2013 and was appointed Chairman of the TOP Audit and Risk Committee on 26 August 2022.

Dr Weiss has considerable expertise in financial services businesses and extensive international business experience.

He holds several directorships including as Director of Ariadne Australia Limited (since November 1989), as Chairman of Coast Entertainment Holdings Limited (since September 2017), as Deputy Chairman of Myer Holdings Limited (a Director since November 2023.), as Director of Hearts & Minds Investments Limited, as a Director of Australian Athletics and Coaches Foundation Limited (March 2026), and as Chairman of Cromwell Property Group.

Dr Weiss is also a Commissioner of the Australian Rugby League Commission (since 2016). In June 2019 Dr Weiss was appointed as a Member of the Order of Australia.

During the past three years, Dr Weiss' also served as Chairman of Estia Health Ltd.

PETER LANDOS, B ECON, CA.,
NON-EXECUTIVE DIRECTOR

Peter Landos was appointed a Director of the Company on 31 March 2025.

Mr Landos is the Chief Operating Officer of the Thorney Investment Group and has extensive business and corporate experience specialising in advising boards and management in mergers and acquisitions, divestments, business restructurings and capital markets.

Mr Landos is a non-executive Director and Chairman of the Audit and Risk Committee of Gale Pacific Ltd and is also a member of the Company's Nomination Committee.

Mr Landos is also a non-executive Director of Adacel Technologies Limited, AnaeCo Limited and various entities within the 20 Cashews Pty Ltd group, including Rural Press Pty Ltd, View Media Group Pty Ltd and ViewJobs Pty Ltd.

Mr Landos was also appointed to the Board of the Western Bulldogs Football Club in December 2025.

Director's Report

2. Company Secretary

CRAIG SMITH B.BUS (ACCT), GIA(CERT), SECRETARY

Craig Smith CPA, ACIS was appointed secretary of the Company on 21 November 2013.

Mr Smith has been the Chief Financial Officer of the private Thorney Investment Group since 2008, was appointed company secretary of Thorney Technologies Ltd in 2016 and is a Director and company secretary of Anaeco Limited.

Prior to joining Thorney, Mr Smith held CFO / Company Secretarial roles with ASX listed companies Baxter Group Limited and Tolhurst Noall Limited.

3. Principal Activities

Thorney Opportunities Ltd is an investment company listed on the Australian Securities Exchange (ASX: TOP). Its principal activity is making investments in listed and unlisted securities.

There have been no changes in the nature of these activities during the 2026 financial year.

4. Result

The Company's loss before tax for the 2026 financial year was $4,439,343, compared with a profit before tax of $14,107,153 in 2025. Total comprehensive income for the year was $857,511 (2025: $8,541,057).

Net tangible assets after tax were 89.3 cents per share (2025: 90.3 cents per share).

5. Dividends

On 31 August 2026, the Board declared a final fully franked dividend of 1.65 cents per share (2025 final dividend: 1.55 cents per share). The dividend will be franked at a tax rate of 25% (2025: 30%). The Dividend Reinvestment Plan (DRP) will not operate in respect of the 2026 final dividend.

The Final dividend will be paid to shareholders on 30 September 2026. The total dividend of approximately $2,768,116 has not been recorded as a liability in the financial accounts. The dividend will be paid to all shareholders who are duly recorded on the register of members as at 5pm on Friday, 11 September 2026.

The fully franked 2026 Interim dividend of 1.10 cents per share was paid on 31 March 2026.

The fully franked 2025 Final dividend of 1.55 cents per share was paid on 30 September 2025.

6. Review of Operations

For the financial year ended 30 June 2026, the Company's net tangible assets after tax per share decreased from 90.3 cents per share (cps) to 89.3 cps. This movement reflects loss in the value of the Company's listed equity investment portfolio, a decrease in the fair value of TOP's investment in 20 Cashews Pty Ltd (20C) and the impact of the ongoing share buy-back program.

TOP's five largest listed portfolio holdings Southern Cross Electrical Engineering Ltd (SXE), AMA Group Ltd (AMA), ZIP Co Ltd (ZIP), Solvar Ltd (SVR) and COG Financial Services Ltd (COG), represent approximately 49% of total assets.

Cash and cash equivalents as at 30 June 2026 were $2,904,592 (2025: $32,849,145). The net decrease predominantly reflects cash outflows from operating activities of $19,275,063, payments for long-term investments of $1,507,800, payments made in relation to the on-market buy-back totalling $4,601,920, and dividends paid of $4,559,770.

During the year 7,277,839 shares have been bought back at a total cost of $4,601,920 with an average cost of 63.2 cents per share. (2025: 7,842,876 shares bought back for $4,999,148, with an average cost of 63.74 cents per share).

During the year the Company lodged change of interest of substantial holder notices for AMA Group Ltd (AMA), Earlypay Ltd (EPY), Quickfee Ltd (QFE), Service Stream Ltd (SSM), Hub24 Ltd (HUB) and COG Financial Services Ltd (COG), became a substantial holder for Retail Food Group Ltd (RFG) and Spirit Technology Solutions Ltd (ST1), and ceased to be a substantial holder for Service Stream Ltd (SSM).

7. Financial Position

The Company's net tangible assets can be summarised as follows:

Net tangible asset backing per share	2026	2025
Net tangible assets	$149,787,087	$158,091,266
Shares on issue	167,764,620	175,042,459
Net tangible assets after tax per share	89.3 cents	90.3 cents

8. Prospects

The Company remains committed to maintaining its disciplined approach to investing.

The Board is optimistic that, in this challenging economic environment, opportunities which may be attractive to the Company will continue to emerge over the coming period.

9. Material Business Risks

The material business risks that have been identified for the Company are investment risk and operational risk. With an investment mandate that has exposures to small and medium size capitalisation companies, TOP will always bear market risk as it invests its capital in assets that are not risk free. Investment risk covers investment strategy, leverage, investment manager, market price, collateral, credit, counterparties, liquidity, unlisted early stage and small cap businesses, portfolio turnover, derivatives, diversification, foreign currency, outsourcing, interest rates and the regulatory environment. Operational risks include key person risk, regulatory risk and cyber security risk.

Our risk management framework, which is overseen by our Audit & Risk Committee, has been designed to monitor, review and continually improve risk management at the Company.

10. Events Subsequent to Balance Date

Since the end of the year, the Directors declared a final fully franked dividend of 1.65 cents per share, to be paid on 30 September 2026.

Director's Report

11. 2026 Remuneration Report (Audited)

This report outlines the Key Management Personnel (KMP) remuneration arrangements of the Company in accordance with the requirements of the *Corporations Act 2001* and its Regulations.

For the purposes of the report, KMP are defined as those persons and corporate entities having authority and responsibility for planning, directing and controlling activities of the Company.

For Thorney Opportunities Ltd the KMP are the non-executive Directors and the Investment Manager.

(a) Remuneration of Directors

The non-executive Directors are remunerated by the Company. It is the policy of the Board to remunerate Directors at market rates commensurate with the responsibilities undertaken by non-executive Directors. The remuneration of the non-executive Directors is not linked to the performance of the Company.

NON-EXECUTIVE DIRECTORS' FEES

The non-executive Directors' base remuneration is reviewed annually. The amount of base remuneration is not dependent on the satisfaction of a performance condition, or on the performance of the Company, the Company's share price, or dividends paid by the Company.

NON-EXECUTIVE CHAIRMAN'S FEES

For his role as Chairman and director of TOP, the non-executive Chairman, Alex Waislitz, receives zero directors' fees and zero retirement benefits.

RETIREMENT BENEFITS FOR DIRECTORS

The Company does not provide retirement benefits (other than superannuation) to the non-executive Directors. The Investment Manager does not provide retirement benefits (other than superannuation) to the non-executive Chairman.

OTHER BENEFITS (INCLUDING TERMINATION) AND INCENTIVES

The Company does not pay other benefits and incentives to the non-executive Directors. The Company and the Investment Manager do not pay other benefits and incentives to the non-executive Chairman.

(b) Remuneration of the Investment Manager

Thorney Management Services Pty Ltd (TMS, the Investment Manager), is a corporate entity controlled by Mr Waislitz that has specified authority and responsibility in regard to the management of the Company's investment portfolio and is remunerated by the Company in accordance with the Investment Management Agreement (IMA). In February 2023, the IMA was extended for a further 7 years expiring 21 November 2030.

In respect of the year ended 30 June 2026, the Investment Manager was entitled to:

- a base fee of $2,669,111 net of claimable GST and RITC (2025: $2,687,697), being a base fee equal to 0.75% per half year of the gross asset value of the Company, payable half-yearly in arrears, calculated as at the last business day of the relevant half-year; and
- a performance fee of $221,119 net of claimable GST and RITC (2025: $2,202,411). The fee is the greater of zero and the amount calculated as 20% of the Increase Amount. The Increase Amount is the adjusted Increased Net Asset Value for the current period less the High Water Mark and less a hurdle, equivalent to the value of any Base Fee paid or accrued since the High Water Mark Base Financial Year. Performance fee entitlements are calculated on an annual basis, commencing on 1 July of each financial year. If there is no Increase Amount for a financial year, no performance fee is payable.
- Base fees and performance fees are calculated in accordance with the IMA.

For personal use only

11. 2026 Remuneration report (Audited) continued

(c) Details of Remuneration

Key Management Personnel (KMP) received the following remuneration amounts:

2026	Short term benefits		Post-employment benefits	Total ($)
	Fees ($)	Other ($)	Superannuation ($)	
Alex Waislitz	-	-	-	-
Henry Lanzer[1]	56,000	1,891	-	57,891
Dr Gary Weiss	50,000	-	6,000	56,000
Peter Landos	50,000	-	6,000	56,000
Total KMP remuneration	**156,000**	**1,891**	**12,000**	**169,891**

2025	Short term benefits		Post-employment benefits	Total ($)
	Fees ($)	Other ($)	Superannuation ($)	
Alex Waislitz	-	-	-	-
Henry Lanzer[1]	55,750	1,215	-	56,965
Dr Gary Weiss	50,000	-	5,750	55,750
Peter Landos[2]	12,500	-	1,438	13,938
Total KMP remuneration	**118,250**	**1,215**	**7,188**	**126,653**

[1] Mr Lanzer's fees are paid or payable to Arnold Bloch Leibler (ABL), a legal firm of which Henry Lanzer is the Managing partner. During the year, the Company engaged ABL to provide legal advice totalling $1,891 excluding GST (2025: $1,215).

[2] Mr Peter Landos was appointed as a non-executive director on 31 March 2025.

There were no short-term cash profit sharing and other bonuses, non-monetary benefits, other post-employment benefits, termination benefits or share based payments to Key Management Personnel for the current or the prior year.

For personal use only

Director's Report

11. 2026 Remuneration Report (Audited) continued

(d) Service Arrangements

The following service arrangements have been agreed between the Company and the non-executive Directors with respect to remuneration and other terms of employment.

HENRY LANZER

- Commenced 21 November 2013
- No term has been set unless the Director is not re-elected by shareholders of the Company
- Base annual fee of $56,000 (GST exclusive)

DR GARY WEISS

- Commenced 21 November 2013
- No term has been set unless the Director is not re-elected by shareholders of the Company
- Base annual fee of $50,000 plus superannuation

PETER LANDOS

- Commenced 31 March 2025
- No term has been set unless the Director is not re-elected by shareholders of the Company
- Base annual fee of $50,000 plus superannuation

(e) Employment agreement

The non-executive Chairman has an employment agreement with Tiga Trading Pty Ltd, a related body corporate of the Investment Manager, not the Company.

- Commenced as Director on 21 November 2013
- No base salary or other compensation was received from the Company
- The Director is employed under an employment agreement with Tiga Trading Pty Ltd which will continue indefinitely until terminated

(f) History of TOP performance

The table below summarises TOP's key financial performance indicators over the last five financial years.

As at 30 June	Earnings after tax (PAT) $	EPS (cents per share)	Share price (cents per share)	NTA[1] (after tax) (cents per share)
2026	857,511)	0.5)	55.0	89.3
2025	8,541,057)	4.7)	62.0	90.3
2024	35,028,755)	18.7)	68.0	87.1
2023	10,860,241)	5.6)	48.0	70.0
2022	(3,723,305)	(1.9)	47.0	66.4

Other KMP					
Thorney Management Services Pty Ltd (TMS)[2]	60,237,713	-	60,237,713	-	60,237,713

[1] The table above includes relevant interests held directly, indirectly or by an associate.

[2] Pursuant to the *Corporations Act 2001* (Cth), Alex Waislitz has a deemed relevant interest in the ordinary shares of TOP held by Thorney Holdings Pty Ltd, Tiga Trading Pty Ltd, Jasforce Pty Ltd and Waislitz Charitable Corporation Pty Ltd. TMS is an associate of Alex Waislitz and each of the foregoing entities, so has been listed in the above table for completeness.

HISTORY OF TOP PERFORMANCE – LAST 5 YEARS

Thorney Management Services Pty Ltd (Investment Manager) assumed investment management responsibilities from 21 November 2013 pursuant to an Investment Management Agreement (IMA) approved by shareholders at the 2013 Annual General Meeting. The IMA has been extended for a further 7 years to 21 November 2030. A variation deed was executed in July 2024 which introduced a high water mark mechanism effective from 1 July 2023.

(End of Remuneration Report).

Director's Report

13. Board and Committee Meetings

The number of Board meetings, including meetings of Board Committees, held during the year ended 30 June 2026 and the number of those meetings attended by each Director is set out below:

	Board Meetings		Audit and Risk Committee[1]	
	Eligible	Attended	Eligible	Attended
Alex Waislitz	6	5	-	3
Henry Lanzer	6	6	4	4
Dr Gary Weiss	6	4	4	4
Peter Landos	6	6	-	4

[1]. Under the Audit and Risk Committee Charter, all directors are invited to attend Committee meetings.

14. Environmental Regulation

The operations of TOP are not subject to any particular or significant environmental regulations under a Commonwealth, State or Territory law.

15. Indemnification and Insurance of Officers and Auditor

TOP has paid insurance premiums in respect of directors' and officers' liability for current and former directors and officers of the Company.

The insurance policies prohibit disclosure of the nature of the liabilities insured against and the amount of the premiums.

To the extent permitted by law, the Company has agreed to indemnify its auditors, Ernst & Young, as part of the terms of its audit engagement agreement against claims by third parties arising from any non-audit services (for an unspecified amount). No payment has been made to indemnify Ernst & Young during or since the financial year.

16. Auditor's Independence Declaration

The Auditor's independence declaration, as required under *section 307C* of the *Corporations Act 2001*, is set out on page 14.

For personal use only

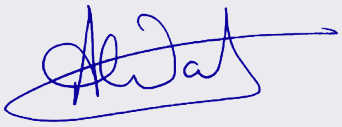

17. Non-Audit Services

Details of the amounts paid or payable to Ernst & Young for audit services provided during the year are set out in Note 16 to the financial statements on page 33 of this report.

There were no non-audit services performed by the Company's auditor, Ernst & Young, during the 2026 financial year.

This report is made in accordance with a resolution of the Board of Directors.

Notes to the Financial Statements

1. Corporate information

The financial statements of Thorney Opportunities Ltd and its subsidiary (collectively TOP or the Company) for the year ended 30 June 2026 were authorised for issue in accordance with a resolution of the directors on 31 August 2026. The directors have the power to amend and reissue the financial report.

Thorney Opportunities Ltd is a Company limited by shares, incorporated and domiciled in Australia.

The nature of the operations and principal activities of the Company are described in the director's report.

The Company's investment activities are managed by Thorney Management Services Pty Ltd pursuant to an Investment Management Agreement (IMA) approved by shareholders.

2.1 Summary of material accounting policies

(a) Basis of preparation

The financial statements are general purpose financial statements that have been prepared in accordance with the requirements of the *Corporations Act 2001*, Australian Accounting Standards and other authoritative pronouncements of the Accounting Standards Board. The financial statements are presented in Australian Dollars, and the Company is a for-profit entity for the purpose of preparing financial statements.

The annual report has also been prepared on a historical cost basis, except for financial assets and financial liabilities held at fair value through profit or loss, that have been measured at fair value.

Statement of compliance
The financial statements have been prepared in accordance with the Australian Accounting Standards as issued by the Australian Accounting Standards Board and International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board.

Changes in Accounting Standards

None of the standards, interpretations or amendments to existing standards that are effective for the first time for the financial year beginning 1 July 2025 have a material impact on the amounts recognised in the prior periods or will affect the current or future periods.

Standards issued that might have an impact but not yet effective

AASB 18 *Presentation and Disclosure in Financial Statements*, is applicable to the Company from 1 July 2027. AASB 18 introduces new requirements on presentation within the statement of profit or loss, including specified totals and subtotals. It also requires disclosure of management-defined performance measures and includes new requirements for aggregation and disaggregation of financial information based on the identified 'roles' of the primary financial statements and the notes. The Company has not yet completed its assessment of the impact of this new standard on the Financial Report.

A number of new standards, amendments to standards and interpretations are effective for annual periods beginning after 1 July 2026 and have not been early adopted in preparing these financial statements.

None of these are expected to have a material effect on the financial statements of the Company.

For personal use only

2.1 Summary of material accounting policies continued

(b) Basis of consolidation

The Company meets the definition of an Investment Entity under AASB 10 *Consolidated Financial Statements,* as it meets the following criteria:

- the Company obtains funds from shareholders for the purpose of providing them with investment management services;
- the Company's business purpose, which it communicated directly to shareholders, is investing solely for returns from capital appreciation and investment income; and
- the performance of investments made by the Company are measured and evaluated on a fair value basis.

The Company meets all the typical requirements of an investment entity.

The Company has determined that for any entities it controls or has significant influence over, that do not provide investment related services to the Company, consolidated financial statements are not required. The Company's investments in these entities are measured at fair value through profit and loss in accordance with AASB 9 *Financial Instruments*.

Disclosure of subsidiaries and their country of tax residency as required by the *Corporations Act 2001* does not apply to the company as it is not required by accounting standards to prepare consolidated financial statements.

2.2 Accounting judgements and estimates

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the amounts recognised in the financial statements. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future.

The significant accounting policies have been consistently applied in the current financial year and the comparative period, unless otherwise stated. Where necessary comparative information has been re-presented to be consistent with current period disclosures.

Fair value of financial instruments

When the fair values of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques, such as recent transaction prices in the private market or discounted cash flow models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements can include considerations of discount rate, growth rate, forecasted cashflows and other inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could significantly affect the estimated reported fair value of financial instruments. Further details are provided in 'Note 8 - Key inputs and sensitivities'.

Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits, together with future tax planning strategies. Further details are provided in Note 4.

For personal use only

Notes to the Financial Statements

2.3 Summary of material accounting policy information

The material accounting policies applied in the preparation of these financial statements are set out below.

a) Financial instruments

(i) Classification
The Company classifies its financial assets and financial liabilities into the categories below in accordance with AASB 9.

Financial assets and liabilities at fair value through profit or loss
The Company manages two discrete portfolios of financial instruments: the long-term portfolio and the trading portfolio.

The long-term portfolio comprises securities that the Directors intend to retain over the long term, principally to generate capital appreciation. These investments are presented as non-current financial assets in the statement of financial position.

The trading portfolio comprises securities and derivatives acquired or entered into principally to generate a profit from short-term price movements. Trading financial assets are presented as current assets, while any trading financial liabilities, including derivative liabilities, are presented as current liabilities in the statement of financial position. All derivatives are classified as held for trading.

Other financial liabilities
This category includes all financial liabilities, other than those classified as at fair value through profit or loss. Other financial liabilities are measured at amortised cost. Amounts are generally settled within 30 days of being recognised as other financial liabilities. Given the short-term nature of other financial liabilities, the carrying amount approximates fair value.

(ii) Recognition
A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the marketplace are recognised on the trade date, i.e. the date that the Company commits to purchase or sell the asset.

The Company includes in this category equity instruments. Equity instruments include investments in subsidiaries and associates. The following is noted:

- *Investment in subsidiaries:* in accordance with the exemption under AASB *10 Consolidated Financial Statements*, investments in subsidiaries are not consolidated, unless the subsidiary does not meet this exemption because it performs services that relate to the investment activity of the Company. Otherwise the Company measures unconsolidated subsidiaries at fair value through profit and loss.
- *Investment in associates*: in accordance with the exemption in AASB *128 Investment in Associates and Joint Ventures*, the Company does not account for its investments in associates using the equity method. Instead the Company measures its investments in associates through fair value through profit and loss.

iii) De-recognition
A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is derecognised where:

i. The rights to receive cash flows from the asset have expired; or
ii. The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and
iii. Either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

The Company derecognises a financial liability when the obligation under the liability is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of comprehensive income.

For personal use only

2.3 Summary of material accounting policy information continued

a) Financial instruments continued

(iv) Initial measurement

Both the long-term and trading portfolios are classified at initial recognition as financial assets at fair value through profit or loss. All transaction costs for such instruments are recognised directly in profit or loss.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value presented in the statement of profit or loss.

Loans and receivables and financial liabilities (other than those classified as at fair value through profit or loss) are measured initially at their fair value plus directly attributable transaction costs, in the case of loans and receivables, and net of directly attributable transaction costs for financial liabilities.

When the transaction price of the instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Company recognises the difference between the transaction price and fair value in net trading income. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is deferred and is only recognised in profit or loss when the inputs become observable, or when the instrument is derecognised.

Dividend income earned on investments held at fair value through profit or loss is recognised separately in the statement of comprehensive income.

(v) Subsequent measurement

After initial measurement, the Company remeasures financial instruments which are classified as at fair value through profit or loss at fair value (see note 8). Subsequent changes in the fair value of those financial instruments are recorded in 'Change in fair value of financial assets and liabilities at fair value through profit or loss'. Interest earned is recorded in 'Interest revenue' according to the terms of the contract. Dividend revenue is recorded in 'Dividend revenue'.

b) Fair value measurement

The Company measures financial assets and liabilities at fair value through profit or loss, such as equity securities and debt instruments, at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or most advantageous market must be accessible to the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1	Quoted (unadjusted) market prices in active markets for identical assets or liabilities
Level 2	Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
Level 3	Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

c) Functional and presentation currency

The Company's functional and presentation currency is the Australian Dollar, which is the currency of the primary economic environment in which it operates. The Company's performance is evaluated and its liquidity is managed in Australian Dollars. Therefore, the Australian Dollar is considered as the currency that most faithfully represents the economic effects of the underlying transactions, events and conditions.

For personal use only

Notes to the Financial Statements

2.3 Summary of material accounting policy information continued

d) Interest revenue and expense

Interest earned on financial assets classified as 'at fair value through the profit or loss' is recorded in 'Interest revenue' according to the terms of the contract. Interest income from financial assets at amortised cost is recognised using the effective interest method and includes interest from cash and cash equivalents. The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating the interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts throughout the expected life of the financial instrument, or a shorter period where appropriate, to the net carrying amount of the financial asset. When calculating the effective interest rate, the Company estimates cash flows considering all contractual terms of the financial instruments (for example, prepayment options) but does not consider future credit losses. The calculation includes all fees paid or received between the parties to the contract that are an integral part of the effective interest rate, including transaction costs and all other premiums or discounts.

e) Dividend revenue

Dividend revenue is recognised when the Company's right to receive payment is established.

f) Fees, commissions and other expenses

Except where included in the effective interest calculation (for financial instruments carried at amortised cost), fees and commissions are recognised on an accrual basis. Legal and audit fees are included within 'Legal and professional fees' and are recorded on an accrual basis.

g) Cash and cash equivalents

Cash and cash equivalents in the statement of financial position comprise cash on hand, demand deposits, short term deposits in banks with original maturities of three months or less and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents is presented as defined above, net of outstanding bank overdrafts.

h) Margin account

The Company maintains a margin cash account with UBS, which is adjusted daily based on the collateral requirements for its open derivative positions. The margin account is used to meet collateral requirements associated with the Company's derivative trading activities.

i) Taxes

Current income tax

Current income tax assets and liabilities for the current period are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date where the Company operates and generates taxable income.

Current income tax relating to items recognised directly in equity is recognised in equity and not in the statement of profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

i. When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
ii. In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

j) Profits reserve

The profits reserve is made up of amounts transferred from current and retained earnings that are preserved for future dividend payments.

For personal use only

2.3 Summary of material accounting policy information continued

k) Due to and due from brokers

Amounts due to brokers are payables for securities purchased (in a regular way transaction) that have been contracted for but not yet delivered on the reporting date. *Refer to the accounting policy for 'other financial liabilities' for recognition and measurement of these amounts.*

Amounts due from brokers include margin accounts and receivables for securities sold (in a regular way transaction) that have been contracted for but not yet delivered on the reporting date. *Refer to accounting policy for 'loans and receivables' for recognition and measurement of these amounts.*

l) Goods and services tax (GST)

Revenue, expenses and assets are recognised net of the amount of GST except:

i. When the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
ii. Receivables and payables are stated with the amount of GST included.

Reduced input tax credits (RITC) recoverable by the Company from the ATO are recognised as a receivable in the Statement of financial position.

Cash flows are included in the statement of cash flows on a gross basis and the GST component of cash flows arising from investing and financing activities, which is recoverable from, or payable to, the taxation authority, is classified as part of operating cash flows.

3. Total investment income

The major components of investment income in the Statement of comprehensive income are:

	June 2026 $	June 2025 $
Net realised gains / (losses)[1]:		
- Trading Investments	**29,160,861**	31,079,613
- Long term investments	**-**	(149,780)
Total realised gain	**29,160,861**	30,929,833
Unrealised (loss) / gain for change in fair value of:		
- Trading investments	**(29,596,346)**	(12,493,853)
- Long-term investments[2]	**(5,874,167)**	(3,885,528)
Total unrealised (loss)	**(35,470,513)**	(16,379,381)
Net changes in fair value of investments	**(6,309,652)**	14,550,452
Interest income	**1,277,063**	1,703,020
Dividend income	**4,221,978**	3,470,906
Other Income	**35,000**	-
Total investment (loss) / gain	**(775,611)**	19,724,378

[1] The gain / (loss) of trading investments is the difference between the selling price and the cost of the investments sold during the reporting period.
[2] Includes a $5.9 million fair value loss in 20 Cashews Pty Ltd (June 2025: Loss of $3.8 million).

For personal use only

Notes to the Financial Statements

4. Income tax

The income tax expense attributable to the year differs from the prima facie amount payable on the profit before tax. The difference is reconciled as follows:

	June 2026 $	June 2025 $
Current tax		
Current income tax expense	**1,780,946**	14,065,828
Deferred tax		
Origination and reversal of temporary differences	**(7,077,800)**	(8,499,732)
Income tax (benefit) / expense recognised in the Statement of comprehensive income	**(5,296,854)**	5,566,096
(Loss) / profit before income tax benefit / (expense)	**(4,439,343)**	14,107,153
Prima facie tax benefit (expense) on (loss) gain from ordinary activities before income tax at 25% (2025: 30%)	**1,109,836**	(4,232,146)
- Imputation credits utilised	**1,780,946**	1,487,531
- Adjustment for change in corporate tax rate	**2,874,873**	(2,338,156)
- Imputation credits on dividends received	**-**	(446,259)
- Other adjustment	**(468,801)**	(37,066)
Income tax benefit / (expense) recognised in the Statement of comprehensive income	**5,296,854**	(5,566,096)

	June 2026 $	June 2025 $
Deferred tax		
Financial assets	**(8,494,843)**	(14,932,176)
Long term financial assets	**(4,216,829)**	(6,819,172)
Business establishment costs	**8,840**	10,538
Other	**72,192**	217,569
Losses available for offsetting against future taxable income	**678,256**	4,274,003
Net deferred tax (liability)	**(11,952,384)**	(17,249,238)

At 30 June 2026, the Company has estimated gross revenue tax losses of $2,713,025 (2025: $14,246,676) that are available to offset against future taxable revenue profits, subject to continuing to meet relevant statutory tests and have been recognised as a deferred tax asset.

In assessing the probability of the future realisation of carry forward tax losses and the extent to which a deferred tax asset for carry forward losses is to be recognised, the Company has considered the market conditions existing at 30 June 2026 and has considered future economic uncertainties in the Company's forecast.

During the year, the Company applied a corporate income tax rate of 25%, compared with 30% in the prior period. The lower tax rate reflects the Company's qualification as a Base Rate Entity (BRE) under the relevant taxation legislation.

At 30 June 2026, the Company has estimated unused gross capital tax losses of $30,714,821 (2025: $30,714,821) for which no deferred tax asset has been recognised.

For personal use only

5. Dividends

	June 2026 $	June 2025 $
(a) Dividends declared by Directors at June 2026 but not recognised as a liability at 30 June 2026:		
Fully franked 1.65 cents per share Final Dividend which has not been recognised as a liability at the end of the year (2025: 1.55 cents per share)	**2,768,116**	2,700,703
(b) Dividend franking account		
Balance at 1 July	**2,264,028**	2,340,957
Franking credits received on dividends from investments	**1,780,946**	1,487,531
Franked dividends paid during the period	**(1,954,186)**	(1,564,460)
Balance at 30 June	**2,090,788**	2,264,028
Subsequent to reporting period, the franking account will reduce by the dividend proposed above	**922,705**	1,157,444
	1,168,083	1,106,584

The Company's ability to pay franked dividends is fully dependent upon the receipt of franked dividends from investments as while the Company continues to utilise its available tax losses, it will not pay tax. The Company has sufficient franking credits to pay a full franked dividend as prescribed above.

6. Cash and cash equivalents

	June 2026 $	June 2025 $
Cash at bank	**2,904,592**	32,849,145
Total cash and cash equivalents	**2,904,592**	32,849,145

Cash at banks earns interest at floating rates based on daily bank deposit rates. Short-term deposits when applicable are made for varying periods of between 1 day and 90 days, depending on the immediate cash requirements of the Company, and earn interest at the respective short-term deposit rates. The carrying value of cash and cash equivalents approximates fair value.

a) Reconciliation of net profit after tax to net cash provided by operating activities:

	June 2026 $	June 2025 $
Total comprehensive gain for the year	**857,511**	8,541,057
Adjustments for non-cash items:		
Unrealised component of change in fair value of investments	**35,470,513**	16,529,161
Changes in Assets & Liabilities:		
(Increase) in receivables	**(349,738)**	(344,077)
(Increase) / decrease in financial assets	**(49,439,475)**	2,006,733
Decrease in other assets	**363**	1,780
(Decrease) in creditors & accrued expenses	**(1,117,441)**	(11,120,072)
Decrease / (increase) in margin accounts	**494,667**	(2,546,471)
Increase in other financial liabilities	**105,391**	144,549
(Decrease) / increase in deferred tax liabilities	**(5,296,854)**	5,566,096
Net cash (used in) / provided by operating activities	**(19,275,063)**	18,778,756

For personal use only

Notes to the Financial Statements

7. Margin accounts

	June 2026 $	June 2025 $
Margin account	**2,051,804**	2,546,471
Total Margin account	**2,051,804**	2,546,471

The Company maintains a margin cash account with UBS, which is adjusted daily based on the collateral requirements associated with its open short option positions. The margin account is used to meet collateral obligations arising from the Company's derivative trading activities.

For personal use only

8. Fair value measurement

To reflect the source of valuation inputs used when determining the fair value of its financial assets and financial liabilities, the Company uses the fair value hierarchy prescribed in AASB 13 *Fair Value Measurement*:

Level 1:	quoted (unadjusted) prices in active markets for identical assets or liabilities.
Level 2:	valuation techniques using market observable inputs, either directly or indirectly.
Level 3:	valuation techniques using non-market observable data.

The Company invests in both listed and unlisted investments, in order to execute its investment mandate. Listed investments include listed equities and listed derivatives. Unlisted investments include private equity businesses, where the Company invests in financial instruments such as unlisted equities, loan notes and derivatives that are not quoted in an active market.

Listed investments trading in an active market are valued based upon quoted market prices at each balance sheet date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The fair value of listed equities that are actively trading in an active market at 30 June 2026 are classified as Level 1.

Deposits with unlisted trusts are valued based on the expected future contractual cash flow and market discount rate.

Unlisted financial assets (long term financial assets) are valued at fair value in accordance with AASB 13 *Fair Value Measurement,* applying the principles in *'International Private Equity and Venture Capital Valuation Guidelines'*. When there is no observable market data available, the Company uses market-based valuation techniques to determine fair value. The fair value of these investments are classified as Level 3.

The fair value measurement hierarchy of the Company's financial assets and financial liabilities is as follows:

		June 2026	June 2025
Assets measured at fair value			
Level 1:	Listed equities	**129,277,925**	119,749,523
Level 2:	Unlisted Options / warrants	**8,685**	19,598
Level 3:	Long-term financial assets[1]	**19,551,677**	23,907,131
Level 3:	Deposit with unlisted trust	**10,000,000**	-
Total financial assets		**158,838,287**	143,676,252
Total current		**139,277,925**	119,749,523
Total non-current		**19,560,362**	23,926,729
Financial liabilities measured at fair value			
Level 1:	Exchange traded options	**464,718**	781,235
Total financial liabilities		**464,718**	781,235

Key inputs and sensitivities

[1]The largest long-term financial asset is represented by the 25% ownership interest in 20 Cashews Pty Ltd (20C). The decline for 2026 in the value of TOP's investment in 20C is largely attributable to its reduction in investment in View Media Group following its recapitalisation. Australian Community Media continued to trade profitably throughout the period.

The fair value of ACM is determined by a discounted cash flow model (DCF) of the ACM operating business at 30 June 2026.

The DCF valuation includes inputs to the valuation that are considered Level 3 of the fair value hierarchy as the DCF valuation requires assumptions to be made to determine certain inputs that are not based on observable market data.

The fair value of other recently acquired unlisted investments has been determined with reference to recent arm's length transactions in the investee's securities. Management considers the transaction price to be the key inputs and be representative of fair value at the reporting date, after considering any changes in the investee's financial performance, market conditions and other relevant factors since the transaction date.

The fair value of the deposit with unlisted trust is determined based on present value of the expected future contractual cash flow and market discount rate.

For personal use only

Notes to the Financial Statements

8. Fair value measurement continued

Key inputs and sensitivities continued

At reporting date, the key unobservable inputs used by the Company within its DCF valuation in determining the fair value of the ACM business, together with a quantitative sensitivity analysis as at 30 June 2026 is summarised below:

Unobservable inputs	Description	Sensitivity of the input to the fair value calculation	
EBITDA margin	The EBITDA margin represents the ACM's earnings before interest, tax, depreciation, and amortisation as a percentage of the ACM's total revenue. EBITDA margin of between 11-12% are applied within the forecast period.	*1% increase* $2.2m	*1% decrease* ($2.2m)
EBITDA	The EBITDA represents the ACM's earnings before interest, tax, depreciation, and amortisation.	*10% increase* $2.6m	*10% decrease* ($2.6m)
Long-term growth rate	A long-term growth rate of 0% is used to extrapolate the cash flows of the business beyond the five-year forecast period.	*1% increase* $0.5m	*1% decrease* ($0.5m)
Weighted average cost of capital (WACC)	The WACC (post-tax) of 15% (FY25: 15%) is used to convert the forecast cash flow into present value terms. The WACC considers both the cost of debt and equity. Business-specific risk are incorporated by applying beta factors evaluated based on publicly available market data.	*1% increase* ($0.7m)	*1% decrease* $0.7m
Credit Margin	A discount rate of 6.5% is used in order to determine expected future contractual cash flow.	*1% increase* $0.1m	*1% decrease* ($0.1m)
Recent transaction price	Fair value is determined by reference to the most recent arm's-length transaction price for the relevant investment, adjusted where appropriate for material developments since the transaction date.	*10% increase* $1.1m	*10% decrease* ($1.1m)

Valuation of Level 3 financial instruments
The responsibility for the valuation of unlisted equity and debt instruments is delegated by the Board of the Company to the investment sub-committee. Investment valuations are reviewed on a regular basis and reviewed by the investment sub-committee.

Investments with a recent transaction: Recent investment
The recent third-party transaction price methodology uses the price established in a significant arm's length transaction involving the investee's securities. The Investment Manager assesses whether the transaction price remains representative of fair value by considering the size and nature of the transaction, the parties involved, the time elapsed since the transaction, and any subsequent events or changes in circumstances affecting the investee.

Pre-revenue investments: Milestone approach
When a recent transaction has not occurred and an investment is in the early stages of its business and is not yet generating sufficient revenue, earnings and/or cash flows, a Milestone Approach is used to determine the investment's fair value. Under this method, the investment's progress is regularly assessed against strategic milestones set by the investee. The investment's fair value determination takes into account the best information available, including company and shareholder updates, as well as readily available market participant data and assumptions.

For loan notes classified as Level 3, cost is generally considered to approximate fair value where there has been no significant change in the credit risk, terms or expected recoverability of the instrument since initial recognition. The value of loan notes and unlisted equities classified as Level 3 may increase or decrease depending on the success of start-up operations and capital raisings. The fair value of property investments is based on direct appraisals where available, together with consideration of relevant market factors, including current property market conditions.

Deposit with unlisted trust is valued based on the expected future contractual cash flow and market discount rate.

For personal use only

8. Fair value measurement continued

Level 3 transfers

For assets and liabilities that are recognised at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period, there were no transfers between levels in the fair value hierarchy at the end of the reporting period. Reconciliation of recurring fair value measurements categorised within Level 3 is as follows:

Financial assets:	**Financial assets (20C) $**	**Other unlisted investments $**	**Deposits with unlisted trust $**	**Loan Notes $**	**Total $**
Balance at 1 July	**23,865,530**	**41,601**	**-**	**-**	**23,907,131**

Notes to the Financial Statements

11. Payables and accruals

	June 2026	June 2025
	$	$
Management fee accrual	**1,254,331**	1,390,631
Performance fee accrual	**221,119**	2,202,411
Sundry creditors and accruals	**256,693**	180,944
Total payables	**1,732,143**	3,773,986

The Management Fee and Performance Fee are accrued in line with the terms of the Investment Management Agreement and paid within 60 days of receiving an invoice from the Investment Manager. The accrual includes GST after deduction of the reduced input tax credit.

Sundry creditors are generally paid in accordance with the terms negotiated with each individual creditor.

The carrying value of payables approximates fair value.

12. Issued capital

	2026 Number of shares	2025 Number of shares	**2026 $**	2025 $
(a) Ordinary shares				
Balance at 1 July	**175,042,459**	182,885,335	**89,001,770**	94,000,918
Ordinary shares issued:				
Share buy-back	**(7,277,839)**	(7,842,876)	**(4,601,920)**	(4,999,148)
Costs of buy-back	-	-	**-**	-
Total issued and authorised capital	**167,764,620**	175,042,459	**84,399,850**	89,001,770

(i) Ordinary shares
Ordinary shares entitle the holder to receive dividends as declared and the proceeds on winding up the Company in proportion to the number of and amounts paid up on shares held. Ordinary shares entitle their holder to one vote, either in person, or by proxy, at a meeting of the Company.

(ii) Capital Management
The Board manages and regularly reviews the Company's capital, ensuring that it is deployed in the most efficient manner in order to maximise shareholder value. This involves the Board making decisions in relation to the level of distributions, share buy-backs and other capital management initiatives. The Company is not currently subject to any capital requirements imposed by an external party.

(iii) Share buy-back
The Company continued its buy-back scheme purchasing 7,277,839 shares valued at $4,601,920 for the year. Total buy-backs since the Company's initial announcement on 19 December 2019 is 28,276,771 shares valued at $16,345,789.

13. Reserve

	2026	2025
	$	$
Profits reserve	**248,555,886**	224,809,606
Movement in profits reserve:		
Balance at 1 July	**224,809,606**	213,023,130

Dividends paid	**(4,559,770)**	(4,693,379)
Balance at 30 June	**248,555,886**	224,809,606

The profits reserve details an amount preserved for future dividend payments.

For personal use only

14. Earnings per share

	2026	2025
Basic earnings per share (cents)	**0.50**	4.74
Diluted earnings per share (cents)	**0.50**	4.74
Earnings used in calculating basic earnings per share ($)	**857,511**	8,541,057
Earnings used in calculating diluted earnings per share ($)	**857,511**	8,541,057

	2026 Number of Shares	2025 Number of Shares
Weighted average number of ordinary shares used in calculating basic and diluted earnings per share	**171,569,832**	180,029,957

15. Financial reporting by segments

The Company is managed as a whole and is considered to have a single operating segment. There is no further division of the Company or internal segment reporting used by the Directors when making strategic, investment or resource allocation decisions.

The Company's assets are located entirely in Australia or are listed on the Australian Securities Exchange.

16. Auditor's remuneration

	2026 $	2025 $
Remuneration of the auditor for:		
Audit and review of financial reports	**108,790**	101,618

For personal use only

Notes to the Financial Statements

17. Financial risk management

The Company's objective in managing risk is the creation and protection of shareholder value. Risk is inherent in the Company's activities, but it is managed through a process of ongoing identification, measurement and monitoring, subject to risk limits and other controls. The process of risk management is critical to the Company's continuing profitability. The Company is exposed to credit risk, liquidity risk and market risk (which includes interest rate risk and equity price risk) arising from the financial instruments it holds.

Credit risk
Credit risk is the risk that the counterparty to a financial instrument will cause a financial loss for the Company by failing to discharge an obligation.

The Company is exposed to the risk of credit-related losses that can occur as a result of a counterparty or issuer being unable or unwilling to honour its contractual obligations. These credit exposures exist within financing relationships, derivatives and other transactions.

It is the Company's policy to enter into financial instruments with reputable counterparties. The Investment Manager closely monitors the creditworthiness of the Company's counterparties (e.g. brokers, custodian, banks etc.) by reviewing their credit ratings, financial statements and press releases on a regular basis.

Counterparty	Asset	Moody's Rating	Percentage of total assets	Exposure ($m)
UBS	Listed Investments, exchange traded options, cash account, margin account	Aa2	79.6%	131.3
NAB	Cash	Aa2	1.7%	2.8
La Trobe Financial	Deposit with unit trust	Unrated	6.1%	10.0

Liquidity risk
Liquidity risk is defined as the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities. Liquidity risk arises because of the possibility that the Company could be required to pay its liabilities earlier than expected.

The Company invests primarily in marketable securities and other financial instruments that, under normal market conditions, are readily convertible to cash. Other unlisted investments, excluding the deposit with the unlisted trust, represent approximately 12% (2025: 17%) of total investments. Realising the Company's investment in its largest unlisted investment, 20 Cashews Pty Ltd, may require a significant transaction and could involve a longer lead time.

In addition, the Company has no borrowings and has a daily policy to monitor and maintain sufficient cash and cash equivalents to meet normal operating requirements.

Market risk
Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates and equity prices. As the Company is a listed investment company with a flexible investment mandate, the Company will always be subject to market risks as the prices of its investments fluctuate with the market.

The Company's listed and unlisted equity securities are susceptible to market price risk arising from uncertainties about future values of the investments. The Company manages the equity price risk through adherence to its investment policy and objectives.

At the reporting date, the exposure to listed and unlisted securities at fair value was $158,838,287 (2025: $143,676,252). A decrease of 10% in share value of securities held could have an impact of approximately $15,883,829 (2025: $14,367,625) on the income or equity attributable to the Company. An increase in 10% in share value of securities held would have a similar favourable impact on income and equity.

Interest risk
Interest rate risk arises from the possibility that changes in interest rates will affect future interest income. The Company's exposure to interest rate risk relates primarily to cash at bank, short-term deposits, unlisted convertible loan notes and investments in unlisted unit trusts that earn interest or provide returns linked to variable interest rates. A change in interest rates of 1% at balance date would have an impact on net profit or loss of approximately $130,000, assuming all other variables remain constant.

For personal use only

18. Related party transactions

The following table provides the total amount of transactions which have been entered into with related parties during the year ended 30 June 2026:

Services from and reimbursements to related parties[1]	**2026** **$**	2025 $
Entities with significant influence over the Company:		
Thorney Management Services Pty Ltd (TMS)	**2,890,230**	4,770,837
TIGA Trading Pty Ltd	**70,000**	70,000
Related parties of key management personnel of the Company:		
Arnold Bloch Leibler	**57,891**	56,965

[1] All related party transaction amounts are shown exclusive of GST

The Company entered into an investment management agreement (IMA) with TMS for an initial period of 10 years expiring 21 November 2023. The IMA has been extended for a further 7 years to 21 November 2030.

Under this agreement TMS is entitled to a base fee and a performance fee. For the year ending 30 June 2026 a base fee of $2,669,111 (2025: $2,687,697) and a performance fee of $221,119 (2025: $2,202,411) was paid or payable to TMS. The Company must pay TMS within 60 days of receiving an invoice. Amounts are net of claimable GST and RITC. As at 30 June 2026, the management fee payable is $1,254,331 (2025: $1,390,631) and the performance fee payable is $221,119 (2025: $2,202,411).

TIGA Trading Pty Ltd, a related entity of TMS, employs personnel to provide company secretarial and financial accounts preparation services to Thorney Opportunities Ltd. These services are provided on commercial terms and total $70,000 for the 2026 financial year (2025: $70,000).

TMS, TIGA Trading Pty Ltd, Thorney Holdings Pty Ltd and Thorney Investment Group Australia Pty Ltd are related bodies corporate controlled by Alex Waislitz by virtue of 608(1) of the *Corporations Act (2001)*.

The Company may co-invest in financial assets alongside entities associated with Mr Alex Waislitz, including Thorney Investment Group and certain private entities controlled by him. The Company's listed investments are held directly. For the purposes of the substantial holding provisions of the *Corporations Act 2001*, these entities may be associates of the Company by virtue of their common control by Mr Alex Waislitz. Where the aggregated relevant interests of the Company and its associates exceed 5% of the voting shares in a listed investee entity, the Company lodges a substantial holder notice with ASX in accordance with section 671B of the *Corporations Act 2001*.

While the Investment Manager maintains a primary buy/hold/sell strategy for each managed investee company, from time to time an investee company may, for commercial reasons such as cash flow or tax management, execute a trade with a divergent view. To mitigate any actual, perceived or potential conflicts of interest, the Investment Manager maintains a register which is regularly presented to the Board via compliance reports.

During the year, the Company engaged Arnold Bloch Leibler, a legal firm of which Henry Lanzer is the Managing Partner, to provide legal advice totalling $1,891 (2025: $1,215). In accordance with the terms of Mr Lanzer's appointment, a payment of $56,000 was paid or payable to Arnold Bloch Leibler as remuneration for his role as a Director of the Company (2025: $55,750).

Since the end of the previous financial year, no Director has received or become entitled to receive a benefit (other than those detailed above) by reason of a contract made by the Company or a related Company with the Director or with a firm of which he is a member or with a Company in which he has substantial financial interest.

Key Management Personnel received the following remuneration amounts:

	2026 **$**	2025 $
Short-term benefits	**157,891**	119,465
Post-employment benefits	**12,000**	7,188
Total remuneration	**169,891**	126,653

For personal use only

Notes to the Financial Statements

19. Contingent liabilities and commitments

As at 30 June 2026, the Company has unused facility commitments with National Australia Bank amounting to $10,000,000.

During the year, the Company entered into a share subscription agreement with a third-party investee company under which the Company committed to subscribe for shares over a specified funding period, with payments made in instalments. As at the reporting date, the outstanding commitment is $500,000 and expected to be settled around November 2026.

The Company has no other contingent liabilities or commitments as at 30 June 2026.

20. Events subsequent to balance date

Since the end of the year, the Directors declared a final fully franked dividend of 1.65 cents per share, to be paid on 30 September 2026.

21. Parent entity information

The parent entity information is materially consistent with the financial information as the Company's unconsolidated subsidiary has not commenced trading.

22. Group information

The parent entity is Thorney Opportunities Ltd and its unconsolidated subsidiary is detailed in the following table:

Name of entity	Country of incorporation	Ownership	
		2026	2025
Subsidiary			
87 Truca Pty Ltd	Australia	**100%**	100%

For personal use only

Consolidated Entity Disclosure Statement

Disclosure of subsidiaries and their country of tax residency, as required by the *Corporations Act 2001*, does not apply to the Company as the Company is not required by accounting standards to prepare consolidated financial statements

For personal use only

Director's Declaration

In accordance with a resolution of directors of Thorney Opportunities Ltd, I state that:

1. In the opinion of the Directors:

(a) the financial statements and notes of Thorney Opportunities Ltd for the financial year ended 30 June 2026 are in accordance with the *Corporations Act 2001*, including:

(i) giving a true and fair view of the entity's financial position as at 30 June 2026 and of its performance for the year ended on that date;

(ii) complying with Accounting Standards and the *Corporations Regulations 2001*;

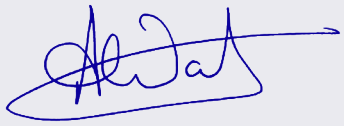

(b) the financial statements and notes also comply with International Financial Reporting Standards as disclosed in Note 2.1; and

(c) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

(d) the consolidated entity disclosure statement required by section 295(3A) of the *Corporations Act 2001* is true and correct

2. This declaration has been made after receiving the declarations required to be made to the Directors in accordance with section 295A of the *Corporations Act 2001* for the financial year ended 30 June 2026.

On behalf of the Board,

Alex Waislitz
Chairman

Independent auditor's report to the members of Thorney Opportunities Ltd

Report on the audit of the financial report

Opinion

We have audited the financial report of Thorney Opportunities Ltd (the Company), which comprises the statement of financial position as at 30 June 2026, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes to the financial statements, including material accounting policy information, the consolidated entity disclosure statement and the directors' declaration.

In our opinion, the accompanying financial report of the Company is in accordance with the *Corporations Act 2001*, including:

a. Giving a true and fair view of the Company's financial position as at 30 June 2026 and of its financial performance for the year ended on that date; and

b. Complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to audits of the financial report of public interest entities in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial report of the current year. These matters were addressed in the context of our audit of the financial report as a whole, and in forming our opinion thereon, but we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the financial report* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial report. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial report.

Fair value measurement and existence of investments

Why significant	How our audit addressed the key audit matter

At 30 June 2026, the Company's portfolio of listed investments is valued at $129.28 million and unlisted investments at $19.55 million, which combined represents 90% of the total assets of the Company.
 	
As outlined in Note 8 to the financial report, these investments are carried at fair value through profit and loss in accordance with the requirements of Australian Accounting Standards.
 	
For listed equities fair value is assessed based on quoted prices in active markets at reporting date.
 	
For unlisted investments, the Company prepares a valuation of the unlisted investment holdings using valuation methodologies that include a discounted cash flow model or by reference to the most recent transactions price. The assumptions used in the discounted cash flow model and appropriateness of the most recent transaction price require significant judgement as there are significant unobservable market inputs used in the valuation.
 	
Accordingly, the valuation and existence of listed and unlisted investments were considered a key audit matter due to the size of the investment portfolio and the significant judgement involved in valuing the unlisted investments.
	Our audit procedures included the following:
	▪ For the listed equity investments, we:
	  ▪ Agreed the investments holdings to an independent confirmation from the Company's investments custodian.
	  ▪ Assessed the fair values of all investments at 30 June 2026. The values were verified against independently sourced market prices.
	▪ For unlisted investments, we:
	  ▪ Agreed the investment holdings to third-party confirmations received directly from the investee companies as at 30 June 2026 and, as a relevant, to the agreements or certificates.
	  ▪ Involved our valuation and modelling specialist team in assessing the reasonableness of the valuation method and key assumptions applied in the discounted cash flow model including discount rates, forecast cash flows, terminal growth rates and, where applicable, on the assessment of the appropriateness of the recent transaction price as an arm's length price.
	  ▪ We verified the recent transaction prices to third party supporting documentation such as signed agreements and bank statements.
	  ▪ Tested the mathematical accuracy of the discounted cashflow model, where applicable to the valuation of the unlisted investment.
	  ▪ Assessed the fair values of the listed investments held indirectly through unlisted investments at 30 June 2026. The values were verified against independently sourced market prices.
	  ▪ Assessed the fair value for a sample of the real estate holdings held indirectly through the unlisted investments at 30 June 2026. The values were assessed with reference to independent valuers' valuation reports, post year end sale

	information or management appraised valuations. ▪ Assessed the adequacy of the disclosures included in Notes 8 to the financial report.

Investment management and performance fees

Why significant	How our audit addressed the key audit matter
For the year ended 30 June 2026, management fees were $2.67 million, and performance fees were $0.22 million, which represented 73% and 6% of the total expenses respectively as disclosed in Note 18. Management fees and performance fees paid to the Investment Manager, Thorney Management Services Pty Ltd (TMS), are the most significant operating expenses for the Company. In accordance with the Investment Management Agreement (IMA), TMS is entitled to a management fee of 0.75% of gross assets. The base management fee is calculated half yearly. Performance fees are recognised in the financial report if the performance hurdles for the Company have been met at the end of the relevant measurement period, which is the date that the performance criteria is met and the obligation has crystallised. In accordance with the IMA, performance fees are calculated on an annual basis as 20% of the increase in net asset value, net of base management fee for the year. All expenses are recognised on an accrual basis. The assessment of the recognition of expenses relating to performance fee arrangements can be complex and are paid to a related party. Accordingly, this was considered a key audit matter.	Our audit procedures included the following, we: ▪ Recalculated management fees and performance fees, in accordance with the IMA and other relevant service arrangements, including agreeing the fee rates to the calculations and the requirements of Australian Accounting Standards. ▪ Assessed the performance fee calculation, including testing the inputs into the calculation model and assessed whether the calculation was in accordance with the IMA. ▪ Assessed the adequacy of the disclosures included in Note 18 to the financial report.

Information other than the financial report and auditor's report thereon

The directors are responsible for the other information. The other information comprises the information included in the Company's 2026 Annual Report other than the financial report and our auditor's report thereon.

For personal use only

Shape the future with confidence

For personal use only

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon, with the exception of the Remuneration Report and our related assurance opinion.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the financial report

The directors of the Company are responsible for the preparation of:

- The financial report (other than the consolidated entity disclosure statement) that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001*; and
- The consolidated entity disclosure statement that is true and correct in accordance with the *Corporations Act 2001;* and

for such internal control as the directors determine is necessary to enable the preparation of:

- The financial report (other than the consolidated entity disclosure statement) that gives a true and fair view and is free from material misstatement, whether due to fraud or error; and
- The consolidated entity disclosure statement that is true and correct and is free of misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not

Shape the future with confidence

For personal use only

detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated to the directors, we determine those matters that were of most significance in the audit of the financial report of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the audit of the Remuneration Report

Opinion on the Remuneration Report

We have audited the Remuneration Report included in pages 8 to 11 of the directors' report for the year ended 30 June 2026.

In our opinion, the Remuneration Report of Thorney Opportunities Ltd for the year ended 30 June 2026, complies with section 300A of the *Corporations Act 2001*.

Shape the future with confidence

Responsibilities

The directors of the Company are responsible for the preparation and presentation of the Remuneration Report in accordance with section 300A of the *Corporations Act 2001*. Our responsibility is to express an opinion on the Remuneration Report, based on our audit conducted in accordance with Australian Auditing Standards.
