Unmarketable Parcel Share Sale Facility Completed

Argent Minerals Limited (ASX: ARD) ("Argent" or "the Company") is pleased to advise that it has completed its Unmarketable Parcel Share Sale Facility ("Facility"), which commenced on 13 July 2026 and closed on 27 August 2026.

The Company provided the Facility to holders of Unmarketable Parcels to enable eligible shareholders to sell their shares without incurring brokerage or handling costs that could otherwise render the sale of their shares uneconomic or difficult. The Facility also assists the Company in reducing ongoing administrative costs associated with maintaining a large number of small shareholdings.

Based on the ARD closing price of $0.022 per share on 10 July 2026, a shareholding of 22,727 ordinary shares or less constituted an Unmarketable Parcel. A total of 12,432,197 Argent ordinary shares were included in the Facility, representing 1,108 holders of Unmarketable Parcels and approximately 35% of the Company's shareholders prior to the Facility.

The final total of 8,988,612 ordinary shares were sold under the Facility at $0.023 per share via a special crossing through the market, representing 3% premium to the 5-day Volume-Weighted Average Price (VWAP) and 2% premium to the 10-day VWAP as at 10 September 2026.

Payment from the Facility sale proceeds will be made to each participating Facility shareholder within the next 14 days by direct bank transfer, as set out in the terms and conditions of the Facility as announced on 13 July 2026. If not already done so, shareholders should contact the Company's share registry, Automic Group, to provide their direct bank account details.

This release has been approved by the Board of Argent Minerals Limited.
