Boom Logistics awarded contract at Neoen's Narrogin Wind Farm

8 October 2026 Boom Logistics Limited (ASX: BOL, "Boom" or "the Company"), a diversified lifting and project logistics business, has been awarded a contract for works at Neoen's Narrogin Wind Farm in Western Australia through the UGL & CPB Joint Venture ("NGJV").

NGJV have engaged Boom for the provision of Wet Hire Crane Services to assist with the installation of key components relating to the Wind Turbines, supplied by Envision Energy. Neoen's Narrogin Wind Farm is a 179 MW renewable energy project comprising 23 EN182-7.8 MW wind turbines, near the towns of Narrogin and Williams in Western Australia.

Revenue from the contract is expected to generate $18 million over a 35-week period.

Lester Fernandez, Boom Logistics Managing Director and Chief Executive Officer said: *"Supporting Neoen's Narrogin Wind Farm project aligns with Boom's strategic direction to assist in the build out of renewable power sources for Australia's energy transition.*

"The project launches Boom's FY27 wind division revenue and further demonstrates to the sector that the company's fleet is a leading provider of lifting solutions for wind farm construction.

"Works done on Neoen's Narrogin Wind Farm project will help form the basis to develop a strong relationship with CPB & UGL for future wind projects."
