Resolution 1 – Adoption of Remuneration Report	In accordance with sections 250BD(2) and 250R of the Corporations Act, a vote on this Resolution must not be cast: (a) by or on behalf of a member of the Key Management Personnel, details of whose remuneration are included in the Remuneration Report or a Closely Related Party of such a member, regardless of the capacity in which the vote is cast; or (b) as a proxy by a member of the Key Management Personnel at the date of the Meeting, or their Closely Related Parties. However, a person (the **voter**) described above may cast a vote on this Resolution as a proxy if the vote is not cast on behalf of a person described above and either: (a) the voter is appointed as a proxy by writing that specifies the way the proxy is to vote on this Resolution; or (b) the voter is the Chair and the appointment of the Chair as proxy: (i) does not specify the way the proxy is to vote on this Resolution; and (ii) expressly authorises the Chair to exercise the proxy even though this Resolution is connected directly or indirectly with the remuneration of a member of the Key Management Personnel.

In accordance with section 249L of the Corporations Act, Shareholders are advised that:

EXPLANATORY STATEMENT

This Explanatory Statement has been prepared to provide information which the Directors believe to be material to Shareholders in deciding whether or not to pass the Resolutions.

1. FINANCIAL STATEMENTS AND REPORTS

In accordance with the Corporations Act, the business of the Meeting will include receipt and consideration of the annual financial report of the Company for the financial year ended 30 June 2026 together with the declaration of the Directors, the Directors' report, the Remuneration Report and the auditor's report.

The Company will not provide a hard copy of the Company's annual financial report to Shareholders unless specifically requested to do so. The Company's annual financial report is available on its website at www.capriceresources.com.

2. RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

2.1 General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report to be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company.

The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year.

The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

2.2 Voting consequences

A company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (**Spill Resolution**) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings.

If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (**Spill Meeting**) within 90 days of the second annual general meeting.

All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the most recent financial year) was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

2.3 Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Meeting.

3. RESOLUTION 2 – RE-ELECTION OF DIRECTOR – ROGER MASON

3.1 General

Listing Rule 14.5 provides that an entity which has directors must hold an election of directors at each annual general meeting.

Clause 15.2 of the Constitution sets out the requirements for determining which Directors are to retire by rotation at an annual general meeting.

Mr Roger Mason, who has held office without re-election since 28 November 2024 and being eligible, retires by rotation and seeks re-election.

Further information in relation to Mr Mason is set out below.

Qualifications, experience and other material directorships	Mr Mason is a qualified geologist and accomplished natural resources sector executive with a demonstrated track record spanning almost four decades of developing value in mining companies through strategic innovation, discovery, project development and safe, efficient operations, covering a range of commodities in Australia and overseas. Mr Mason is the Managing Director and Chief Executive Officer of Antipa Minerals Limited (ASX: AZY), a position in which he has played a pivotal role, including in establishing Western Australia's Paterson Province's reputation as an emerging prolific mining province on the back of multiple mineral deposit discoveries across this covered terrane. Prior to Antipa, Mr Mason held management roles with WMC Resources Limited, where he was part of the team which discovered the Ernest Henry IOCG deposit, and was General Manager Geology at LionOre Mining International Limited before its takeover by Norilsk Nickel. He has also been an independent consultant to project development focussed mining companies. Mr Mason has been a member of the Australasian Institute of Mining and Metallurgy since 1991 and holds a Bachelor of Science (Honours) majoring in Geology from the University of Tasmania. Mr Mason is currently a director of Antipa Minerals Limited (ASX: AZY) and has not held any other directorships of ASX listed companies in the past three years.
Term of office	Mr Mason has served as a Director since 2 September 2024 and was last elected on 28 November 2024.
Independence	If re-elected, the Board considers that Mr Mason will be an independent Director.
Board recommendation	Having received an acknowledgement from Mr Mason that he will have sufficient time to fulfil his responsibilities as a Director and having reviewed the performance of Mr Mason since his appointment to the Board and the skills, knowledge, experience and capabilities required by the Board, the Directors (other than Mr Mason) recommend that Shareholders vote in favour of this Resolution.

3.2 Technical information required by Listing Rule 14.1A

If this Resolution is passed, Mr Mason will be re-elected to the Board as an independent Non-Executive Director.

If this Resolution is not passed, Mr Mason will not continue in his role as an independent Non-Executive Director. The Company may seek nominations or otherwise identify suitably

qualified candidates to join the Company. As an additional consequence, this may detract from the Board and the Company's ability to execute on its strategic vision.

4. RESOLUTION 3 – APPROVAL OF 7.1A MANDATE

4.1 General

This Resolution seeks Shareholder approval by way of special resolution for the Company to have the additional 10% placement capacity provided for in Listing Rule 7.1A to issue Equity Securities without Shareholder approval.

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of equity securities that a listed company can issue without the approval of its shareholders over any 12 month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

Under Listing Rule 7.1A, an Eligible Entity may seek shareholder approval by way of a special resolution passed at its annual general meeting to increase this 15% limit by an extra 10% to 25% (**7.1A Mandate**). An **Eligible Entity** means an entity which is not included in the S&P/ASX 300 Index and has a market capitalisation of $300,000,000 or less. As of the date of this Notice, the Company's market capitalisation is approximately $61.00 million. The Company is therefore an Eligible Entity.

4.2 Technical information required by Listing Rule 14.1A

For this Resolution to be passed, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be cast in favour of the Resolution.

If this Resolution is passed, the Company will be able to issue Equity Securities up to the combined 25% limit in Listing Rules 7.1 and 7.1A without any further Shareholder approval.

If this Resolution is not passed, the Company will not be able to access the additional 10% capacity to issue Equity Securities without Shareholder approval under Listing Rule 7.1A and will remain subject to the 15% limit on issuing Equity Securities without Shareholder approval set out in Listing Rule 7.1.

4.3 Technical information required by Listing Rule 7.3A

REQUIRED INFORMATION	DETAILS
Period for which the 7.1A Mandate is valid	The 7.1A Mandate will commence on the date of the Meeting and expire on the first to occur of the following: (a) the date that is 12 months after the date of this Meeting; (b) the time and date of the Company's next annual general meeting; and (c) the time and date of approval by Shareholders of any transaction under Listing Rule 11.1.2 (a significant change in the nature or scale of activities) or Listing Rule 11.2 (disposal of the main undertaking).
Minimum price	Any Equity Securities issued under the 7.1A Mandate must be in an existing quoted class of Equity Securities and be issued for cash consideration at a minimum price of 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 trading days on which trades in that class were recorded immediately before: (a) the date on which the price at which the Equity Securities are to be issued is agreed by the entity and the recipient of the Equity Securities; or (b) if the Equity Securities are not issued within 10 trading days of the date in paragraph (a) above, the date on which the Equity Securities are issued.

<tr><td>Use of funds</td><td>The Company intends to use funds raised from issues of Equity Securities under the 7.1A Mandate for the acquisition of new resources, assets and investments (including expenses associated with such an acquisition or investment), continued exploration expenditure and resource growth on the Company's current assets and/or projects (funds would then be used for project feasibility studies and ongoing project administration), the development of the Company's current business and general working capital.</td></tr>
<tr><td>Risk of economic and voting dilution</td><td>Any issue of Equity Securities under the 7.1A Mandate will dilute the interests of Shareholders who do not receive any Shares under the issue.

If this Resolution is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 7.1A Mandate, the economic and voting dilution of existing Shares would be as shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in Listing Rule 7.1A.2, on the basis of the closing market price of Shares and the number of Equity Securities on issue or proposed to be issued as at 14 October 2026.

The table also shows the voting dilution impact where the number of Shares on issue (Variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 7.1A Mandate.

*The number of Shares on issue (Variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. There are currently 874,443,814 Shares on issue comprising:
(a) 871,443,814 existing Shares as at the date of this Notice; and
(b) 3,000,000 Shares which are to be issued to Directors pursuant to Shareholder approval to be sought at the general meeting of the Company to be held on 23 October 2026. These Shares will only be issued if Shareholder approval is obtained at that general meeting.

REQUIRED INFORMATION	DETAILS
	rounded to three decimal places prior to the calculation of the funds raised. 3. The Company issues the maximum possible number of Equity Securities under the 7.1A Mandate. 4. The Company has not issued any Equity Securities in the 12 months prior to the Meeting that were not issued under an exception in Listing Rule 7.2 or with approval under Listing Rule 7.1. For this purpose, it is assumed that Shareholders ratify the issue of Shares under Listing Rules 7.1 and 7.1A pursuant to the placement undertaken in March 2026, for which approval is being sought under Listing Rule 7.4 at the general meeting of the Company to be held on 23 October 2026. 5. The issue of Equity Securities under the 7.1A Mandate consists only of Shares. It is assumed that no Options are exercised into Shares before the date of issue of the Equity Securities. If the issue of Equity Securities includes quoted Options, it is assumed that those quoted Options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders. 6. The calculations above do not show the dilution that any one particular Shareholder will be subject to. All Shareholders should consider the dilution caused to their own shareholding depending on their specific circumstances. 7. This table does not set out any dilution pursuant to approvals under Listing Rule 7.1 unless otherwise disclosed. 8. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%. 9. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 7.1A Mandate, based on that Shareholder's holding at the date of the Meeting. Shareholders should note that there is a risk that: (a) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and (b) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.
Allocation policy under 7.1A Mandate	The recipients of the Equity Securities to be issued under the 7.1A Mandate have not yet been determined. However, the recipients of Equity Securities could consist of current Shareholders or new investors (or both), none of whom will be related parties of the Company. The Company will determine the recipients at the time of the issue under the 7.1A Mandate, having regard to the following factors: (a) the purpose of the issue; (b) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue, share purchase plan, placement or other offer where existing Shareholders may participate; (c) the effect of the issue of the Equity Securities on the control of the Company; (d) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company; (e) prevailing market conditions; and
